5. SPECIAL ORDER

5.1 PUBLIC HEARING: TO HEAR COMMENT IN SUPPORT AND OPPOSITION TO PROPOSED ORDINANCE ADOPTING CHAPTER 17.86 REGULATING URBAN CHICKENS

Seaman stated that the City is proposing an ordinance to allow for urban chickens. He
stated that the proposed code has parameters that would need to be followed for legal

backyard chickens. He stated that the City has been working through the ordinance for two years. He stated that it has been discussed in Planning Commission meetings previously. The Planning Commission will make comments and recommendations to the City Council. The City Council would make the final decision on the ordinance.

Chairman Jacobson opened the public hearing at 6:05 p.m.

Resident “M” did not want to disclose his name and be recognized as “M”. He stated that the public did not receive all the information that the Planning Commission has received. (He later clarified that not everyone has “printed” out packets to look at during the meeting.) He stated he wanted to relinquish the remainder of his 3 minutes to other residents to use as their time.

Adam Stever asked about the parameter of 20,000 square feet that is in the ordinance and wanted to know how it is justified. He stated that he did research and stated that the average lot within the city is 2.9, which is around 12,000 square foot per lot. He stated that only 12 lots would be allowed to have chickens within the city.

He stated that it seems that the Commission is saying that they are allowing chickens and if people do not meet the requirements, that is too bad. He stated that he believes it is garbage. Stever referenced current laws within neighboring cities. He stated that he wanted to know why Washington Terrace feels justified in not allowing urban chickens. He stated that he has done research on coops and runs and feels that most of the lots in the city will accommodate the coop and allow for 6 chickens. He stated that he is a big believer in personal accountability. He stated that the person who cannot keep care of their yard is not someone who will want personal chickens. He stated that it is a contentious point within the city. He stated that it is a big responsibility and feels that we will see a percentage of people wanting chickens will drop. He stated that he is confused why the city is allowing chickens with parameters.

Resident Cal McCrary stated that he is pro-liberty. He stated that he feels that 500 new laws passed this year by the legislature is crazy. He stated that if our founders were here now living with laws and regulations that are fining them for everything that they do daily, they would be ready to load their muskets and do some house cleaning because you can’t even walk across the street without breaking a regulation. He stated that the city should let the people do whatever they want to do. He stated that the 20,000 square foot lot parameter is discriminatory against a lot of the people in Washington Terrace. He stated that the coops that are required to be bought is a luxury condo for the chickens compared to how they are raised commercially. He pleaded with the Commission to amend the regulations to accommodate people who want chickens and stop regulating our lives.

Resident Amanda Hartley stated that South Ogden recently adopted their ordinance concerning backyard chickens, stating that we should be able to adopt a similar ordinance because our lot sizes are comparable to theirs. She stated that noise and smell are common concerns from people who don’t want chickens. She stated that there are multiple studies that show that the decibel of chickens is no louder than a human conversation, noting that dogs are significantly louder. She stated that the city allows

95 dogs, and they do not give any benefit except emotional. She stated chickens allow her
96 to teach her children how to care for chickens. She stated that kids that are raised with
97 animals have less allergies and learn where food comes from. She asked that the
98 Commission factors in all of the benefits. She stated that she feels that the 20,000 is
99 ridiculous.

100
101 Resident Becky Parr stated that she agrees with what has been said, stating that it feels
102 like an abuse of power to cut out people who want to have chickens just because they
103 have smaller lots, stating that chickens do not need 20,000 square feet. She stated that it
104 is unfair to the citizens who elect officials not to be heard because they don't have a
105 20,000 lot size.

106
107 **Chairman Jacobson closed the public hearing at 6:20 p.m.**
108

109 Chairman Jacobson stated that the Commission did not write the ordinance, as it was
110 written by the city and it's legal counsel. He stated that he realizes that the 20,000 square
111 foot lot size is very prohibited within the Terrace.

112
113 Commissioner Morgan stated that she is neutral on chickens, however, she stated that she
114 lays awake at night thinking about these things and stated that the public doesn't have
115 any enemies within the Commission. She stated that the Commission is not trying to
116 punish or discriminate against anyone. She stated that the entire city works better when
117 everyone can agree upon the rules. She stated that it is difficult to do what is best for
118 everyone and have everyone happy. She stated that she appreciates the input given.

119
120 Commissioner Morgan stated that she had some questions concerning the ordinance. She
121 had questions on what "periodically" means concerning how often the inspections will be
122 conducted. She stated that it should be clarified.

123 She stated that there is an error on the lot sizes on the application, with one area stating
124 8,000 and the stating 20,000. Commissioner Morgan stated that she personally feels that
125 we could lessen the square footage requirements. She stated that other ordinances address
126 clean-up or waste removal if a chicken dies. She stated that a time frame for disposal
127 should be clear. She stated that she feels that the ordinance is not quite ready yet.

128 Commissioner Henderson stated that he has had chickens and that they are a lot of work.
129 He stated that there is noise, smells, flies. He stated that if there are racoons or rabbits in
130 the area, chickens will be lost. He stated that he doesn't know if people understand the
131 responsibility. He stated that people should know that it is a fun hobby, but there is a lot
132 of work involved.

133
134 Commissioner Johnson stated that he has heard from residents who have concerns mostly
135 about the rodents that chickens may bring. He stated that he doesn't think the concerns
136 are just smells and noise, but rather what the chickens could bring to other people's
137 backyards.

138
139 Commissioner Wilkins stated that he has a concern about the lot size requirement, noting
140 that it is way too big. He stated that he feels that people who don't meet the requirement
141 will have chickens anyway and we will be in the same situation that we are in now. He

142 stated that the square footage should be amended as a starting point for enforcement of
143 the ordinance.

144
145 Commissioner Watson stated that he has a nephew who loses a chicken once a week for
146 one reason or another. He stated that he is concerned about the disposal of the chickens.
147 He stated that he agrees that 20,000 sq. feet is too large for people who would like to
148 have chickens. He stated that he personally does not want chickens, but does not want to
149 deny anyone else to have them if we have enforceable laws. He stated that he has found
150 that people are generally not good rule followers.

151
152 City Attorney Bill Morris stated the 20,000 number was a place holder for what the
153 Commission would decide concerning lot sizes. He stated that he left the enforcement
154 very liberal. He stated that he can add clauses and adjust the ordinance in accordance
155 with the Commission's recommendations. Seaman stated that the north end average lot
156 size is made up of 6,000 sq. ft. lots

157 Morris stated that he modeled the ordinance after Clearfield City's ordinance, however,
158 he made it simpler, as Clearfield's ordinance seems complex. He stated that he had
159 chickens his whole life, noting that the rodent, smell, and noise issues are real. He stated
160 that he does feel that it is a workable ordinance for our community. He stated that it is up
161 to the Commission to determine the lot size parameter.

162 Seaman stated that the reason for the initial lot size of 20,000 sq. ft is because the current
163 ordinance states that if someone does not have a lot size over 20,000 sq. ft., someone
164 cannot have ordinance or fowl. He stated that the ordinance is from 1988, and it can be
165 amended. He stated that we try to fine tune codes, but also rely on public opinion to base
166 decisions. Seaman stated that staff is here due to direction from the Council to see if we
167 can make an ordinance work to where it is an even playing field. He stated that staff is
168 supportive of any action, and agrees that 20,000 is a large lot size. He stated that South
169 Ogden allows 2 chickens for lot sizes 4,000-6,000 sq. ft. He stated that there is sliding
170 scale up to the maximum of 8 chickens.

171
172 Seaman stated that the biggest challenge within the city is code enforcement. He stated
173 that enforcement will cost the city hundreds of thousands of dollars. He stated that this
174 will be brought before Council to see if it is feasible and whether to move forward. He
175 stated that staff presents options to Council and they decide the direction that staff should
176 take.

177
178 Commissioner Morgan stated that she thinks a sliding scale for lot sizes could work for
179 the city. Commissioner Morgan stated that she appreciates that the good of the entire
180 community must be considered, and compromises may be made.

181
182 Chairman Jacobson stated that we do not have the manpower to enforce the ordinance.
183 He stated that if we were to enforce the ordinance, he stated that people will pick and
184 choose which rules to obey, as they are doing so now. He stated that he does agree that
185 the lot size should be adjusted and likes the graduated scale. He stated that he feels that
186 we need to start at a 6,000 sq. foot lot or a large portion of the city will be cut out. He
187 stated that he has read many other cities' regulations and noted that they are extremely
188 strict on their chicken coop and run requirements. He stated that the ordinance should be

189 amended to include the smaller lot sizes. He proposes that lots less than 6,000 should not
190 allow chickens, 6,000-8,000 should allow 2-3 chickens, depending on what the
191 Commission decides, and 8,000-10,000 should allow for 4 chickens. He stated that lot
192 sizes over 10,000 sq. feet should be allowed to have up to 8 chickens.

Planning Commission Staff Report

Author: Tyler D. Seaman

Date: 9/26/24

Type of Item: Motion/Ordinance

Subject: Motion/Ordinance: To rezone the city owned Property located at 5600 South and Adams Avenue for O-1 to C-1. Parcel 07-037-0031

Summary Recommendation: Staff would recommend making this change as Washington Terrace City is preparing to sell the property and develop into a commercial property.

Description:

- A. **Background:** The Elected Officials of Washington Terrace expressed interest in selling this property. They do not feel the open space located on this corner is a viable asset to the city. Maintaining it has become a burden to the maintenance budget. The Elected Officials directed us to partner with a developer to transform the property into an appreciating asset and potential tax increase on sales and property taxes.

A Public Hearing will be held at the Planning Commission meeting on September 26, 2024. Recommendations from the Planning Commission will be forwarded to the City Council for final approval.

- B. **Analysis:** Staff agrees with this decision and is supportive of rezoning this parcel on the corner of 5600 South and Adams Ave. for commercial development.

URBAN CHICKENS

**AN ORDINANCE OF THE CITY OF WASHINGTON TERRACE CITY, UTAH,
ADOPTING CHAPTER 17.86 REGULATING URBAN CHICKENS; SEVERABILITY;
AND PROVIDING AN EFFECTIVE DATE.**

WHEREAS, the City of Washington Terrace (“City”) is a municipal corporation, duly organized and existing under the laws of the State of Utah;

WHEREAS, *Utah Code Annotated* §§ 10-8-84 and 10-8-60 allow municipalities in the State of Utah to exercise certain police powers and nuisance abatement powers, including but not limited to providing for safety and preservation of health, promotion of prosperity, improve community well-being, peace and good order for the inhabitants of the City;

WHEREAS, Title 10, Chapter 9a, of the *Utah Code Annotated*, 1953, as amended, enables municipalities to regulate land use and development;

WHEREAS, there is renewed interest in raising chickens in the urban environments and the City desires to allow for such while mitigating adverse impacts;

WHEREAS, after publication of the required notice the Planning Commission held its public hearing on August 29, 2024, to take public comment on this proposed Ordinance, and subsequently gave its recommendation to _____ this Ordinance;

WHEREAS, the City Council received the recommendation from the Planning Commission and held its public meeting on _____, and desires to act on this Ordinance;

NOW, THEREFORE, be it ordained by the City Council of the City of Washington Terrace as follows:

Section 1. Repealer. Any Ordinance that conflict with this Ordinance is repealed.

Section 2. Amendment. Chapter 17.86 is hereby adopted to read as follows:

**Chapter 17.86
URBAN CHICKENS**

Sections:

17.86.010	Purpose.
17.86.020	Land Use Permit.
17.86.030	Application.
17.86.040	Regulations.
17.86.050	Inspection.
17.86.060	Enforcement and Appeal.

17.86.010 Purpose.

The purpose of this Chapter is to permit the keeping and/or raising of chickens in certain single-family zones as provided in this Chapter for the sole purpose of family food production. Any chicken kept as provided in this Chapter is not considered or otherwise deemed a household pet.

17.86.020. Land Use Permit.

Any person keeping and/or raising one or more chickens in the City shall first obtain a Land Use Permit under this Chapter. Any Land Use Permit issued under this Chapter shall be made by application of the property owner and continue under this Chapter for the duration of ownership upon which time any Land Use Permit shall cease. No Land Use Permit under this Chapter shall run with the land.

17.86.030 Application.

A complete application for a Land Use Permit filed with the City under this Chapter shall include:

1. A one-time license fee of one hundred dollars (\$100.00).
2. Property Owner Authorization and Affidavit that states: The undersigned, being duly sworn, depose that I am (we are) the applicants of the property involved and that we agree to abide by the provisions contained herein and acknowledges that he or she is responsible to know and understand all local, state, or federal regulations related to the keeping of one or more chickens at the location of the property listed in the application.
3. Applicant's contact information, including:
 - a. Legal name.
 - b. Phone number.
 - c. Email.
 - d. Other contact information as needed.
4. Address of the property where chickens are proposed to be located and proof of ownership.
5. Site Plan showing the:
 - a. North arrow.
 - b. Building lot size.
 - c. All property boundaries.
 - d. All existing and proposed public streets, private streets, drives, right-of-ways, and easements shown including widths.
 - e. Location of existing curb, gutter, and sidewalk.
 - f. Location of all existing structures and accessory buildings on the property with accurate square footage.
 - g. Location of proposed structures and/or proposed additions to existing structures with proposed square footage.
 - h. Location and size of any existing or proposed septic tanks and leach fields, if applicable.

17.86.040 Regulations.

The keeping and/or raising of one or more chickens is subject to the following regulations:

1. Compliance. Any chicken shall be kept in a manner consistent with this Chapter.
2. Family Only. Any chicken shall be kept strictly for family food production, and not for commercial sale or personal income. No egg sales whatsoever.
3. Prohibited. No roosters shall be kept, and no breeding is permitted on the property.

4. Keeping. Only chicken hens may be kept on a residential lot in accordance with the following standards:
 - a. Lot size requirements:
 - i. 6,000 square foot lot: keeping up to three (3) hens.
 - ii. 8,000 square foot lot: keeping up to four (4) hens.
 - iii. 10,000+ square foot lot: keeping up to six (6) hens.
 - b. Any chicken shall be kept in one coop or one properly enclosed area at all times in the rear yard as depicted on an approved Site Plan.
 - c. No chicken shall be permitted to roam outside a coop or enclosed area.
 - d. A coop shall be covered, ventilated, and rodent and predator resistant.
 - e. A coop shall not be constructed of scrap or dilapidated materials.
 - f. The coop shall be built with a finished, all weather exterior material.
 - g. Any crowing hen shall be culled.
5. Setbacks. The coop or enclosure shall be located:
 - a. At least twenty-five (25) feet from any primary residential dwelling.
 - b. At least twenty-five (25) feet from any primary residential dwelling on an adjoining property.
 - c. At least five (5) feet from any property line.
 - d. Maximum coop height is seven (7) feet, at its highest point.
 - e. Any time a heating device used in a pen or coop, such pen or coop must be separated at least ten (10) feet from any residential dwelling.
6. Maintenance.
 - a. Any coop and/or enclosure shall be maintained:
 - i. In an orderly and sanitary condition, and in a manner that prevents a detectable odor at the property line.
 - ii. Bedding used shall be pine shavings because it dries out the manure and can be sifted through with a litter scoop. Hay and straw is not acceptable as it is non-absorbent and becomes wet and matted to the floor.
 - iii. Chicken manure is high in nitrogen and can release ammonia and cause noxious odors. It is also a potential carrier of disease, parasites, and is a medium that breeds unpleasant insects, such as flies and as such manure shall be sifted and removed from the property and disposed of in a lawful dump. Pine shavings shall also be removed and changed regularly.
 - b. Dead animals shall be immediately removed from the lot and disposed of in a lawful dump.
 - c. Chicken feed shall be stored in a covered container and in a manner that prevents access from rodents or other animals.
 - d. No growth or vegetation other than sod grass is permitted within five (5) feet of any coop.
 - e. The area within five (5) feet of the perimeter of any coop shall be unobstructed, except the side where a coop may be attached to an accessory building.
 - f. No coop, pen, cage, or similar structure shall exceed one hundred fifty (150) square feet (including the coop, run, and/or enclosure).
 - g. Any chicken found at-large of the rear yard of owner's lot is subject to being culled or confiscated.

17.86.050 Inspection.

The property will be inspected upon application and periodically to verify compliance with this Chapter. Upon an initial application, reinspection is required if property does not meet requirements of this Chapter. For each reinspection the applicant is subject to a fifty (\$50.00) reinspection fee.

17.86.060 Enforcement and Appeal.

A Land Use Permit may be denied, suspended, or revoked for a violation of this Chapter. A violation of this Chapter is subject to an infraction and a fine not to exceed \$750 per violation. Appeals are subject to this Title.

Section 3: Severability. If a court of competent jurisdiction determines that any part of this Ordinance is unconstitutional or invalid, then such portion of this Ordinance, or specific application of this Ordinance, shall be severed from the remainder, which shall continue in full force and effect.

Section 4: Effective date. This Ordinance takes effect immediately upon adoption and posting.
