### Review of Executive Boards

As part of a new legislative mandate resulting from SB254, DOPL is required to provide review of all executive boards in each even numbered year.

As part of the preparation for this initial review, each board need to consider these two questions that will be part of the discussion during the board meeting:

1. Please provide recommendations (if any) on whether any statutory, rule, or other changes are needed to make this board/committee more effective.
2. Should this board continue to exist? (This can simply be a yes or no answer.)
