ORDINANCE
CHAPTER
12-105**

CHAPTER 12-105. CONDITIONAL USE

12-105-1. Purpose of Conditional Use Provisions

The purpose of the issuance of a conditional use permit is to allow the proper integration into Willard City of land uses which may be suitable only under special conditions and in specific locations in Willard City or in the applicable zoning district, or only if such uses are designed or conducted in a particular manner.

12-105-2. Permit Required

A Conditional Use Permit shall be required for all uses listed as conditional uses in the zoning district use regulations or elsewhere in this Chapter.

12-105-3. Application

A Conditional Use Permit Application shall be made to the City Planner on forms provided by the City Planner. Only property owners or their duly authorized agents shall make application for a Conditional Use Permit. No Conditional Use Permit may be processed without the submission of an application, payment of the processing fee, and providing all supporting materials as required by the City Planner, the Conditional Use Review Committee, and this Chapter.

12-105-4. Required Documents

The Conditional Use Permit Application shall be submitted with the material listed in this Section. The City Planner and/or the Conditional Use Review Committee may determine and require items not listed herein be submitted in order to evaluate the proposed conditional use application. The application for the Conditional Use Permit shall include at least the following:

1. A written statement explaining details surrounding the proposed Conditional Use Permit Application is consistent with all the standards and requirements of this Chapter and other applicable sections of the Willard City Zoning and Land Use Ordinances.

12-105-5. Public Notice

No public hearing need be held. However, a hearing may be held if the City Planner, Conditional Use Review Committee or the Planning Commission deem a public hearing to be necessary and in the public interest. When such public hearing is required, the City will send notice by mail, at the applicant's sole cost and expense, to all property owners within 500 feet from the location where the proposed conditional use is to be conducted, inform them of the nature of the intended use, the date, time and place of the public hearing, name and address of the applicant and location of the intended use. A complete list of names and addresses of all impacted property owners shall be forwarded to the City by the applicant and where such list is inaccurate or incomplete the conditional use may be denied or revoked.

12-105-6. Conditional Use Review Committee

Upon submission of a Conditional Use Permit Application, the City Planner will determine the completeness of the application. If the Conditional Use Application is complete, the City Planner

will forward the application and all supporting materials to the Conditional Use Review Committee. The Conditional Use Review Committee shall be comprised of the following individuals: The Chief of Police, Fire Chief, City Attorney, a member of the Planning Commission, Director of Public Works, City Planner, City Engineer, and City Manager. Upon review of the application, proposed site plan if required, and any other necessary documentation or information, the Conditional Use Permit Review Committee will transmit a recommendation for the proposed Conditional Use Permit to the Planning Commission.

12-105-7. Factors to be considered by the Conditional Use Review Committee

In considering an application for a Conditional Use Permit, the Conditional Use Review Committee should analyze the following factors and may request information, studies, or data with respect to such factors for the purpose of determining whether a proposed Conditional Use Permit meets the standards set forth in this Chapter:

1. The suitability of the specific property for the proposed use;
2. The development or lack of development adjacent to the proposed site and the harmony of the proposed use with existing uses in the vicinity;
3. Whether the proposed use or facility may be injurious to potential or existing development in the vicinity;
4. The economic impact of the proposed facility or use on the surrounding area;
5. The aesthetic impact of the proposed facility or use on the surrounding area;
6. The present and future requirements for transportation, traffic, water, sewer, and other utilities for the proposed site and surrounding area;
7. The safeguards proposed or provided to ensure adequate utilities, transportation access, drainage, parking, loading space, lighting, screening, landscaping, open space, fire protection and pedestrian and vehicular circulation;
8. The safeguards provided or proposed to prevent noxious or offensive omissions such as noise, glare, dust, pollutants and odor from the proposed facility or use;
9. The safeguards provided or proposed to minimize other adverse effects from the proposed facility or use on persons or property in the area; and
10. The impact of the proposed facility or use on the health, safety and welfare of the City, the area and persons owning or leasing property in the area.

12-105-8. Standards and Criteria for Conditional Use Permit

Upon receiving a recommendation from the Conditional Use Permit Review Committee, the Planning Commission shall consider the following general standards and criteria prior to approving or denying a conditional use permit:

1. The Conditional Use is authorized in the zoning district where the use is proposed;
2. The use applied for at the proposed location is necessary or desirable to provide service or facility that will contribute to the general well-being of the area and Willard City;
3. Compatibility of the proposed use with the interest, function and policies established in the Willard City General Plan;
4. Compatibility of the proposed use within the character of the site, neighboring properties and other existing and proposed development.
5. Streets and other means of access to the Conditional Use are adequate to carry anticipated traffic and shall not materially reduce the level of service on adjacent streets;
6. The Conditional Use shall not unreasonably interfere with the lawful use of surrounding property;
7. Fencing, screening and landscaping, and other adequate buffering, is provided as needed to protect adjacent property from light, noise and visual impacts associated with the proposed use;
8. The availability of or ability to provide adequate services, drainage, parking, fire protection, and safe transportation access.
9. The proposed conditional use will not, under the circumstances of the particular case, be detrimental to the health, safety, or general welfare of persons residing or working in the vicinity or interests to property or improvements in the vicinity;
10. In the event the Planning Commission determines that the standards of this Chapter cannot be met and that adequate mitigation measures cannot be imposed to bring the use into conformity with the applicable standards and criteria, the Planning Commission may deny the request for a conditional use permit.
11. Within and adjoining the proposed site, the Planning Commission may impose reasonable conditions as deemed necessary for the protection of the site location and adjacent properties and the public interest.

12-105-9. Reasonable Conditions Imposed

The Planning Commission may issue a Conditional Use Permit to be located within any zoning district in which the particular Conditional Use is allowed by the use regulations of this Chapter. In authorizing any Conditional Use, the Planning Commission shall impose such requirements and conditions as required by law and as may be necessary for the protection of neighboring properties and the general welfare of the public. Such conditions of approval may include, but shall not be limited to, limitations or requirements as to a street dedication, the height, size, location and design of structures, landscaping, density, ingress/egress, fencing, parking, screening, buffering parking, hours of operation, or lighting.

12-105-10. Expiration

A Conditional Use Permit shall expire one (1) year after the date of approval and shall be null and void unless the property owner or their duly authorized agent has obtained a Building Permit, where required, or a Business License or other permits or licenses required for the operation. A one (1) year extension may be granted by the Planning Commission when deemed to be in the public interest.

12-105-11. Revocation

A Conditional Use Permit may be revoked by the Planning Commission upon failure to comply with the conditions of the permit, for any violation of this Title occurring on the site for which the permit was approved, or if the use is not maintained or abandoned. Prior to taking action concerning revocation of a Conditional Use Permit, a meeting shall be held by the Planning Commission. Notice of the meeting and the grounds for consideration of revocation shall be mailed to the permittee at least ten (10) days prior to the hearing.

12-105-12. Appeals

Any applicant shall have the right to appeal the decision of the Planning Commission to the designated Hearing Officer under the procedure outlined in Willard City Zoning Code Chapter 12-101-2. Any decision of the Hearing Officer may be appealed by the applicant or City to the District Court within thirty (30) days from the issuance of the written decision.

12-105-13. Review

The Planning Commission may review compliance with an issued Conditional Use Permit at regular intervals at the discretion of the Planning Commission or upon recommendation of the City Planner.

12-105-14. No Presumption of Approval

The listing of a conditional use in any district does not constitute an assurance that the conditional use shall be approved by the Planning Commission or City Planner. Each conditional use application shall be evaluated individually to determine compliance with the standards set

forth in this chapter, the standards of the district where the proposed use shall be located, and any standards applicable to the conditional use.

20
21 Bryce Wheelwright, City Planner, called the meeting to order at 3:09 p.m. The secretary recorded a roll call
22 attendance.

23
24 2A. REVIEW AND CONSIDERATION OF A REQUEST FROM DUANE DOMINGUEZ FOR A
25 CONDITIONAL USE PERMIT TO REPAIR VEHICLES ON HIS PROPERTY LOCATED AT
26 APPROXIMATELY 369 WEST 200 NORTH (02-057-0030)

27
28 Time Stamp – 0:39 03/28/2024

29
30 Bryce Wheelwright, City Planner, stated that Duane Dominguez had applied for a conditional use permit to
31 repair all-terrain and utility-terrain vehicles in a shop located on his property at 369 West 200 North. This
32 type of home occupation was a conditional use. He felt the CUP Review Committee needed to consider
33 hazardous waste, traffic, and vehicle storage.

34
35 Duane Dominguez stated that on his days off he had been repairing ATV's and UTV's in a shop in Ogden.
36 He decided he didn't want to commute to Ogden, but people kept calling him to do repairs. So, he decided
37 to start doing repairs in the shop on his own property. He did not anticipate a high volume because he
38 would be the only mechanic. He worked on one machine at a time.

39
40 Bryce Wheelwright asked if this business would be a primary source of income. Mr. Dominguez said it
41 would not. He worked full-time for Autoliv. He planned to work for a few hours after work and some
42 weekends.

43
44 Van Mund, Fire Chief, asked about the construction of the shed and its inside finish. Mr. Dominguez said it
45 was a pole barn. There was some bubble wrap insulation on the inside. There wasn't any sheetrock.

46
47 Chief Mund asked if there was paperback insulation or if any of the insulation was exposed. Mr. Dominguez
48 said there was paperback insulation in the southwest corner because previous owners had set up a paint
49 booth. He had removed the paint booth, and the exterior wall still had insulation on it.

WILLARD CITY
Conditional Use Permit (CUP) Review Committee – Special Meeting
March 28, 2024 – 3:00 p.m.
Willard City Hall – 80 West 50 South
Willard, Utah 84340

Chief Mund asked about quantities of materials, such as oil, gas, or carburetor cleaner. Mr. Dominguez said he only planned to store what he needed for his personal vehicles. He might have a case of oil and a case of carburetor cleaner. He took used oil to Auto Zone.

Zac Burk, Jones and Associates, asked if Mr. Dominguez planned to do any sandblasting or painting. Mr. Dominguez said he only planned to do mechanical repairs.

Zac Burk said the oil and carburetor cleaner would be considered illicit discharge in the storm water system. If they were stockpiled on site or Mr. Dominguez stored greasy, oily vehicles outside, an oil-water separator would have to be installed to protect storm water.

Duane Dominguez didn't want vehicles parked outside of his shop. He felt they were an eyesore. He might have to pull out his own vehicle for a short time if there wasn't enough room in his shop.

Zac Burk asked if the shop had water and sewer services or would need them. Duane Dominguez said he currently didn't have any water in his shop.

Chief Mund stated that Mr. Dominguez would have to have a metal can with a lid for his oily rags and a 10-pound fire extinguisher. The fire extinguisher had to be tested yearly. The Fire Department would have to inspect his premises.

Chief Mund did not see a problem with the proposed use, nor did Payden Vine, Public Works Director.

Chris Breinholt, Jones and Associates, felt there should be a limitation on the number of vehicles waiting for service or pickup and the number of vehicles coming and going. Sid Bodily and Bryce Wheelwright agreed. If there was a limit, problems could be addressed.

Michelle Drago, Deputy City Record, stated that because this was a home occupation Mr. Dominguez could not have employees. All vehicles should remain on the property. Mr. Dominguez couldn't use the stub road as a parking lot.

Duane Dominguez said he didn't park his vehicles outside because he felt that would be an eyesore. He liked his property organized.

Bryce Wheelwright asked if hours of operation would be an issue. The Committee didn't feel hours would be an issue if all work was done inside the shop. Van Mund said Mr. Dominguez would have to comply with the Noise Ordinance.

Bryce Wheelwright explained that the CUP Review Committee was a recommending body only. Their recommendation would be forwarded to the Planning Commission.

Payden Vine moved to recommend that the Planning Commission approve a conditional use permit for Duane Dominguez to repair vehicles on his property located at 369 West 200 North subject to no more than four vehicles parked outside at any time; a 10-pound fire extinguisher; storage of oily rags in a metal can; an annual fire inspection; no employees; and no outside storage of materials or contaminants. Van Mund seconded the motion. All voted "aye." The motion passed unanimously.

Michelle Drago said this would be on the Planning Commission's April 18th agenda.
