

# Program: Beverley Taylor Sorenson Arts Learning Program (BTS Arts)

**Problem Statement:** Many students struggle to connect with core curricula, lack sufficient exposure to creativity and other workforce skills, leading to lower performance in assessed subjects, diminished school culture, and negatively impacted student well-being. There is a critical need for instructional approaches that integrate dance, drama, music, and visual arts into the core curriculum to enhance student engagement, provide diverse learning entry points, and improve overall academic and durable skill outcomes.
