I. Welcome	Ron Lund opened the meeting. Quorum established.	
II. Public Comments	Non received	
III. Old Business		
A. October TTX	Steve Quinn provided an overview of the October TTX. The committee reviewed it and suggested changes. Steve will make those changes and resend them to the group for review. All reviews must be completed by September 18th to provide adequate time to finalize all documents. It was decided to encourage participation in person; however, we will still offer hybrid options and can put attendees in breakout rooms for their discussions. The target audience was discussed and finalized to be the LEPC partners, hazmat, and	

	first responders. Val will prepare an invite and distribute it to the LEPC.	
B. Meeting Schedule	On October 2nd, at 3:00 PM, we will have a quick review of the final exercise and logistics and decide on the next meeting.
