**Attachments:** Salt Lake City Mosquito Abatement.pdf

Here is a quote for the CO2 pump that came in this morning. It includes a \$2,500 scale that we don't need. I asked for an updated quote and also asked to make sure that our quote is separate from one for Davis County with the correct shipping information. The actual quote should be closer to \$5653.40 without the scale.

Greg

Hi Gary and Greg

Please see attached Updated detailed quotation on our SC-5 Transfer pump for your review. Yes unfortunately that is the price we have had 3 price increase on all our products since 2021.

The 10% discount is included on the quote. The only this that is not included is the 3% convenience fee that will be applied when using a credit card for payment. If you would prefer to avoid the fee we will accept the use another form of payment, such as e-check or Wire transfer and this fee will not apply.

You can download our complete [catalog](#) for reference. If you any questions or concerns please don't hesitate to contract the undersigned.

Best regards

*Mike Janeiro*
