Community Development Director

To: Coalville City Council and Mayor
From: Don Sargent, Community Development Director
Date of Meeting: May 13, 2024
Re: Lakeside Subdivision Plat Amendment (utility easement relocation)
Action: Public Hearing and Possible Approval

Lakeside Subdivision Plat Amendment

REQUEST

Review, discuss, conduct a public hearing, and consider approving a plat amendment of the Lakeside Subdivision to relocate a portion of a utility easement across Lot 3.

BACKGROUND

The subdivision property is located at 401 North Main Street and includes 3 lots as shown on the Aerial Map as *Attachment A*. The City Council approved the subdivision on November 15, 2021 and the plat was recorded on April 8, 2022. *Attachment B* includes a copy of the existing recorded plat.

The recorded plat includes a 20-foot-wide sewer utility easement that crosses all three lots in the subdivision. Note 5 on the subdivision plat states that the existing sewer line and associated 20-foot-wide easement may be relocated to the westerly boundary line of the subdivision at the option of the lot owners.

Last year the owner of Lot 3 and applicant, Jason Moore, relocated an existing sewer line to the utility easement along the west boundary line of the subdivision and is now requesting the easement across Lot 3 to be vacated.

ANALYSIS

Attachment C includes the proposed amended subdivision plat showing the relocation of the sewer line and vacation of the existing easement. The sewer line was relocated and installed to city engineering standards and specifications. The portion of the existing sewer line and associated easement crossing Lots 1 and 2 remain and is not changing with the plat amendment.

The platted utility easement along the westerly subdivision boundary where the sewer line was relocated is 20-feet wide. The applicant installed a new sewer manhole with the sewer line relocation as shown on the amended plat. The sewer line relocation was contemplated with approval of the Lakeside Subdivision plat as described and noted (Note 5) on the plat drawing.

Required Review Process

According to Chapter 03-030 of the development code, subdivision plat amendments that do not involve any new lots or streets require the review and recommendation by the Planning Commission and a public hearing and approval by the City Council.

RECOMMENDATION

Staff recommends the City Council review, discuss, conduct a public hearing, and consider approving the Lakeside Subdivision Plat Amendment with the following condition:

1. Any remaining items of the final subdivision plat amendment shall be addressed by the applicant and verified by Staff for compliance with the development code prior to recordation.

As an alternative action, the City Council may provide additional direction to Staff and/or the applicant regarding the proposed plat amendment for continued review and consideration at a subsequent meeting.
