Thank you.

Hello Mayor and Council, my name is Troy Hatch. I Work for Schreiber foods as the Maintenance Team Leader. I have been with Schreiber foods for 11 Years and I love my job. My responsibilities among many others include managing our utilities. I have very much appreciated working with the Logan City Power team as we have collaborated on a few projects to make sure that we have reliable power here at our plant. I am a lifelong resident of cache valley, and I don't think that there is a better place for my wife and I to raise our kids than right here! I Love to be involved in the community and strive to make a difference where I can. I would love to have the opportunity to serve on the Logan City Power Board. Thank you for your consideration and look forward to having the opportunity to work together.

Sincerely,

Troy Hatch
