Dear City Council, I am a 9 yrs city resident and am constantly robbed of peace and quiet-along with my neighbors, due to the gravel pit operating far past the established noise ordinance, not to mention its constancy in the daytime, which literally interrupts local residents ability to sleep at night, or open their windows for fresh air. Also, the speed limits on Wasatch allow for motorcycles to throttle up the hill also causing an enourmous amount of noise pollution here in such a beautiful location. It's just terrible. Can someone please respond to my message as to why the city allows the degradation of our quality of life here despite our being tax payers and deserving of meaningful laws and enforcement in our city. Why is quality of life here not being intentionally protected??? We welcome the world to enjoy our local wilderness spaces for recreation, yet are personally disregarded in our own use and enjoyment of our abodes due to excessive noise pollution. This is eroding residents health and wellness right along side of our mountainside. Can't SOMETHING be done??? Disgruntled and fatigued, Stacey Khokhar

Please note: To be considerate of everyone, public comments will typically be limited to *three minutes per person* per item. A spokesperson who has been asked by a *group to summarize their concerns will be allowed five minutes to speak*. Comments should be submitted in writing to the City Recorder prior to 4 p.m. the day of the meeting.
