

iReady Pricing for 2024-2025

Individual licenses:

- \$34.25 per student per subject
- Grades 1-3: $270 \times \$34.25 = \$9,274.50$ 1-3 reimbursement through EISP grant + \$2,200 PL support (also reimbursed)

Site licenses:

- Let's estimate Bridge Charter is granted 30% of the 500 i-Ready Math licenses you requested from the STEM grant = 150 i-Ready Math licenses. STEM Grant contract rate is \$22 per license.
- $150 \times \$22 = \$3,300$ value that can be applied as a credit toward site license upgrades

School Site License Pricing: Assessment and Personalized Instruction

< 200	\$4,930	\$8,420
201-350	\$8,420	\$14,110
351-500	\$12,000	\$20,000
501-800	\$14,120	\$23,620

So, Bridge has 2 estimated credits that we can apply to site licenses... **\$3,300** (STEM)
+ **\$9,274.50** (EISP) = **\$12,574.50 total**

\$23,620 is the 2 subject site license price. When we apply the credit of **\$12,574.50** to that price, the balance to serve all students in both subjects is **\$11,045.50**.
