

**MINUTES OF THE WESTERN UTAH BASIN MOSQUITO ABATEMENT DISTRICT BOARD
OF TRUSTEES MEETING HELD May 15, 2024 BEGINNING AT 7:30 P.M. AT THE DISTRICT
OFFICE 2055 W 1600 S ROOSEVELT, UTAH**

Present

Director Kay Weight; Board Trustees Charlie Strebel, Glen Jessen, Tracy Killian, Chipper Fenn, Alan Haslam, Dustin White, and Connie Sweat taking minutes of the meeting.

Absent Kathy Moon, Annette (Angel) McRae

Welcome

Welcome by Charlie Strebel.

Consideration of Minutes for the Meeting Held April 17, 2024

Director Weight read the minutes from April 17, 2024. Motion to approve minutes by Dustin White. Second by Glen Jessen. Motion approved by all those present.

Discussion and Consideration of Payables for the Month of May 2024

Motion to pay the bills as presented was made by Tracy Killian. Second by Chipper Fenn. Motion approved by all present.

Financial Statements for the Month of May 2024

Motion to accept the financial statements as presented was made by Chipper Fenn. Second by Dustin White. Motion approved by all present.

New Business for the Board

Director Weight stated that he has two employees right now. Three more will be starting on Monday, and two more when school gets out. The equipment has been checked out and is in good shape. They are ready to go.

We were encouraged to have people with mosquito complaints to call the office 435-722-3802. There will be a person in the office most of the time M-F. Callers can leave a message if no answer, calls will be returned for specific locations for traps to be set out. There have been one or two complaints about mosquitos already. A couple in Myton and one in Duchesne. At this time of year usually the complaints are actually gnats or no-see-ums. Short discussion about gnats, no-see-ums, and mosquitos.

Director Weight commented that Avon Skin-So-Soft works great at repelling gnats and no-see-ums.

Alan Haslam asked if Director Weight has a route. Director Weight said it is much more efficient and cost effective to spray areas that have had complaints. Myton is on a swamp and has the generally has the most problems. They try to work with people who have a problem with them spraying near their homes.

The chemicals used are environmentally friendly. A mineral oil base is used on water, it coats and kills the larvae.

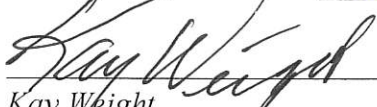

Comments or Concerns

None.

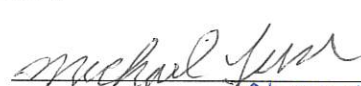

Adjourn

Charlie Strebel motioned to adjourn the meeting at 7:45 P.M.

Read and approved this 19 day of June 2024.
