1. AMENDMENT AND RESTATEMENT. Title 10, Chapter 17 of the Toquerville City Code is hereby amended and restated in its entirety as follows:

10-17-3: NIGHTLY RENTAL:

Nightly rentals shall occur only within the City upon the meeting of the following requirements:

A. Nightly Rental License Application:

1. An applicant must apply for and obtain a “Nightly Rental License”, which is a special license and not a conditional use permit and is approved and otherwise regulated by this Section. The Nightly Rental License is non-transferable to another owner or another Dwelling.

2. The Nightly Rental License application shall include the name, address and phone number of the owner and/or other person designated by the owner as the property manager/emergency contact who shall be responsible for ensuring compliance with the rules and regulations specified in this section.

3. The Nightly Rental License application must include a detailed drawing to standard engineering scale, a site plan for the lot showing additional parking stalls, existing and proposed buildings, existing streets, and a floor plan of the dwelling. The site plan must identify the required off-street parking to be used in connection with the Nightly Rental License.

4. The Nightly Rental License application must include the property tax ID number for the parcel upon which the Nightly Rental will occur, as well as their social security number (if the Applicant will operate the Nightly Rental as a sole proprietor) or Federal Tax Identification Number (TIN) or Federal Employer Identification Number (EIN) (if the Applicant will operate the Nightly Rental as a business entity).

5. Fire Inspection: To receive an initial license, the nightly rental must pass a fire inspection. The Fire inspection shall be scheduled with the Hurricane Valley Fire District and be ~~performed within 30 days of the application~~ completed within 45 days of submitting a complete application. Failure to do so will result in the denial of the Nightly Rental License application and the license will become available to the next applicant on the waiting list.

6. All structures on the property that are used for nightly rental purposes must have a Certificate of Occupancy. An application will not be considered complete without a Certificate of Occupancy.

67. Notification: Applicant must pay for and provide notification to neighboring property owners within three hundred feet (300') from all exterior boundaries of the lot on which the nightly rental is to be located. This notice shall indicate, and the City's Planning Commission shall conduct, a public hearing on the application. To comply with this requirement the applicant must submit self-addressed, stamped envelopes for the required notification along with a printed list of the lot owners in the designated notification area.

B. Nightly Rental License Application Review Process: A complete Nightly Rental License application will be reviewed by City staff at the next regularly scheduled City staff meeting. City staff shall review the application and forward their recommendation to the Planning Commission. The Planning Commission will hear the application at their next regularly scheduled meeting where adequate notice is appropriate and conduct a public hearing on the same. After said public hearing the Planning Commission will forward their recommendation to the City Council for a final determination on the Nightly Rental License application. The City Council may deny, approve or approve with special conditions the Nightly Rental License application.

C. One Structure: Each nightly rental must occur within and under one roof of a dwelling and not in a structure that is temporary. Accessory structures can create multi-family zoning and shall not be used as nightly rentals. More specifically, a detached casita, garage, workshop, mother-in-law building, etc. cannot be used exclusively as a nightly rental without the simultaneous use of part or all of the dwelling as well.

D. Parking: A minimum of four (4) nine feet by 18 feet (9' x 18') parking spaces are required. Two of those spaces must be available exclusively for nightly rental use.

Parking spaces designated for nightly rentals shall not hinder the entry or exit of vehicles or disrupt the routine access to the main garage. A minimum of 25 feet clear space, measured perpendicular to the front of the garage door, must be maintained. Tandem parking may be permitted for nightly rentals, but it must not force the regular occupants to do the same.

There shall be no overnight on-street parking by guests or residents.

F. Response Time: The owner or other person designated as the property manager/emergency contact shall respond to complaints and/or concerns within thirty (30) minutes of any phone call or other notification and be on site within one (1) hour if necessary. Failure of the owner or property manager to respond may result in a violation and possible fines to the business license holder and property owner.

G. Nightly Rental Ownership Limitation: Neither a natural person applicant nor a principal of a business entity applying for a Nightly Rental License shall have an ownership interest in more than one (1) dwelling wherein nightly rentals occur within the City. One person residing in the same dwelling shall not have ownership interest in more than one (1) dwelling wherein nightly rentals occur within the City.

For purposes of this Subsection, the term "Eligible Culinary Connections" is defined as all residential culinary connections within the City except for those residential culinary connections located within a development in an MPDO Zone where the developer has elected to allow a Nightly Rental Development in their commercial planning areas.

2. The total number of Nightly Rental Licenses available shall be continually updated as the number of new culinary connections increase.

3. Once the maximum number of Nightly Rental Licenses have been issued, any new application that meets all of the application requirements shall be placed on a waiting list in order of the date of receipt. The waiting list shall be capped at ten (10) applications. No fees will be due until a license becomes available. When a license becomes available, the first applicant on the waiting list shall be notified of the license availability. From the date of notification, the applicant shall have fifteen (15) days to resubmit a complete application and pay the required application fee. The applicant must complete the licensing process within sixty (60) days thereafter. Upon revocation, there is no guarantee of any future issuance of a Nightly Rental License and all applications will be processed under the then current ordinances.
