Meeting was called to order at 6:32 P.M. by Mayor Greg Pearson.

Time was turned over to Kelly and Tyson to report on the water project. They stated that the new tank just needs to be drained and looked at. They will slowly do this in a full day. Once the new tank is drained they will fill it up again and slowly drain the old tank and fix all that needs to be done on that tank. Tyson will be leaving Ensign and our new contact will be Kelly Chappel.

A grant for the park will be coming up. Kelly will let us know. They will hold a workshop for this grant that you will need to go to and attend then you will be able to put in for the grant money.

No minutes for July to be approved.

Overdue water bills were discussed. The clerk will need to send out letters of concern to those on the list and 2 disconnect notices.

The road needs to be patched where they put in the new meter across from the park. Councilman Coy Morrison will get the road patched.

The water at the cemetery was discussed. The water on the East side is off. The frost free tap and some parts need to be gotten to fix this problem. The water on the south side is working.

Airport was discussed. Councilman Sherm Buck stated that a meeting is coming up with the state but doesn't think it is worth it for another year. He will keep the town updated on this information.

The Airbnb update is still needing to get more information gathered and will be looked at again next month. She is gathering information from a few other towns.

The financial statement and bank statement for the month of July were available for review.
