Minutes

|                                    |                                                                                                                                                                                                                                                                                          |
|------------------------------------|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Welcome, Call to Order & Roll Call | Chair Goodrick called the meeting to order at 4:35pm, conducted roll call, welcomed, and thanked everyone for attending.                                                                                                                                                                 |
| City Report                        | Updates on trails; Director Stewart said he has been on Gib's Loop, DNR did a good job. They gave us two weeks, there was a ton of work, they even brought a chipper. Hopefully we can get some pictures. Gibbs looks nice. They'll be back, they're going to try to do this every year. |
| New committee member               | Any updates on new committee members? Tuesday is the sunset report and the committee approvals. It will all be taken care of this day.                                                                                                                                                   |

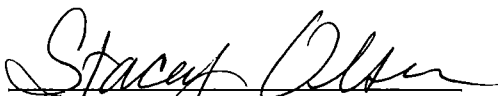

|                                   |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                           |
|-----------------------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Golf Course                       | <p>There are a number of social trails that come off of Gib's Loop. People are crossing the golf course and creating a very dangerous situation.<br/>We need to put signage in about five places at golf course.</p> <p>Chair Goodrick said the fence is broken, can we repair the fence at the golf course?<br/>Director Stewart stated that the fencing doesn't extend all the way around golf course.<br/>Director Stewart spoke with Golf Pro Todd Brenkman about holes in fence, they will be repaired. There are crossings at 29<sup>th</sup> St. There's an issue with people cutting through. Director Stewart will talk to coaches about their runners and bikers cutting across the course.</p> |
| 29 <sup>th</sup> Street Trailhead | <p>Director Stewart said at the 29<sup>th</sup> St Trailhead there's crazy amount of dog poop, all within 200 feet of trailhead.<br/>Member Sorrentino said a few months ago she had a group volunteer of 30 who cleaned poop up. And the next week it was back, even worse.<br/>There's a problem with dogs off leashes.<br/>Director Stewart left Animal Control Officer Gentry Osgood a message about keeping it cleaner and patrolling more.<br/>Signs have been posted, Gentry said someone is ripping down the signs, 3 have been ripped down. Member Harris said we should place them 25 feet off into the brush. If anyone has any ideas for signs, send them to staff Olsen.</p>                 |
| Rainbow                           | <p>Member Sparks asked does anyone know about Rainbow?<br/>Director Stewart said our surveyor Steve Porter put lath in today along the south side of Valley drive; that area has been disputed for many years, the center line of the road is off, survey tassels will be put about every 50 feet. Bill King had asked us to do that, from Rainbow gardens toward around to bluff to identify what is the city's.</p>                                                                                                                                                                                                                                                                                     |
| Minutes                           | <p>Chair Goodrick asked if everyone has had a chance to review the minutes from June 20, 2024. He asked if there are any changes, if not, can he get a motion to approve.<br/><b>Member Hanna motioned to approve the June 20, 2024, minutes. Seconded by Member Harris.</b><br/>Committee approved.</p>                                                                                                                                                                                                                                                                                                                                                                                                  |
| USFS                              | <p>Forest service updates-</p>                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                            |

|                                         |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                              |
|-----------------------------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <p>Committee<br/>Member<br/>Updates</p> | <p>USFS Rep Skabeland says he's curious what we want to do with SPA next year. He wants to get going on that now, including photography &amp; maps, get that put together before October 31<sup>st</sup> if possible. He needs detailed information and GPS points etc. Getting closer to doing a trail counter program. He needs to talk to the go-to person about that, to get in touch with him soon. He really likes the gates, super cool gates, he's curious where the gate plans came from? Manager Chadwick didn't really have a plan, he and his crew built it. Director Stewart said we could ask one of our engineers to work up a plan.</p> <p>USFS Rep Johansen – Member Sparks sent a volunteer agreement that came to her last week. This was the first she's had contact. He's been working with OTN. Project cannot get done on time, he suggested there may be alternative locations for that, she asked him for applications he had submitted, he has not responded. She would love to do something like this, but it's got to go thru a process.</p> <p>Chair Goodrick asked for projects to work on for next year? Director Stewart said he looked at a couple bridges in Strongs, they may or may not be on forest lands, where the shoreline comes in, there's two bridges.</p> <p>Member Sparks- last time we built a bridge there were issues with it. Member Harris - Blue ribbon needs major clearing. Blue ribbon would be a great team project for next year. Director Stewart – up Strongs Canyon there's a spot that needs rocks moved to divert it into the stream. Member Harris will go look at that area in the next couple weeks. Director Stewart - Also a totem has fallen. Director Stewart asked Manager Chadwick to look and see how many totems we have?</p> <p>USFS Skabeland – submit to us in same format, needs to be scaled, measured, photographed, before pics, before there's snow on the ground. We need to get things fixed before the Olympics come.</p> <p>Member McMillan- if we recorded being up in the trail, would that help?<br/>USFS Skabeland rep- yes it would help.<br/>Member McMillan - Trails are old, needs to be more space.<br/>USFS Skabeland -we need a bigger plan, master plan</p> |

|               |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                   |
|---------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Shindig       | <p>Director Stewart - Shindig made ~\$7.2k after expenses were paid.</p> <p>Member Hanna - We should have the shindig be more like a mixer. Maybe be a race, Friday could be a running race, Friday or Saturday be a bike race. We could attract people using the trail.</p> <p>Member Sorrentino - Cornhole was a good idea but wasn't for our target audience</p> <p>Member Judeikis - Registration would include a release form.</p> <p>Director Stewart – Races require insurance, insurance would cost alot. You can get short term rider for insurance purposes.</p> <p>Member Hanna- race could start at 22<sup>nd</sup> to Skyline Dr, go on only trails, no roads, maybe an endurance race.</p> <p>Member Judeikis – cornhole wasn't relatable to Ogden trails. Shindig could be better if we had better activities and more involved plus advertise more. Trail festival could be a big thing, to bring people into Ogden.</p> <p>Member Harris -We could advertise at the Ogden marathon</p> <p>Member Hanna said he will talk to Tara about this.</p> |
| IMBA Training | <p>IMBA training next weekend, who wants to go? Member Harris would like to attend.</p>                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                           |
| Spoketacular  | <p>Goal foundation Spoketacular</p> <p>Are they still doing this, where will it be? Yes were still going to do it.</p> <p>Director Stewart - At the parkways, go up botanical gardens and then dinosaur park. Lavar and his son have helped before with traffic control.</p> <p>Chair Goodrick and Member Hanna are happy to help with it.</p>                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                    |
| Fundraising   | <p>Member McMillan is hosting a fundraising out of his shop, all the proceeds will go back to the trails. He'll cover the initial investment</p> <p>Chair Goodrick – Member Hanna, you have one more trail dig in September? Training member Hanna stated they do have one more and are planning to help with blue ribbon situation.</p> <p>Director Stewart said up by Trackline, engineers are working to put in a pneumatic surf wave. Right at the kayak deck there's a wave but its static. New ones will be further downstream, and they'll be adjustable. You could lay them down so debris can go by.</p>                                                                                                                                                                                                                                                                                                                                                                                                                                                 |

|                 |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                           |
|-----------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Bike Park       | <p>Bike Park lead, Member Silberman, bike park looks good, just dry and dusty.<br/>Director Stewart - do we need to get signs up there?<br/>Member Silberman - for the most part the signs are good.</p>                                                                                                                                                                                                                                                                                                                                                                                  |
| MTB Coordinator | <p>Member Harris – season starts Saturday, in soldier hollow. They'll be races in all of Utah from now until October. Six regions and we're region one. Our races are Soldier Hollow, Manti, Mantua, and Beaver City (a brand-new course) Beaver is trying to get another section of land, to accommodate more.</p> <p>Member Harris asked if forestry service could give exclusive use of land for mountain biking? He wants forest service to dedicate more land.<br/>USFS Skabelund rep -<br/>It usually can't be dedicated just only for mtn biking. Talk to me about that later.</p> |
| Diamond         | <p>Diamond ring trail, the homeless people have made camps<br/>By switch backs all the branches have been pulled onto trails</p>                                                                                                                                                                                                                                                                                                                                                                                                                                                          |
| Bluff Trail     | <p>Bluff trail has the rocks. Director Stewart said– we need to get a crane in cemetery to take care of rocks. Tree service with crane will come look and see if they can do it, it's a tricky spot.</p>                                                                                                                                                                                                                                                                                                                                                                                  |
| Projects        | <p>Member Sparks- no projects lined up, they were all done in the summer, they did a lot of work in the summer.</p> <p>Director Stewart – that's probably something in the Sunset report, the work that was coordinated for them to do<br/>Have staff Olsen pull the volunteer hours</p>                                                                                                                                                                                                                                                                                                  |
| Adjourn         | <p><b>Member McMillan motioned to adjourn the meeting.</b><br/><b>Member Harris seconded the motion.</b><br/>Committee approved.<br/>The Ogden Trails Committee adjourned at 5:40pm.</p>                                                                                                                                                                                                                                                                                                                                                                                                  |

Minutes Prepared By:

  
Stacey Olsen, Project Coordinator

Minutes Approved By:

  
Mike Goodrick, OTN Chair

MINUTES OF THE REGULAR MEETING OF THE OGDEN TRAILS NETWORK COMMITTEE, OGDEN,  
August 15, 2024

---
