ACTIVE AGENDA

3. PUBLIC COMMENTS

0:4:30 Phillip Swanson, a North Ogden City resident, commended the Water Department and Public Works for their efforts in maintaining excellent water quality.

He expressed gratitude for living in a community where such a vital resource is self-sufficient and acknowledged the Council's support for these efforts.

0:5:37 Kevin Burns, a North Ogden City resident, expressed concern about the lingering commitment to the pond project and inquired about the status of the Federal grant that has been mentioned in the past. He emphasized the importance of addressing these commitments during the budget season.

0:6:28 Sandy Cochran, a North Ogden City resident, provided an update on the progress of the Village at Providence Point, highlighting several areas of concern. She noted the lack of progress on promised amenities such as pet areas, pickleball courts, playgrounds, and a pool. Sandy also expressed frustration over unresolved issues regarding parking, trails, clubhouse amenities, and commercial businesses' contributions to the Homeowner's Association. She raised concerns about internet charges and expressed confusion over the approval process for developer-initiated changes and their impact on residents. Sandy urged transparency and accountability in addressing these issues.

0:14:35 Brenda Ashdown, a North Ogden City resident, reassured the Council Members that she remains vigilant and attentive to ongoing matters, indicating she hasn't given up, and will attend the meetings virtually over the next few weeks.

0:14:55 Mayor Berube addressed several points raised in public comments. He clarified that certain parking-related issues at the Village at Prominence Point have not yet been approved and are still under review by himself and the Community and Economic Development Director. Additionally, he acknowledged concerns about transparency regarding changes affecting residents in that development and committed to ensuring clarity on such matters.

Mayor Berube also inquired about the completion of the pond project before securing a grant, indicating a need for clarification from the Community and Economic Development Director on this matter.

4. **DISCUSSION ON THE FY2024-2025 TENTATIVE BUDGET**

0:17:17 Phillip Swanson, a member of the Citizen Budget Subcommittee, presented several recommendations to the Council regarding budgetary considerations.

These recommendations included discussions on hiring a part-time City communications employee, reviewing the usage and effectiveness of the FlashVote service, improving the North Ogden City Connection magazine, reevaluating the garbage can replacement program, exploring options for large equipment purchases, and discussing strategies for making the recreation program more self-funding.

Additionally, Phillip expressed support for various budget items, such as keeping the Parks Department under Public Works and funding requests for streetlights and Police Department equipment.

Mayor Berube indicated a need to evaluate the Connection magazine's budget increase request and encouraged thorough analysis. Phillip welcomed further scrutiny of the magazine's cost-effectiveness.

Mayor Berube highlighted the upcoming evaluation of the budget and encouraged ongoing discussion among Council Members.

0:27:12 Finance Director Jami Jones outlined the current projected deficit of \$540,000 in the General Fund for fiscal year 2024-2025. The discussion focused on budget considerations, including revenue and expenditure projections for the General Fund. Various revenue sources such as property taxes and sales tax revenue, as well as potential shortfalls in the budget due to factors like salary adjustments, benefits, and equipment purchases were detailed. There was mention of increasing recreation fees to mitigate the deficit, although concerns were raised about the potential impact on participation in the City's recreation programs. Additionally, Council Members discussed specific budget items, such as funding for police vehicles and a road assessment study.

Mayor Berube emphasized the importance of balancing the budget and maintaining an appropriate fund balance, while also considering long-term financial planning and community needs. The Council delved into the intricacies of addressing a negative budget situation, grappling with the dilemma of either increasing revenue or cutting expenses. They scrutinized various options, including adjusting property taxes and increasing sales tax to mitigate the deficit. There was a nuanced debate regarding the feasibility and implications of these strategies. Concerns were raised about the impact on citizens, with reluctance towards significant property tax hikes. Attention was drawn to the necessity of maintaining essential services like the Senior Center despite financial constraints.

The Council discussed transferring funds from the Enterprise Fund to cover General Fund expenses, focusing on personnel costs in departments like water, finance, and human resources. Mayor Berube cautioned against this practice, emphasizing the need for careful consideration due to potential implications and audit scrutiny.

Mayor Berube highlighted the importance of addressing financial challenges while considering the burden on citizens, especially those with limited incomes. Despite differing opinions on specific measures, the overarching goal remained clear: finding a sustainable financial solution that serves the interests of the community while maintaining fiscal responsibility.

Council Member Barker proposed a tentative budget recommendation, including a 4.6% property tax increase and various expenditure adjustments. The Council agreed to further discuss and finalize the budget at the upcoming meeting on May 14th.

1:48:46 Finance Director Jami Jones presented updates on projected budget allocations for water rates, solid waste, and other operational costs. Water rates were projected to increase to \$6.07 per month, with the majority of the increase attributed to operational fees and reserve funds. Solid waste fees were also expected to rise due to a 4% increase from Republic Services, with additional operational costs factored in. Mayor Berube expressed concern over the substantial increase and questioned potential adjustments. Council Members discussed the need for additional engineering services and an intern for the Water Department. They also addressed concerns about rising costs and unfunded mandates from the State.

Capital Projects were discussed, and various renovations and park improvements were reviewed. Council Members questioned the budget allocations and discussed potential adjustments to address future funding needs.

Finance Director Jami Jones provided clarification on projected revenues and expenditures, highlighting the need to balance current expenses with long-term financial sustainability.

Finance Director Jami Jones discussed the need for road repairs, citing a study indicating that \$900,000 per year is required to maintain roads based on a 20-year life expectancy. Mayor Berube highlighted the impact of inflation and weather conditions on road conditions, emphasizing the importance of addressing the issue. It was explained that funds saved from the current fiscal year would be allocated to road construction in the following year. Council Members inquired about the projected funds needed for road repairs and the extent of repairs achievable with the allocated budget. Examples of previous road projects were provided and it was clarified that funds from B & C road funds and the General Fund are designated specifically for road repairs.

Mayor Berube encouraged Council Members to review the proposed budget allocations and consider necessary adjustments before finalizing the budget.

5. CITY COUNCIL DEPARTMENT REPORTS

a. Mayor Berube – Finance Department

2:24:51 Mayor Berube provided an update on the Finance Department, mentioning that sales tax statistics are fluctuating but still on track, possibly exceeding the budget by \$200,000. Expenses are expected to be close to budget, with historical trends suggesting they usually come in under budget. He explained that while revenues are slightly off, particularly in fees and building permits, some of the shortfall has been compensated for by trenching. The sales tax is also fluctuating month to month, which is a new phenomenon after several years of stability.

b. Council Member Pulver – Public Works Department

2:26:33 Council Member Pulver provided an update on the Public Works Department, stating that they are in the early stages of various projects. He mentioned concerns from constituents about the delay in addressing issues like stormwater management and road repairs. Council Member Pulver emphasized the need for efficient and reliable solutions, highlighting the urgency to prioritize infrastructure maintenance and improvement projects.

c. Council Member Watson – Administration and Recreation Departments

2:28:39 Council Member Watson provided updates on the Administration and Recreation Departments, beginning with a reminder from the Recorder's Department of the necessity for any matter brought to the City Council to secure approval from at least two Council Members, streamlining the agenda process. Notable announcements included the upcoming Shred Day event scheduled for May 9th, running from 9 am to 11 am, providing residents an opportunity to securely dispose of sensitive documents. Transitioning to Recreation Department updates, Council Member Watson highlighted the commencement of baseball practices with games starting on May 1 and ongoing preparations of fields. Lifeguard recruitment efforts continue, with recent tryouts held, though there remains a shortfall, necessitating continued recruitment and a secondary lifeguard certification course beginning in May. Swimming lesson registration opened on April 1st, and enrollment for summer camps and the Cherry Days 5K opened on May 1st. Food Trucks open May 16th at North Ogden Park and repairs on the North Shore Aquatic Center are nearing completion, preparing for its imminent opening on May 25th. Several movie nights are scheduled for the community, and efforts are underway to update the City's web pages with the latest information.

Mayor Berube requested Council Member Watson to present a breakdown of the annual RAMP funds totaling \$20,000 for efficient budget utilization, fostering transparency and accountability.

6. PUBLIC COMMENTS

2:31:45 Sandy Cochran, a North Ogden City resident, expressed frustration concerning unfulfilled promises regarding amenities in the Village at Providence Point Community. Despite residing in her home for four years, developers have failed to deliver on any promised amenities within that time frame. Sandy emphasized the impact of such unmet commitments on community members' trust and perception, noting that residents often expect local authorities to hold developers accountable for their promises.

Mayor Berube acknowledged Sandy's concerns, mentioning his own son's experience at the Village at Providence Point, echoing the sentiment that the lack of amenities is indeed a significant issue.

7. MAYOR/COUNCIL/STAFF COMMENTS

2:33:09 Council Member Cevering raised a concern regarding recycling, referencing an email received from a citizen named Margaret. Margaret expressed the need for more space or signage at the recycling bins, the importance of breaking down cardboard, and suggested increasing the number of bins available.

Public Works Director/Assistant City Manager Dave Espinoza responded, stating that recycling is now being collected three days a week but acknowledged the ongoing issue of overflowing bins. He mentioned the possibility of increasing collection frequency or adding more dumpsters, albeit with associated costs. The impending demolition of a building may require adjustments in dumpster placement, prompting further discussion on the matter.

2:35:51 City Recorder Rian Santoro announced that a survey has been launched on the City's social media platforms and website to gather feedback from citizens regarding the City's website. Additionally, citizens are invited to submit photographs to showcase North Ogden City on the new website. She encouraged participation in both initiatives to enhance citizen engagement and improve the City's online presence.

8. **ADJOURNMENT**

Council Member Watson motioned to adjourn the meeting.

The meeting adjourned at 8:36 p.m.

 REC FOR: NORTH OGDEN CITY

DEVELOPER'S AGREEMENT WITH NORTH OGDEN CORPORATION

This Agreement entered into this 29TH day of JUNE, 2020, between Spring Meadows, LLP, County of Weber, State of Utah, or its assigns, hereinafter referred to as Developer, and NORTH OGDEN CITY CORPORATION, a municipal corporation of the State of Utah located in Weber County, hereinafter referred to as the City, hereby agrees as follows:

1. FINAL. Developer has obtained approval of a final plat from North Ogden City for the subdivision of, and construction of improvements on, certain land in North Ogden City to be known as Spring Meadows Subdivision. Developer has presented to the North Ogden City Planning Commission and the North Ogden City Council a proposed final plat for the subdivision of, and construction of improvements, on the subdivision. On December 3, 2018, a Notice of Decision was sent and is attached hereto for convenience as Exhibit "A" (the "Notice of Decision"). As consideration for the granting of said approval and acceptance, Developer has agreed and does now agree to the provisions hereof and all other ordinances of North Ogden City.

2. COMPLIANCE WITH SUBDIVISION STANDARDS. Developer agrees to comply with all of the ordinances, rules, regulations, requirements and standards of the City with respect to the construction and completion of said subdivision, and particularly to install and complete all of the off-site improvements required, within the time hereinafter stated, including but not limited to the following:

- A. Rough grading and finish grading and surfacing of streets.
- B. Curbs, gutters, waterways, and driveway approaches.
- C. Sanitary sewers, including laterals to property line of each lot.
- D. Street drainage and drainage structures.
- E. Water lines, including laterals to each property line of lot.
- F. Fire hydrants.
- G. Sidewalks and walkways.
- H. Traffic control signs.
- I. Street signs with numbers.
- J. Screening when required.
- K. Chip and seal coat on new streets.
- L. Monuments.
- M. Fencing.
- N. Pressure irrigation, including laterals to each property line of lot.
- O. 10% Contingency Fund.

Said improvements and any others designated shall be done according to the specifications and requirements of the City. All work shall be subject to the inspection of North Ogden City and any questions as to conformity with the City specifications or standards or as to the technical sufficiency of the work shall be decided by the City Engineer and his/her decision shall be final and conclusive. For convenience a plat map is attached as Exhibit "B".

Developer agrees as consideration for City issuing building permits after initial acceptance of improvements to allow the City to collect and retain utility fees for the time between initial and final acceptance of the utility lines.

Building permits will be issued on condition that all improvements necessary to satisfy fire code requirements have been installed and that enough security is held in escrow to complete all required improvements for the subdivision, including any repairs or replacement after initial installation.

3. TIME FOR COMPLETION AND EXTENSION OF TIME. All of the said off-site improvements shall be fully installed and completed within two (2) years from the date of the recordation of the Final Plat. If not completed within two (2) years, the Developer may apply to the Planning Commission and the City Council for an extension of time of one year with additional one-year extensions after the first extension if the Planning Commission and City Council agree. Said extensions shall be subject to adequate security for the completion of said improvements being made by increasing the amount of the escrow account.

4. SECURITY FOR COMPLIANCE. As security for compliance by Developer with the ordinance, rules, regulations, requirements and standards of the city and of Developer's agreements herein stated, Developer has delivered to the City an acceptable Escrow Agreement for **Spring Meadows Subdivision**, and agrees to hold \$ 147,356.27 (which represents the cost of all required improvements as determined by the City Engineer plus 10% contingencies) in escrow for the use of the city in the event of Developer's failure or refusal to install, complete, construct, repair, or replace any off- site improvements in accordance with the provisions of this agreement, the escrow agreement and all City codes and ordinances. For convenience the Escrow Agreement is attached as Exhibit "C". The decision of the City as to whether an improvement needs to be installed, constructed, completed or replaced will be final.

Should Developer fail or refuse to complete the said off-site improvements in accordance with the provisions hereof, and particularly within the time stated, or should Developer become insolvent before a completion thereof, then the City may, at its option, determine the cost of completing said off-site improvements on the basis of reliable estimates and bids and may apply all sums deposited in escrow against the said cost of completion and may proceed to legally obtain the escrow funds and use the proceeds therefrom to pay the cost of completing the said off-site improvements and to pay all related expenses including but not limited to court cost and attorney's fees.

The 10% of above stated, shall constitute a guarantee that the said off-site improvements are installed in accordance with the subdivision standards of the City as to quality and serviceability and shall be held by the City for a period of one (1) year from the time the last

improvement is "conditionally accepted" by the City or until one (1) year after the time the last improvements needing repair or placement is again accepted. At the end of the one year period the said 10% shall be returned to Developer provided the off-site improvements have proved to have been constructed or installed in accordance with the standards of the City as to quality and serviceability, otherwise, to be applied toward construction or installation of said improvements in accordance with City standards or the repair or replacing the same so as to bring them into conformity with City standards, Developer will pay the difference to the City on demand. The city shall not issue any building permits until the improvements needing repair, replacement, etc., are completed and again accepted.

5. **APPLICABILITY OF ORDINANCE.** This agreement does not supersede, but implements the North Ogden City Subdivision Ordinance and all other ordinances and regulations applicable to the subdivision of land and construction of improvements thereon, and Developer agrees to comply in all respects with the provisions of said ordinances. No provision of this agreement shall limit the City in its rights or remedies under said subdivision ordinance or other applicable building ordinances.

6. **SUCCESSORS ENFORCEMENT.** The terms of this agreement shall be binding upon the parties hereon, their heirs, executors, administrators, assigns or any parties legally acquiring the parties interest through foreclosure, trust deed, sale, bankruptcy or otherwise. In the event either party must take legal action to enforce the terms of this agreement, the prevailing party shall have costs of court, including a reasonable attorney's fee.

7. **NO REVISION OF REQUIREMENTS.** Except as set forth herein, the terms of this agreement shall not be construed as amending or modifying any requirements of the ordinances of North Ogden City, or supersede or supplement any conditions of approval by the City Staff, Planning Commission, Engineer, or any other approving or advisory body which has already given approvals of ^{North Ogden} ~~Spring Meadows Subdivision~~. Developer is still required to comply with any conditions previously imposed by the Planning Commission.

IN WITNESS WHEREOF, the undersigned parties have executed this agreement this 29 JULIE, 2020.

Staff Report to the North Ogden City Council

SYNOPSIS

Description: This discussion will be focused on how the City Council wants to approach the various events in the city and the level to which the city participates in those events.

Date: May 22, 2024

QUESTION FOR COUNCIL

Is the Council ok with the proposed process for approving various groups for sponsorship, partnership, and support?

Who should be included/excluded from the attached categories of city activities?

DISCUSSION

The city has historically partnered with a wide range of entities and individuals to provide community events and activities for North Ogden residents. The attached document shows the policy for the ways the city sponsors, partners, and supports individuals and activities. The next agenda item is the initial list of the various groups and activities to benefit from this official policy.

STAFF RECOMMENDATION

Staff recommends the Council approve the policy and review and approve the list of activities and individuals for this program.

NORTH OGDEN CITY POLICY FOR CITY SUPPORTED/PARTNERED EVENTS AND ACTIVITIES

Policy for events/organizations (profit and non-profit) that involve North Ogden City resources have not been consistent. These resources vary in scope and its involvement can simply be use of city owned facilities for little or no cost up to the city providing significant monetary and other city resources. To be consistent as fiduciary stewards of taxpayers money, North Ogden needs to have a streamlined process to be sure the city is fair and reasonable to all its citizens. The city wants to ensure its resources are being spent legally and that all citizens can benefit from any use of city resources. This process will also address when the event/organization does **not** benefit or is open to the entire community and how the city determines whether it is still appropriate for the city to support.

To address this issue and ensure that there is transparency to the city council and citizens, the following steps will be taken.

1. Create a full list of organizations that use city resources or the city provides some sort of service that is not provided to each citizen of the city.
2. Generate a protocol/steps to ensure city resources are being spent appropriately.
3. Review the list noted in #1 to ensure the new protocols noted below are being followed and are being reviewed on a regular basis as noted in the protocols.
4. Ensure the city's liability is kept to a minimum and laws/regulations are being followed.
5. Adjust as needed any current city resource allocations.

Protocol for use of city resource:

1. General
 - a. Point of Contact (POC) is specified below for each level of involvement.
 - b. The level of approval or concurrence will depend on the level of city resources involved as specified below.
2. Levels of involvement
 - a. City Sponsored Activities occur when:
 - i. City funds are being expended to support those activities.
 - ii. City employees are intricately involved in the operation of the activity.
 - iii. The city may have legal liability.
 - iv. These activities may include items in the "Partnered" and "Supported" categories below.
 - v. A formal contract may exist.
 - vi. The Point of Contact is the City Manager.
 - vii. These activities are approved by the Council through the budget process.
 - b. City Partnered Activities occur when:
 - i. City equipment/buildings are being utilized for free.
 - ii. City employees help set up or clean up.
 1. A maximum of 10 employee hours is available.
 - iii. The city has limited liability.
 - iv. May include activities under "supported."
 - v. Point of Contact is the City Manager.

- vi. These activities/groups are regularly reviewed by the Council and do not require city funds so no individual budget is appropriated.
- vii. Activities and Groups can only be added by the Council.
 - 1. One time use can be approved by the Mayor or City Manager.
- c. City Supported Activities occur when:
 - i. City buildings and/or parks are being used at a discount.
 - ii. City employees are not involved.
 - iii. The city has no additional liability.
 - iv. A standard rental agreement for the building/park has been signed.
 - v. The Point of Contact is the facility scheduler
 - vi. These activities/groups are regularly reviewed by the Council and can be added by the Mayor verifying they meet the minimum requirements as outlined below.
 - 1. Non-profit status
 - 2. Not for profit status
 - 3. Local businesses and residents
- 3. Other Government agencies or government funded organizations are assumed to fall under the City Partnered activities category. Examples include:
 - a. North View fire
 - b. Weber County Schools
 - c. Similar government entities

Staff Report to the North Ogden City Council

SYNOPSIS

Description: The City has the option of collecting a monthly transportation utility fee to help with the repair and replacement of roadways. To charge the money the city needs to complete a study and a financial analysis. The cost of doing the necessary justification could be over \$100,000. We need the council to determine if charging a monthly fee is something they would consider before we spend the money on the justification for a fee.

Date: 5/8/24

QUESTION FOR COUNCIL

Is the Council in favor of charging at least \$5.00 a month as a transportation utility fee.

STAFF RECOMMENDATION

Staff recommends doing the studies and once complete implementing a fee of at least \$5.00, unless the study suggests less money could cover the expenses.

BACKGROUND

The state courts recently ruled that cities can charge transportation utility fees based upon the transportation needs of the city. To start the collection of a fee the city will need to complete some studies and put together other information to justify the amount of fees charged.

After looking at the costs it may cost as much as \$110,000 to complete the studies which means if the city charged \$1 a month it would take 15 months to pay back the study. The recommendation of staff is to move forward with the study and the implementation of at least \$5 a month unless the study justifies a lower number.

Staff Report to the North Ogden City Council

SYNOPSIS

Description: This discussion will be focused on how the City Council wants to approach island parcels in annexations

Date: May 28, 2024

STAFF INFORMATION

QUESTION FOR COUNCIL

Does the City Council want to require all unincorporated island parcels to be included in North Ogden City annexation petitions.

DISCUSSION

House Bill 330 (HB 330), recently enacted, requires that unincorporated islands within counties of the first class be automatically annexed into adjacent cities. This aims to eliminate fragmented governance and improve service efficiency. Given the direction the State is heading with annexations, does North Ogden City want to require all unincorporated island parcels to be included in future Annexation Petitions?

North Ogden City will be receiving an annexation petition for 1595 -1700 North Washington Blvd (See attached Plat). During their review, the Weber County Surveyor has asked if the City would like to include the island parcels in the annexation.

STAFF RECOMMENDATION

Staff recommends the Council approve the requirement of all unincorporated areas to be included in annexation petitions as this legislative direction aligns with the state's broader strategy to streamline the governance and service delivery in urban areas.
