- 17.32.030** Density.
- 17.32.040** Applicability.

17.32.010 Purpose and objective.

The purpose of the planned development overlay zone is to encourage imaginative and efficient utilization of land in residential developments by providing for greater flexibility in the location of buildings on the land. It also allows the consolidation of open spaces, the clustering of dwelling units and the efficient use of those public facilities required in connection with new residential development. These provisions are intended to create attractive and desirable environments within the residential areas of the city. (Ord. 93-003 § 8-4(1))

17.32.020 Permitted when.

The PD overlay may be permitted only in residential zones. The PD overlay provisions shall supersede the site development standards of the zone to which it is applied. All required open space shall be landscaped with lawn, trees, shrubs or other landscaping materials as required by the planning commission and the city council. All open space within a PD overlay shall be recorded on a subdivision plat as permanent open space. The PD overlay zone may be applied to those areas which are considered sensitive areas by virtue of one or more of the following: High water table, ground with a high shrink-swell potential, areas subject to flooding, areas having a high degree of slope. (Ord. 98-10 (part); Ord. 93-003 § 8-4(2))

- A. The area underlying all streets and public right-of-way;
- B. Areas having slopes of thirty-five (35) percent or greater;
- C. All acreage covered by natural lakes or ponds as shown on the final site plan. The following are the maximum "base densities" and "not to exceed densities":

MEMORANDUM

TO: Farr West City Planning Commission and City Council

FROM: Matt Robertson, P.E.
City Engineer

RE: **FROSTLAND SUBDIVISION 1ST PLAN AMENDMENT**

Date: September 9, 2024

Our office has completed a review of the referenced subdivision plat amendment. The purpose of the plat amendment is to adjust the property line between lots 2 & 3 in the subdivision so that the existing shed associated with Lot 2 is on the same parcel as the home. The same Owner owns both lots.

We have reviewed the amended plat, and their Surveyor has addressed all of our comments. We recommend approval of the amended plat at this time. Please let me know if there are any questions.
