

GRANT APPLICATION

Applications are open to all Utah government entities not residing in a water district's service area that offers smart controller rebates. Submission of this application is not a guarantee of funding. Funds are given as they are available.

The division will provide up to 50% of the cost of each smart controller and parts, not to exceed \$1500 per controller.

Please complete the following and submit it with the supporting documents. Once approved, applicants will be asked to complete a Government Entity Smart Controller Rebate Contract. Reimbursement(s) will be issued after the Division of Water Resources receives copies of paid invoices.

GOVERNMENT ENTITY ELIGIBILITY

Please initial and sign the following:

JA

I am the appropriate representative for my government entity.

JA

I understand this application does not guarantee funding.

JA

I certify the attached bid(s) are accurate to the best of my knowledge and follow government bidding requirements.

SUPPORTING DOCUMENTS

Please submit the following with this application:

1. Participant Signature

An authorized representative of the applying entity must initial and sign the application found on page 2.

2. Bids

Attach bids for the smart controller(s), necessary parts, and their costs and model numbers. Rebates only apply to hardware and not installation labor. Bids are used to approve the application and enter into an agreement with the applicant and the Division of Water Resources. Actual reimbursement will be determined on paid invoices.
