The Town of Copperton contracts with the Greater Salt Lake Municipal Services District (“MSD”) to provide planning and zoning, building permit, business license, and code enforcement services. The MSD provides these services on behalf of and under the direction of the Town of Copperton.

NOTE: Fees and Fines will be applied as approved and set forth in this schedule. The Chief Building Official or Director of Planning and Development may on occasion adjust fees/fines in unique circumstances up to \$1,500 per application. The MSD’s General Manager may do the same up to \$5,000. These adjustments must be documented and reported on if requested. Adjustments over \$5,000 require approval of the governing body of the jurisdiction to which the application pertains.

Example, if the permit fee would have been \$100, then building or grading without a permit would result in a \$200 permit fee.	200% of permit fee, plus 1% of permit fee per day (\$50 max per day)

^a Permit fees for new construction, additions and remodels are based on calculated square footage and the current ICC valuation tables (see below). When square footage determinations not practical or possible, permit fees will be based on applicant's declared valuation as reasonably determined by Director or Designee.

^b Permit fees for grading are based on the number of cubic yards of earth cut or filled.

^c Permit fees for retaining walls are based on the size of the project in lineal feet.

^d Permit fees for demolition and window/door replacement are based on declared valuation.

^e Permit fees for large solar installations are based on applicant's declared valuation as reasonably determined by Director or designee.

Construction Valuation Tables

The valuations below are used to determine construction valuations for building permit fee calculations. The valuations will be updated automatically as new standards are published by ICC, which is usually twice per year.

Glossary of Terms

Condominium Plat: The procedure to review and record a condominium plat is subject to the Condominium Ownership Act (57.8- Utah Code). Staff review includes addressing all units, a review to verify compliance with the zoning ordinance and conditions of approval previously imposed and an engineering review to verify compliance with platting requirements.

Director: The Director of Planning and Development or designee.

General Plan Amendment: Planning Commissions make a recommendation to the Council who must authorize Amendments to a General Plan. A study that includes public involvement is conducted after Council gives the direction to proceed to the Development Services Director.

Home Daycare I Pre-school Application Fees: Although a home daycare or pre-school may be operated out of a private residence, it is not considered or reviewed in the same manner as a home business. Therefore, they are listed separately in the fee schedule and in the ordinance.

Modification to a Recorded Subdivision Plat: Utah Code requires a specific process be followed to amend, vacate or alter a recorded subdivision plat. This involves application, notice, a public hearing before the planning commission and executive (commonly referred to as a 608 hearing/ Mayor's Meeting). Additionally, an engineering review of the preliminary and final plat prior to approval and recording is required. Fees may include Planning Commission Review, Additional Public Body Review, Technical Review.

MSD: Means the Greater Salt Lake Municipal Services District, which the Town of _____ has contracted with to provide planning and zoning, building permit, business license, and code enforcement services

PUD (Planned Unit Development): In those zones which allow development of a PUD they are listed as a Conditional Use, which requires review by the Planning Commission. For developers who intend to sell individual lots within the PUD both the Planning Commission Review, Conditional Use and a Subdivision Preliminary Plat review would be required , and a Technical Review prior to final approval is also required. Per the fee schedule each of these reviews requires separate fee.

Additionally, because more than one review process is required the application would also involve an Agency Review Meeting. Fees may include: Agency Coordination Meeting, Planning Commission Review (Conditional Use), Planning Commission Review (Preliminary Plat), Technical Review.

The conditional use approval (Planning Commission approval) is required prior to preparation of the subdivision preliminary plat to ensure that the recommendations of the Planning Commission are properly incorporated into the preliminary plat.

Re-Zone (Zoning Map Amendment): A request to change the existing zoning (re-zone) requires: review and recommendation from the planning commission (Public Body Review) and final decision by the council (Additional Public Body Review)and technical work (Technical Review) for map and index work).

Signs: Signs vary in the type and complexity of review process required therefore they are listed under several review types. It is intended that the fees are assessed per review process and not per sign. For example, a business that had 2 signs requiring Planning Commission review would be charged for 1 Planning Commission review. However, a business which had 1 sign which required Planning Commission review and another sign which did not would be charged for 1 Planning Commission review and 1 staff review.

Subdivision: A request to subdivide property requires review and approval of a preliminary plat, and a Technical Review of the Final Plat. Additionally, an Agency Review Meeting is required. Note that in the case of a "one-lot" subdivision there might also be an Administrative Review for the proposed Single-Family Dwelling. Fees may include: Agency Coordination Meeting, Planning Commission Meeting, Technical Review, Staff Review of a Site Plan.

Valuation: The estimated construction cost for a project.
