DETAILED REASON AND EXPLANATION FOR REQUEST:

Chris Thompson, Bryan Hansen, and Libby Bakke will be presenting information on WIFIA Funding. This is a federal funding loan program that allows for water and sewer projects to be designed and constructed for larger projects to help in areas we need infrastructure. The payback time is longer than traditional loans and the consultants will explain the program and the City Council can decide if this is a program we would like to move forward with for the new UDOT interchange and Nebo Beltroute area and any other areas in the City.

DUE DATE:

This agenda request and any supporting documentation is due to the city recorder by the Wednesday one week prior to the council meeting. This allows final preparation of the agenda and time for the city attorney to review.
