One more thought, we think there should be some limitations on hours of operation (maybe something like 8AM -8PM)

My wife and I received the notice of the conditional use permit for 7345 S Sunhill Rd. Here are our thoughts:

We are OK with it if it is owner occupied. We are not interested in renters having home based businesses in the neighborhood.

We are OK with it if it is a single massage table in operation at any one time. We would not be interested in having other employees come to the neighborhood to work at this business.

It would be ideal if the customers could park in the driveway and not on the street. This is a preference and not a deal breaker for us

Thanks!
