

We are thrilled to announce every school participating in School LAND Trust will be funded for FY25 as of August*. That is a huge accomplishment, and we'd like to share this quick [Thank You Video](#) to celebrate.

Here is the most updated [copy of the Master Distribution sheet](#) to reference school-level allocations (*make a copy of the spreadsheet to manipulate the data*). Please remember that each school may only receive the amount listed in the blue colored column on the District SCHOOL and Charter SCHOOL pages of this document. Districts have the option to reallocate funds between schools up until October 1. Please contact us at schoollandtrust@schools.utah.gov to request a reallocation form.

On behalf of the School Children's Trust team, please accept our gratitude, and extend our thanks to your schools, principals, councils, and boards . We appreciate all you do.

**2 new charter schools have until November 1 to complete requirements to be funded.*
