MIDVALE CITY PUBLIC NOTICE:

The Redevelopment Agency of Midvale City (“RDA” or “Agency”) is seeking proposals from qualified individuals or firms interested in providing design and installation of festival lights along Midvale’s Main Street (hereinafter referred to as “Project”). This section of the street is approximately 0.33 miles (approximately 1,760 feet) long, extending the length of Main Street from Center Street (on the South) to 700 West (on the north) and is designated as Midvale’s up-and-coming Arts and Culture district. The proposed Project will consist of exterior festival lights extending across Midvale’s Main Street. This Project will provide a key placemaking element in the urban environment of Main Street by creating a quality and one-of-a-kind space for owners, businesses, and patrons.

The RDA has completed the Main Street Urban Streetscape and Lighting Study. This study has identified appropriate beautification and placemaking amenities, proposed locations of improvements, and general budgetary numbers. The Agency is now looking to take the results of this study and begin the final design and implementation of street festival lighting along the length of Midvale Main Street.

RECEIPT OF PROPOSALS:

Proposals will only be accepted when submitted electronically to U3P Utah Public Procurement Place at:
