The 2024 Snow Budget was \$550k with current expenses at \$562k. Zach Hascall said that the budget needed to be amended to \$635k. The explanation was that the snow season and contracts crossed over calendar and fiscal years that were budgeted. This calendar year was a contract year when the new contracts increased and were higher than previous years. This happens every 3 years.

Ed Siemen of North Fork commented that the snow service did not used to be a District service and asked for clarification regarding those who receive the service.
