5. SPECIAL ORDER

5.1 PUBLIC HEARING: TO HEAR COMMENTS IN SUPPORT AND OPPOSITION TO AMENDING THE FISCAL YEAR 2023-2024 BUDGET

Garrett stated that the adjustment is the final amendment to the current fiscal year budget. She stated that the adjustments look typical for end of year adjustments, noting however, that one adjustment on investment earnings are a little unusual, as the investment returns have come in better than expected. The adjustment to the anticipated returns was adjusted upwards by close to 5 percent. She stated that the general fund was adjusted \$435,000. She stated that some of the funds have different adjustments. Council Member Parkinson stated that she would like to take the time to thank Garrett and Hanson for taking the time to clarify some of the questions that she had, noting that adjustments are time sensitive and happen along the timeframe that they occur. She stated that the budget is a continuous working

document. She encourages any resident to reach out to staff if they have any questions on the budget.

Mayor Allen opened the public hearing at 6:08 p.m.

There were no citizen comments.

Mayor Allen closed the public hearing at 6:09 p.m.

6. CITIZEN COMMENTS

Anna Davidson addressed her concerns with the traffic coming out of Rohmer Park, noting that there are no traffic signs, or speed limit signs. She stated that she is open to the conversation to give up some of her property that borders the park in order to have a sidewalk or signs placed. She stated that she is open to solutions to slow people down when leaving the park.

Amy Miller, from the United Methodist Church, updated Council on events happening in June. The New school supply campaign has started and will run through July. She stated that the free treat Fridays (11:00a.m.-12:00 p.m.) will begin this month, as well as Funday Mondays. She stated that the events are listed in the distributed newsletter.

Mike Lawrence stated that he wanted to thank and recognize Weber County Commissioners Harvey, Froerer, and Bolos, and the Department of Weber Human Services for finding the funding to keep our Senior Center Open and keep the promise to our seniors in the community for one more year. Mayor Allen stated that he received a notice last night regarding the senior center, noting that the funding is ever-changing.

Ulis Gardiner inquired if the entire street will be shut down during the 300 West Road Maintenance Project, or will it be done in sections.

7.2 PRESENTATION/DISCUSSION: CHANGES TO THE FISCAL YEAR 2024-25 TENTATIVE BUDGET IN PREPARATION FOR FINAL BUDGET ADOPTION

Garrett stated that we are nearing the end of the budget cycle. She stated that she will present the wrap up to the budget and discuss changes that have been made to the tentative budget since it was distributed to Council in May. She highlighted several line item changes. She stated that there are two changes to the tentative budget. Garrett stated that the final column is the change that will be enacted during the final budget adoption at the next meeting. Garrett stated that there will be budget adjustments throughout the year as needed. She stated that that there was an adjustment to the Judge's salary and URS benefit. She

CC Minutes 06-04-24

91 stated that the salary and URS benefit is dictated by the Administrative Office of the Courts. Garrett stated
92 that there is another adjustment concerning the video equipment to be installed in the Council Chambers
93 for streaming live meetings.

94
95 Garrett stated that she did not receive any comments or concerns from Council concerning the tentative
96 budget. She stated that the budget document is alive and changing. She stated that the budget will be
97 adopted at the next meeting. She asked if there are any changes needed before the adoption. She noted that
98 this would be the time for items to be addressed so that she can come back with changes before the final
99 acting budget is approved. Garrett stated that she expects the tax rates to come in this week. Garrett stated
100 that the only item that Council has not been presented is the tax rate. Hanson stated that the tax rate will
101 not change the budget as discussed. Garrett stated that she does not expect it to be a significant change to
102 any of the budget items that she anticipated. Mayor Allen asked Garrett to send the tax rate to Council
103 when she receives it and note any possible significant consequences.

106 **7.3 PRESENTATION: FRAUD RISK ASSESSMENT**

107 Garrett stated that we are required to present the Fraud Risk Assessment to the governing body annually. She
108 stated that the assessment was developed in 2020 by the Utah State Auditor as an assessment to help local
109 governments understand best practices in fraud detection and prevention. She stated that it is a point system.
110 She stated that the best practices are highly recommended, but not required.

111
112 Garrett stated that the report shows the maximum point system, along with the points that she has assigned to
113 our city. She stated that the scaling spans very low risk to very high risk for fraud.
114 Garrett stated that our scoring is 355 points over the 395 points, which gives us a low fraud risk.
115 Garrett highlighted numbers 8 and 9, noting that we have not fully implemented the practices recommended
116 by the State Auditor. She stated that we do meet the standards in some of the elements, but because we do
117 not meet all the elements noted by the State Auditor as best practice, we did not receive points. She
118 explained some of the reasons as to the nuances of the requirements.

119
120 Garrett stated that we have a low fraud risk. She stated that Council should reach out to our Independent
121 Auditors if they have any questions about our controls or practices. She stated that they will provide an
122 independent assessment .

125 **7.4 MOTION/RESOLUTION 24-08: A RESOLUTION AMENDING THE POLICY AND** 126 **PROCEDURES MANUAL**

127 Hanson stated that we had an URS audit. He stated that it was required that we include specific language
128 in our Policy Manual, that Tier II elected officials are not considered eligible for URS benefits.

129 Council Member Parkinson asked about the Recorder and Treasurer Tier II status. Hanson stated that the
130 appointed positions can fall under Tier I or II, depending on when they joined the URS system.

131
132 **Motion by Council Member Parkinson**
133 **Seconded by Council Member Thomas**
134 **To approved Resolution 24-08**
135 **Amending the Policy and Procedures Manual**
136 **Approved unanimously (4-0)**
137 **Roll Call Vote**
138
139

140
141 **7.5 DISCUSSION/ACTION: FIRE DISTRICT CREATION FEASIBILITY STUDY**

142 Hanson stated that the City Managers of Roy, South Ogden, and Riverdale want to take another
143 look at consolidation of fire services. Hanson stated that South Ogden has an approval of a feasibility
144 study to be completed by LRB on their agenda tonight. The study will show how it will affect
145 departments, budgets, and other concerns. The cities have invited Washington Terrace to be a part of the
146 discussions because we have a strategic location in the middle. Hanson stated that there was a discussion
147 several years ago concerning the consolidation of South Ogden, Riverdale, and Washington Terrace Fire
148 Departments. It was determined at that time that we did not want to participate. We increased our
149 staffing levels to be more robust and increase our responding levels. Hanson stated that we are still
150 in a volunteer Fire Department status, which helps our overhead and management costs.
151 Hanson stated that we are at the “wait and see” stage right now to take a look at the study.
152 He stated that the other cities will cover the cost of the study, however, we will provide data that they
153 need for the study. Hanson stated that we have confidence that we are providing a service level and cost
154 that is the best benefit to the residents.

155
156 Council Member West noted that we are making no commitments to participating the district, however,
157 we want to know what the study is saying. Hanson stated that we would still be set up for automatic aid
158 with the cities involved.

159
160 **Motion by Council Member Parkinson**
161 **Seconded by Council Member Thomas**
162 **To participate in the Fire District Feasibility Study**
163 **By providing data from our City and be part of the conversation**
164 **Approved unanimously (4-0)**
165

166 **8. COUNCIL COMMUNICATION WITH STAFF**

167 Council Member Zishan asked about the “honey bucket” suggestion for parks that do not have restrooms.
168 Hanson stated that we did not budget for them. Council Member Zishan asked if it is too late to have it
169 added to the budget if Council believes it to be important. Mayor Allen stated that he had a discussion with
170 Ogden City and they said that they had to buy all the honey buckets because of all the damage that was
171 done to them in their parks. Council Member Zishan stated that there may be risk, but the goal is to serve
172 our citizens and make their life easier. Hanson stated that he does not know the cost benefit, but knows that
173 they can become rather expensive. Council Member Zishan asked if we could look into the cost and gather
174 more information. Hanson stated that one of the bigger challenges is kids tipping over the honey buckets.
175 Hanson stated that there will be daily maintenance to manage the honey buckets. Hanson will look into
176 options and impacts.

177
178 Council Member Parkinson asked if Golden West will be able to display Terrace Days on their marquee.
179 Hanson will contact them.

180
181 Council Member West inquired about the timeframe for the live stream equipment. Hanson stated that it
182 will be after the fiscal year. He stated that he does not have an exact date. Hanson stated that there should
183 not be a subscription fee for the You Tube channel. He does not expect any ongoing costs.

184
185 Council Member Thomas agrees with Council Member Zishan on the honey bucket suggestions, noting
CC Minutes 06-04-24

restrooms would be nice in the other parks.

Council Member Thomas asked if there was any new information on working with North Ogden on the Tri-City Food Pantry. Hanson stated that it would be a great volunteer opportunity for Council to put that together. Hanson stated that he has signed up with Healthy Utah for help in funding the Senior Services, however, he has not heard back from them.

Mayor Allen reminded Council to drive to Ogden Country Club and meet around 3:30 p.m. for Terrace Days. Hanson asked that Council be at the parade site by 4:00 p.m.

9. ADMINISTRATION REPORTS

Hanson stated that the park and the pickleball courts will be shut down for the Terrace Days event.

Hanson stated that Grava is working on contacting the Port-a-Potties for Terrace Days.

Hanson stated that our website has a great link for the construction project which will begin on June 10th. He stated that there will be access for local residents during the project, with sectional shut offs during the project.

Hanson stated that he had a discussion with the lateral service line protection program, stating that 7% of the residents participate. He stated that it has been successful.
