DISCUSSION AND POSSIBLE ACTION ITEMS

4. Recommendation of Approval to Amend Title 10.10.020 A Agricultural Zone, Ordinance-O-2024-14.

Chairman Farrar reviewed the ordinance amendment in the agenda packet. This amendment waives the fee to apply for agricultural zoning if you have a parcel with 5 or more acres. This zoning allows for many more uses than being zoned Open Space Transitional or Residential. With agricultural zoning, you have more freedom with livestock, you are able to build a house on it, you can put a barn on it, it helps with taxes, and most importantly, it helps preserve the agricultural lifestyle here in Apple Valley.

Commissioner Palmer raised the issue of item G regarding the mud pit, questioning what a mud bog is. There was also a discussion about using troughs for cooling pigs. Palmer mentioned misconceptions about pig farms, noting that pigs don't stink and explaining how one farmer used a shallow pool of water to help pigs cool off. The discussion concluded with the decision to potentially amend the verbiage in the future to address these concerns.

There were no further questions or comments from the other commissioners on this matter.

5. Recommendation of Approval to Adopt Title 10.10.05 Temporary Ordinance For Zone Change to A-X Agricultural Zone, Ordinance-O-2024-15.

Chairman Farrar discussed the ordinance amendment in the agenda packet. This topic had also been discussed in the previous day's work meeting. The temporary ordinance would involve a temporary fee schedule change for anyone changing to an agricultural zone, open for four months for 5 acres or more. It was emphasized that this change was not guaranteed, as the process of zone changes still needed to be followed. The purpose of this temporary waiver was to promote rural growth. Chairman
