

CITY COUNCIL AGENDA

Wednesday, August 14, 2024

Approved September 11, 2024

The following are the minutes of the City Council meeting of the Herriman City Council. The meeting was held on **Wednesday, August 14, 2024, at 5:00 p.m.** in the Herriman City Council Chambers, 5355 West Herriman Main Street, Herriman, Utah. Adequate notice of this meeting, as required by law, was posted in the City Hall, on the City's website, and delivered to members of the Council, media, and interested citizens.

Presiding: Mayor Lorin Palmer

Councilmembers Present: Jared Henderson, Teddy Hodges (remotely), Sherrie Ohrn, Steven Shields

Staff Present: City Manager Nathan Cherpeski, Assistant City Manager Wendy Thomas, City Recorder Jackie Nostrom, Finance Director Kyle Maurer, Communications Manager Jonathan LaFollette, City Planner Michael Maloy, Public Works Director Justun Edwards, Community Development Director Blake Thomas, Deputy Chief of Police Cody Stromberg, Management Analyst Trevor Ram, Chief Building Official, City Attorney Todd Sheeran, Assistant City Attorney Matt Brooks, City Engineer Bryce Terry, HPD Operations Commander Brent Adamson, HPD Investigations Commander Zach Adams.

5:30 PM – WORK MEETING: (Fort Herriman Conference Room)

1. Council Business

Mayor Palmer called the meeting to order at 5:31 p.m.

1.1. Review of this Evening's Agenda

Councilmember Steven Shields suggested moving the City Status Report from the Consent Agenda to a more prominent discussion item to facilitate ongoing dialogue and feedback. Councilmember Shields also proposed postponing items 2.3 and 11.3 to a future meeting due

to the lack of recommendations outlined in the staff reports. City Manager Cherpeski clarified that item 11.3 did include the recommendations and discussed upcoming interlocal agreements related to funding and scheduling for road projects. Councilmember Shields withdrew his motion to delay discussion related to item 11.3.

1.2. Future Agenda Items

Councilmember Ohrn inquired about the timing of a discussion on an amendment from Ivory Homes regarding the removal of senior housing. City Planner Maloy mentioned this topic might be addressed at the next meeting or within the next two meetings, pending further discussion.

The Council also discussed the baseball team's request to review their rental fees, which they felt were higher compared to others because they handle maintenance. Mayor Palmer suggested reviewing the fees, and Councilmember Henderson emphasized the need for consistency across all facility rental fees. City Manager Cherpeski noted this would require a comprehensive review, which would take time. It was agreed that a broader review of all rental fees would be scheduled as a future project, rather than addressing baseball fees alone immediately. The review of room rentals in city buildings was already underway.

Councilmember Teddy Hodges requested an update on Broadband. Director Thomas indicated it was scheduled for a future meeting.

1.3. Council discussion of future citizen recognitions

Mayor Palmer noted the Herriman Justice Court would be recognized this evening.

Mayor Palmer mentioned that a generous donation of \$5,000 had been made by one of the City's partners to recognize an individual who recently contributed significantly to the community. The donation could potentially fund a scholarship or support a rugby initiative. The details have yet to be finalized. Councilmember Ohrn expressed enthusiasm about these initiatives, noting a recent successful event with high youth participation.

2. Administrative Reports

2.1. Wasatch Front Regional Council Fresh Look Transit Study – Wendy Thomas, Assistant City Manager

Wasatch Front Regional Council Deputy Director Ted Knowlton expressed appreciation for the opportunity to update the Council on the "Transit Fresh Look" project, which would provide a comprehensive overview of regional transit improvements. This project was designed to be the final major study on public transportation in the area, focusing on creating a unified vision for future transit development.

Deputy Director Knowlton outlined the project's goals, emphasizing the need for a partnership among communities and transportation agencies to align on regional transit solutions. The approach involved evaluating potential improvements based on partnership goals rather than industry standards alone. The project would involve assessing current land use and identifying gaps between desired outcomes and current conditions. A key aspect of the initiative was the collaboration with various stakeholders, including state legislators, transportation agencies, and local governments.

Mayor Palmer highlighted the City's experience with master development agreements, which may not always align with existing zoning maps. Deputy Director Knowlton acknowledged this and assured the Council that efforts were being made to accurately reflect land use in the study. He further clarified that the project focused on regional transit connections like bus rapid transit and rail, rather than micro transit or local bus services.

Councilmember Shields expressed concerns based on past experiences with transit studies. They questioned the effectiveness of previous studies and raised issues about the allocation of funds and the need for a cohesive transportation plan that integrates both public transportation and road infrastructure. UTA Chair Carlton Christensen addressed these concerns by noting that local bus service planning was informed by regional transit studies and that UTA was working on updating its five-year plan.

Councilmember Ohrn voiced skepticism about the impact of yet another study, citing a history of unimplemented plans. Councilmember Henderson echoed this sentiment, stressing the need for tangible results and adequate funding. Deputy Director Knowlton acknowledged the concerns and expressed a commitment to ensuring that this effort leads to actionable outcomes. He emphasized the importance of continued collaboration and addressing funding challenges to achieve meaningful progress.

2.2. Ex-Officio Board Member Appointments – South Valley Chamber – Wendy

Thomas, Assistant City Manager

The Council addressed the topic of ex officio board member appointments for the South Valley Chamber of Commerce. Assistant City Manager Wendy Thomas noted that the South Valley Chamber offered two membership positions on their board, with meetings held on the last Wednesday of each month at 7:30 a.m. The positions could be filled by either two Council Members, a Council Member and a City Manager designee, or other combinations. Councilmember Henderson inquired about the scheduling of these meetings and suggested checking with City Manager Cherpeski schedule. City Manager Cherpeski mentioned that Wednesday mornings currently don't work for his schedule but confirmed that the ex officio role allowed for participation without voting rights.

Councilmember Ohrn volunteered to serve on the Board since she had been released from her Water Board assignment. Councilmember Hodges also volunteered. The Council agreed.

2.3. Discussion of selecting a Herriman City Planning Commission appointee for a three (3) year term of service – Michael Maloy, City Planner

City Manager Cherpeski highlighted the need to address a vacancy on the Planning Commission, explaining that a member's term had expired, and the traditional approach had been automatic reappointment. However, this prompted a conversation about whether this approach was still appropriate.

City Planner Maloy pointed out that District 1, a rapidly growing area, lacked representation on the Commission, suggesting that promoting one of the alternates to a regular position and advertising for a new alternate from District 1 would be beneficial. The Council expressed concerns about focusing solely on district representation versus performance. Councilmember Shields proposed that appointments should be based on performance evaluations rather than just seniority or address. Councilmember Henderson agreed, emphasizing the importance of maintaining qualified and committed members while suggesting that the process for future appointments be formalized. The Council agreed on the need for a clear policy outlining appointment processes, including performance criteria and district representation considerations. Council consensus was to reappoint Commissioner Adam Jacobson and to come up with a plan to review and refine the appointment process for future vacancies which would include a performance review and a draft policy for consideration.

2.4. Quick Update from Public Meeting altering the safewalk route for Silvercrest and warrant study on Herriman Main – Bryce Terry, City Engineer

City Engineer Bryce Terry provided an update on the upcoming change to the safe walk route for Silver Crest Elementary. Starting this school year, the crosswalk will be moved from Herriman Rose to Black Locust, necessitating a longer walk for students but looked to enhance safety. This decision followed extensive discussions with Jordan School District and community representatives. Despite general acceptance of the need for a safer crossing, some community members expressed concerns about the increased walking distance and requested the installation of a traffic signal at the new location. To address these concerns, the City will conduct a study to evaluate whether a traffic signal is warranted, considering factors such as traffic volume and sight distance issues. Results from this study were expected by October, with updates to be provided to the Council and potentially the public. The Council acknowledged the challenges in balancing safety and community preferences but emphasized that the chosen route, though less convenient, was the safest available option given the current infrastructure. The Council remained committed to ongoing dialogue and solutions to ensure student safety and address community concerns.

3. Adjournment

Councilmember Shields moved to adjourn the City Council work meeting at 6:45 p.m. Councilmember Henderson seconded the motion, and all voted aye.

7:00 PM – GENERAL MEETING:

4. Call to Order

Mayor Palmer called the meeting to order at 7:03 p.m. and noted Councilmember Teddy Hodges was participating remotely.

4.1. Invocation/Thought/Reading and Pledge of Allegiance

Human Resources Manager Travis Dunn led the audience in the Pledge of Allegiance.

4.2. City Council Comments and Recognitions

Mayor Palmer recognized the Herriman City Justice Court for their recent nomination for Justice Court of the Year.

Councilmember Ohrn also commended Assistant City Manager Wendy Thomas for often taking extra efforts and time to serve the community.

5. Public Comment

No comments were offered.

6. City Council Reports

6.1. Councilmember Jared Henderson

Councilmember Henderson reported on the Unified Fire Authority Board and encouraged the public to be mindful of fire safety during the hot, dry summer months. He also noted the finance committee would be taking the next few months to go through the next phase of the compensation and capital planning for the fire district.

6.2. Councilmember Teddy Hodges

No report was offered.

6.3. Councilmember Sherrie Ohrn

Councilmember Ohrn reported on the Wasatch Front Waste and recycling District board and highlighted a fee increase for services anticipated for the upcoming year.

6.4. Councilmember Steven Shields

Councilmember Shields reported on the Mosquito Abatement District noting a total of 62 pools have tested positive for West Nile Virus in Utah, with 3 pools coming from the South Salt Lake district. He said there were 17 cases of malaria in Utah; however, none have been

traced to local acquisition. He highlighted that calls for service have been lower than normal. Though the District had been treating almost 45% more ground this year for mosquitos.

7. Mayor Report

Mayor Palmer indicated that the 13400 South closure at Bangerter Highway was scheduled for this November but would include an open westbound turn from the northbound lanes.

8. Reports, Presentations and Appointments

8.1. Recognition of the 2024 Fort Herriman Towne Days Grand Marshal - Lorren

Mitchell, Events Manager

The City Council recognized long-time resident Rodney Forman, who was honored as the Grand Marshal for the 2024 Fort Herriman Towne Days Parade. As a Vietnam veteran, he has lived in and served the Herriman community for over 50 years. In addition to raising a family and running a small business in the City, he served on the first Planning Commission for Herriman City. Mr. Forman is an active member of the American Legion and has continued his dedicated service to both his country and community.

9. Public Hearings

9.1. Public hearing and consideration of a Resolution approving amendments to the City of Herriman Master Fee Schedule – Kyle Maurer, Finance Director

Finance Director Kyle Maurer provided a brief overview of the amendment of the Master Fee Schedule which included adding pass-through fee for hydraulic modeling reviews required for developments. This fee, charged to developers, reflected the amount the City pays to a third-party consultant for services rendered. He noted the fee schedule would include changes to the water impact fee that the Council approved previously, though these changes would take effect at a later date.

Mayor Palmer opened the public hearing.

No comments were offered.

Councilmember Ohrn moved to close the public hearing. Councilmember Henderson seconded the motion, and all voted aye.

Councilmember Shields moved to approve Resolution No. R30-2024 approving an amendment to the Master Fee Schedule. Councilmember Henderson seconded the motion.

The vote was recorded as follows:

<i>Councilmember Jared Henderson</i>	<i>Yes</i>
<i>Councilmember Teddy Hodges</i>	<i>Yes</i>
<i>Councilmember Sherrie Ohrn</i>	<i>Yes</i>
<i>Councilmember Steven Shields</i>	<i>Yes</i>

Mayor Lorin Palmer Yes

The motion passed unanimously.

10. Consent Agenda

10.1. Approval of the City Council Citizen Recognition Policy

10.2. Acknowledgment of the City Status Report

10.3. Consideration of an Assignment Agreement to assign obligations and funding from Greater Salt Lake Municipal Services District to Herriman City for the realignment and construction of U-111/Bacchus Highway between 11000 South to 13100 South – Blake Thomas, Community Development Director

10.4. Approval of the July 10, 2024 City Council meeting minutes

Councilmember Shields moved to approve the consent agenda as written. Councilmember Henderson seconded the motion.

The vote was recorded as follows:

<i>Councilmember Jared Henderson</i>	<i>Yes</i>
<i>Councilmember Teddy Hodges</i>	<i>Yes</i>
<i>Councilmember Sherrie Ohrn</i>	<i>Yes</i>
<i>Councilmember Steven Shields</i>	<i>Yes</i>
<i>Mayor Lorin Palmer</i>	<i>Yes</i>

The motion passed unanimously.

11. Discussion and Action Items

11.1. Discussion and consideration of a resolution approving a Tier II URS Defined Benefit Plan for Police Officers – Travis Dunn, Human Resources Manager

Human Resources Manager Travis Dunn discussed the resolution regarding updates to the Tier II Utah Retirement Systems (URS) defined benefit plan for police officers. He explained this resolution would update the previously approved one from 2020 due to new URS requirements. The City had previously provided a 10% retirement contribution to Tier II officers to address disparities with Tier I officers' benefits. Recent changes in state legislation have adjusted Tier II benefits, reducing the City contribution need from 10% to about 5%. The new resolution proposed to maintain the 10% contribution but adjust it annually based on URS rates, and to backdate any necessary adjustments to July 1.

Manager Dunn explained if the Council chose not to approve the resolution, Tier II officers would be required to contribute 2.14% of their pay to URS for retirement purposes. The

Council expressed support for the update, noting it aligned with previous practices and necessary adjustments, while also recognizing the differences in retirement contributions for public safety and non-public safety employees.

Councilmember Ohrn moved to approve Resolution No. R31-2024 approving a change in City Contributions to the retirement plans for Tier II Public Safety Officers. Councilmember Henderson seconded the motion.

The vote was recorded as follows:

<i>Councilmember Jared Henderson</i>	<i>Yes</i>
<i>Councilmember Teddy Hodges</i>	<i>Yes</i>
<i>Councilmember Sherrie Ohrn</i>	<i>Yes</i>
<i>Councilmember Steven Shields</i>	<i>Yes</i>
<i>Mayor Lorin Palmer</i>	<i>Yes</i>

The motion passed unanimously.

11.2. Discussion and consideration of an ordinance adopting the 2024 Herriman City Standards and Specifications Manual – Bryce Terry, City Engineer

City Engineer Bryce Terry provided a comprehensive overview of the updates being proposed for the engineering standards. He explained the manual was crucial as it outlined the City's engineering and land development standards, which govern how subdivisions are designed, roads are built, and utilities are installed. The manual integrates City-specific standards along with guidelines from the American Public Works Association (APWA), ensuring that development projects meet both local and broader industry standards.

The update process involved a significant overhaul, with 119 changes including major revisions, minor grammatical corrections, and incidental updates. The extensive manual included detailed descriptions, design standards, and installation guidelines to standardize practices across the City.

City Engineer Terry explained that these updates are driven by feedback from various City departments, who reported issues and inefficiencies with the existing standards. The goal of these changes was to address safety concerns, improve long-term financial outcomes, and ensure that infrastructure was built correctly from the start, reducing the need for costly repairs or adjustments later.

Councilmember Ohrn raised a question about a section of the manual related to private communication services in public utility easements (PUEs). The manual specified that private communications services are not allowed in PUEs. However, there was ongoing debate and ambiguity regarding what qualified as a public utility, particularly with evolving technology

and service providers. City Attorney Todd Sheeran acknowledged the dispute, noting that while franchise agreements often help manage these issues, the definition and inclusion of various service providers in PUEs remain unclear.

Councilmember Ohrn also expressed concern about the balance between making development standards more stringent and the potential impact on development costs. City Engineer Terry and Director Thomas clarified that the updates were intended to address practical issues identified by staff, such as safety and maintenance concerns, rather than creating unnecessary obstacles for developers. The city looked to create a balance by considering the feasibility of new requirements and offering processes for developers to request deviations if necessary.

Councilmember Henderson moved to approve Ordinance No. 2024-20 amending Title 9 of the Herriman City Code and adopting amended and restated Engineering Standards. Councilmember Ohrn seconded the motion.

The vote was recorded as follows:

<i>Councilmember Jared Henderson</i>	<i>Yes</i>
<i>Councilmember Teddy Hodges</i>	<i>Yes</i>
<i>Councilmember Sherrie Ohrn</i>	<i>Yes</i>
<i>Councilmember Steven Shields</i>	<i>Yes</i>
<i>Mayor Lorin Palmer</i>	<i>Yes</i>

The motion passed unanimously.

11.3. Discussion and consideration of a request to amend Title 10 Land Development Code for consistency with provisions in Chapter 5.1 Animal Services of Herriman City Code that regulate the licensing of animals and animal establishments. (File No. Z2024-031) – Michael Maloy, City Planner

City Planner Michael Maloy addressed the proposed amendment to Title 10 of the Herriman City Code, to ensure it aligned with recent changes made to Title 5 regarding Animal Services. He noted that previously, the Council had updated Title 5 to refine the rules concerning animal permits, specifically focusing on domestic animals and dog licensing. The current amendment to Title 10 was a continuation of this work, to harmonize the land development code with these updates. The primary changes included:

Clarification of Family Food Production Regulations: The amendment specified that regulations for family food production apply to single-family detached homes in both R1 (Residential Zone 1) and R2 (Residential Zone 2) zones. This clarification was necessary because some homes in these zones were inadvertently excluded under previous regulations.

Removal of Exotic Animal Permits: The amendment proposed to remove references to exotic animal permits from Title 10. The Planning Commission and staff recommended relocating these regulations to Title 5, where other animal services are comprehensively addressed. This change reflected a shift in how the city handles exotic animals, with the intention of placing such regulations in a more appropriate section of the code.

The proposed ordinance was reviewed by the Planning Commission on July 17, 2024. The Commission recommended approval of the amendments, with a unanimous vote of 4-0.

Councilmember Shields moved to approve Ordinance No. 2024-21 Amending Herriman City Code Title 10 for consistency with provisions in Title 3, Business and License Regulations, and Title 5, Public Safety, to regulate the location, number and licensing of animals. Councilmember Henderson seconded the motion.

The vote was recorded as follows:

<i>Councilmember Jared Henderson</i>	<i>Yes</i>
<i>Councilmember Teddy Hodges</i>	<i>Yes</i>
<i>Councilmember Sherrie Ohrn</i>	<i>No</i>
<i>Councilmember Steven Shields</i>	<i>Yes</i>
<i>Mayor Lorin Palmer</i>	<i>Yes</i>

The motion passed with a vote 4:1.

Councilmember Ohrn expressed concerns about the consistency and effectiveness of the regulations. She mentioned that she had met with the Herriman Police Department to discuss the issue and that they were working on a system to better track and manage animal-related data. She stated she hoped to reconsider the matter once sufficient data was available to inform future decisions.

City Planner Maloy confirmed that the removal of exotic animal permits from Title 10 does not preclude future discussions or amendments related to these regulations. Instead, it aligned the ordinance with the City's current approach to animal services, facilitating clearer and more effective management of animal-related issues within the community.

11.4. Discussion and consideration of the Herriman City External Streetlight Banner

Program and External Printing Services – Wendy Thomas, Assistant City Manager
Assistant City Manager Thomas highlighted ongoing issues with the streetlight banner program, including safety concerns on roads without shoulders and significant financial losses, as the fees charged do not cover the costs of hanging and maintaining the banners. City Attorney Sheeran pointed out there were potential First Amendment concerns, as

opening the program to various groups might lead to legal complications if certain content was restricted.

The Council debated whether to continue the program and, if so, under what conditions. Some suggested discontinuing it due to the risks and complexities, while others proposed revising the program's parameters to address safety and financial issues. Council consensus determined to continue the program but with updated policies: banners would only be allowed on roads with shoulders, fees would be increased to cover costs, and guidelines would be established for the number and frequency of banners.

11.5. Discussion and consideration of an ordinance amending Herriman City Code

Title 7 Chapter 7 regarding Special Event Permits – Todd Sheeran, City Attorney
City Attorney Sheeran presented a proposal to amend the City Code governing special event permits. The existing code, he explained, was outdated and lacked essential clarity and structure. The proposed amendments would overhaul the permitting process to ensure it was more transparent and efficient. Specifically, the changes sought to define what constitutes a special event, clarify when a permit is necessary, and specify what information should be included in an application. This included details such as site plans, traffic patterns, waste management, and the need for City services like police or ambulance support.

Attorney Sheeran highlighted several key issues with the current code including the lack of clarity of when a permit is required, lacked guidelines for applications, and provided vague criteria for permit denials or revocations. To address these problems, the proposed changes included a clear list of when a permit was not required—such as for small political gatherings, events at parks within their capacity, certain public-school events, and spontaneous events like protests. The revised code would provide a more comprehensive list of reasons for permit denial or revocation and establishes a process for appeals.

The Council raised concerns about the practical implications of the new code. For instance, if there was apprehension about the tight application timelines, especially for smaller, private events like open houses. They felt that the 45 to 90-day notice periods might be too restrictive, potentially leading to unintended consequences for residents who plan events on short notice. Council consensus determined to proceed with the new code, recognizing the necessity of having a structured baseline to guide the permitting process. The Council acknowledged that while the code may need adjustments as real-world scenarios reveal potential issues, starting with a more defined framework was crucial.

Councilmember Shields moved to approve Ordinance No. 2024-22 repealing and replacing Herriman City Code Title 7, Chapter 7, Special Events. Councilmember Henderson seconded the motion.

The vote was recorded as follows:

<i>Councilmember Jared Henderson</i>	<i>Yes</i>
<i>Councilmember Teddy Hodges</i>	<i>Yes</i>
<i>Councilmember Sherrie Ohrn</i>	<i>No</i>
<i>Councilmember Steven Shields</i>	<i>Yes</i>
<i>Mayor Lorin Palmer</i>	<i>Yes</i>

The motion passed with a vote 4:1.

11.6. Discussion and consideration of the Zone 2 & 3 Water Improvements Reimbursement Agreement – Justun Edwards, Public Works Director

Public Works Director Justun Edwards provided an overview of the water improvement project, which involved constructing significant water infrastructure to support future development in the southeast part of Herriman City. The improvements included two 2-million-gallon water tanks and a pump station, with construction financed through the 2021 bond. The bond originally allocated approximately \$20 million, with \$16.5 million remaining for this project.

The reimbursement agreement would involve Herriman City, DAI, and Wasatch South Hills Development. Under the terms, the developer would be required to complete the construction within 18 months and then dedicate the improvements and associated property within 90 days of completion. The City would handle inspection services, including daily inspections by public works staff and special inspections by certified consultants for compliance with state requirements. A change order process was included to manage any scope changes, potentially adjusting the reimbursable amount.

The agreement stipulated a one-year warranty on the infrastructure, with a \$100,000 bond held to cover any warranty issues. Half of this amount may be released after six months if there were no outstanding issues. The not-to-exceed reimbursement amount is set at \$15.9 million, with the remaining funds reserved for City costs related to the infrastructure, such as design, construction management, and telemetry integration. System improvement water lines within specific developments were excluded from this agreement and would be handled separately.

The Council discussed a condition regarding the involvement of Staker, which initially was part of the agreement but later opted out. Staker must provide assurances for construction easements or property access needed for the project. These assurances should be approved by the City Manager and City Attorney.

Councilmember Ohrn moved to approve the reimbursement agreement with DAI and Wasatch South Hills for the construction of the Zone 2 and 3 water improvements, subject to the following condition: that the City receives assurances from Staker regarding the

necessary property and easements for the water line and tank projects. The assurances must be reviewed and approved by the City Manager and City Attorney. Councilmember Henderson seconded the motion.

The vote was recorded as follows:

<i>Councilmember Jared Henderson</i>	<i>Yes</i>
<i>Councilmember Teddy Hodges</i>	<i>Yes</i>
<i>Councilmember Sherrie Ohrn</i>	<i>Yes</i>
<i>Councilmember Steven Shields</i>	<i>Yes</i>
<i>Mayor Lorin Palmer</i>	<i>Yes</i>

The motion passed unanimously.

12. Future Meetings

12.1. Next Planning Meeting: August 21, 2024

12.2. Next City Council Meeting: August 28, 2024

13. Events

**13.1. Hungry Herriman and Farmer's Market: August 19, 2024, and August 26, 2024;
Crane Park 5:00 p.m.**

13.2. Senior Bingo: August 29, 2024; City Hall 10:00 a.m. RSVP Required

14. Closed Session

The Herriman City Council may temporarily recess the City Council meeting to convene in a closed session to discuss the character, professional competence, or physical or mental health of an individual, pending or reasonable imminent litigation, and the purchase, exchange, or lease of real property, as provided by Utah Code Annotated §52-4-205

Councilmember Shields moved to temporarily recess the City Council work meeting to convene in a closed session to discuss the deployment of security personnel, devices, or systems, and the purchase, exchange, or lease of real property, as provided by Utah Code Annotated §52-4-205 at 8:26 p.m. Councilmember Ohrn seconded the motion.

The vote was recorded as follows:

<i>Councilmember Jared Henderson</i>	<i>Yes</i>
<i>Councilmember Teddy Hodges</i>	<i>Yes</i>
<i>Councilmember Sherrie Ohrn</i>	<i>Yes</i>
<i>Councilmember Steven Shields</i>	<i>Yes</i>
<i>Mayor Lorin Palmer</i>	<i>Yes</i>

The motion passed unanimously.

The Council reconvened the City Council meeting at 9:35 p.m.

15. Adjournment

Councilmember Shields moved to adjourn the City Council meeting at 9:35 p.m. Councilmember Ohrn seconded the motion, and all voted aye.

16. Recommence to Work Meeting (If Needed)

I, Jackie Nostrom, City Recorder for Herriman City, hereby certify that the foregoing minutes represent a true, accurate and complete record of the meeting held on August 14, 2024. This document constitutes the official minutes for the Herriman City Council Meeting.

Jackie Nostrom, MMC
City Recorder
