

Board Meeting Documents
February 11, 2025

MINUTES OF THE BOARD WORK SESSION – JANUARY 7, 2025

Alpine School District's Board of Education met in a work session on Tuesday, January 7, 2025, at 1:00 PM. The meeting took place at the Alpine School District office.

Board members present: Stacy M. Bateman, Sarah L. Beeson, Dr. Mark J. Clement, Julie E. King, Joylin Lincoln, Emily Peterson, and Ada S. Wilson.

Also present: Superintendent Dr. Shane J. Farnsworth, Business Administrator Jason Sundberg, and members of the administrative staff. There were approximately five others in attendance.

Board Member Julie King welcomed Emily Peterson as the newly elected board member.

Superintendent Farnsworth began the meeting by sharing his desire to set up the three new districts for success and to mitigate a dip in student achievement. Dr. Farnsworth also referred to his message at a recent principal meeting about processing through transition and having a growth mindset.

Staff members gave overview presentations and made tentative recommendations regarding the following:

1. Warehouse/Purchasing

Jason Sundberg, Business Administrator, shared information about the warehouse and purchasing department. Currently, there are seven employees in the purchasing department and 10 in the warehouse. Provo School District purchases from ASD's warehouse. Most school districts with over 20,000 students have a warehouse. The warehouse is mainly funded through purchase card rebates and has always been viewed as a service to the schools. While it is not profitable solely through the sale of items, schools benefit through the cost savings and services purchased. Some options to consider for future school districts: 1. Do not sell warehouse items, but purchase from other sources. Warehouse space would still be needed to provide other services. 2. Each district operates a warehouse. 3. Have a cooperative model where single districts operate the warehouse.

2. Other Postemployment Employee Benefit (OPEB)

Jason Sundberg presented information about the OPEB Trust that funds the benefits for current and future ASD retirees. The trust is an asset that needs to be maintained and dividing it among three districts could be difficult. The discussion will continue about managing this asset in the future.

3. Calendar

Joel Perkins, Chief of Staff, reviewed the calendar committee process. This spring the board will approve the 2026-27 school calendar. He recommended that the committee create the 2027-28, 2028-29, and 2029-30 school calendars for future boards to adopt if approved. ASD currently coordinates with other school districts when creating calendars, and this encourages the same process and also accommodates employees who work in one district and their children attend in another.

4. ASD Foundation

Eric Woodhouse, Executive Director of Operations, and Tyler Vigue, ASD Foundation Director, presented information about the Foundation, a 501(c)(3) nonprofit organization under the school board's direction. They recommended: (1) each new entity set up a 501(c)(3) and apply for IRS

designation prior to July 2027; (2) ensure that business services are prepared to have each respective Foundation integrated with the accounting systems; (3) ensure that the new organizational structure includes assignments for Foundation responsibilities.

5. Print Services

Eric Woodhouse and Jake McDonald, Print Services Coordinator, presented on the funding and operation of the print shop. It is self-funded and services all schools, Provo School District, and charter schools. Walk-up public services are also available. They recommended that the printing services be shared among all three districts.

6. Technology

The technology team gave an overview of the network and data center needs. UEN would like a location for a central area network room to be established by the summer of 2025 to be ready for operation in 2027. A possible location could be the ALC or a school. There was a discussion of making student information, financial, and HR systems more efficient in the new districts and determining which learning tools they want to use, based on the resources available. This discussion will continue in future study sessions.

7. District Employee Distribution

Cami Harper, Administrator of Human Resources, gave an overview of the placement of school and district level employees. There are many things under consideration and the discussion will continue as we get more information during the legislative session.

8. Transportation

Eric Woodhouse and his team gave a brief presentation about how the transportation team operates and some possible strategies for reconfiguration. They will provide more details in the study session on January 14, 2025.

9. Physical Facilities

Frank Pulley, the Director of Physical Facilities, reviewed the department structure and how it allows for productivity. Many of the employees have four-year degrees and are licensed in their area of expertise. Board members requested an outline of what would be an ideal situation for staffing physical facilities in the three districts. More information will be provided in a future study session.

Julie King requested that physical facilities, transportation, OPEB, and technology be the topics for future study sessions. Personnel will be discussed following the legislative session. She also requested that calendaring, print services, and the data center be discussion/action items on the January 14, 2025 board meeting agenda.

The meeting adjourned at 4:29 PM.

MINUTES OF THE BOARD MEETING - JANUARY 7, 2025

Alpine School District's Board of Education met in a board meeting on Tuesday, January 7, 2025, at 5:00 PM. The meeting took place at the Alpine School District office.

Board members present: Stacy M. Bateman, Sarah L. Beeson, Dr. Mark J. Clement, Julie E. King, Joylin Lincoln, Emily Peterson, and Ada S. Wilson.

Also present: Superintendent Dr. Shane J. Farnsworth, Business Administrator Jason Sundberg, and members of the administrative staff. There were approximately 25 others in attendance.

Board Member Julie King conducted the meeting.

PLEDGE OF ALLEGIANCE

The Pledge of Allegiance was offered by Kraig Brinkerhoff.

COMMUNITY COMMENTS

There were no public comment.

OATH OF OFFICE FOR NEWLY ELECTED BOARD MEMBERS

Jason Sundberg, Business Administrator, administered the oath of office to the newly elected board members, Stacy Bateman, Mark Clement, and Emily Peterson.

DISCUSSION/ACTION ITEM

1. Consideration of a Leadership Structure Reflective of Reconfiguration

Stacy Bateman made the motion to expand the board of education leadership to one president and two vice presidents to be filled by one representative who resides in each of the boundaries of the new reconfigured school districts. Joylin Lincoln seconded the motion, and it was passed unanimously.

ELECTION OF BOARD PRESIDENT

The chair opened for nominations from the Board for the position of Board President. The term of office is for two years until their successor is elected. Ada Wilson nominated Ada Wilson, Stacy Bateman nominated Julie King, and Mark Clement nominated Sarah Beeson. Those who made the nominations spoke to why they nominated the individuals. **Board members voted and Julie King was elected Board President with a four to three vote.**

ELECTION OF BOARD VICE PRESIDENT

Board President Julie King opened the nominations from the Board for the position of Board Vice President for the central area district. The term of office is for two years until their successor is elected. Mark Clement nominated Sarah Beeson, and Joylin Lincoln nominated Stacy Bateman. **Board members voted and Stacy Bateman was elected Board Vice President for the central area with a four to three vote.**

ELECTION OF BOARD VICE PRESIDENT

Board President Julie King opened the nominations from the Board for the position of Board Vice President for the south district. The term of office is for two years and until their successor is

elected. Ada Wilson nominated Ada Wilson, Stacy Bateman nominated Emily Peterson, and Sarah Beeson nominated Mark Clement. **The Board Members voted and Emily Peterson was nominated as vice president for the south district with a four to three vote.**

ADJOURNMENT

On motion by Sarah Beeson and seconded by Mark Clement, the meeting adjourned at 5:19 PM.

MINUTES OF THE STUDY SESSION – JANUARY 14, 2025

The Board of Education of the Alpine School District met in a study session on Tuesday, January 14, 2025, at 4:00 PM. The study session took place in the board room at the Alpine School District office.

Board members present: Board President Julie E. King, Vice Presidents Stacy M. Bateman and Emily B. Peterson, Sarah L. Beeson, Dr. Mark J. Clement, Joylin Lincoln, and Ada S. Wilson.

Also present: Superintendent Dr. Shane J. Farnsworth, Business Administrator Jason Sundberg, and members of the administrative staff. There were 10 others in attendance.

1. Transportation

Eric Woodhouse, Executive Director of Operations, Joe Hayes, Operations Director, and Transportation Directors Rex Brimhall and David Ludwig presented to the board the statistics for transportation regarding buses, stops, aides, eligible and ineligible routes, etc. In the spirit of moving forward with district reconfiguration, they shared what it will look like for each of the three districts with the current 360 buses, 300 bus drivers, 80 aides, and 16 mechanics.

The transportation goals are to recruit and retain drivers, reduce employee absenteeism, and reduce accidents, double runs, and ineligible routes. Eligible riders are those elementary students who live at least 1.5 miles from the school and secondary students who live two miles away. General education buses have to have at least 10 riders for an eligible route, and special education buses have to have at least five. Upcoming capital needs for transportation are to purchase a new radio repeater, purchase 50 new buses, and complete a new service center in the west. Currently, there are 77 routes in the west, 95 in the central, and 46 in the south areas of the district. There was discussion about possible options for the three districts, one of which is a unified transportation system where the three districts share the services. Another option is a tiered transition where the west operates independently, and the central and south areas share services until both districts have the necessary facilities. The last option discussed is a clean split where everyone is on their own. Each district would need to have a bus garage and service center. Also discussed was the possibility of contracting with a third party to provide bussing services for students, even if it is just for a short time, until the new districts could provide the services. Ogden School District has had a good experience using a third party. Logan School District tried it for a while but found it to be problematic. They now share bussing services with Cache County School District. The recommendation from the transportation staff is to set up the west district for success with their own service center and for the central and south districts to share until service centers can be made available.

The meeting adjourned at 5:06 PM.

MINUTES OF THE BOARD MEETING – JANUARY 14, 2025

The Board of Education of the Alpine School District met in a board meeting on Tuesday, January 14, 2025, at 6:00 PM. The meeting took place in the board room at the Alpine School District office.

Board members present: Board President Julie E. King, Vice Presidents Stacy M. Bateman and Emily B. Peterson, Sarah L. Beeson, Dr. Mark J. Clement, Joylin Lincoln, and Ada S. Wilson.

Also present: Superintendent Dr. Shane J. Farnsworth, Business Administrator Jason Sundberg, and members of the administrative staff. There were approximately 65 others in attendance.

Board President Julie King conducted the meeting.

PLEDGE OF ALLEGIANCE

The Pledge of Allegiance was offered by Cami Harper.

INSPIRATIONAL THOUGHT OR REFLECTION

An inspirational thought was offered by Rex Brimhall.

RECOGNITIONS

RISE AWARDS (Remarkable, Inspiring, Selfless, Encouraging)

- Karen Hunter, a counselor at Canyon View Jr. High, was nominated by employee McKell Nelson.
- Dian Castagno, a teacher at Horizon School, was nominated by parent Whitney White.
- KC Kiser, a teacher at Mount Mahogany, was nominated by employee Marshall Olson.
- Diego Tapia Lugo, a bus driver, was nominated by Principal Heather Jensen.
- Lisa Jones & Sherry Gotschall, paraprofessionals at Harbor Point Elementary, were nominated by employee Jen Baeza.
- Gabe Donadel, a custodian at Cedar Valley Elementary, was nominated by employee Denece Fitzgerald.

ENERGY STAR CERTIFICATION AWARD

Cenergistic's Piper Ezzell presented the 2024 Energy Star Award to 73 schools in ASD.

COMMUNITY COMMENTS

There were no community comments.

MINUTES

Board President Julie King recommended the approval of the December board meeting minutes. On motion by Mark Clement and seconded by Sarah Beeson, the minutes were approved unanimously.

CLAIMS

Superintendent Farnsworth recommended that the Board accept the December claims report.

Check numbers 00268026 through 00295277, totaling \$20,900,765.49, and 00005846 through 00005892, totaling \$232,304.70, for a total of \$21,402,023.91 were presented for the Board's acceptance. **On motion by Stacy Bateman and seconded by Joylin Lincoln, the claims were accepted unanimously.**

ROUTINE BUSINESS ITEMS

1. Monthly Budget Summary

The latest budget report was included for the Board's review.

2. Alpine Foundation Report Summary

The latest Alpine Foundation report was included for the Board's review.

4. LEA Specific Licenses

The LEA Specific License applications were submitted for the Board's review.

5. Renewal of Business Administrator Contract

The Business Administrator's contract was postponed until a future board meeting.

6. School LAND Trust Amendments

The School LAND Trust amendments were included for the Board's review.

Ada Wilson made the motion to amend the routine business and postpone Business Administrator Jason Sundberg's contract renewal to a later date to allow time for the entire evaluation process. Emily Peterson seconded the motion, which passed unanimously. Ada Wilson made the motion to approve the routine business, which Sarah Beeson seconded. The motion passed unanimously.

ACTION ITEMS

1. Resolution 2025-001 – Sale of CTE Home in Orem

Superintendent Farnsworth recommended approval of Resolution 2025-001-Sale of the CTE Home in Orem. Ada Wilson made the motion to approve Resolution 2025-001 and it was seconded by Stacy Bateman. Joylin Lincoln asked a clarifying question regarding the state code and if this board was allowed to move ahead with the sale of the home. Jason Sundberg explained that they are seeking board approval but cannot finalize the sale until Orem, Pleasant Grove, Lindon, and Vineyard approve. **Ada Wilson amended the motion to approve Resolution 2025-001 pending approval of the four cities in the south area. Sarah Beeson seconded the amended motion, and it was passed unanimously.**

DISCUSSION/ACTION ITEMS

1. Policy 1610 – Maintaining Constitutional Freedom in Public Schools (revised)

Superintendent Farnsworth recommended the board discuss and approve the revisions to Policy 1610 - Maintaining Constitutional Freedom in Public Schools. Kraig Brinkerhoff, Executive Director of Legal Services, explained that this policy was previously named *Separation of Church and State*. The policy has been revised around state code 53G-10-202, which is maintaining constitutional freedom in public schools, basically stating that as a school district, we can neither promote nor prohibit a certain expression, and it is okay to research and study religion, art, music, etc. as outlined in the code. The revised policy also included a definition of release time and what is appropriate. Joylin Lincoln shared her appreciation that the policy name was changed to match the code recited in the policy. Ada Wilson said the policy committee would like to add the legal definition of release time. Kraig explained the definition would be included in the statement of policy with a link to the code. **Sarah Beeson made the motion to approve the amended, revised version of Policy 1610, Ada Wilson seconded it, and the motion passed unanimously.**

2. Policy 3210 – Time and Effort Documentation (new)

Superintendent Farnsworth recommended the board discuss and approve Policy 3210 - Time and Effort Documentation. Kraig Brinkerhoff clarified that this information has been in the business services handbook and is now being added as a policy. The policy concerns the grants we apply for and how we document the time and effort required to justify receiving them. **Joylin Lincoln made the motion to approve Policy 3210 – Time and Effort Documentation, Ada Wilson seconded it, and the motion passed unanimously.**

3. Policy 5177 – Out-of-Boundary School Options (revised)

Superintendent Farnsworth recommended the board discuss and approve the revisions to Policy 5177 – Out of Boundary School Options. Kraig Brinkerhoff explained that our out-of-area (OOA) contracts are being misused by schools. The code does not allow us to have provisional contracts with an OOA student who comes to a school. Kraig explained that in the policy committee meeting, they discussed the code priority given for the first 30 days to OOA students of military service members and also students affected by boundary changes. He recommended that this code also be added to the policy.

Joylin Lincoln made the motion to approve the revised Policy 5177 with the addition of 1.2.2.7 *Parents of students enrolled in a school affected by a boundary change shall have at least 30 days after the day the local board votes to approve the school boundary change to make and out of area boundary request using the out of area request form.* Sarah Beeson seconded the motion, and it was passed unanimously.

4. Future School Calendars

Superintendent Farnsworth explained that in the work session last week, the board and district leadership team discussed some things we could do to demonstrate a desire to move forward with reconfiguration. One of those items was the creation of three years of calendars that future boards could adopt. **Julie King made the motion to**

direct the calendar committee to prepare the 2026-27 school calendar as well as three additional years for 2027-28, 2028-29, and 2029-30 for the board to consider for future school boards to adopt. Stacy Bateman seconded the motion, and it was passed unanimously.

5. Data Center Expansion

Superintendent Farnsworth recommended we begin working with our partners to demonstrate our intention to secure a location and create a third data center. **Emily Peterson made the motion to authorize the technology department to partner with UEN to investigate a location and establish a data center within the central area district. Joylin Lincoln seconded the motion, and it passed unanimously.**

6. Print Services

Superintendent Farnsworth proposed directing the staff to continue with print services, expanding across all three districts until a district wants to create its own. We have sufficient equipment and can continue to upgrade to provide these consolidated services. **Ada Wilson made the motion to empower staff to move forward as if print services were going to serve all three districts. Mark Clement seconded the motion.** Julie clarified that we are not recommending it to future boards but will keep operating print services and adjust if new boards make a different decision. **The board voted on the motion, and it was passed unanimously.**

REPORT

1. Membership Report

Superintendent Farnsworth gave a summary of the December enrollment report.

BOARD MEMBERS' AND SUPERINTENDENT'S REPORTS AND INFORMATION ITEMS

Superintendent Farnsworth reported on the USBA Conference he attended with the school board members. He thanked those from ASD who presented at the conference.

Sarah Beeson reported that Mark Clement is the new president of USBA. She thanked Dr. Farnsworth and others from ASD who presented at the conference. She also expressed her appreciation for the amazing administrators in ASD who will benefit the future three districts.

Stacy Bateman loved seeing students' excitement about returning to school after winter break.

Julie King thanked the staff for their preparation for last week's work session. Much information was shared, and she appreciated their quick work and thanked them for putting three strong districts and student needs first. The next legislative session is January 21 through March 7, and she encouraged everyone to be involved and to contact their legislators.

Ada Wilson reported on the great strides being made in Parkside Elementary with all of their students. She acknowledged Principal John Shelton and his work with targeted teaching. She also thanked Superintendent Farnsworth for his leadership.

ADJOURNMENT

On motion by Joylin Lincoln and seconded by Mark Clement, the meeting adjourned at 6:51 PM.

MINUTES OF THE BOARD MEETING – JANUARY 28, 2025

The Board of Education of the Alpine School District met in a board meeting on Tuesday, January 28, 2025, at 6:00 PM. The board meeting took place in the board room at the Alpine School District office.

Board members present: Board President Julie E. King, Vice Presidents Stacy M. Bateman and Emily B. Peterson, Sarah L. Beeson, Dr. Mark J. Clement, Joylin Lincoln, and Ada S. Wilson.

Also present: Superintendent Dr. Shane J. Farnsworth, Business Administrator Jason Sundberg, and members of the administrative staff. There were 55 others in attendance.

Board Member Dr. Mark Clement conducted the meeting.

PLEDGE OF ALLEGIANCE

Dr. Vicki Carter offered the Pledge of Allegiance.

INSPIRATIONAL THOUGHT OR REFLECTION

Angie Dodge shared an inspirational thought.

School Report

Principal Wade Lott reported on the great things happening at Pleasant Grove Jr. High. He said “trust” is the word that best describes the relationship between students, employees, and parents, and that it is a great place to work.

High School State Championships

- **Cedar Valley High** – UHSAA 5A CO-ED state competitive Cheer Champions
- **Westlake High School** – UHSAA 6A CO-ED state competitive Cheer Champions

National School Board Recognitions

January is National School Board Recognition month. Dr. Joel Perkins recognized the Alpine School District Board of Education for their commitment to education.

COMMUNITY COMMENTS

Ellen Campbell asked about the district's discipline policy. Her son was bullied at school and she doesn't feel the school's response was proportional to the threat he experienced.

Scott Campbell thanked Dr. Joel Perkins for their conversation prior to the meeting. He would like to coordinate changes in policy and the understanding of IEPs on the part of SROs.

Becca Morales is a parent of a student at Dan Peterson. Principal Hemming has been floating the idea about splitting Dan Peterson before the reconfiguration goes into effect and funding will be needed. Half of the students currently at Dan Peterson will be out of area when the district splits.

Online comments from community members were received and read by the Board of Education.

DISCUSSION/ACTION ITEMS

1. Updates to the 2025-26 School Calendar

Superintendent Farnsworth explained this agenda item is an adjustment to next year's calendar with respect to the changes from the state on the kindergarten assessment days. The state has proposed allowing for up to five assessment days for kindergarten the first week of school. The adjustment to the 2025-26 calendar reflects allowing for four days of assessment the first week of school. The State voted on December 5, 2024 and then opened the 30-day window for the first week in January for public comment which will end on January 31, 2025. The updated 2025-26 calendar will be an action item on the February 11th board meeting agenda.

2. Elementary Curriculum Adoption Schedule

Superintendent Farnsworth explained the board of education is looking at areas they could address or make recommendations to assist in setting up future districts for success. The leadership team and curriculum experts have looked at the elementary curriculum adoption schedule and what is coming over the next several years and put together a timeline. If the board is supportive, the staff recommends moving forward with the proposed plan to extend licensing and curriculum before the reconfiguration. Allowing staff to move forward with extending the elementary curriculum contracts would provide additional time for the new districts to put contracts in place. The adoption would include a stipulation that all contracts are brought to the board with an exit clause, so the new boards have the option to not continue the contracts if they want to go a different direction. Board members shared concerns about tying hands of future boards and asked for more information regarding costs and funding sources.

Julie King made the motion to move this discussion to the February 11th board meeting so they can receive clarification from staff about some of the details they are unsure about. Sarah Beeson seconded the motion. Dr. Vicki Carter, Executive Director of Teaching and Learning, reviewed the current contract renewal costs but clarified that costs will likely increase. She also noted that as far as ASD is concerned, we do not need to renew contracts for another year, but this plan is to extend contracts for two years after the reconfiguration to help set up future school districts for success. Julie asked for clarification regarding the costs per student because we do not want to overcharge or undercharge new districts. **The board voted, and the motion passed six to one, with Stacy Bateman, Sarah Beeson, Mark Clement, Julie King, Emily Peterson, and Ada Wilson voting in favor, and Joylin Lincoln against.**

3. Policy 7210 – Acquisition and Use of Student or Employee Name and Image

Superintendent Farnsworth recommended approval of Policy 7210 following a discussion, if the board is ready to do so. Kraig Brinkerhoff, Executive Director of Legal Services, explained that no changes were made from the last time the policy was brought to the board. Stacy Bateman said she would be voting no because the policy was not robust enough. **Sarah Beeson made the motion to approve Policy 7210, Ada Wilson seconded it, and the motion passed four to three with Sarah Beeson, Mark Clement, Joylin Lincoln, and Ada Wilson voting in favor and Stacy Bateman, Julie King, and Emily Peterson voting against.**

BOARD MEMBERS' AND SUPERINTENDENT'S REPORTS AND INFORMATION ITEMS

Mark Clement reported on the USBA Day on the Hill and the meetings held with legislators.

Stacy Bateman reported that the redistricting committees have begun. There is a link on the county webpage to give public input. She reported on the capital planning committee and reviewed the plan for the new Saratoga Springs high school. She thanked Frank Pulley and Eric Woodhouse for their work.

Ada Wilson reported on the teaching and learning committee. Many of the content specialists will be returning to the schools, as we move forward with the reconfiguration. She thanked the TSAs for all of the work they have done.

Julie King spoke about the loss of Mark Whitaker and the impact he had on many communities, particularly the students at Mountain Ridge and Lake Mountain. Julie extended her gratitude to him for his decades of service.

Superintendent Farnsworth also extended his love and gratitude to Mark Whitaker and his family. He and Mark taught together at the beginning of their careers and he was a great friend, administrator, and teacher. Mark will be missed by his family and fellow educators.

ADJOURNMENT

On motion by Sarah Beeson and seconded by Stacy Bateman, the meeting adjourned into closed session at 7:21PM by a roll call vote to discuss personnel, property, litigation and collective bargaining, with Stacy Bateman, Sarah Beeson, Mark Clement, Julie King, Joylin Lincoln, Emily Peterson and Ada Wilson voting in favor.

MINUTES OF THE CLOSED SESSION – JANUARY 28, 2025

The Board of Education of the Alpine School District met in a closed session on Tuesday, January 25, 2025 at 7:30 PM. The meeting was held in a conference room at the Alpine School District office.

Board members present: Board President Julie E. King, Vice Presidents Stacy M. Bateman and Emily B. Peterson, Sarah L. Beeson, Dr. Mark J. Clement, Joylin Lincoln, and Ada S. Wilson.

Also present: Superintendent Dr. Shane J. Farnsworth and Business Administrator Jason Sundberg.

The purpose of the closed session was to discuss personnel, property, litigation, and collective bargaining.

ADJOURNMENT

On motion by Mark Clement and seconded by Sarah Beeson, the meeting adjourned at 7:45 PM.

Summary of Budget Changes

January 2025

The following is a summary of the budget changes of interest for ASD during January 2025.

- ☐ During the month of January, the budget team continued its re-budgeting process in various funds and programs to reflect changes in revenue and projected expenditures. In the coming months, the Board of Education will see adjustments to the other funds and programs as well as updates on property taxes and grants as the county and state update them.
- ☐ Allocated \$6,000 in Program 0560, East Shore Online, for Explorer Program.
- ☐ Received new award in Program 0577, STEM Action Center.
- ☐ Adjusted Trustland funds in Program 5420 for schools with approved plan amendments.
- ☐ Received award in Program 5672, Prevention Block Grant, in the amount of \$309,682.
- ☐ Adjusted TSSA funds in Program 5678 to schools with approved plans.
- ☐ Received award in Program 5687, ATSI Support, in the amount of \$91,509.

The following is a summary of the budget changes of interest for ASD during December 2024.

- ☐ During the month of December, the budget team continued its re-budgeting process in various funds and programs to reflect changes in revenue and projected expenditures. In the coming months, the Board of Education will see adjustments to the other funds and programs as well as updates on property taxes and grants as the county and state update them.
- ☐ Allocated \$70,000 in Program 0082 to support Polaris Employee Daycare.
- ☐ Received \$6,000 in program 0573 for library miscellaneous grants.
- ☐ Allocated \$469,000 in Special Ed State Programs, 12xx, for approved increment class size reduction & paraeducator support.
- ☐ Adjusted budget in Program 5295, DL Cohort, to reflect actual carryover from PY amount.
- ☐ Allocated Trustland funds in Program 5420 to schools with approved plans.
- ☐ Received award in Program 5628, Education Innovation Program, for individual teacher grants at several locations.
- ☐ Adjusted TSSA funds in Program 5678 to schools with approved plans.
- ☐ Allocated additional \$1.0 Million in Program 5914, School Safety Specialist, for approved payments of Guardian Mental Health Screenings & Stipends.
- ☐ Adjusted budget in Program 9053 to reflect actual costs for Property and Liability Insurance.

Items that increased the FY25 budget and are greater than \$50,000 per policy 3056

- ☐ Adjusted budget in Program 0504, in the amount of \$53,021 for costs required for 504 Accommodations.

The following is a summary of the budget changes of interest for ASD during November 2024.

- ☐ During the month of November, the budget team continued its re-budgeting process in various funds and programs to reflect changes in revenue and projected expenditures. In the coming months, the Board of Education will see adjustments to the other funds and programs as well as updates on property taxes and grants as the county and state update them.
- ☐ Posted final allocations for supplies and music allocation in Program 0500 based on October 1st final enrollment.
- ☐ Allocated funding in Program 0502 for High School Swim Team busing costs.
- ☐ Allocated funding in Program 0504 for 504 accommodations for November.
- ☐ Allocated funding in Program 0555, Hourly Teacher, for schools utilizing hourly teachers for part of their FTE allocation.
- ☐ Received \$7,525 for STEM grant in Program 0574.
- ☐ Allocated budget in Program 0781, District Title 1, for Title 1 costs in excess of grant in Program 7801.
- ☐ Allocated Trustland funds in Program 5420 to schools with approved plans.
- ☐ Adjusted TSSA funds in Program 5678 to schools with approved plans.
- ☐ Received award of \$300,00 in Program 5813, Stipends for Future Educators Grant.

Items that increased the FY25 budget and are greater than \$50,000 per policy 3056

- ☐ Adjusted budget in Fund 32, Capital Projects Fund, in the amount of \$330,000 for costs associated with Powerschool Dashboard.

The following is a summary of the budget changes of interest for ASD during October 2024.

- ☐ During the month of October, the budget team began its re-budgeting process. This process is based on final enrollment numbers as well as changing the costs from an estimated average to actual projected. Revenues were adjusted to reflect actual carry over funding from FY2024. In the coming months, the Board of Education will see adjustments to the other funds and programs as well as updates on property taxes and grants as the county and state update them.
- ☐ Posted final allocations for supplies in Program 0500 based on October 1st final enrollment.
- ☐ Allocated funding in Program 0555, Hourly Teacher, for schools utilizing hourly teachers for part of their FTE allocation.
- ☐ Allocated Trustland funds in Program 5420 to schools with approved plans.
- ☐ Received new award of \$15,000 in Program 5628, Education Innovation Program, and allocated funding for participating schools.
- ☐ Received new award of \$143,000 in Program 5645, Transparency in Public Ed Library Materials. This funding is a pilot program to integrate Alpine School's associated library management software (Alexandra from Companion).

- ☐ Allocated TSSA funds in Program 5678 to schools with approved plans.
- ☐ Adjusted budget in Fund 30, Program 9824 to reflect the carry over balance from the FY24 approved preloaded budgeted items.

Items that increased the FY24 budget and are greater than \$50,000 per policy 3056

- ☐ Adjusted budget in Program 0001, Extra Large Class Aides, in the amount of \$102,855 to account for cost of the para-educator lane change from lane 5 to lane 6.
- ☐ Adjusted budget in Fund 32, Capital Projects Fund, in the amount of \$533,122 for costs associated with migration of Alio to Linq ERP.

The following is a summary of the budget changes of interest for ASD during September 2024.

- ☐ Allocated funding in Program 0016, Teacher Training and PD for summer training days.
- ☐ Adjusted budget in Program 0017, IVC for additional cost of salaries for school allocations.
- ☐ Created Program 0024, ASD Mentoring Program to compensate mentor teachers assisting new teachers in their 1st thru 3rd year.
- ☐ Allocated funding in Program 0500 for double bus runs for affected schools.
- ☐ Allocated funding in Program 0555, Hourly Teacher, for schools utilizing hourly teachers for part of their FTE allocation.
- ☐ Allocated percentage of revenue and expense for Program 5344, EARS, to the different sequences within the EARS program.
- ☐ Allocated Trustland funds in Program 5420 to schools with approved plans.
- ☐ Received new award of \$100,000 in Program 5628, Education Innovation Program, and allocated funding for participating schools.
- ☐ Adjusted revenue budgets in various funds and programs to reflect actual carry over.
- ☐ Removed budget in Program 5642, Elementary Counselor Supply, as the State has discontinued this program. The approved counselor supply allocation is budgeted in Program 0562.
- ☐ Adjusted budget in Program 5649, Local Innovations and Civic Education, to reflect actual award amount and expenditures.
- ☐ Adjusted budget in Program 5652, Teen Center, to match budgeted categories in the Utah Grants System.
- ☐ Allocated TSSA funds in Program 5678 to schools with approved plans.
- ☐ Allocated budget for schools in Program 6903, CTE School Counseling.
- ☐ Allocated budgets for schools from Program 9004, Elementary Supervisors, to cover cluster meeting supply expenses.
- ☐ Adjusted budgets in Fund 30, 32, and Fund 66 to reflect the carry over balance from the FY24 approved preloaded budgeted items.

The following is a summary of the budget changes of interest for ASD during August 2024.

- ☐ Adjusted budget in Program 0500, District Allocation, for approved \$70,000 increase for Polaris High School to assist with their daycare program.
- ☐ Created Program 0562, Elementary Counselor Supplies, previously allocated in Program 5642. The state has discontinued Program 5642 making it necessary to create the new program.
- ☐ Received new media grant through Utah State Library in the amount of \$12,044, recorded in Program 0573, Miscellaneous Grants.
- ☐ Updated revenue in Program 5635, Dual Language Immersion, to reflect the actual carryover and the amounts allocated by the state.
- ☐ Adjusted budget in Program 5652, Teen Center, to reflect the approved application.
- ☐ Allocated TSSA funds in Program 5678 to schools with approved plans.
- ☐ Allocated \$30,000 in Program 9026, District DLI, to pay for mandatory professional development for 1st and 2nd year teachers.

Items that increased the FY24 budget and are greater than \$50,000 per policy 3056

- ☐ Adjusted budget in Program 9010, Print Shop, for \$200,000 to purchase equipment. This equipment will be funded through in-house print revenue.

The following is a summary of the budget changes of interest for ASD during July 2024.

- ☐ Adjusted budget in Program 0025, Summer School, for participating secondary schools.
- ☐ Allocated preliminary budgets for schools in Program 0499, Textbooks and allocated approved budget for literacy textbook adoption.
- ☐ Adjusted budget in Program 0505, Behavior Student Pullout to inactivate program.
- ☐ Allocated preliminary budgets in Program 0500, District Allocations, at 75% of projected enrollments.
- ☐ Transferred budgets in Program 0560, East Shore into the newly created Program 0561, Explorer.
- ☐ Received two mini grants in Program 5295 for \$500.
- ☐ Removed budget in Program 5645, Reading Difficulties as funding is discontinued for FY25.
- ☐ Adjusted budget in Program 5649, Local Innovations Civics Education, to match grant categories.
- ☐ Allocated budget to schools in Program 5670, Competency based Learning, for school approved plans.
- ☐ Allocated TSSA funds in Program 5678 to schools with approved plans.
- ☐ Allocated funding for new award in Program 5914, School Safety Specialist Stipend.
- ☐ Adjusted revenue in Program 7365, SPED IDEA for updated funding estimates.
- ☐ Transferred budget of \$53,000 from Program 9008 into Program 9005 for Admin Conference expenses.
- ☐ Adjusted budget in Program 9007, Human Resources between objects to better reflect the planned expenditures within the program.
- ☐ Allocated funding for schools for Employee Celebration from Program 9009.

- ☐ Adjusted budget in Program 9018, Student Services for hourly office assistants.
- ☐ Adjusted budgets in Program 0007, tuition preschool to reflect increase in Federal award.
- ☐ Adjusted budget in Fund 32 Program 0000 for approved pre-loaded budget amounts from the 9XXX Programs into the control account. These budgets will be adjusted once year-end close is completed and the balances reallocated into the respective Fund 32, 9XXX programs.

Board President

Date

Drafted 1.31.25
Business Services Admin. 
For Board Meeting: FEB. 11, 2025

REAL ESTATE PURCHASE CONTRACT FOR LAND

This is a legally binding Real Estate Purchase Contract ("REPC"). If you desire legal or tax advice, consult your attorney or tax advisor.

OFFER TO PURCHASE AND EARNEST MONEY DEPOSIT

On this 12th day of February, 2025 ("Offer Reference Date") Board of Education of Alpine School District ("Buyer") offers to purchase from B&H Land Holdings, LLC ("Seller") the Property described below and ☐ delivers to the Buyer's Brokerage with this offer, or ☒ agrees to deliver no later than four (4) calendar days after Acceptance (as defined in Section 23), Earnest Money in the amount of \$ 20,000 in the form of check/wire transfer. After Acceptance of the REPC by Buyer and Seller, and receipt of the Earnest Money by the Brokerage, the Brokerage shall have four (4) calendar days in which to deposit the Earnest Money into the Brokerage Real Estate Trust Account.

Buyer's Brokerage _____ Phone: _____

Received by: _____ on _____
(Signature above acknowledges receipt of Earnest Money) (Date)

OTHER PROVISIONS

1. PROPERTY: approximately 11.5 acres within Utah County APN 59:034:0185

also described as: see Addendum #1

City of Eagle Mountain, County of Utah State of Utah, Zip 84005 (the "Property"). Any reference below to the term "Property" shall include the Property described above, together with the Included Items and water rights/water shares, if any, referenced in Sections 1.1, and 1.3.

1.1 Included Items. (specify) _____

1.2 Excluded Items. (specify) _____

1.3 Water Service. The Purchase Price for the Property shall include all water rights/water shares, if any, that are the legal source for Seller's current culinary water service and irrigation water service, if any, to the Property. The water rights/water shares will be conveyed or otherwise transferred to Buyer at Closing by applicable deed or legal instruments. The following water rights/water shares, if applicable, are specifically excluded from this sale: _____

2. PURCHASE PRICE. The Purchase Price for the Property is \$2,587,500. Except as provided in this Section, the Purchase Price shall be paid as provided in Sections 2(a) through 2(d) below. Any amounts shown in 2(b) and 2(d) may be adjusted as deemed necessary by Buyer and the Lender.

\$20,000 (a) Earnest Money Deposit. Under certain conditions described in the REPC, this deposit may become totally non-refundable.

\$ _____ (b) New Loan. Buyer may apply for mortgage loan financing (the "Loan") on terms acceptable to Buyer.

\$ _____ (c) Seller Financing. (see attached Seller Financing Addendum)

\$2,567,500 (d) Balance of Purchase Price in Cash at Settlement

\$2,587,500 PURCHASE PRICE. Total of lines (a) through (d)

3. SETTLEMENT AND CLOSING.

3.1 Settlement. Settlement shall take place no later than the Settlement Deadline referenced in Section 24(d), or as otherwise mutually agreed by Buyer and Seller in writing. "Settlement" shall occur only when all of the following have been completed: (a) Buyer and Seller have signed and delivered to each other or to the escrow/closing office all documents required by the REPC, by the Lender, by the title insurance and escrow/closing offices, by written escrow instructions (including any split closing instructions, if applicable), or by applicable law; (b) any monies required to be paid by Buyer or Seller under these documents (except for the proceeds of any new loan) have been delivered by Buyer or Seller to the other party, or to the escrow/closing office, in the form of cash, wire transfer, cashier's check, or other form acceptable to the escrow/closing office.

3.2 Prorations. All prorations, including, but not limited to, homeowner's association dues, property taxes for the current year, rents, and interest on assumed obligations, if any, shall be made as of the Settlement Deadline referenced in Section

24(d), unless otherwise agreed to in writing by the parties. Such writing could include the settlement statement. The provisions of this Section 3.2 shall survive Closing.

3.3 Greenbelt. If any portion of the Property is presently assessed as "Greenbelt" the payment of any roll-back taxes assessed against the Property shall be paid for by: ☐ Seller ☐ Buyer ☒ Split Equally Between Buyer and Seller ☐ Other (explain)

3.4 Special Assessments. Any assessments for capital improvements as approved by the HOA (pursuant to HOA governing documents) or as assessed by a municipality or special improvement district, prior to the Settlement Deadline shall be paid for by: ☐ Seller ☐ Buyer ☒ Split Equally Between Buyer and Seller ☐ Other (explain)

The provisions of this Section 3.4 shall survive Closing.

3.5 Fees/Costs/Payment Obligations. Unless otherwise agreed to in writing, Seller and Buyer shall each pay one-half (1/2) of the fee charged by the escrow/closing office for its services in the settlement/closing process. Tenant deposits (including any prepaid rents) shall be paid or credited by Seller to Buyer at Settlement. Buyer agrees to be responsible for homeowners' association and private and public utility service transfer fees, if any, and all utilities and other services provided to the Property after the Settlement Deadline. The escrow/closing office is authorized and directed to withhold from Seller's proceeds at Closing, sufficient funds to pay off on Seller's behalf all mortgages, trust deeds, judgments, mechanic's liens, tax liens and warrants. The provisions of this Section 3.5 shall survive Closing.

3.6 Closing. For purposes of the REPC, "Closing" means that: (a) Settlement has been completed; (b) the proceeds of any new loan have been delivered by the Lender to Seller or to the escrow/closing office; and (c) the applicable Closing documents have been recorded in the office of the county recorder. The actions described in 3.6 (b) and (c) shall be completed within four calendar days after Settlement.

4. POSSESSION. Seller shall deliver physical possession of the Property to Buyer as follows: ☒ Upon Closing; ☐ _____ Hours after Closing; ☐ _____ Calendar Days after Closing; ☐ Other (explain)

Any contracted rental of the Property prior to or after Closing, between Buyer and Seller, shall be by separate written agreement. Seller and Buyer shall each be responsible for any insurance coverage each party deems necessary for the Property. Seller agrees to deliver the Property to Buyer free of debris and personal belongings. The provisions of this Section 4 shall survive Closing.

5. CONFIRMATION OF AGENCY DISCLOSURE. Buyer and Seller acknowledge prior written receipt of agency disclosure provided by their respective agent that has disclosed the agency relationships confirmed below. At the signing of the REPC:

Seller's Agent	<u>Andrew Flamm</u> , represents	☒ Seller ☐ both Buyer and Seller as a Limited Agent;
Seller's Brokerage	<u>Allegiant Real Estate</u> , represents	☒ Seller ☐ both Buyer and Seller as a Limited Agent;
Buyer's Agent	<u>N/A</u> , represents	☒ Buyer ☐ both Buyer and Seller as a Limited Agent;
Buyer's Brokerage	<u>N/A</u> , represents	☒ Buyer ☐ both Buyer and Seller as a Limited Agent.

6. TITLE & TITLE INSURANCE.

6.1 Title to Property. Seller represents that Seller has fee title to the Property and will convey marketable title to the Property to Buyer at Closing by general warranty deed. Buyer does agree to accept title to the Property subject to the contents of the Commitment for Title Insurance (the "Commitment") provided by Seller under Section 7, and as reviewed and approved by Buyer under Section 8. Buyer also agrees to accept title to the Property subject to any existing leases rental and property management agreements affecting the Property not expiring prior to Closing which were provided to Buyer pursuant to Section 7(e). The provisions of this Section 6.1 shall survive Closing.

6.2 Title Insurance. At Settlement, Seller agrees to pay for and cause to be issued in favor of Buyer, through the title insurance agency that issued the Commitment, the most current version of an ALTA standard coverage owner's policy of title insurance. Any additional title insurance coverage desired by Buyer shall be at Buyer's expense.

7. SELLER DISCLOSURES. No later than the Seller Disclosure Deadline referenced in Section 24(a), Seller shall provide to Buyer the following documents in hard copy or electronic format which are collectively referred to as the "Seller Disclosures":

(a) a written Seller Property Condition Disclosure (Land) for the Property, completed, signed and dated by Seller as provided in Section 10.2;

(b) a Commitment for Title Insurance as referenced in Section 6.1;

(c) a copy of any restrictive covenants (CC&R's), rules and regulations affecting the Property;

(d) a copy of the most recent minutes, budget and financial statement for the homeowners' association, if any;

(e) a copy of any lease, rental, and property management agreements affecting the Property not expiring prior to Closing;

- (f) evidence of any water rights and/or water shares referenced in Section 1.3;
- (g) written notice of any claims and/or conditions known to Seller relating to environmental problems; and violation of any CC&R's, federal, state or local laws, and building or zoning code violations; and
- (h) Other (specify) _____

8. BUYER'S CONDITIONS OF PURCHASE.

8.1 DUE DILIGENCE CONDITION. Buyer's obligation to purchase the Property: ☒ IS ☐ IS NOT conditioned upon Buyer's Due Diligence as defined in this Section 8.1(a) below. This condition is referred to as the "Due Diligence Condition." If checked in the affirmative, Sections 8.1(a) through 8.1(c) apply; otherwise they do not.

(a) Due Diligence Items. Buyer's Due Diligence shall consist of Buyer's review and approval of the contents of the Seller Disclosures referenced in Section 7, and any other tests, evaluations and verifications of the Property deemed necessary or appropriate by Buyer, such as: the physical condition of the Property; the existence of any hazardous substances, environmental issues or geologic conditions; the square footage or acreage of the Property; the costs and availability of flood insurance, if applicable; water source, availability and quality; the location of property lines; regulatory use restrictions or violations; fees for services such as HOA dues, municipal services, and utility costs; convicted sex offenders residing in proximity to the Property; and any other matters deemed material to Buyer in making a decision to purchase the Property. Unless otherwise provided in the REPC, all of Buyer's Due Diligence shall be paid for by Buyer and shall be conducted by individuals or entities of Buyer's choice. Seller agrees to cooperate with Buyer's Due Diligence. Buyer agrees to pay for any damage to the Property resulting from any such inspections or tests during the Due Diligence.

(b) Buyer's Right to Cancel or Resolve Objections. If Buyer determines, in Buyer's sole discretion, that the results of the Due Diligence are unacceptable, Buyer may either: (i) no later than the Due Diligence Deadline referenced in Section 24(b), cancel the REPC by providing written notice to Seller, whereupon the Earnest Money Deposit shall be released to Buyer without the requirement of further written authorization from Seller; or (ii) no later than the Due Diligence Deadline referenced in Section 24(b), resolve in writing with Seller any objections Buyer has arising from Buyer's Due Diligence.

(c) Failure to Cancel or Resolve Objections. If Buyer fails to cancel the REPC or fails to resolve in writing any objections Buyer has arising from Buyer's Due Diligence, as provided in Section 8.1(b), Buyer shall be deemed to have waived the Due Diligence Condition.

8.2 APPRAISAL CONDITION. Buyer's obligation to purchase the Property: ☐ IS ☒ IS NOT conditioned upon the Property appraising for not less than the Purchase Price. This condition is referred to as the "Appraisal Condition." If checked in the affirmative, Sections 8.2(a) and 8.2(b) apply; otherwise they do not.

(a) Buyer's Right to Cancel. If after completion of an appraisal by a licensed appraiser, Buyer receives written notice from the Lender or the appraiser that the Property has appraised for less than the Purchase Price (a "Notice of Appraised Value"), Buyer may cancel the REPC by providing written notice to Seller (with a copy of the Notice of Appraised Value) no later than the Financing & Appraisal Deadline referenced in Section 24(c); whereupon the Earnest Money Deposit shall be released to Buyer without the requirement of further written authorization from Seller.

(b) Failure to Cancel. If the REPC is not cancelled as provided in this section 8.2(a), Buyer shall be deemed to have waived the Appraisal Condition.

8.3 FINANCING CONDITION. Buyer's obligation to purchase the property: ☐ IS ☒ IS NOT conditioned upon Buyer obtaining the Loan referenced in Section 2(b). This condition is referred to as the "Financing Condition." If checked in the affirmative, Sections 8.3(a) and 8.3(b) apply; otherwise they do not. If the Financing Condition applies, Buyer agrees to work diligently and in good faith to obtain the Loan.

(a) Buyer's Right to Cancel Before the Financing & Appraisal Deadline. If Buyer, in Buyer's sole discretion, is not satisfied with the terms and conditions of the Loan, Buyer may cancel the REPC by providing written notice to Seller no later than the Financing & Appraisal Deadline referenced in Section 24(c); whereupon the Earnest Money Deposit shall be released to Buyer without the requirement of further written authorization from Seller.

(b) Buyer's Right to Cancel After the Financing & Appraisal Deadline. If after expiration of the Financing & Appraisal Deadline referenced in Section 24(c), Buyer fails to obtain the Loan, meaning that the proceeds of the Loan have not been delivered by the Lender to Seller or to the escrow/closing office as required under Section 3.6 of the REPC, then Buyer or Seller may cancel the REPC by providing written notice to the other party; whereupon the Earnest Money Deposit, or Deposits, if applicable (see Section 8.4 below), shall be released to Seller without the requirement of further written authorization from Buyer. In the event of such cancellation, Seller agrees to accept as Seller's exclusive remedy, the Earnest Money Deposit, or Deposits, if applicable, as liquidated damages. Buyer and Seller agree that liquidated damages would be difficult and impractical to calculate, and the Earnest Money Deposit, or Deposits, if applicable, is a fair and reasonable estimate of Seller's damages in the event Buyer fails to obtain the Loan.

8.4 ADDITIONAL EARNEST MONEY DEPOSIT. If the REPC has not been previously cancelled by Buyer as provided in Sections 8.1, 8.2 or 8.3(a), then no later than the Due Diligence Deadline referenced in Section 24(b), or the Financing & Appraisal Deadline referenced in Section 24(c), whichever is later, Buyer: ☐ WILL ☒ WILL NOT deliver to the Buyer's Brokerage, an Additional Earnest Money Deposit in the amount of \$ _____. The Earnest Money Deposit and the Additional Earnest Money Deposit, if applicable, are sometimes referred to herein as the "Deposits". The Earnest Money Deposit, or Deposits, if applicable, shall be credited toward the Purchase Price at Closing.

9. ADDENDA. There ☒ ARE ☐ ARE NOT addenda to the REPC containing additional terms. If there are, the terms of the following addenda are incorporated into the REPC by this reference: ☒ Addendum No. 1 ☐ Seller Financing Addendum ☒ Other (specify) additional terms

10. AS-IS CONDITION OF PROPERTY.

10.1 Condition of Property/Buyer Acknowledgements. Buyer acknowledges and agrees that in reference to the physical condition of the Property: (a) Buyer is purchasing the Property in its "As-Is" condition without expressed or implied warranties of any kind; (b) Buyer shall have, during Buyer's Due Diligence as referenced in Section 8.1, an opportunity to completely inspect and evaluate the condition of the Property; and (c) if based on the Buyer's Due Diligence, Buyer elects to proceed with the purchase of the Property, Buyer is relying wholly on Buyer's own judgment and that of any contractors or inspectors engaged by Buyer to review, evaluate and inspect the Property.

10.2 Condition of Property/Seller Acknowledgements. Seller acknowledges and agrees that in reference to the physical condition of the Property, Seller agrees to: (a) disclose in writing to Buyer defects in the Property known to Seller that materially affect the value of the Property that cannot be discovered by a reasonable inspection by an ordinary prudent Buyer; (b) carefully review, complete, and provide to Buyer a written Seller Property Condition Disclosure (Land) as stated in Section 7(a); and (c) deliver the Property to Buyer in substantially the same general condition as it was on the date of Acceptance, as defined in Section 23. The provisions of Sections 10.1 and 10.2 shall survive Closing.

11. FINAL PRE-SETTLEMENT INSPECTION.

11.1 Pre-Settlement Inspection. At any time prior to Settlement, Buyer may conduct a final pre-Settlement inspection of the Property to determine only that the Property is "as represented", meaning that the items referenced in Sections 1.1, 1.3 and 8.1(b)(ii) ("the items") are respectively present, repaired or corrected as agreed. The failure to conduct a pre-Settlement inspection or to claim that an item is not as represented shall not constitute a waiver by Buyer of the right to receive, on the date of possession, the items as represented. If the items are not as represented, Seller agrees to cause all applicable items to be corrected, repaired or replaced (the "Work") prior to the Settlement Deadline referenced in Section 24(d).

11.2 Escrow to Complete the Work. If, as of Settlement, the Work has not been completed, then Buyer and Seller agree to withhold in escrow at Settlement a reasonable amount agreed to by Seller, Buyer (and Lender, if applicable), sufficient to pay for completion of the Work. If the Work is not completed within thirty (30) calendar days after the Settlement Deadline, the amount so escrowed may, subject to Lender's approval, be released to Buyer as liquidated damages for failure to complete the Work. The provisions of this Section 11.2 shall survive Closing.

12. CHANGES DURING TRANSACTION. Seller agrees that from the date of Acceptance until the date of Closing, none of the following shall occur without the prior written consent of Buyer: (a) no changes in any leases, rental or property management agreements shall be made; (b) no new lease, rental or property management agreements shall be entered into; (c) no substantial alterations or improvements to the Property shall be made or undertaken; (d) no further financial encumbrances to the Property shall be made, and (e) no changes in the legal title to the Property shall be made.

13. AUTHORITY OF SIGNERS. If Buyer or Seller is a corporation, partnership, trust, estate, limited liability company or other entity, the person signing the REPC on its behalf warrants his or her authority to do so and to bind Buyer and Seller.

14. COMPLETE CONTRACT. The REPC together with its addenda, any attached exhibits, and Seller Disclosures (collectively referred to as the "REPC"), constitutes the entire contract between the parties and supersedes and replaces any and all prior negotiations, representations, warranties, understandings or contracts between the parties whether verbal or otherwise. The REPC cannot be changed except by written agreement of the parties.

15. MEDIATION. Any dispute relating to the REPC arising prior to or after Closing: ☐ SHALL ☒ MAY AT THE OPTION OF THE PARTIES first be submitted to mediation. Mediation is a process in which the parties meet with an impartial person who helps to resolve the dispute informally and confidentially. Mediators cannot impose binding decisions. The parties to the dispute must agree before any settlement is binding. The parties will jointly appoint an acceptable mediator and share equally in the cost of such mediation. If mediation fails, the other procedures and remedies available under the REPC shall apply. Nothing in this Section 15 prohibits any party from seeking emergency legal or equitable relief, pending mediation. The provisions of this Section 15 shall survive Closing.

16. DEFAULT.

16.1 Buyer Default. If Buyer defaults, Seller may elect one of the following remedies: (a) cancel the REPC and retain the Earnest Money Deposit, or Deposits, if applicable, as liquidated damages; (b) maintain the Earnest Money Deposit, or Deposits, if applicable, in trust and sue Buyer to specifically enforce the REPC; or (c) return the Earnest Money Deposit, or Deposits, if applicable, to Buyer and pursue any other remedies available at law.

16.2 Seller Default. If Seller defaults, Buyer may elect one of the following remedies: (a) cancel the REPC, and in addition to the return of the Earnest Money Deposit, or Deposits, if applicable, Buyer may elect to accept from Seller, as liquidated damages, a sum equal to the Earnest Money Deposit, or Deposits, if applicable; or (b) maintain the Earnest Money Deposit, or Deposits, if applicable, in trust and sue Seller to specifically enforce the REPC; or (c) accept a return of the Earnest Money Deposit, or Deposits, if applicable, and pursue any other remedies available at law. If Buyer elects to accept liquidated damages, Seller agrees to pay the liquidated damages to Buyer upon demand.

17. ATTORNEY FEES AND COSTS/GOVERNING LAW. In the event of litigation or binding arbitration to enforce the REPC, the prevailing party shall be entitled to costs and reasonable attorney fees. However, attorney fees shall not be awarded for participation in mediation under Section 15. This contract shall be governed by and construed in accordance with the laws of the State of Utah. The provisions of this Section 17 shall survive Closing.

18. NOTICES. Except as provided in Section 23, all notices required under the REPC must be: (a) in writing; (b) signed by the Buyer or Seller giving notice; and (c) received by the Buyer or the Seller, or their respective agent, or by the brokerage firm representing the Buyer or Seller, no later than the applicable date referenced in the REPC.

19. NO ASSIGNMENT. The REPC and the rights and obligations of Buyer hereunder, are personal to Buyer. The REPC may not be assigned by Buyer without the prior written consent of Seller. Provided, however, the transfer of Buyer's interest in the REPC to any business entity in which Buyer holds a legal interest, including, but not limited to, a family partnership, family trust, limited liability company, partnership, or corporation (collectively referred to as a "Permissible Transfer"), shall not be treated as an assignment by Buyer that requires Seller's prior written consent. Furthermore, the inclusion of "and/or assigns" or similar language on the line identifying Buyer on the first page of the REPC shall constitute Seller's written consent only to a Permissible Transfer.

20. INSURANCE & RISK OF LOSS.

20.1 Insurance Coverage. As of Closing, Buyer shall be responsible to obtain such casualty and liability insurance coverage on the Property in amounts acceptable to Buyer and Buyer's Lender, if applicable.

20.2 Risk of Loss. If prior to Closing, any part of the Property is damaged or destroyed by fire, vandalism, flood, earthquake, or act of God, the risk of such loss or damage shall be borne by Seller; provided however, that if the cost of repairing such loss or damage would exceed ten percent (10%) of the Purchase Price referenced in Section 2, Buyer may elect to either: (i) cancel the REPC by providing written notice to the other party, in which instance the Earnest Money, or Deposits, if applicable, shall be returned to Buyer; or (ii) proceed to Closing, and accept the Property in its "As-Is" condition.

21. TIME IS OF THE ESSENCE. Time is of the essence regarding the dates set forth in the REPC. Extensions must be agreed to in writing by all parties. Unless otherwise explicitly stated in the REPC: (a) performance under each Section of the REPC which references a date shall absolutely be required by 5:00 PM Mountain Time on the stated date; and (b) the term "days" and "calendar days" shall mean calendar days and shall be counted beginning on the day following the event which triggers the timing requirement (e.g. Acceptance). Performance dates and times referenced herein shall not be binding upon title companies, lenders, appraisers and others not parties to the REPC, except as otherwise agreed to in writing by such non-party.

22. ELECTRONIC TRANSMISSION AND COUNTERPARTS. Electronic transmission (including email and fax) of a signed copy of the REPC, any addenda and counteroffers, and the retransmission of any signed electronic transmission shall be the same as delivery of an original. The REPC and any addenda and counteroffers may be executed in counterparts.

23. ACCEPTANCE. "Acceptance" occurs **only** when **all** of the following have occurred: (a) Seller or Buyer has signed the offer or counteroffer where noted to indicate acceptance; and (b) Seller or Buyer or their agent has communicated to the other party or to the other party's agent that the offer or counteroffer has been signed as required.

24. CONTRACT DEADLINES. Buyer and Seller agree that the following deadlines shall apply to the REPC:

- (a) Seller Disclosure Deadline 7 days after Acceptance (Date)
- (b) Due Diligence Deadline 60 days after Acceptance (Date)
- (c) Financing & Appraisal Deadline N/A (Date)
- (d) Settlement Deadline 90 days after Acceptance (Date)

25. OFFER AND TIME FOR ACCEPTANCE. Buyer offers to purchase the Property on the above terms and conditions. If Seller does not accept this offer by: ____ : ____ ☐ AM ☐ PM Mountain Time on _____ (Date), this offer shall lapse; and the Brokerage shall return any Earnest Money Deposit to Buyer.

(Buyer's Signature) (Offer Date) (Buyer's Signature) (Offer Date)

(Buyer's Names) (PLEASE PRINT) (Notice Address) (Zip Code) (Phone)

(Buyer's Names) (PLEASE PRINT) (Notice Address) (Zip Code) (Phone)

ACCEPTANCE/COUNTEROFFER/REJECTION

CHECK ONE:

☐ ACCEPTANCE OF OFFER TO PURCHASE: Seller Accepts the foregoing offer on the terms and conditions specified above.

☐ COUNTEROFFER: Seller presents for Buyer's Acceptance the terms of Buyer's offer subject to the exceptions or modifications as specified in the attached ADDENDUM NO. _____.

☐ REJECTION: Seller rejects the foregoing offer.

(Seller's Signature) (Date) (Time) (Seller's Signature) (Date) (Time)

(Seller's Names) (PLEASE PRINT) (Notice Address) (Zip Code) (Phone)

(Seller's Names) (PLEASE PRINT) (Notice Address) (Zip Code) (Phone)

ADDENDUM NO. 1
TO
REAL ESTATE PURCHASE CONTRACT

THIS IS AN ☒ ADDENDUM ☐ COUNTEROFFER to that REAL ESTATE PURCHASE CONTRACT (the "REPC") with an Offer Reference Date of 12th day of February, 2025 including all prior addenda and counteroffers, between Board of Education of Alpine School District as Buyer, and B&H Land Holdings, LLC as Seller, regarding the Property located at a portion of Utah County APN 59:034:0185

The following terms are hereby incorporated as part of the REPC:

1. The Property is approximately 11.5 acres within the larger parcel of Utah County APN 59:034:0185. Buyer and Seller will agree on the exact location and legal description of the Property during the Due Diligence Period, but will generally follow the location as shown on the attached exhibit.

To the extent the terms of this ADDENDUM modify or conflict with any provisions of the REPC, including all prior addenda and counteroffers, these terms shall control. All other terms of the REPC, including all prior addenda and counteroffers, not modified by this ADDENDUM shall remain the same. ☐ Seller ☐ Buyer shall have until ____:____ ☐ AM ☐ PM Mountain Time on _____ (Date), to accept the terms of this ADDENDUM in accordance with the provisions of Section 23 of the REPC. Unless so accepted, the offer as set forth in this ADDENDUM shall lapse.

☐ Buyer ☐ Seller Signature (Date) (Time) ☐ Buyer ☐ Seller Signature (Date) (Time)

ACCEPTANCE/COUNTEROFFER/REJECTION

CHECK ONE:

☐ ACCEPTANCE: ☐ Seller ☐ Buyer hereby accepts the terms of this ADDENDUM.

☐ COUNTEROFFER: ☐ Seller ☐ Buyer presents as a counteroffer the terms of attached ADDENDUM NO. ____.

(Signature) (Date) (Time) (Signature) (Date) (Time)

☐ REJECTION: ☐ Seller ☐ Buyer rejects the foregoing ADDENDUM.

(Signature) (Date) (Time) (Signature) (Date) (Time)

Subject: Geotechnical Engineering Study
The Pinnacles
Approx. 400 Aviator Avenue
Eagle Mountain, Utah
CMT Project No. 16469

Mr. Beeson:

Submitted herewith is the report of our geotechnical engineering study for the subject development. This report contains the results of our findings and an engineering interpretation of the results with respect to the available project characteristics. It also contains recommendations to aid in the design and construction of the earth related phases of this project.

On May 12, 2021, a CMT Engineering Laboratories (CMT) staff professional was on-site and supervised the excavation of 20 test pits extending to depths of about 7.5 to 8.5 feet below the existing ground surface. Soil samples were obtained during the field operations and subsequently transported to our laboratory for further testing and observation.

Conventional spread and/or continuous footings may be utilized to support the proposed residences, provided the recommendations in this report are followed. A detailed discussion of design and construction criteria is presented in this report.

We appreciate the opportunity to work with you at this stage of the project. CMT offers a full range of Geotechnical Engineering, Geological, Material Testing, Special Inspection services, and Phase I and II Environmental Site Assessments. With offices throughout Utah, Idaho and Arizona, our staff is capable of efficiently serving your project needs. If we can be of further assistance or if you have any questions regarding this project, please do not hesitate to contact us at (801) 492-4132.

Sincerely,
CMT Engineering Laboratories

Steven L. Smith, P.E.

1.0 INTRODUCTION

1.1 General

CMT Engineering Laboratories (CMT) was retained to conduct a geotechnical subsurface study for the proposed 80-acre development of single family residences. The parcel is situated at approximately 400 East Aviator Avenue in Eagle Mountain, Utah, as shown in the **Vicinity Map** below.

VICINITY MAP

1.2 Objectives, Scope and Authorization

The objectives and scope of our study were planned in discussions between Mr. Andy Flamm, and Mr. Steve Smith of CMT Engineering Laboratories (CMT). In general, the objectives of this study were to define and evaluate the subsurface soil and groundwater conditions at the site, and provide appropriate foundation, earthwork, pavement and seismic recommendations to be utilized in the design and construction of the proposed development.

In accomplishing these objectives, our scope of work has included performing field exploration, which consisted of the excavating/logging/sampling of 19 test pits, performing laboratory testing on representative samples of the subsurface soils collected in the test pits, and conducting an office program, which consisted of correlating available data, performing engineering analyses, and preparing this summary report. This scope of work was authorized by returning a signed copy of our proposal dated April 21, 2021 and executed the same day.

1.3 Description of Proposed Construction

We understand that the proposed structures will be single family residences which we project will have two levels of wood frame construction above grade and a single level of reinforced concrete below grade (basement). We project that maximum structural loads for the residences will be on the order of 4,000 pounds per lineal foot for walls and 50,000 pounds for columns. Floor slab loads are anticipated to be relatively light, with an average uniform loading not exceeding 100 pounds per square foot. If the structural loading conditions are different than we have projected, please notify us so that any appropriate modifications to our conclusions and recommendations contained herein can be made.

We anticipate that asphalt-paved residential streets will be constructed as part of the development. Traffic is projected to consist of a light volume of automobiles and pickup trucks, one or two daily medium-weight delivery trucks, a weekly garbage truck, and an occasional fire truck.

Site development will require some earthwork in the form of minor cutting and filling. A site grading plan was not available at the time of this report, but we project that maximum cuts and fills may be on the order of 2 to 3 feet. If deeper cuts or fills are planned, CMT should be notified to provide additional recommendations, if needed.

1.4 Executive Summary

Proposed residences can be supported upon conventional spread and continuous wall foundations. The most significant geotechnical aspects regarding site development include the following:

1. Approximately 4 to 6 inches of topsoil blankets the site surface, which will require removal beneath structures;
2. Subsurface natural soils consist of silty Sand (SM) followed by clayey Silt (ML) or silty Clay (CL), underlain by silty Sand (SM) and occasional sandy Gravel (GP) layers to the bottom of the test pits;
3. Groundwater was not encountered to the maximum depth explored of about 8.5 feet; and

4. Foundations and floor slabs may be placed on suitable, undisturbed natural soils or on properly placed and compacted structural fill extending to suitable, undisturbed natural soils.

CMT must assess that topsoil, undocumented fills (if encountered), debris, disturbed or unsuitable soils have been removed and that suitable soils have been encountered prior to placing site grading fills, footings, slabs, and pavements.

In the following sections, detailed discussions pertaining to the site are provided, including subsurface descriptions, geologic/seismic setting, earthwork, foundations, lateral resistance, lateral pressure, floor slabs, and pavements.

2.0 FIELD EXPLORATION

2.1 General

In order to define and evaluate the subsurface soil and groundwater conditions, 20 test pits were excavated with a backhoe at the site to depths of approximately 7.5 to 8.5 feet below the existing ground surface. Locations of the test pits are shown on **Figure 1, Site Plan**, included in the Appendix. The field exploration was performed under the supervision of an experienced member of our geotechnical staff.

Representative soil samples were collected by obtaining disturbed "grab" samples and cutting relatively undisturbed "block" samples from within the test pits. The samples were sealed in plastic bags prior to transport to the laboratory.

The subsurface soils encountered in the test pits were classified in the field based upon visual and textural examination, logged and described in general accordance with ASTM¹ D-2488. These field classifications were supplemented by subsequent examination and testing of select samples in our laboratory. Graphical representations of the subsurface conditions encountered are presented on each individual Test Pit Log, **Figures 2 through 21**, included in the Appendix. A Key to Symbols defining the terms and symbols used on the logs, is provided as **Figure 22** in the Appendix.

Upon completion of logging and sampling, the test pits were backfilled with the excavated soils. When backfilling, minimal to no effort was made to compact the backfill and no compaction testing was performed. Thus, the test pit backfill is considered undocumented fill and settlement of the backfill in the test pits over time should be anticipated.

2.2 Infiltration Testing

No infiltration testing was done for this project.

¹American Society for Testing and Materials

3.0 LABORATORY TESTING

Selected samples of the subsurface soils were subjected to various laboratory tests to assess pertinent engineering properties, as follows:

1. Moisture Content, ASTM D-2216, Percent moisture representative of field conditions
2. Dry Density, ASTM D-2937, Dry unit weight representing field conditions
3. Atterberg Limits, ASTM D-4318, Plasticity and workability
4. Gradation Analysis, ASTM D-1140/C-117, Grain Size Analysis
5. One Dimension Consolidation, ASTM D-2435, Consolidation properties

To provide data necessary for an analysis of potential settlement due to structural loading, a consolidation test was performed on each of 7 representative samples of the natural soils encountered in the test pits. Based upon data obtained from the consolidation testing, the natural soils at this site are moderately over-consolidated and moderately compressible under additional loading. There were a couple of consolidation tests that showed some minor additional settlement (collapse) of less than 1.1% when water was added during the tests, but we considered this settlement to be partly due to disturbance of the samples.

Laboratory test results are presented on the test pit logs (**Figures 2 through 21**) and in the following Lab Summary table:

LAB SUMMARY TABLE

TEST PIT	DEPTH (feet)	SAMPLE TYPE	SOIL CLASS	MOISTURE CONTENT(%)	DRY DENSITY (pcf)	GRADATION			ATTERBERG LIMITS			COLLAPSE (-)/ EXPANSION(+)

TP-20	7	Bag	SM	7						NP		

4.0 GEOLOGIC & SEISMIC CONDITIONS

4.1 Geologic Setting

The subject site is located in the northeast portion of the Cedar Valley in north-central Utah. The site sits at an elevation of between approximately 4,905 and 4,920 feet above sea level. The Cedar Valley, like the Salt Lake and Utah Valleys to the northeast and east, respectively, is a deep, sediment-filled basin that is part of the Basin and Range Physiographic Province. The valley was formed by extensional tectonic processes during the Tertiary and Quaternary geologic time periods. The valley is bordered by the Traverse Mountains and Lake Mountain on the east and the Southern Oquirrh Mountains and East Tintic Mountains on the west. The Cedar Valley is located within the Intermountain Seismic Belt, a zone of ongoing tectonism and seismic activity extending from southwestern Montana to southwestern Utah. However, unlike the Salt Lake and Utah Valleys, the Cedar Valley is not bound on one or both sides by any identified, active normal faults.

Much of northwestern Utah, including the Cedar Valley, was also previously covered by the Pleistocene age Lake Bonneville. The Great Salt Lake, located to the northwest of the valley, is a remnant of this ancient fresh water lake. Lake Bonneville reached a high-stand elevation of approximately 5,092 feet above sea level at between 18,500 and 17,400 years ago. Approximately 17,400 years ago, the lake breached its basin in southeastern Idaho and dropped relatively fast by almost 300 feet as water drained into the Snake River. Following this catastrophic release, the lake level continued to drop slowly over time, primarily driven by drier climatic conditions, until reaching the current level of the Great Salt Lake. Shoreline terraces formed at the high-stand elevation of the lake and several subsequent lower lake levels are visible in places on the mountain slopes surrounding the valley. Much of the sediment within the Cedar Valley was deposited as lacustrine sediments during both the transgressive (rise) and regressive (fall) phases of Lake Bonneville.

The geology of the USGS Cedar Fort, Utah 7.5 Minute Quadrangle, that includes the location of the subject site, has been mapped by Biek . The surficial geology at the location of the subject site and adjacent properties is mapped as "Lacustrine silt and clay" (Map Unit Qlmb) dated to be upper Pleistocene. Unit Qlmb is described in the referenced map as "Calcareous silt (marl) with minor clay and fine-grained sand; typically thick bedded; Qlmb deposited below Bonneville shoreline but above the Provo shoreline in Cedar Valley; contact with distal parts of younger alluvial-fan deposits is difficult to identify and commonly based on subtle geomorphic differences; thickness unknown" No fill has been mapped at the location of the site on the geologic map.

4.2 Faulting

No surface fault traces are shown on the referenced geologic map crossing or projecting toward the subject site. The nearest active faults are the Utah Lake Faults 7.3 miles to the east-northeast. No landslide deposits or features, including lateral spread deposits, are mapped on or adjacent to the site. The site is not located within a known or mapped potential debris flow, stream flooding, or rock-fall hazard area.

GEOLOGIC MAP

4.3 Seismicity

4.3.1 Site Class

Utah has adopted the International Building Code (IBC) 2018, which determines the seismic hazard for a site based upon 2014 mapping of bedrock accelerations prepared by the United States Geologic Survey (USGS) and the soil site class. The USGS values are presented on maps incorporated into the IBC code and are also available based on latitude and longitude coordinates (grid points). For site class definitions, IBC 2018 Section 1613.2.2 refers to Chapter 20, Site Classification Procedure for Seismic Design, of ASCE² 7-16, which stipulates that the average values of shear wave velocity, blow count and/or shear strength within the upper 100 feet (30 meters) be utilized to determine seismic site class.

Based on average shear wave velocity data within the upper 30 meters ($V_{s,30}$) published by McDonald and Ashland³, the subject site is located within unit description Q02U, which has a log-mean $V_{s,30}$ of 294 meters per

²American Society of Civil Engineers

³ McDonald, G.N. and Ashland, F.X., 2008, "Earthquake Site-Conditions Map for the Wasatch Front Urban Corridor, Utah," Utah Geological Survey Special Study 125, 41 pp.

second (964 feet per second). Thus, it is our opinion the site best fits Site Class D – Stiff Soil Profile (with data) which we recommend for seismic structural design.

4.3.2 Seismic Design Category

The 2014 USGS mapping utilized by the IBC provides values of peak ground, short period and long period spectral accelerations for the Site Class B/C boundary and the Risk-Targeted Maximum Considered Earthquake (MCE_R). This Site Class B/C boundary represents average bedrock values for the Western United States and must be corrected for local soil conditions. The Seismic Design Categories in the International Residential Code (IRC 2018 Table R301.2.2.1.1) are based upon the Site Class as addressed in the previous section. For Site Class D at site grid coordinates of 40.3235 degrees north latitude and -112.0390 degrees west longitude, S_{DS} is 0.586 and the **Seismic Design Category** is D_0 .

4.3.3 Liquefaction

Liquefaction is defined as the condition when saturated, loose, sandy soils lose their support capabilities because of excessive pore water pressure which develops during a seismic event. Clayey soils, even if saturated, will generally not liquefy during a major seismic event.

The site appears to be located within an area designated by the Utah Geologic Survey⁴ as having “Very Low” liquefaction potential. This is considered a having less than 5% probability that within a 100-year period an earthquake strong enough to cause liquefaction will occur.

A special liquefaction study was not performed for this site. We encountered unsaturated soils within the depths we explored. In our opinion, the subsurface conditions we encountered support the mapped very low liquefaction potential designation.

4.4 Other Geologic Hazards

No landslide deposits or features, including break away scarps or other features associated with lateral spreading, are mapped on or adjacent to the site. The site is not located within a known or mapped potential debris flow, stream flooding⁵, or rock fall hazard area.

⁴ Utah Geological Survey, "Liquefaction-Potential Map for a Part of Utah County, Utah," Utah Geological Survey Public Information Series 28, August 1994. https://ugspub.nr.utah.gov/publications/public_information/pi-28.pdf

5.0 SITE CONDITIONS

5.1 Surface Conditions

At the time the test pits were excavated the site consisted of fields vegetated agriculturally with “left-over” wheat. The site grade is level with only 3 to 4 feet of slope in north to south and east to west. Based upon aerial photos readily available online dating back to 1985, the site appears to have been cultivated since that time. The site is bounded on the north, south, east, and west by fields (see **Vicinity Map** in **Section 1.1** above).

5.2 Subsurface Soils

At the locations of the test pits we encountered approximately 4 to 6 inches of topsoil at the surface. Subsurface natural soils observed beneath the topsoil consisted of light brown to brown silty Sand (SM) to silty Clay or Silt (CL, ML) over silty Sand (SM). We found some sandy Gravel (GP) layers at the bottom of TP-13 and TP-18. All of the soils in the test pits were medium-stiff, dense or medium-dense.

For a more descriptive interpretation of subsurface conditions, please refer to the test pit logs, **Figures 2 through 20**, which graphically represent the subsurface conditions encountered. The lines designating the interface between soil types on the logs generally represent approximate boundaries - in situ, the transition between soil types may be gradual.

5.3 Groundwater

Groundwater was not encountered at the time of our field explorations within the maximum depth explored of about 8.5 feet below the existing ground surface. Therefore, groundwater is not anticipated to be encountered during construction.

Groundwater levels can fluctuate seasonally and in response to numerous other factors such as heavy precipitation, irrigation of neighboring land, and other unforeseen factors. Seasonal fluctuations are typical in the range of 1.5 to 2 feet. The detailed evaluation of these and other factors, which may be responsible for ground water fluctuations, and the magnitude of potential fluctuations, is beyond the scope of this study.

5.4 Site Subsurface Variations

Based on the results of the subsurface explorations and our experience, variations in the continuity and nature of subsurface conditions should be anticipated. Due to the heterogeneous characteristics of natural soils, care should be taken in interpolating or extrapolating subsurface conditions between or beyond the exploratory locations.

Also, when logging and sampling of the test pits was completed, the test pits were backfilled with the excavated soils but minimal to no effort was made to compact these soils. Thus, the test pit backfill is considered undocumented fill and settlement of the backfill in the test pits over time should be anticipated.

6.0 SITE PREPARATION AND GRADING

6.1 General

All deleterious materials should be stripped from the site prior to commencement of construction activities. This includes vegetation, topsoil, loose and disturbed soils, etc. Based upon the conditions observed in the test pits there is topsoil on the surface of the site which we estimated to be about 6 inches in thickness. When stripping and grubbing, topsoil should be distinguished by the apparent organic content and not solely by color; thus we estimate that topsoil stripping will need to include the upper 6 inches. However, given the past agricultural uses of the site, the upper 12 inches may have been disturbed during farming.

Following stripping and grubbing the site should be observed by a CMT geotechnical engineer to assess that suitable natural soils have been exposed and any deleterious materials, loose and/or disturbed soils have been removed, prior to placing site grading fills, footings, slabs, and pavements.

Fill placed over large areas to raise overall site grades can induce settlements in the underlying natural soils. If more than 3 feet of site grading fill is anticipated over the natural ground surface, we should be notified to assess potential settlements and provide additional recommendations as needed. These recommendations may include placement of the site grading fill far in advance to allow potential settlements to occur prior to construction.

6.2 Temporary Excavations

Excavations deeper than 8 feet are not anticipated at the site. Groundwater was not encountered within the depths explored, about 7.5 to 8.5 feet at the time of our field explorations, and thus is not anticipated to be encountered in excavations to that depth.

The natural soils encountered at this site predominantly consisted of silt/clay. In clayey (cohesive) soils, temporary construction excavations not exceeding 4 feet in depth may be constructed with near-vertical side slopes. Temporary excavations up to 8 feet deep, above or below groundwater, may be constructed with side slopes no steeper than one-half horizontal to one vertical (0.5H:1V).

For sandy/gravelly (cohesionless) soils, temporary construction excavations not exceeding 4 feet in depth should be no steeper than one-half horizontal to one vertical (0.5H:1V). For excavations up to 8 feet and above groundwater, side slopes should be no steeper than one horizontal to one vertical (1H:1V). Excavations encountering saturated cohesionless soils will be very difficult to maintain, and will require very flat side slopes and/or shoring, bracing and dewatering.

To reduce disturbance of the natural soils during excavation, we recommend that smooth edge buckets/blades be utilized.

All excavations must be inspected periodically by qualified personnel. If any signs of instability or excessive sloughing are noted, immediate remedial action must be initiated. All excavations should be made following OSHA safety guidelines.

6.3 Fill Material

Following are our recommendations for the various fill types we anticipate will be used at this site:

FILL MATERIAL TYPE	DESCRIPTION RECOMMENDED SPECIFICATION
Structural Fill	Placed below structures, flatwork and pavement. Well-graded sand/gravel mixture, with maximum particle size of 4 inches, a minimum 70% passing 3/4-inch sieve, a maximum 20% passing the No. 200 sieve, and a maximum Plasticity Index of 10.
Site Grading Fill	Placed over larger areas to raise the site grade. Sandy to gravelly soil, with a maximum particle size of 6 inches, a minimum 70% passing 3/4-inch sieve, a maximum 50% passing No. 200 sieve, and a maximum Plasticity Index of 15.
Non-Structural Fill	Placed below non-structural areas, such as landscaping. On-site soils or imported soils, with a maximum particle size of 8 inches, including silt/clay soils not containing excessive amounts of degradable/organic material (see discussion below).
Stabilization Fill	Placed to stabilize soft areas prior to placing structural fill and/or site grading fill. Coarse angular gravels and cobbles 1 inch to 8 inches in size. May also use 1.5-inch to 2.0-inch gravel placed on stabilization fabric, such as Mirafi RS280i, or equivalent (see Section 6.6).

On-site soils are not suitable for use as structural fill, but may be used as site grading fill and non-structural fill. Note that these soils will be inherently more difficult to work with in proper moisture conditioning (they are very sensitive to changes in moisture content), requiring very close moisture control during placement and compaction. This will be very difficult, if not impossible, during wet and cold periods of the year. We also recommend the site grading fill thickness using on-site soils not exceed a maximum of 3 feet below structures, to minimize potential settlements.

All fill material should be approved by a CMT geotechnical engineer prior to placement.

6.4 Fill Placement and Compaction

The various types of compaction equipment available have their limitations as to the maximum lift thickness that can be compacted. For example, hand operated equipment is limited to lifts of about 4 inches and most “trench compactors” have a maximum, consistent compaction depth of about 6 inches. Large rollers, depending on soil and moisture conditions, can achieve compaction at 8 to 12 inches. The full thickness of each lift should be compacted to at least the following percentages of the maximum dry density as determined by ASTM D-1557 (or AASHTO⁶ T-180) in accordance with the following recommendations:

⁶ American Association of State Highway and Transportation Officials

LOCATION	TOTAL FILL THICKNESS (FEET)	MINIMUM PERCENTAGE OF MAXIMUM DRY DENSITY
Beneath an area extending at least 4 feet beyond the perimeter of structures, and below flatwork and pavement (applies to structural fill and site grading fill) extending at least 2 feet beyond the perimeter	0 to 5	95
	5 to 8	98
Site grading fill outside area defined above	0 to 5	92
	5 to 8	95
Utility trenches within structural areas	--	96
Roadbase and subbase	-	96
Non-structural fill	0 to 5	90
	5 to 8	92

Structural fills greater than 8 feet thick are not anticipated at the site. For best compaction results, we recommend that the moisture content for structural fill/backfill be within 2% of optimum. Field density tests should be performed on each lift as necessary to verify that proper compaction is being achieved.

6.5 Utility Trenches

For the bedding zone around the utility, we recommend utilizing sand bedding fill material that meets current APWA⁷ requirements.

All utility trench backfill material below structurally loaded facilities (foundations, floor slabs, flatwork, parking lots/drive areas, etc.) should be placed at the same density requirements established for structural fill in the previous section.

Most utility companies and local governments are requiring Type A-1a or A-1b (AASHTO Designation) soils (sand/gravel soils with limited fines) be used as backfill over utilities within public rights of way, and the backfill be compacted over the full depth above the bedding zone to at least 96% of the maximum dry density as determined by AASHTO T-180 (ASTM D-1557).

Where the utility does not underlie structurally loaded facilities and public rights of way, natural soils may be utilized as trench backfill above the bedding layer, provided they are properly moisture conditioned and compacted to the minimum requirements stated above in **Section 6.4**.

6.6 Stabilization

The natural silt and clay soils at this site will likely be susceptible to rutting and pumping. The likelihood of disturbance or rutting and/or pumping of the existing natural soils is a function of the load applied to the surface, as well as the frequency of the load. Consequently, rutting and pumping can be minimized by avoiding concentrated traffic, minimizing the load applied to the surface by using lighter equipment and/or partial loads,

⁷ American Public Works Association

by working in drier times of the year, or by providing a working surface for the equipment. Rubber-tired equipment particularly, because of high pressures, promotes instability in moist/wet, soft soils. If rutting or pumping occurs, traffic should be stopped and the disturbed soils should be removed and replaced with stabilization material. Typically, a minimum of 18 inches of the disturbed soils must be removed to be effective. However, deeper removal is sometimes required.

To stabilize soft subgrade conditions (if encountered), a mixture of coarse, clean, angular gravels and cobbles and/or 1.5- to 2.0-inch clean gravel should be utilized, as indicated above in **Section 6.3**. Often the amount of gravelly material can be reduced with the use of a geotextile fabric such as Mirafi RS280i or equivalent. Its use will also help avoid mixing of the subgrade soils with the gravelly material. After excavating the soft/disturbed soils, the fabric should be spread across the bottom of the excavation and up the sides a minimum of 18 inches. Otherwise, it should be placed in accordance with the manufacturer's recommendation, including proper overlaps. The gravel material can then be placed over the fabric in compacted lifts as described above.

7.0 FOUNDATION RECOMMENDATIONS

The following recommendations have been developed on the basis of the previously described project characteristics, including the maximum structural loads discussed in **Section 1.3**, the subsurface conditions observed in the field and the laboratory test data, and standard geotechnical engineering practice.

7.1 Foundation Recommendations

Based on our geotechnical engineering analyses, the proposed residences may be supported upon conventional spread and/or continuous wall foundations placed on suitable, undisturbed natural soils and/or on structural fill extending to suitable natural soils. Footings may be designed using a net bearing pressure of 1,500 psf if placed on suitable, undisturbed, natural soils or 2,000 psf if placed on a minimum 18 inches of structural fill.

The term "net bearing pressure" refers to the pressure imposed by the portion of the structure located above lowest adjacent final grade, thus the weight of the footing and backfill to lowest adjacent final grade need not be considered. The allowable bearing pressure may be increased by 1/3 for temporary loads such as wind and seismic forces.

We also recommend the following:

1. Exterior footings subject to frost should be placed at least 30 inches below final grade.
2. Interior footings not subject to frost should be placed at least 16 inches below grade.
3. Continuous footing widths should be maintained at a minimum of 18 inches.
4. Spot footings should be a minimum of 24 inches wide.

7.2 Installation

Under no circumstances shall foundations be placed on undocumented fill (if encountered), topsoil with organics, sod, rubbish, construction debris, other deleterious materials, frozen soils, or within ponded water. If

these or other unsuitable soils are encountered, they must be completely removed and replaced with properly compacted structural fill.

All structural fill used below footings and floor slabs should meet the requirements for such, and should be placed and compacted in accordance with **Section 6** above. The width of structural replacement fill below footings should be equal to the width of the footing plus 1 foot for each foot of fill thickness. For instance, if the footing width is 2 feet and the structural fill depth beneath the footing is 2 feet, the fill replacement width should be 4 feet, centered beneath the footing.

The minimum thickness of structural fill below footings should be equivalent to one-third the thickness of structural fill below any other portion of the foundations. For example, if the maximum depth of structural fill is 6 feet, all footings for the new structure should be underlain by a minimum 2 feet of structural fill.

7.3 Estimated Settlement

Foundations designed and constructed in accordance with our recommendations could experience some settlement, but we anticipate that total settlements of footings founded as recommended above will not exceed 1 inch, with differential settlements on the order of 0.5 inches over a distance of 25 feet. We expect approximately 50% of the total settlement to initially take place during construction.

7.4 Lateral Resistance

Lateral loads imposed upon foundations due to wind or seismic forces may be resisted by the development of passive earth pressures and friction between the base of the footings and the supporting soils. In determining frictional resistance, a coefficient of 0.37 for natural silt/clay soils or 0.40 for natural sand/gravel soils and structural fill, may be utilized for design. Passive resistance provided by properly placed and compacted natural silt/sand soils above the water table may be considered equivalent to a fluid with a density of 375 pcf. A combination of passive earth resistance and friction may be utilized if the passive pressure component of the total is divided by 1.5.

8.0 LATERAL EARTH PRESSURES

We project that basement walls up to 8 feet tall will be constructed at this site. The lateral earth pressure values given below are for a backfill material that will consist of drained silt/sand soils (less than 10% passing No. 200 sieve) placed and compacted in accordance with the recommendations presented herein. If other soil types will be used as backfill, we should be notified so that appropriate modifications to these values can be provided, as needed.

The lateral pressures imposed upon subgrade facilities will depend upon the relative rigidity and movement of the backfilled structure. Following are the recommended lateral pressure values, which also assume that the soil surface behind the wall is horizontal and that the backfill within 3 feet of the wall will be compacted with hand-operated compacting equipment.

CONDITION	STATIC (psf/ft)*	SEISMIC (psf)**
Active Pressure (wall is allowed to yield, i.e. move away from the soil, with a minimum 0.001H movement/rotation at the top of the wall, where "H" is the total height of the wall)	37	144
At-Rest Pressure (wall is not allowed to yield)	56	384
Passive Pressure (wall moves into the soil)	375	225

*Equivalent Fluid Pressure (applied at 1/3 Height of 8-foot High Wall)

**Uniform Pressure, Seismic Only (applied at 1/2 Height of 8-foot High Wall)

9.0 FLOOR SLABS

Floor slabs may be established upon suitable, undisturbed, natural soils and/or on structural fill extending to suitable natural soils (same as for foundations). Under no circumstances shall floor slabs be established directly on topsoil, undocumented fills, loose or disturbed soils, sod, rubbish, construction debris, other deleterious materials, frozen soils, or within ponded water.

In order to facilitate curing of the concrete, we recommend that floor slabs be directly underlain by at least 4 inches of "free-draining" fill, such as "pea" gravel or 3/4-inch to 1-inch minus, clean, gap-graded gravel. To help control normal shrinkage and stress cracking, the floor slabs should have the following features:

1. Adequate reinforcement for the anticipated floor loads with the reinforcement continuous through interior floor joints;
2. Frequent crack control joints; and
3. Non-rigid attachment of the slabs to foundation walls and bearing slabs.

10.0 DRAINAGE RECOMMENDATIONS

10.1 Surface Drainage

It is important to the long-term performance of foundations and floor slabs that water not be allowed to collect near the foundation walls and infiltrate into the underlying soils. We recommend the following:

1. All areas around each residence should be sloped to provide drainage away from the foundations. We recommend a minimum slope of 4 inches in the first 10 feet away from the structure. This slope should be maintained throughout the lifetime of the structure.
2. All roof drainage should be collected in rain gutters with downspouts designed to discharge at least 10 feet from the foundation walls or well beyond the backfill limits, whichever is greater.
3. Adequate compaction of the foundation backfill should be provided. We suggest a minimum of 90% of the maximum laboratory density as determined by ASTM D-1557. Water consolidation methods should not be used under any circumstances.

4. Landscape sprinklers should be aimed away from the foundation walls. The sprinkling systems should be designed with proper drainage and be well-maintained. Over watering should be avoided.
5. Other precautions that may become evident during construction.

10.2 Foundation Subdrains

Groundwater was not encountered within the depths explored therefore it is our opinion that perimeter foundation subdrains are not needed for this site.

11.0 PAVEMENTS

All pavement areas must be prepared as discussed above in **Section 6.1**. Under no circumstances shall pavements be established over topsoil, non-engineered fills (if encountered), loose or disturbed soils, sod, rubbish, construction debris, other deleterious materials, frozen soils, or within ponded water.

In roadway areas, subsequent to stripping and prior to the placement of pavement materials, the exposed subgrade must be proof rolled by passing moderate-weight rubber tire-mounted construction equipment over the surface at least twice. If excessively soft or otherwise unsuitable soils are encountered, we recommend they be removed to a minimum of 18 inches below the subgrade level and replaced with structural fill.

We anticipate the natural silt/clay soils will exhibit poor pavement support characteristics when saturated or nearly saturated. Based on our laboratory testing experience with similar soils, our pavement design utilized a California Bearing Ratio (CBR) of 3 for the natural silt/clay soils.

Given the projected traffic as discussed above in **Section 1.3**, the following pavement sections are recommended for approximately 4 ESAL's (18-kip equivalent single-axle loads) per day:

MATERIAL	PAVEMENT SECTION THICKNESS (inches)	
Asphalt	3	3
Road-Base	8	4
Subbase	0	6
Total Thickness	11	14

Untreated base course (UTBC) should conform to city specifications, or to 1-inch-minus UDOT specifications for A-1-a/NP, and have a minimum CBR value of 70%. Material meeting our specification for structural fill can be used for subbase, as long as the fines content (percent passing No. 200 sieve) does not exceed 15%. Roadbase and subbase material should be compacted as recommended above in **Section 6.4**. Asphalt material generally should conform to APWA requirements, having a ½-inch maximum aggregate size, a 75-gyraton Superpave mix containing no more than 15% of recycled asphalt (RAP) and a PG58-28 binder.

12.0 QUALITY CONTROL

We recommend that CMT be retained as part of a comprehensive quality control testing and observation program. With CMT on-site we can help facilitate implementation of our recommendations and address, in a timely manner, any subsurface conditions encountered which vary from those described in this report. Without such a program CMT cannot be responsible for application of our recommendations to subsurface conditions which may vary from those described herein. This program may include, but not necessarily be limited to, the following:

12.1 Field Observations

Observations should be completed during all phases of construction such as site preparation, foundation excavation, structural fill placement and concrete placement.

12.2 Fill Compaction

Compaction testing by CMT is required for all structural supporting fill materials. Maximum Dry Density (Modified Proctor, ASTM D-1557) tests should be requested by the contractor immediately after delivery of any fill materials. The maximum density information should then be used for field density tests on each lift as necessary to ensure that the required compaction is being achieved.

12.3 Excavations

All excavation procedures and processes should be observed by a geotechnical engineer from CMT or their representative. In addition, for the recommendations in this report to be valid, all backfill and structural fill placed in trenches and all pavements should be density tested by CMT. We recommend that freshly mixed concrete be tested by CMT in accordance with ASTM designations.

13.0 LIMITATIONS

The recommendations provided herein were developed by evaluating the information obtained from the subsurface explorations and soils encountered therein. The exploration logs reflect the subsurface conditions only at the specific location at the particular time designated on the logs. Soil and ground water conditions may differ from conditions encountered at the actual exploration locations. The nature and extent of any variation in the explorations may not become evident until during the course of construction. If variations do appear, it may become necessary to re-evaluate the recommendations of this report after we have observed the variation.

Our professional services have been performed, our findings obtained, and our recommendations prepared in accordance with generally accepted geotechnical engineering principles and practices. This warranty is in lieu of all other warranties, either expressed or implied.

We appreciate the opportunity to be of service to you on this project. If we can be of further assistance or if you have any questions regarding this project, please do not hesitate to contact us at (801) 492-4132. To schedule materials testing, please call (801) 381-5141.

**BOARD RESOLUTION
FOR THE SALE OF 11.46 ACRES LOCATED
IN EAGLE MOUNTAIN, UTAH**

WHEREAS, it is deemed desirable and in the best interests of the Alpine School District that the following action be taken by the ASD Board of Education, pursuant to this Resolution,

NOW THEREFORE BE IT RESOLVED that pursuant to applicable law, the Board of Education of the Alpine School District, hereby consent to, approve, and adopt the following:

**A RESOLUTION AUTHORIZING THE SALE OF 11.46 ACRES
IN EAGLE MOUNTAIN, UTAH
TO UDOT FOR A FREEWAY EXPANSION PROJECT
PARCEL 59:042:0008 (formerly Steve Smith Property/Aviator Dr)
FOR THE PURCHASE PRICE OF APPROXIMATELY \$2.7 MILLION
(CITY APPROVAL RESOLUTIONS ATTACHED)**

Board President

Date

Drafted 1.31.25
Business Services Admin. 
For Board Meeting: FEB. 11, 2025

RESOLUTION R24-66 (12-3-24)

**A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF
SARATOGA SPRINGS, UTAH, CONSENTING TO THE
TRANSFER OF TITLE TO PROPERTY LOCATED IN THE
BOUNDARY OF THE INTERLOCAL OF THE NEW SCHOOL
DISTRICT IN WEST UTAH COUNTY**

WHEREAS, in the 2024 General Election, voters approved a proposal to create a new school district consisting of the boundaries of the incorporated limits of Saratoga Springs, Eagle Mountain, Fairfield, and Cedar Fort, plus the unincorporated areas in the western portions of the existing Alpine School District; and

WHEREAS, Alpine School District wishes to sell Utah County Parcel 59:042:0008, located within the boundaries of the new school district, as it is in the direct path of a proposed new highway; and

WHEREAS, Utah Code Annotated 53G-3-302(6) states that a divided school district may not transfer or agree to transfer title to district property beginning on the day the new school district is created, without the prior consent of the legislative bodies of all interlocal agreement participants in which the boundaries of the new school district are located; and

WHEREAS, the City Council of the City of Saratoga Springs, Utah, finds it is in the public interest to consent to the sale of Utah County Parcel 59:042:0008 to allow Alpine School District to purchase a new parcel in the same area that is not affected by a future highway.

NOW THEREFORE, BE IT RESOLVED by the City Council of the City of Saratoga Springs, Utah:

1. The City Council of the City of Saratoga Springs, Utah, consents to the sale of Utah County Parcel 59:042:0008.
2. This Resolution shall become effective immediately upon its passing.

PASSED AND APPROVED this 3rd day of December, 2024.

City of Saratoga Springs

Mayor

Elementary Curriculum Plan

Literacy, Math, Science

2025-2029

Overview

In an effort to provide all teachers and students stability and continuity throughout the reconfiguration transition, we recommend extending curriculum for language arts, math and science until at least July 2029, two years after the new districts begin operation.

The purpose of extending curriculum contracts is to:

- Ensure students and teachers have the tools they need for successful learning during the transition.
- Give students, teachers and parents continuity, as these are materials they are currently using and familiar with.
- Allow each new district time to develop their educational philosophies, move forward with their own curriculum adoption processes and train their teachers on newly adopted curriculum. The typical timeframe for a literacy and math curriculum adoption is approximately 3 years. (See page 6, question 4 for more details)

Summary of Expenses

	Extending to July 2029	Extending to July 2028
Literacy*	N/A	N/A
Math	\$2.8 million	\$1.5 million
Science	\$1.43 million	\$1.18 million
Total	\$4.23 million	\$2.68 million

*Wonders 2023 contract expires in July 2030. The \$7.9 million for Wonders has already been approved in current budgets. Growth classrooms for Literacy would require additional licenses. (See page 6, question 2 for further details)

K-6 LITERACY	
State Core Standards	New state core standards adopted 2023-24 school year
Current Curriculum	• Wonders 2023 (K-5) StudySync (6th) • Full district adoption of new materials in the 2025-26 school year
Looking Forward	In contract with McGraw-Hill (Wonders/StudySync) until the end of the 2029-30 school year
Cost of Materials	• Already allocated for in current budgets • No additional funds are needed for the current contract • Per student contract • Additional funds will be needed if there is growth. (See page 5, question 2)
Decision Deadline	N/A

K-6 MATH	
State Core Standards	New state math standards anticipated to be released in the 2027-28 school year
Current Curriculum	• i-Ready • Adopted in 2021-22 *Please note that this is only for the classroom curriculum. i-Ready student personalized software is not part of our contract and has been purchased yearly with STEM action center grants and textbook funds.
Looking Forward	• i-Ready contract expires at the end of the 2026-27 school year • Recommend extending the iReady contract for 2 years (until July 2029) to give new districts time to look at the new standards, adopt a math philosophy, and complete an adoption process.
Cost of Materials	Extending through July 2028: \$1.5 million Extending through July 2029: \$2.8 million • Per student contract • Additional funds will be needed if there is growth • i-Ready does allow a cancellation of contract with a prorated refund and this guarantee will be extended to the new districts.
Decision Deadline	Prices typically increase about \$1 per student every year. New prices go into effect each calendar year on January 1.

K-12 SCIENCE	
State Core Standards	New state standards are on pause. No date pending.
Current Curriculum	● OpenSciEd: Currently being developed (K-6) A research-based, three-dimensional science curriculum with the highest approval ratings in the Recommended Instructional Materials System (RIMS) from USBE. Requires supplementation for simulations & assessment. ● Gizmos (3-12) A library of interactive online simulations that allow students to explore and manipulate scientific and mathematical concepts. Their Parent Company is Cambium Assessments, which writes the RISE. ● Mystery Science (K-5) Provides online, ready-to-teach, video-based science lessons designed for elementary teachers with ease of use in mind. Requires supplementation for alignment, simulations, assessment & rigor. ● Mission.io (K-9) An innovative assessment platform that immerses students in collaborative, real-world simulations, enabling educators to evaluate knowledge, skills, and dispositions in a three-dimensional manner.
Looking Forward	● OpenSciEd: Elementary Science Team will finish the curriculum by July 2027 in correlation with Open SciEd ● Gizmos: Expires October 2026 ● Mystery Science: Expires June 2026 ● Mission.io: Expires June 2026 We recommend purchasing extensions on Gizmos, Mystery Science, and Mission.io to July 2029.
Cost of Materials	● OpenSciEd: This is an open-source curriculum. ○ No continued licensing cost is necessary. ● Gizmos: ○ Through July 2028: \$443,759.03 ■ 2025 pricing x 20-month ○ Through July 2029: \$594,236.81 ■ Discounted pricing x 32-month ● Mystery Science: ○ Through July 2028: \$239,880 ■ \$1,999 pricing x 60 schools x 2 years ○ Through July 2029: \$251,100 ■ \$604 discount pricing x 60 x 3 years ● Mission.io: ○ Through July 2028: \$489,456 ■ 2025 pricing x 24-month ○ Through July 2029: \$577,830 ■ Discounted pricing x 36-month
Decision Deadline	Discounted 3-Year pricing deadlines: April 30th, 2025 ● Gizmos, Mystery Science, & Mission.io

Frequently Asked Questions

1. Is there a cost savings by purchasing these curriculum materials now?

MATH: Yes! For i-Ready there are two parts to this question. First, prices go up about \$1 per student each calendar year. Second, by purchasing this extension as one district we are saving money. If each new district were to extend on their own, the cost for each district would be about 14% higher than if we extend one single contract before the split.

LITERACY: The materials are already purchased in our current contract which ends in July 2030.

SCIENCE: Yes! By securing contracts now for K-12 Science, we lock in discounted bulk pricing and can get larger discounts in per-year renewals. For example, Mystery Science provided a discounted rate of \$604 per school when renewed over three years for all the schools, which is a 70% discount on their per-school cost. For Gizmos, pricing increases annually, but we were able to secure 2024 pricing and large discounts for a three-year renewal, which cut over \$115,000 from our final price. Without these discounts and bulk pricing, we would pay the yearly increase in per-student price. Mission.io provided an additional 20% discount for 3-year renewals, and bulk pricing allowed for a discount of \$288,915 off the final cost. That is a 33% discount from the original pricing.

2. What if the student count changes between when we purchase the contract and when the districts split?

MATH: iReady allows for 1-year student subscriptions to be purchased if additional licenses are needed.

LITERACY: For growth classrooms, an adjusted contract will be purchased. If there are 2 years left on the contract, then the contract for that additional classroom will be for 2 years, etc. Individual student licenses can be purchased as needed. This is our current practice with our current materials. We have been spending approximately \$200,000 per year on growth materials. Currently, growth materials are paid out of textbook funds through the Curriculum department.

SCIENCE: Gizmos, Mystery Science & Mission.io are all set up as site-based licenses. This allows for any fluctuations in final student enrollment numbers at each site. No adjustments to the licenses will be necessary.

3. Can the new districts cancel these curriculum contracts?

These extensions obligate the company to our districts and guarantee access to curriculum and student materials. The new districts will be under no ongoing financial obligation, except for growth materials in Literacy and Math.

iReady does allow for cancellation of contracts and gives a prorated refund at that time. This guarantee extends to the new districts. There is no refund available for cancellation with Literacy or Science contracts.

4. What procedures and timelines are necessary for curriculum adoption?

A typical timeline for the curriculum adoption process is approximately 3 years and includes the following steps:

- Curriculum exploration and evaluation, including consideration of new state standards and any state requirements
- Forming a textbook adoption committee
- Coordinating vendor presentations for the adoption committee
- Identifying pilot schools and providing them time to pilot the curricula
- Providing opportunities for stakeholder feedback
- Selecting a curriculum and providing training for teachers

Please see the next two pages for a more detailed description of the curriculum adoption process.

Curriculum Adoption Process

1. Curriculum Exploration and Evaluation

- Obtain a comprehensive list of state-approved curricula (if applicable).
- Coordinate with other districts currently utilizing state-approved curricula to assess the advantages and disadvantages of their selected programs.
- Meet with curriculum vendors to evaluate their offerings and determine how well they align with the district's educational needs.

2. Formation of Textbook Adoption Committee

- Establish a diverse textbook adoption committee composed of key stakeholders, including:
 - Educators (teachers, coaches)
 - School leadership (principals)
 - District specialists from various departments
 - Administrative directors and supervisors
 - Parent representatives

3. Development of Evaluation Criteria

- Develop a detailed set of evaluation criteria, based on both state and district standards, to guide the textbook adoption committee during the vendor presentations.

4. Vendor Presentations

- Coordinate vendor presentations for the textbook adoption committee, ensuring that all relevant information regarding the curriculum offerings is provided.

5. Pilot Program Selection

- Identify and select appropriate schools to pilot the curriculum(s).
- Present the proposed curriculum(s) to the school board for approval prior to initiating the pilot program.
- Procure and organize the logistics for the distribution of the curriculum(s) in the selected schools.

6. Stakeholder Engagement and Feedback

- Host open house events at multiple locations across the district to allow stakeholders to review the curriculum and provide constructive feedback.

7. Final Curriculum Selection

- Analyze feedback from the pilot program and stakeholder engagement sessions to finalize the curriculum selection.
- Engage with vendors to discuss pricing, terms, and contract details.
- Present the final curriculum selection and vendor contract to the school board for approval.

8. Procurement and Implementation

- Finalize the contract with the selected vendor and complete the purchasing process.
- Order necessary materials for district-wide implementation of the selected curriculum.
- Coordinate with the district warehouse to manage the pick-up of obsolete materials and the distribution of new instructional materials.

9. Professional Development and Support

- Provide targeted professional development sessions for educators, developed by district specialists, ensuring alignment with both state standards and the district's essential learning objectives.

Additional Cost of Insurance

Statement of Policy

The Board agrees to continue the present benefit levels for medical, surgical, and extended health insurance.

Approvals

No procedures have been established at this time.

Rules & Regulations

No rules & regulations have been established at this time.

Sexual Harassment

1. SEXUAL HARASSMENT

- 1.1. Alpine School District is committed to the maintenance of an environment which is free from any form of sexual harassment; an environment in which employees are allowed to work free from unwanted conduct or communication of a sexual nature; one which is in compliance with State and Federal laws dealing with this form of discrimination.

Board Approvals

- Board Approved: September 10, 1991; Board Reviewed: February 3, 2010

Procedures

1. SEXUAL HARASSMENT

- 1.1. Individuals affected by sexual harassment are afforded avenues for filing complaints which are free from bias, collusion, intimidation or reprisal.
 - 1.1.1. Complainants are encouraged to verbalize disapproval of the action(s) to the harasser. Complainants should document the occurrence(s), identifying such things as time, date, place, what was said, witnesses and other relevant circumstances surrounding the event.
 - 1.1.2. The complainant should submit a written complaint directly to the immediate supervisor. However, in cases where the supervisor is the alleged harasser, the complainant should make the complaint to his/her supervisor's supervisor or to the Administrator of Personnel.
 - 1.1.3. The school administrator or supervisor has the responsibility to conduct a preliminary review when an informal complaint is received

or alleged sexual harassment is observed. This is separate from, but may lead to, a formal investigation. Steps the supervisor is advised to follow include:

- 1.1.3.1. Interview the complainant and document the conversation. Instruct the complainant to have no contact or communication with the alleged harasser.
- 1.1.3.2. Interview the alleged harasser and inform him/her that a complaint has been made and, if the behavior has occurred, it must cease. At a minimum, write a letter of warning stating that a complaint has been made and make reference to the District Sexual Harassment Policy and Procedure. A copy of this letter is to be filed in a confidential file in the supervisor's office.
- 1.1.3.3. Report back to the complainant notifying him/her as to what has been done and that the behavior is expected to stop. Ask the complainant if he/she wants additional action to be taken. Inform complainant to report immediately if the behavior occurs again or if any reprisal is being taken by the alleged harasser.
- 1.1.3.4. If complainant wishes further investigation, notify him/her to put the complaint in writing to be considered for a formal investigation. The supervisor should document the notification.
- 1.1.3.5. The supervisor must sometimes exercise discretion as to the severity or pervasiveness of the conduct in determining whether a formal investigation is necessary regardless of the complainant's desires. If a blatant violation is determined to have occurred, the complaint should be referred to the formal level. The supervisor must refer the case to the Principal, appropriate Assistant Superintendent, or Superintendent when the following conditions exist: criminal touching, quid pro quo, acts which shock the conscience of a reasonable person. (See Rules and Regulations 4097; 1.1.3.4 and 1.1.3.5.)
- 1.1.3.6. The complainant may file the formal complaint with the supervisor's supervisor or the Administrator of Personnel.

- 1.1.3.7. The supervisor must take action to ensure that the alleged harassing behavior stops even if the employee does not request action.
- 1.1.3.8. After the preliminary investigation is completed the supervisor should follow up with the complainant indicating that the behavior will stop (if it was occurring) and assure the complainant that there will be protection from reprisals taken by the harasser.
- 1.1.3.9. Any complaint of sexual harassment must be acted upon through investigation within ten (10) working days of receipt of the complaint.
- 1.1.4. Official Investigation
 - 1.1.4.1. Sexual harassment allegations which involve criminal touching, quid pro quo, or acts which shock the conscience of a reasonable person should be directed to the Administrator of Personnel and will be subject to a formal investigation.
 - 1.1.4.2. If an employee refuses to comply with the agreed upon resolutions in the preliminary review, or if the sex-based harassing behavior continues, a formal investigation shall be initiated.
 - 1.1.4.3. The complainant may request to make the complaint to or have the investigation conducted by a same-sex representative.
 - 1.1.4.4. The District may choose to use an investigative team which has received special training in sexual harassment investigation.
 - 1.1.4.5. If the formal investigation results in findings of a bad faith/false claim, the person filing such shall be subject to corrective or disciplinary action.
 - 1.1.4.6. If the formal investigation reveals that sexual harassment has occurred, corrective action ranging from a verbal or written warning to the accused specifying the nature of the complaint up to a recommendation for termination may be taken.

- 1.1.4.7. Any complaint of sexual harassment must be acted upon through investigation within ten (10) working days of receipt of the complaint at the formal level.
- 1.1.4.8. Separate confidential records of all sexual harassment complaints shall be maintained in the supervisor's office (informal complaints) and in the Administrator of Personnel's Office (formal complaints). Records shall be kept for:
 - a. a minimum of one year following successful resolution of an informal complaint.
 - b. a minimum of three years following successful resolution of a formal complaint.
- 1.1.4.9. Participants in any sexual harassment proceeding shall treat all information as confidential.
