**CITY COUNCIL WORKSHOP**

Mayor Holmgren called the June 18, 2024 City Council Workshop to order at 5:00 p.m. The meeting was held in the City Council Meeting Room at 102 South Tremont Street, Tremonton, Utah. Those in attendance were Mayor Holmgren, Councilmembers Estep, Hoedt, Rohde, Vance, and Westergard, Manager Cobabe, and City Recorder Nessen. The following Department Heads were also present: City Planner Jeff Seedall, Police Chief Dustin Cordova (arrived at 6:53 p.m.), Fire Chief Brady Hansen (arrived at 5:03 p.m.), and Main Street Manager Sara Mohrman. Also in attendance was Finance Director Curtis Roberts.

1. Final Budget Discussion – Creating a Moderate-Income Housing Program

Director Roberts said tonight I will focus on what we changed between the tentative budget and the final budget. There was a request for software that tracks information for economic growth, which is Placer AI. The cost is \$13,000 and is ongoing as long as we keep that software. During the tentative budget meeting, the police chief expanded upon this Step Scale program. This mimics what other agencies are doing and makes the City more competitive. We discussed hiring an assistant public works director in anticipation of Director Fulgham’s retirement. This position would be split across multiple funds (water, treatment plant and sewer). We also added more frequent mowing and edging at the cemetery leading up to Memorial Day. There was a request for an additional person for community events. As a result, we have an additional \$276,000 in expenses. We went through our estimates on the revenue side of things, which he reviewed with the Council. Councilmember Hoedt said your additional revenues basically balance the additional costs. You had previously stated that we have \$333,000 in the General Fund. Director Roberts said that was before these adjustments. Now that is about \$130,000. We call this fund balance to be appropriated. We do not want to use fund balance for ongoing operating expenses. It only lasts for so long. I went through all of the budget in the General Fund and isolated out all the one-time expenses. They totaled up to \$130,000, which was my target. Then I found revenues that would get us to that point. We do have a balanced budget that will be financially solid for the next fiscal year.

## **Draft Minutes**

Director Roberts said in the fire and EMS funds, we added the hours for the emergency manager. Total cost for the year is about \$700. This adds time to an existing employee and would be a part-time position.

Director Roberts then discussed the RDA. The initial budget had \$1 million in the capital outlay to begin implementing State requirements for low to moderate-income housing. We have started down that path of State mandated concept. We have yet to set parameters or guidelines to help give guidance to what we are doing. When we talk about moderate-income housing, we cannot really see those parameters so implementation is difficult. A lot of things need to be defined. We did have a proposal in place to modify houses that seemed to fit within existing guidelines. That is about \$100,000 that Habitat for Humanity presented. We will put that into this RDA fund and then are going to put some seed money (\$800,000) for when we have parameters in place. The RDA is sitting on just over \$2.2 million. When we created that project area, State law required 20% of the property tax increment be collected and set aside for low to moderate income housing. That was kept in reserve until the City could implement some sort of low income housing program. We are hoping to help fund these neighborhood improvements for a chance to start something. This \$800,000 would be a significant amount of seed money to jumpstart that program. Councilmember Hoedt said at the last Council meeting Habitat for Humanity gave a proposal. They are requesting \$100,000 to be an add-on to their program for renovations for moderate income homes. They have grant funding up to \$18,000 per request. City money would supplement that. They have also requested \$300,000 to purchase lots and build homes. Through a program, multiple entities could compete to get funding. We would support the biggest bang for the buck. The City would draft a program by December. Organizations would then apply for the funds. Another hope of this program is that the State would recognize it as a strategy. None of the strategies in the State that are dealing with moderate income housing have been effective. We could potentially set a model for other communities if we are effective.

Councilmember Estep asked how somebody is going to build a house for that kind of money. Randy Christensen, president of the board of directors for Habitat for Humanity, said because we are a non-profit, we get a lot of donations. We also have volunteers. The families we select become a partner. They put in sweat equity themselves. We have other companies and organizations that help fund or donate to build the homes. We look at each family's income and modify the loan based off what they can afford. There is a first and a second mortgage, and that second mortgage is an incentive. As they pay Habitat each month, a portion of that second mortgage is forgiven until the first mortgage is paid. They have to live in the home for a certain time. Once they pay off the mortgage, it goes back into Habitat, who uses those funds to build another home. Drew Anderson from Habitat for Humanity said they are not allowed to flip and then sell that home. We would have the ability to take that home back and reuse that as a future moderate-income home for another family. Mayor Holmgren said if we approve this proposal, that money would stay specifically for Tremonton, correct? Councilmember Hoedt said we would create the program so we get to choose what we approve. There are two parts of this proposal. The first is \$100,000, which would go to renovations. The second is for new homes, whether it is single-family or multi-family. Mr. Christensen said not only do we need more

## **Draft Minutes**

housing, we also need to renovate housing that is becoming less desirable to live in or unlivable.

Director Roberts then reviewed the amendments to the current budget. He discussed the Rural Transportation Improvement Fund, which is used for roads, including the 1000 North project. Garbage collection had an increased cost as the contract increased. Additional revenues offset the majority of that. In the next fiscal year, we are creating a solid waste fund to better monitor costs and revenues. That will create a clearer picture outside the General Fund. The cost for the building inspector contract is offset by the increase in building permits. Other adjustments are relatively minor. Kudos to all the staff for looking at their budgets, monitoring it and understanding the importance of living within what has been allotted. They have done a great job.

Director Roberts said every year we try to project what the revenues are going to be at year end. We can only carry over 35% of that. We will not finalize that number until the end of September. I am trying to project what the revenues are going to be. We are asking that we carry over 25% of what that revenue number is and any difference above the 25% up to what the actual calculation is, we are proposing the Council authorize the transfer of that amount: 10% into fund 40 for future capital projects, 50% into our vehicle equipment and 40% for future road projects in our transportation capacity. We do this yearly and know we are going to have an excess of about \$1 million. We are proposing anything in excess of 25% of those revenues is set aside for future projects.

Director Roberts said I do not monitor everything line by line. I trust the department heads to come through and then we monitor it at an overall level. By empowering the department heads 100% of the time they come in under budget and we do not come back through and cut them. We ask for their projection for the next year and they benefit from this because when they have a larger need they can come through and tap into other things we were able to fund and not go into debt. Kudos to the department heads for watching their budgets and for being responsible.

### 2. Review of the agenda items identified on 7:00 p.m. City Council Agenda

When discussing a 35-acre annexation, Planner Seedall said the developer owns two parcels. He has started the annexation process for the first. All of it will be serviced by a sewer lift station. We want that to be as far south as we can to serve as many acres as possible without having multiple ones. This development would allow an average of three units per acre. It would be mixed residential with everything from acre lots down to a few fourplexes. He will have to extend the utilities. Councilmember Hoedt asked about the fiscal impacts associated with annexation upfront versus impact fees, as well as ongoing costs to the City. Planner Seedall said the developer bears the burden of those costs. We are only talking annexation at this point, there is no development agreement. He has a concept plan of what he might do. We have to commit that we would be willing to service it and incorporate it into the City. Manager Cobabe said the cost would be relative to what the developer puts in. We do not have the answer right now. Councilmember Hoedt said I do not know what the fiscal impact would be to our

## **Draft Minutes**

residents and our tax base. Manager Cobabe said our current residents will not pay anything. Councilmember Hoedt said that is why I asked long-term because there will be police coverage and other things that will occur. Manager Cobabe said they will pay their proportionate share. There are a couple of advantages to having a residential development in the City opposed to the County. We have infrastructure guidelines that come into play to make sure they meet our standards. We would have a say in what goes on as opposed to just leaving it up to whatever the County will allow. Councilmember Vance said we still have to cover them with police. Planner Seedall said there was no zoning requirements on this from the County's viewpoint. It would have been whatever the health department would sign off on. This could become a bigger labor for the City that does not involve tax compensation. Councilmember Hoedt said I have talked with several people about annexation and a huge majority are opposed. They are concerned about maintaining the culture and lifestyle we have now. I will continue to represent the majority's wishes.

The Council moved to the next agenda item. Director Roberts said our proposal is that we accept the certified tax rate. We do not propose a tax increase.

Recorder Nessen reviewed health insurance, saying nothing has changed this year. We stayed with Select Health as our medical and have the same dental and vision. The only change was a slight increase in the deductible on the high deductible plan. The City pays 90% of premiums with employees paying the other 10%. HSA contributions have been kept the same.

Recorder Nessen then reviewed the Tier 2 public safety and firefighter retirement systems. Utah Retirement Systems (URS) sets the contribution rates every year for our retirement program. Three years ago, it was non-contributory. The City paid all contributions for all of our employees. In the last few years, they have started requiring Tier 2 employees to contribute into their pension. This year they upped that percentage from 2.59 to 4.73. We are proposing that the City cover that increase so our employees continue to pay what they are used to (2.59%). We are not allowed to pick up the Tier 2 public employees increase, but we have increased their pay with COLA. We just have to have something formal passed by the Council saying this is what we are doing. If approved, I will send this to them and we will start picking that portion up for Tier 2 public safety and firefighter employees instead of making them pay it. This helps with recruitment.

Mayor Holmgren said there will be a discussion on approving a beer license for El Chilito. We also have the option to accept or deny the Allred annexation. Planner Seedall said there is no infrastructure near these homes. To build this to City standards would require connection underneath the I-84 interchange and finding a way to pump the sewer. If we annexed it in, it would become an island. This would be extremely expensive to anyone who would have to put in water and sewer. The difference with the Calder annexation is that we have utilities close by. There is nothing within proximity to this. This is one of the struggles with annexation on the west side—it is very expensive and would take a very large developer to get the utilities on that side of the road. The

**Draft Minutes**

developer does not want to annex. They want us to deny it. Councilmember Vance said the County is going to continue allowing them to build on half acre lots with septic tanks and that is a problem.

- 3. **CLOSED SESSIONS: No closed session held at this time.**

- 7. Public Hearings:

Mayor Holmgren called a Public Hearing to order at 7:09 p.m. to consider the Final Budget. There were 19 people in attendance.

- a. To consider adopting the Final Budget, entitled “The Tremonton City Annual Implementation Budget 2024-2025 (General Fund, Capital Fund(s), Enterprise Fund(s), and Special Fund(s)”, for the period commencing July 1, 2024, and ending June 30, 2025

There were no public comments. Mayor Holmgren closed the Public Hearing at 7:09 p.m. He then called a Public Hearing to order at 7:09 p.m. to amend the Annual Budget. There were 19 people in attendance.

- b. To consider amending the Annual Budget entitled “The Tremonton City Annual Implementation Budget 2023-2024 (General Fund, Capital Fund(s), Enterprise Fund(s), and Special Fund(s)”, for the period commencing July 1, 2023, and ending June 30, 2024

There were no public comments. Mayor Holmgren closed the Public Hearing at 7:10 p.m. and called a Public Hearing to order at 7:10 p.m. to consider an annexation. There were 19 people in attendance.

- c. To consider annexing approximately 35.045 acres of real property, referred to as the Brodie Calder Annexation, into Tremonton City’s incorporated limits. The 35.045 acres of real property is located in Box Elder County at 6590 West 10000 North

Manager Mohrman said I wanted to reiterate comments during the workshop. I think it is a good idea to annex because our public services already service these people whether they are in the County or City. When they are in the City we get revenue from property tax to help pay for that. Also, I wanted to point out the mention of voting for the majority. At the Town Hall meeting there were 12 people who stated they do not support annexation. I looked up the approximate adults in Tremonton and it is almost 6,800 people. That is way less than one percent of our population attending the Town Hall meeting and stating that they do not support annexation. Through conversations we have had the majority,

**Draft Minutes**

when it is properly explained to them, would support annexation. Why should we pay for these services with our tax dollars for people who are not contributing. With the annexation they get to contribute and pay into the systems they are benefiting from.

Developer Brodie Calder said the purpose of this annexation request today is not whether or not this property can be developed. It can be developed because of the property rights of the owner. This annexation will just determine which code the property is developed to. The County has passed regulations that neighboring properties request annexation within a certain proximity of City limits. The County is looking for better development services for people. The County does not offer sewer and fire. The County has septic tanks and Tremonton has sewer. This is more expensive for me the developer and the burden of paying the infrastructure cost, but this is the best thing for the people. We are being much better stewards of the land and water by using better technology offered. It is also helpful on the tax side. Director Fulgham has provided us with charts and a letter saying we have plenty of capacity for the development. City Engineer Chris Breinholt agrees. The plans we are looking to do are part of the Master Plan with the same zoning. We discussed this with some of the neighboring properties and had an annexation meeting. Some had concerns about their septic tanks. It would be helpful for them if we were to incorporate them as well in a future annexation. Developing to a higher standard is better for the community.

Mayor Holmgren closed the Public Hearing at 7:14 p.m.

- 8. New Council Business:
  - a. Discussion and consideration of adopting Resolution No. 24-33 approving a Final Budget entitled “The Tremonton Annual Implementation Budget 2024-2025 (General Fund, Capital Fund(s), Enterprise Fund(s) and Special Fund(s))” for the period commencing July 1, 2024, and ending June 30, 2025

**Motion by Councilmember Rohde to adopt the resolution.** Motion seconded by Councilmember Estep. Roll Call Vote: Councilmember Estep - aye, Councilmember Hoedt - aye, Councilmember Rohde - aye, Councilmember Vance - aye, Councilmember Westergard - aye. Motion approved.

- b. Discussion and consideration of adopting Resolution No. 24-34 approving the certified tax rates for the 2024 tax year

Director Roberts said we started this budget process in February. We had many more discussions in May during the tentative budget process. The Council made recommendations and we have incorporated those into the final budget. I would like to express my appreciation to the Council for the input. One of the final aspects of passing the budget is adopting the Certified Tax Rate, which is calculated by the County. If the Council chooses to adopt that, there is no further action other than signing the certificate and sending it into the State. If the

**Draft Minutes**

Council was considering an increase, there would be additional steps for Truth in Taxation. We are choosing not to do that this year.

**Motion by Councilmember Westergard to pass the resolution.** Motion seconded by Councilmember Vance. Roll Call Vote: Councilmember Estep - aye, Councilmember Hoedt - aye, Councilmember Rohde - aye, Councilmember Vance - aye, Councilmember Westergard - aye. Motion approved.

The following items were discussed out of order

- c. Discussion and consideration of approving Resolution No. 24-35 adopting the revised Tremonton City Compensation and Classification Plan

Recorder Nessen said we are adding 3% COLA, which increases our minimum and maximum pay ranges. This also includes the police department step scale that they have proposed and some new positions we approved within the budget.

**Motion by Councilmember Estep to approve the resolution.** Motion seconded by Councilmember Rohde. Roll Call Vote: Councilmember Estep - aye, Councilmember Hoedt - aye, Councilmember Rohde - aye, Councilmember Vance - aye, Councilmember Westergard - aye. Motion approved.

- d. Discussion and consideration of adopting Resolution No. 24-36 selecting health insurance carriers and defining the City’s contribution for health insurance employee benefits for the 2024-2025 Fiscal Year

**Motion by Councilmember Vance to adopt the resolution.** Motion seconded by Councilmember Westergard. Roll Call Vote: Councilmember Estep - aye, Councilmember Hoedt - aye, Councilmember Rohde - aye, Councilmember Vance - aye, Councilmember Westergard - aye. Motion approved.

**Motion by Councilmember Westergard to pass the resolution.** Motion seconded by Councilmember Hoedt. Roll Call Vote: Councilmember Estep - aye, Councilmember Hoedt - aye, Councilmember Rohde - aye, Councilmember Vance - aye, Councilmember Westergard - aye. Motion approved.

- g. Discussion and consideration of adopting Ordinance No. 24-08 annexing approximately 35.045 acres of real property, referred to as the Brodie Calder Annexation, into Tremonton City’s incorporated limits. The 35.045 acres of real property is located in Box Elder County at 6590 West 10000 North

**Motion by Councilmember Vance to adopt the ordinance.** Motion seconded by Councilmember Estep. Roll Call Vote: Councilmember Estep - aye, Councilmember Hoedt - nay, Councilmember Rohde - aye, Councilmember Vance - aye, Councilmember Westergard - aye. Motion approved by a 4-1 vote.

- h. Discussion and consideration of adopting Resolution No. 24-39 amending Tremonton City’s Articles of Incorporation to include approximately 35.045 acres of real property, referred to as the Brodie Calder Annexation, into Tremonton City’s incorporated limits. The 35.045 acres of real property is located in Box Elder County at 6590 West 10000 North

**Motion by Councilmember Vance to adopt the resolution.** Motion seconded by Councilmember Westergard. Roll Call Vote: Councilmember Estep - aye, Councilmember Hoedt - nay, Councilmember Rohde - aye, Councilmember Vance - aye, Councilmember Westergard - aye. Motion approved by a 4-1 vote.

- j. Discussion of accepting or denying the Allred Annexation Petition

Councilmember Vance said knowing that the developer does not want to annex I think we ought to open the door and see if there is a way we can help him make this happen.

**Motion by Councilmember Vance to table this item and bring the contractor in to see if we can find a way to make this work for him and the City.** Motion seconded by Councilmember Rohde. Vote: Councilmember Estep - aye, Councilmember Hoedt - aye, Councilmember Rohde - aye, Councilmember Vance - aye, Councilmember Westergard - aye. Motion approved.

9. Consent Agenda

**Draft Minutes**

- a. Discussion and consideration of adopting Resolution No. 24-40 ratifying the final acceptance of Matheson Apartments

Planner Seedall said with every development public infrastructure is installed. As it is being completed, Engineer Breinholt and Director Fulgham inspect it. Matheson has reached the point that all of the public infrastructure they have installed is satisfactory to both of them. They have requested that we release the escrow.

**Motion by Councilmember Estep to adopt the resolution.** Motion seconded by Councilmember Rohde. Roll Call Vote: Councilmember Estep - aye, Councilmember Hoedt - aye, Councilmember Rohde - aye, Councilmember Vance - aye, Councilmember Westergard - aye. Motion approved.

10. Calendar Items and Previous Assignment

- a. Review of calendar

Mayor Holmgren said the City Council meeting for July 2 is cancelled. Our first Steering Committee meeting is on Thursday June 20, at 6 p.m. We are looking forward to good things. The Mugs and Bananas event is on June 22. The Farmer’s Market is on July 6. We do cook hot dogs that day and have a watermelon eating contest. Hay Days is July 19-20. We cook and serve breakfast Saturday morning.

- b. Unfinished Business/Action Items: None.

11. Reports & Comments:

- a. City Administration Reports and Comments
- b. Development Review Committee Report and Comments
- c. City Department Head Reports and Comments

The Council welcomed new City Manager Cobabe, who said I am drinking from the fire hose, but life is good and I am learning a lot. We have an incredible staff and I am honored to be here.

Chief Cordova said we recently expanded the SWAT team. Perry has joined. I spoke with the Sheriff and they have had more incidents where we have been utilized in the last year than the past five to ten years. I am glad we have emergency operations in place for that. We had a meeting with the school regarding the guardian programs, which is school safety for an active shooter situation. We are working well with Box Elder County and will roll that program out to keep all the schools safe. We are starting our lemonade stand competition and hope to beat Brigham City again. Lastly, I want to thank you for your support, it means a lot. Our police department could not do it without you.

Chief Hansen said I want to express my appreciation for the resolution to pick up the increase to the retirement contribution on behalf of the firefighters. That means a lot and is a morale boost. I appreciate very much that you were able and

## **Draft Minutes**

willing to pick that up on their behalf. Secondly, I would echo what the police chief indicated. We appreciate the support on the budget. I feel optimistic and confident with the budget going forward.

### 1. Menlove Subdivision annexation into Garland

Planner Seedall discussed some property near the middle school that could be annexed into the City and connected into Holmgren Estates. I have been working with the school district and developer to see if this acreage could fit a new junior high given its proximity to the City and other schools. This is in the County and is part of our annexation plan. They are petitioning to annex it into Garland so I wanted the Council's input on if we should file a protest. The Council agreed to filing a protest to the annexation.

### 2. Aquatic and Fitness Center Concept Plan

Planner Seedall then discussed an indoor recreational center. We have come up with concept plans. With the new school that the school board is looking to build, we would do a shared community center, allowing the school to use it during their hours and the public to use it on the off hours. This precedent has become quite popular. I would approach the school board in July if there is interest. Councilmember Rohde said you need to run with this. Planner Seedall reviewed potential amenities. They include a kid-friendly/family-oriented aquatic center. Multi-purpose turf for practices with large nets dividing the fields for baseball and softball, golf, lacrosse and soccer. There would also be courts for basketball and pickleball. There could be a daycare for children and two fitness studios with weights and an indoor track. This would be open to the public all the time. We would work with the school to program it. The estimated cost to build this is \$50 million. We would create an agreement for cost sharing for construction and operations. Director Roberts provided some input. The question that always remains is who is ultimately responsible for the building and operations. How is that going to function? He provided examples for those in Logan. There is a cost for capital items, operational cost, insurance and employees. Those would be satisfied through operating agreements. I like the approach of getting lots of agreements to protect the City and school district. The City would have to figure out how they are going to fund their share. I like the concept and what it would bring, but it does bring about difficult decisions. The more those are addressed up front the less disputes you get on the back side. Councilmember Hoedt said I like the concept and Tremonton needs it. My only reservations are dealing with tax impacts on the public. Planner Seedall said everyone I have talked to said they would take any tax impact to get this here. This facility would be used by more than just Tremonton City residents. The whole County will use it and therefore I think the

## **Draft Minutes**

whole County can help pay for it. If the Council does not have any changes or other amenities they would like to see, I would take this to the school board and discuss it at their workshop. It was suggested that a hockey rink be considered.

### d. Council Reports and Comments

**Councilmember Rohde** said I think the City could provide some great volunteer opportunities. That could be a great thing to turn over to the Youth City Council. Let us help people help us. I would like to see the Council set some high strategic goals that match our pillars. We say this is what we would like to see the City accomplish this year and set those. Department heads could then work on ways to make those come to fruition. Measures could be put in place to see if we are accomplishing them. I would also put a plug for hiring an economic developer. I think we need to do what we can to get bigger businesses in town. Lastly, how does our vehicle equipment fund in our City compare to other cities? Director Roberts said the level of vehicles we have is probably a little lower than other cities. Our departments are really good at making vehicles last and taking care of things. I am comfortable with where we are at.

**Councilmember Vance** said we need to get a position out for Public Works. Recorder Nessen said Director Fulgham is working on a job description. Councilmember Vance then asked about trees on Main Street and the options to have them trimmed or removed. It seems that 50% are for the trees and 50% are against the trees. After some discussion, Manager Cobabe said there would have to be some sort of a replacement plan. The City has paid for those trees to go in and they are City property. Maybe we could vet this through the Steering Committee to make sure we are reflecting the desire of the people.

**Councilmember Westergard** said I agree with adding a rec center. Our community has a lot of different teams that cannot find a place to practice. It is a lot of money but would be well used. My wife wants an update on the paint for the pickleball courts. Councilmember Estep said they got behind with the rainstorm. It will be this week or next. Planner Seedall said we looked at options of including open space above the basketball courts with six independent pickleball courts, but it added a significant cost to raise the building. Councilmember Westergard said I think we ought to look into more outdoor pickleball courts.

**Councilmember Hoedt** brought up the proposed program to help with affordable housing. The Council agreed that would be better discussed in the RDA meeting. Councilmember Hoedt said I recently went to the moderate-income housing session. Everyone wondered how we can be effective in accomplishing what the State wants. My wife and I also met with the economic development coordinator for Brigham and he enlightened us on a wealth of things. I agree with Councilmember Rohde, we should be moving a similar direction to help our economy.

**Mayor Holmgren** said we have a great group for our Steering Committee to help with the revitalization of Main Street and Midland Square. I am looking forward to working with this committee. Great things are going to come from it. We do have money set aside

**Draft Minutes**

for this and the possibility of additional grants. We have an opportunity to use Placer AI, which is a tool used to identify how many people are coming into an area. We have approved that in our budget and are looking forward to that. I also want to thank the Council, our department heads and all those who had any part in the budget. We are organizing a survey to get input from the general public. This will be a well-rounded approach to revitalizing downtown and Midland Square.

- 10) Use variety in the wording of the minutes. The minutes preparation book from IIMC has a very complete list of synonyms. Make good use of spell check and grammar check if your computer has them.
- 11) When minutes are at a draft stage, it helps to have another proofreader look at them for typos, etc.
- 12) Use the agenda as a basis for your notes. Before the meeting, make a copy of either the paper agenda or the computer agenda document and make a 2" space (or more) between items to use for note-taking.
- 13) If you use audiotape to record meetings, make a note of where each side of the tape begins. This makes it easier to find a particular item without listening to an entire set of tapes.
- 14) When recording votes, be consistent and list in alphabetical order.
- 15) The actual motion can be underlined, italicized, bold, or in solid caps to set it apart from the main body of the text. The motion should say: "Council Member Anderson moved to . . ." rather than "Council Member Anderson made a motion to . . ."
- 16) Know which motions need a roll call vote. A roll call vote shall be taken and recorded for all ordinances, resolutions, or any action taken by the governing body which would create a liability against the municipality, and at any other time when requested by a member of the governing body. (Utah Code 10-3-506)
- 17) Make notations in the margin to help locate items if your computer doesn't have a scan system; information needs to be accessible.
- 18) Use footers or headers, and page numbers to identify document pages.
- 19) Be precise and concise. Know your audience and purpose, trim excess wording and avoid clichés.
- 20) Refer to speakers by last name, not first name or nickname.

A. **Development Activities.** The terms of this Agreement shall govern all development activities of the Developer pertaining to the Property. For the purposes of this Agreement, “development activities” shall include, pursuant to Utah Code Annotated (hereinafter “UCA”) § 10-9a-103(8), but be not limited to, the following: any change in the use of land that creates additional demand and needs for public facilities. Furthermore, for purposes of this agreement only, “development activities” shall also include the following: (1) the actual construction of improvements, (2) obtaining a permit therefore, or (3) any change in grade, contour, or appearance of the Property caused by, or on behalf of, the Developer with the intent to construct improvements thereon, none of which shall occur until execution of the Agreement and City approval of the Final Plat.

D. **Fee-in-Lieu Payments.** In cases where a Developer shall be required by City Ordinance to install an improvement, but circumstances, as determined by the City Engineer, prevent the construction of the improvement, the Developer shall pay a fee-in-lieu of construction. The fee-in-lieu payment shall be the current cost of constructing the improvement as estimated by the City Engineer and formalized in Section 2- “Special Conditions in this Agreement.” The fee-in-lieu payment shall be used towards the costs of installing the required improvements, the timing of when said improvement shall be constructed shall be at the sole discretion of the City and absolve the Developer from making the improvement in the future or paying the future cost of the required improvement.

E. **Off-Site Project Improvements.** Developer may be required to install off-site improvements without participation or reimbursement from the City or surrounding property owners. Such improvements are identified as “Project Improvements” as defined by Utah Code Annotated 11-36a-102 (14), which generally include improvements that are: 1) planned and designed to provide service for the Development; 2) necessary for the use and convenience of the occupants or users of the Development, and 3) improvements that are not identified or reimbursed as a “System Improvement” as defined by Utah Code Annotated 11-36a-102 (21).

F. **Secondary Water System.** In accordance with Utah Code Annotated 10-9a-508, subdivisions that require water service shall provide to the City, in addition to those requirements and improvements associated with culinary water, the necessary water shares in the Bear River Canal Company sufficient to meet the municipal needs that will be created by the Development. Said dedication of water shares shall occur prior to, or contemporaneous with, the approval for subdivision of Property. All such water share dedications shall occur prior to the recording of the subdivision with the Box Elder County Recorder. Developer shall also construct a secondary water transmission and distribution system in accordance with the City’s construction standards sufficient to satisfy the existing and future uses of the occupants to be supplied by the City’s Secondary Water System in the Development. The use of the water shares dedicated to the City by the Developer and connection of the Developer’s installed secondary water distribution system within the Development to secondary water transmission lines constructed by the City shall be at the City’s sole discretion.

G. **Building Permit Issuance.** No building permit for the construction of any structure within the development shall be issued by the City until all individual lots in the development are staked by a licensed surveyor, the public water lines and stubs to each lot, charged fire hydrants, sanitary sewer lines, and stubs to each lot, street lights and public streets (including all-weather access, curb, gutter, and pavement with at least the base course completed), serving such structure have been completed and accepted by the City.

H. **Certificate of Occupancy.** No Certificates of Occupancy shall be issued by the City for any structure within the development until gas lines to the structure are installed, street signs are installed, and all electrical lines are installed.

I. **Financial Responsibilities of Developer.** Except as otherwise herein specifically agreed, the Developer agrees to install and pay for all water, sanitary sewer, and storm drainage facilities and appurtenances, and all streets, curbs, gutters, sidewalks, trails, and other public improvements required by this Development as shown on the Final Plat, Construction Drawings and other approved documents pertaining to this Development on file with the City.

J. **Utility Line Installments.** Street improvements shall not be installed until all utility lines to be placed therein have been completely installed, including all individual lot service lines (water and sewer) leading in and from the main to the property line, all electrical lines, and all communication conduits.

K. **Inspection by City Officials.** The installation of all utilities shown on the Final Plat and Construction Drawings shall be inspected by the Engineering Department and/or Public

Works Department of the City and shall be subject to such department's approval. The Developer agrees to correct any deficiencies in such installations to meet the requirements of the plans and/or specifications applicable to such installation. In case of conflict, the Tremonton City Public Works Standards shall supersede the Final Plat and Construction Drawings, unless written exceptions have been made.

L. **Form of Recorded Drawings.** The Developer shall provide the City Engineer with two (2) certified Record Plan Drawings upon completion of each phase of the construction. Utilities will not be initially accepted prior to as-built drawings being submitted to and approved by the City of Tremonton. The City reserves the right to request alternative forms of plans (i.e., CAD drawings, GIS images, etc.).

M. **Developer Compliance with EPA and other Regulations.** The Developer specifically represents that to the best of its knowledge, all property dedicated (both in fee simple and as easements) to the City associated with this Development (whether on or off-site) is in compliance with all environmental protection and anti-pollution laws, rules, regulations, orders or requirements, including solid waste requirements, as defined by the US Environmental Protection Agency Regulations at 40 CFR Part 261, and that such property as is dedicated to the City pursuant to this Development, is in compliance with all such requirements pertaining to the disposal or existence in or on such dedicated property of any hazardous substances, pollutants or contaminants, as defined by the Comprehensive Environmental Response Compensation and Liability Act of 1980, as amended, and regulations promulgated thereunder. The Developer, for itself and its successor(s) in interest, does hereby indemnify and hold harmless the City from any liability whatsoever that may be imposed upon the City by any governmental authority or any third Party, pertaining to the disposal of hazardous substances, pollutants or contaminants, and cleanup necessitated by leaking underground storage tanks, excavation and/or backfill of hazardous substances, pollutants or contaminants, or environmental cleanup responsibilities of any nature whatsoever on, of, or related to any property dedicated to the City in connection with this Development, provided that such damages or liability are not caused by circumstances arising entirely after the date of acceptance by the City of the public improvements constructed on the dedicated property, except to the extent that such circumstances are the result of the acts or omissions of the Developer. Said indemnification shall not extend to claims, actions, or other liability arising as a result of any hazardous substance, pollutant, or contaminant generated or deposited by the City, its agents or representatives, upon the property dedicated to the City in connection with this Development. The City agrees to give notice to the Developer that he must obtain a complete discharge of all City liability through such settlement. Failure of the City to give notice of any such claim to the Developer within ninety (90) days after the City of first receives a notice of such claim under the Utah Governmental Immunity Act for the same, shall cause this indemnity and hold harmless agreement by the Developer to not apply to such claim and such failure shall constitute a release of this indemnity and hold harmless agreement as to such claim.

N. **City Ownership Rights.** The Developer acknowledges and agrees that the City, as the owner of any adjacent property (the "City Property") on which off-site improvements may be constructed, or that may be damaged by the Developer's activities hereunder, expressly retains (and does not by this Development Agreement waive) its rights as the property owner. The City's rights as an owner may include without limitation those rights associated with the protection of

the City Property from damage, and/or the enforcement of restrictions, limitations, and requirements associated with activities on the City Property by the Developer as an easement recipient.

O. **Developer Vesting.** Developer, by and through execution of this agreement, receives a vested right to develop the number of lots shown and configured on the Final Plat, without interference from the City, so long as development is completed in accordance with the plans specifically shown on the Final Plat, Construction Drawings and pursuant to the statutory requirements codified by Utah State and Tremonton City Codes. #### **SECTION 3. MISCELLANEOUS**

A. **Construction Site Safety.** The Developer agrees to provide and install, at its expense, adequate barricades, flaggers, warning signs, and similar safety devices at all construction sites within the public right-of-way and/or other areas as deemed necessary by the City Engineer, City Public Works Department, and Traffic Engineer in accordance with any and all Federal Regulations, the City's Policies and Procedures, Utah Department of Transportation Requirements, OSHA, and Manual of Uniform Traffic Control Devices ("MUTCD") and shall not remove said safety devices until the construction has been completed.

B. **Construction Site Waste.** The Developer shall, at all times, keep the public right-of-way free from accumulation of waste material, rubbish, or building materials caused by the Developer's operation, or the activities of individual builders and/or subcontractors; shall remove such rubbish as often as necessary, but no less than daily and; at the completion of the work, shall remove all such waste materials, rubbish, tools, construction equipment, machinery, and surplus materials from the public right-of-way. The Developer further agrees to maintain the finished street surfaces so that they are free from dirt caused by the Developer's operation or as a result of building activity. Any excessive accumulation of dirt and/or construction materials shall be considered sufficient cause for the City to withhold building permits and/or certificates of occupancy until the problem is corrected to the satisfaction of the City Building Inspector and/or the City Public Works Director. If the Developer fails to adequately clean such streets within two (2) days after receipt of written notice, the City may have the streets cleaned at the Developer's expense, and the Developer shall be responsible for prompt payment of all such costs. The Developer also agrees to require all contractors within the Development to keep the public right-of-way clean and free from the accumulation of dirt, rubbish, and building materials. Under no circumstances shall the Developer or any sub-contractors use open burning procedures to dispose of waste materials.

C. **Compliance with City Building Inspector, City Engineer, and City Public Works Director.** The Developer hereby agrees that it will require its contractors and subcontractors to cooperate with the City's Building Inspector, City Engineer, or City Public Works Director by ceasing operations when winds are of sufficient velocity to create blowing dust, which, in the inspector's opinion, is hazardous to the public health and welfare.

D. **Protection Strips and Undevelopable Lots.** Developer covenants and warrants that they have not, or will not in the future, unlawfully divide real property in such a way that a parcel of property is created or left behind that cannot be developed according to the requirements of Tremonton City Land Use Ordinances, or other applicable laws. Examples of a parcel of property that is created or left behind that cannot be developed include, but are not limited to, spine strips or protection strips, which are parcels created or left for the sole purpose of denying another property owner access to their property, parcels with insufficient square footage, parcels with insufficient buildable area, parcels that do not meet the requirements of Tremonton City Land Use Ordinances, and parcels that do not abut on a dedicated street. When a Developer unlawfully divides property, the Developer agrees, as a remedy, to dedicate and otherwise deed ownership of these undevelopable parcels of land to the City within thirty (30) days of the City's written request.

E. **Consequences of Developer non-compliance with Final Plat and the Agreement.** The Developer shall, pursuant to the terms of this Agreement, complete all improvements and perform all other obligations required herein, for such improvements or obligations that may be shown on the Final Plat and Construction Drawings, or required within this Agreement or any document executed in the future that are required by the City for amending the Development's Final Plat, Construction Drawings, or this Agreement.

In addition to the other remedies contained within this Agreement for the Developer's non-compliance or default with the obligations required herein, the Parties agree that the City may delay the processing of any future land use applications, land use decisions, and/or land use permits submitted to the City for projects in which the Developer may have an ownership interest until the Developer non-compliance or default has been cured. The Developer acknowledges and agrees to

waive any time constraints applicable in Utah Code, with which the City would otherwise be required to comply for the processing of land use applications, land use decisions, and land use permits for the Developer's non-compliance or default. Any future land use applications, land use decisions, and/or land use permits may include, but are not limited to, preliminary plats, final plats, site plans, building permits, certificates of occupancy, sign permits, zoning, rezoning, and annexations within the Development or outside of the boundaries of the Development, for which Tremonton City is Land Use Authority. An ownership interest in a future land use application, land use decisions, and/or land use permit includes, the Developer, Developer's spouse, and/or Developer's minor children ownership as an individual or a member of a corporation with assets that are the subject to the future land use application. If the City suspects that the Developer may have ownership in the future land use application, it is the Developer's burden to prove the contrary. The City may also place liens on vacant lots still owned by the Developer as it deems necessary to ensure performance in accordance with the terms of the Agreement.

F. **No Waiver of Regulation(s).** Nothing herein contained shall be construed as a waiver of any requirements of the City Code or the Utah Code Annotated, in its current form as of the date of approval of the Final Plat, and the Developer agrees to comply with all requirements of the same.

G. **Severability of Waivers.** A waiver by any party of any provision hereof, whether in writing or by course of conduct or otherwise, shall be valid only in the instance for which it is given, and shall not be deemed a continuing waiver of said provision, nor shall it be construed as a waiver of any other provision hereof.

H. **City Council Budgetary Discretion.** All financial obligations of the City arising under this Agreement that are payable after the current fiscal year are contingent upon funds for the purpose being annually appropriated, budgeted, and otherwise made available by the Tremonton City Council, in its discretion.

I. **Covenants Run with the Land.** This Agreement shall run with the Property, including any subsequent, approved amendments to the Final Plat of all or a portion of the Property. This Agreement shall also be binding upon and inure to the benefit of the Parties hereto, their respective personal representatives, heirs, successors, grantees, and assigns. It is agreed that all improvements required pursuant to this Agreement touch and concern the Property regardless of whether such improvements are located on the Property. Assignment of interest within the meaning of this paragraph shall specifically include, but not be limited to, a conveyance or assignment of any portion of the Developer's legal or equitable interest in the Property, as well as any assignment of the Developer's rights to develop the Property under the terms and conditions of this Agreement.

J. **Liability Release.** With limitations pursuant to Utah Code Annotated § 10-9a-607, in the event the Developer transfers title to the Property and is thereby divested of all equitable and legal interest in the Property, the Developer shall be released from liability under this Agreement with respect to any breach of the terms and conditions of this Agreement occurring after the date of any such transfer of interest. In such an event, the succeeding property owner shall be bound by the terms of this Agreement.

K. **Irrigation Ditch, Bear River Canal Company, & Indemnification.** The Developer covenants that they have talked with all the parties that have an interest in the irrigation ditch that is being abandon through the Development and that the Developer will provide an alternative means for property owners to receive their irrigation water and that these alternative means have been approved by the property owners. The Developer agrees to indemnify the City from any liability associated with the abandonment of the irrigation ditch through the Development and any claim from the Bear River Canal Company regarding the platting of this subdivision impeding their claim for an easement.

L. **Default and Mediation.** Each and every term of this Agreement shall be deemed to be a material element hereof. In the event that either Party shall fail to perform according to the terms of this Agreement, such Party may be declared in default. In the event that a Party has been declared in default hereof, such defaulting Party shall be given written notice specifying such default and shall be allowed a period of ten (10) days within which to cure said default. In the event the default remains uncorrected, the Party declaring default may elect to: (a) terminate the Agreement and seek damages; (b) treat the Agreement as continuing and require specific performance or (c) avail itself of any other remedy at law or equity.

In the event of the default of any of the provisions hereof by either Party, which shall give rise to commencement of legal or equitable action against said defaulting Party, the Parties hereby agree to submit to non-binding mediation before the commencement of an action in any Court of law. In any such event, the defaulting Party shall be liable to the non-defaulting Party for the non-defaulting Party's reasonable attorney's fees and costs incurred by reason of the default. Nothing herein shall be construed to prevent or interfere with the City's rights and remedies specified in Paragraph III.D of this Agreement.

M. **No Third-Party Beneficiaries.** Except as may be otherwise expressly provided herein, this Agreement shall not be construed as or deemed to be an agreement for the benefit of any third Party or Parties, and no third Party or Parties shall have any right of action hereunder for any cause whatsoever.

N. **Applicable Laws.** It is expressly understood and agreed by and between the Parties hereto that this Agreement shall be governed by, and its terms construed under the laws of the State of Utah and the City of Tremonton, Utah.

O. **Notice.** Any notice or other communication given by any Party hereto to any other Party relating to this Agreement shall be hand-delivered or sent by certified mail, return receipt requested, addressed to such other Party at their respective addresses as set forth below; and such notice or other communication shall be deemed given when so hand-delivered or three (3) days after so mailed:

EXHIBIT "A"

CONSTRUCTION/IMPROVEMENT GUARANTEE:

The Bond guaranteeing the Developer's timely and proper installation and warranty of required improvements shall be equal in value to at least one hundred-ten (110) percent of the cost of the required improvements, as estimated by the City Engineer contained in Exhibit "B." The purpose of the bond is to enable the City to make or complete the required improvements in the event of the developer's inability or failure to do so. The City need not complete the required improvements before collecting on the bond. The City may, in its sole discretion, delay taking action on the bond and allow the developer to complete the improvements if it receives adequate assurances that the improvements shall be completed in a timely and proper manner. The additional ten (10) percent shall be used to make up any deficiencies in the bond amount and to reimburse the City for collection costs, including attorney's fees, inflationary costs, etc.

All required improvements shall be completed and pass City inspections within one (1) year of the date that the Final Plat is recorded. Required improvements for plats recorded between November 1<sup>st</sup> and March 31<sup>st</sup> shall be completed by the next October 1st. For example, the required improvements for a plat recorded on February 6<sup>th</sup> shall be completed by October 1st, in the same calendar year. Failure to meet this time frame may result in the forfeiture of the bond. A written agreement to extend the completion of the improvements may be granted by the Land Use Authority Board, where due to circumstances as determined by the Land Use Authority Board would delay the completion of required improvements.

All subdivision improvements shall be completed by qualified contractors in accordance with Title III General Public Works Construction Standards and Specifications. No work may be commenced on improvements intended to be dedicated to the City without approved construction drawings and a pre-construction meeting with the City.

The Bond shall be an escrow bond or cash bond in favor of the City. The requirements relating to each of these types of bonds are detailed below. The City Attorney shall approve any bond submitted pursuant to this section. The City Attorney reserves the right to reject any of the bond types if it has a rational basis for doing so. Escrow bonds shall be held by a federally insured bank, savings and loan or credit union, or a title insurance underwriter authorized to do business in the State of Utah. A developer may use a cash bond by tendering the required bond amount in cash or certified funds to the City, partial releases may be made from the cash bond as allowed for other bond types, but shall retain ten (10) percent of the bond through the warranty period for any repairs necessary prior to final approval at the end of the warranty period. If no repairs are required at the end of the warranty period, the remaining portion of the bond shall be released to the Developer. The City shall not pay any interest on funds held as a cash bond.

MAINTENANCE GUARANTEE:

The Developer hereby warrants and guarantees to the City for a period of one (1) year from the date of completion and final inspection by the City of the public improvements warranted hereunder, the full and complete maintenance and repair of the public improvements constructed for this Development. This warranty and guarantee are made in accordance with the Tremonton City Land Use Code and/or the Utah Code Annotated, as applicable. This guarantee applies to the streets and all other appurtenant structures and amenities lying within the rights-of-way, easements, and other public properties, including, without limitation, all curbing, sidewalks, trails, drainage pipes, culverts, catch basins, drainage ditches, and landscaping and all other improvements contained in Exhibit "B" of this Agreement. Any maintenance and/or repair required on utilities shall be coordinated with the owning utility company or city department. The Developer shall maintain said public improvements in a manner that will assure compliance on a consistent basis with all construction standards, safety requirements, and environmental protection requirements of the City until one (1) year following the final inspection. The Developer shall also correct and repair or cause to be corrected and repaired, all damages to said public improvements resulting from development-related or building-related activities. The City may require the Developer to guarantee and warrant that any repairs remain free from defect for a period of one (1) year following the date that the repairs pass City inspection. The City may retain the Developer's guarantee until the repairs have lasted through the warranty period, and may take action on the bond if necessary to properly complete the repairs. In the event the Developer fails to correct any damages within thirty (30) days after written notice thereof, then said damages may be corrected by the City and all costs and charges billed to and paid by the Developer. The City shall also have any other remedies available to it as authorized by this Agreement. Any damages which occurred prior to the end of said one (1) year period, which are unrepaired at the termination of said period, shall remain the responsibility of the Developer.

REPAIR GUARANTEE:

The Developer agrees to hold the City harmless for a one (1) year period, commencing upon the date of completion and final inspection by the City of the public improvements constructed for this Development, from any and all claims, damages, or demands arising on account of the design and construction of public improvements of the Property shown on the approved plans and documents for this Development; and the Developer furthermore commits to make necessary repairs to said public improvements, to include, without limitation, all improvements contained in Exhibit "B" of this Agreement, roads, streets, fills, embankments, ditches, cross pans, sub-drains, culverts, walls and bridges within the right-of-way easements and other public properties, resulting from failures caused by design and/or construction defects. This agreement to hold the City harmless includes defects in materials and workmanship, as well as defects caused by or consisting of settling trenches, fills, or excavations.

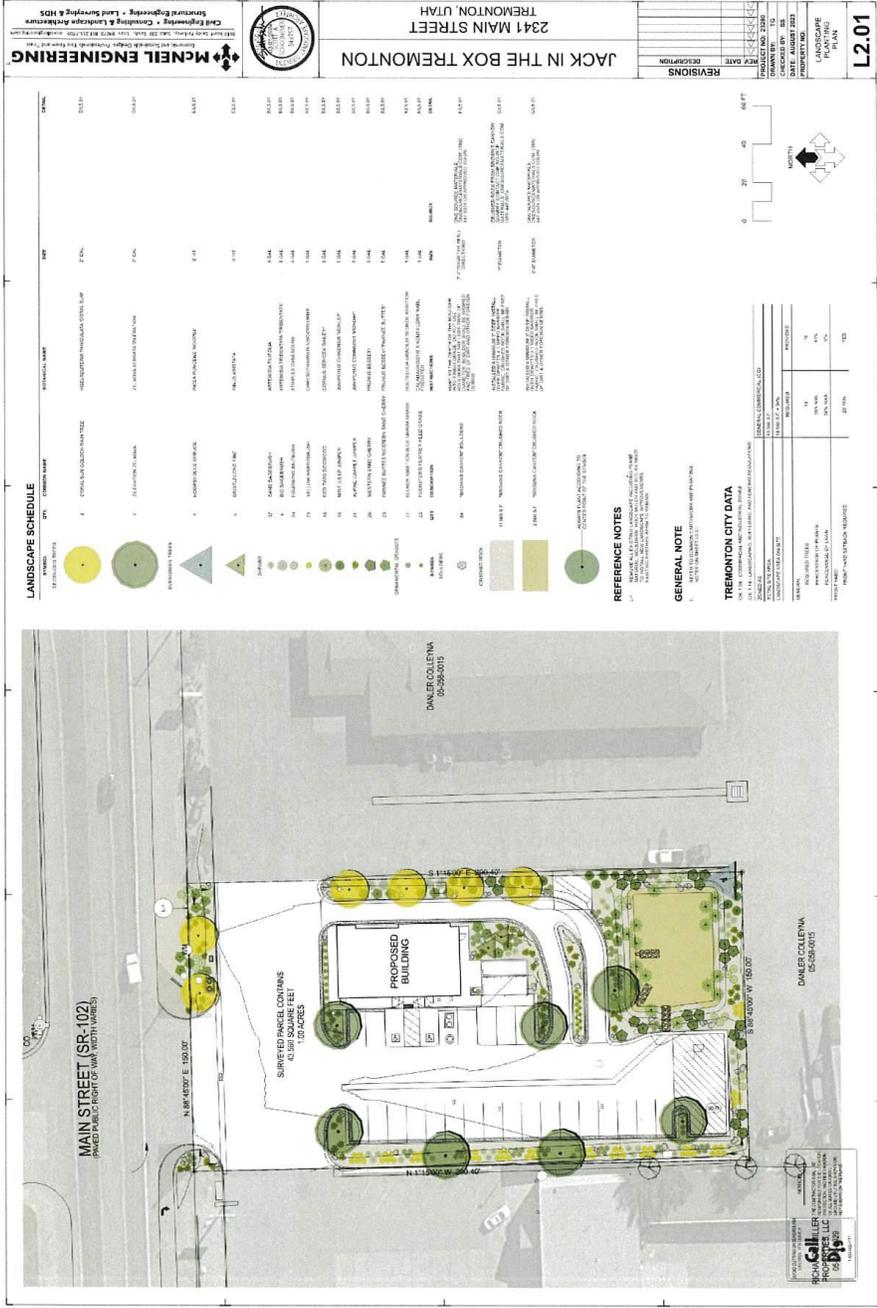

Further, the Developer agrees that the City shall not be liable to the Developer during the warranty period, for any claim of damages resulting from negligence in exercising engineering techniques and due caution in the construction of cross drains, drives, structures or buildings, the changing of courses of streams and rivers, flooding from natural creeks and rivers, and any other

Approved for use by Tremonton City Council Resolution No. 24-05

matter whatsoever on private property. Any and all monetary liability occurring under this paragraph shall be the liability of the Developer.

The obligations of the Developer pursuant to the “maintenance guarantee” and “repair guarantee” provisions set forth above may not be assigned or transferred to any other person or entity unless the warranted improvements are completed by, and a letter of acceptance of the warranted improvements is received from the City by, such other person or entity.
