

## Our Goal

To provide children an opportunity for equal access to a variety of books through a neighborhood lending library.

## Our Mission

To provide books to children in Title One neighborhoods; to inspire them to read and learn; to experience a world they might not otherwise know; and to enable them to realize their potential for a better future for themselves and their community.

**READ**

**SALT LAKE VALLEY**

**READ AND SUCCEED**

Providing children in the Salt Lake Valley with age-appropriate books to help expand their learning and build dreams for their future through imagination, education and love.

# The Problem

Neighborhood libraries are abundant in affluent areas, but not in Title One neighborhoods. KIDS READ seeks to provide equal access to books for every child within our 53 Title One school neighborhoods.

# The Solution

KIDS READ Salt Lake Valley will put 'Read and Succeed' libraries where children and parents can access books any time it is convenient.

**Families that read together, succeed together.**

# How To Help

Volunteer as an Ambassador by sponsoring a library in your yard. Or sponsor a book drive with your business, social group, neighborhood, or family.

In Utah about 45% of 3rd graders can't read at a third grade level.

That means they won't learn moving forward. KIDS READ aims to lower that shocking statistic.

# Read and Succeed

**EVERY CHILD NEEDS BOOKS !**

KIDS READ Salt Lake Valley "Read and Succeed" libraries provide reading material to kids, inspiring them to read! Children can utilize age-appropriate fun & educational books after school and on weekends. Their parents can visit the library with them and choose books to read together.
