- Stats (STD rates, pregnancy rates, etc) are to be viewed every other year (done in 2022). Curriculum is the same as last year (no changes). Maturation curriculum is an online course (previewable by parents to review or have early communication with kids). Middle school has more in-depth in health.

- **ES 2b,3b Character, Responsibility for Choices**

Overall our students do well to show respect for others/property and exemplary character. At times, there are a small handful of problems. Added social worker, behavior specialist and dedicated admin to assist and teach those that are struggling. Need more parents to communicate with the school directly instead of taking things in their own hands and making drama. Increase educational outreaches and policy reminders to help parent resources. State approved but need to get final approval - We are getting a full-time law-enforcement officer to be at the school during school hours. Promote safety (proactive instead of reactive).

- *Move that we find we are making adequate progress in ES 2b, 3b Character, Responsibility for Choices. Motion: Jenni. 2nd: April. Carries: 4:0.*
