RE: Amendment to the 2010 Consolidated Local Capital Improvement List

Dear Gary,

Washington City is working with the Utah Department of Transportation (UDOT) on widening Telegraph Street from 500 West to 300 East, and construction is planned to commence next year. We applied for enhancement funds for landscaping, streetlights, etc., but the enhancement project was not funded. We respectfully request that the Permanent Community Impact Fund Board 2010 Consolidated Capital Improvement List be amended by adding the following:

Entity: Washington City
Project Description: Telegraph Street Widening Enhancement
Estimated Total Cost: \$1,188,000
Revenue Sources/Shares: PCIFB \$1,188,000
CIB Request: Loan, \$1,188,000
CIB Submission Date: June 2010

Thank you for your consideration.

Sincerely,

Jim McGuire
Economic Development Director
Washington City
