Hey, how about you expand the days these are good for. This weather hasn't made working in the yard very conducive.

Spanish Fork City, please make the vouchers last a little longer next year or maybe a different week on each.
Thank you!

This is so much better. These dumpsters were used by everyone. Everyone meaning contractors and non citizens. Over filled stuff on the ground. Filled with stuff that wasn't allowed.

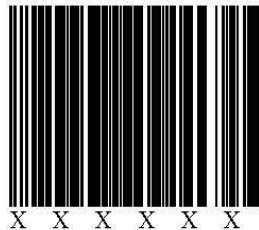

I am glad we moved to this.

Option 2

- Combine all vouchers
- Eliminate time
- 6 vouchers a year to use
- From April to October

If we combine Green waste
And fall/spring cleanup est. cost
would be \$50,000

[Spanish Fork City](#) the two week period with the dumpsters you could toss a handful of things in whatever time you get a free moment off and on over the two weeks. Giving dump vouchers, you have to find a truck, fill everything in the load, secure the load, and be at the dump before it closes at 6, wait in a nice long line for your turn to empty it. I'm sorry you don't
