Minutes Passed.

The Committee discussed the Zion National Park wild and scenic water right application. Mike Noel and Commissioner Meyeres recently went to a meeting in ZNP about the wild and scenic rivers designation. Mike gave an update on the presentation. This could potentially prohibit on how we as users utilize this water. Mike noted that the state of Utah are in the final stages of the adjudication of the Virgin River. This application under the wild and scenic rivers will have a big impact on the users. The meeting was put on by ZNP superintendent Jeff Bradybaugh and by the BLM. Currently the Commission will be working with PLPCO on this subject as well as the Kane County Water Conservancy District. Both Mike and Commissioner Meyeres will keep the County and the Committee apprised of this water right application.

Motion to adjourn: Bart Battista.

Second: Kerry Glover.

Meeting adjourned 9:40 am.

Kerry Glover – Vice Chair
Clayton Cutler – Clerk
