

Upper Community Recreation District

Po Box 386 Altamont, UT 84001

Proposal: Upper Community Recreation District would like to propose hiring an independent contractor for the maintenance of the Altamont Park for the months of May – September. Our common goal is to provide a maintained park for our residents and visitors alike.

Scope of Work: Independent contractor will be responsible for general maintenance of the Altamont Park, including, mowing, edging, irrigation, repairing broken sprinklers, cleaning restrooms weekly and pulling garbage cans to the road for pickup and back to location once per week.

Payment/Responsibility: The Upper Community Recreation District (UCRD) will work directly with the contractor to ensure that the park is maintained. The contractor will bill UCRD for services rendered, and UCRD will be responsible for payment. Additionally, UCRD will reimburse Altamont City for the water, electricity, sewage, and garbage costs associated with the Altamont Park.

We hope that you will support our efforts, and we look forward to your response.

Sincerely,

Upper Community Recreation District Board
