

TO: Logan Municipal Council

FROM: Mayor Holly H. Daines

DATE: March 4, 2025

RE: Board Appointments

At the March 4, 2025 Council meeting, I will request ratification of the following new board appointments.

Light and Power Advisory Board

Tyson Godfrey

Connect Transit Board

Emily Fletcher

Thank you.

TYSON GODFREY

Tyson Godfrey is a sustainability leader and Air Force lead program engineer with extensive experience in renewable energy and electrified buildings and transportation. Currently serving as Board Chair of Logan City's Renewable Energy and Sustainability Advisory Board, he has helped guide diverse stakeholders in advancing Logan's renewable energy goals, including assisting in the creation of the recent Integrated Resource Plan (IRP) and analysis tool. Tyson also helped lead efforts to implement electric vehicle charging infrastructure and establish home efficiency and electrification incentive programs for the city.

He holds master's and bachelor's degrees in mechanical engineering from Utah State University.

EMILY FLETCHER

I am a recent USU grad who now works for Cache County as their Assistant Trails Planner. I have worked with Cache County since September 2023 and have lived in Logan since 2020. Our division focuses on improving access to recreational trails as well as active transportation across Cache Valley.

As a student I utilized Connect's service regularly to commute to campus and still have many friends that use the bus in their daily lives. During my time with the county, I have learned a lot about how our citizens use public transit and how it intersects with active transportation. My work with the Trails Division has also focused on accessibility and ensuring that citizens of all abilities have access to mobility tools, such as public transit.

I am honored to have been considered to serve on Connect's Transit Board and believe that my professional background and personal experience with Connect's services positions me to be an asset to the Transit Board.
