## interoffice MEMORANDUM

**to:** Mayor Cutler  
City Council

**cc:** Department Heads  
Planning Commission

**from:** Steve H. Thacker, City Manager *A. Thacker*

**subject:** City Manager's Summary of October 21, 2014 Council Meeting

**date:** October 17, 2014

**E.1. Minutes Review and Acceptance** – The minutes to be approved are enclosed.

**E.2. Summary Action Calendar**

- a. **Resolution No. 2014-26** – The Utah chapter of the American Public Works Association is encouraging all Utah cities and counties to approve a Mutual Aid Agreement relating to the assistance provided by these entities to each other during emergencies or disasters. This Agreement compliments the Mutual Aid arrangement already provided for in State law.
- b. **Resolution No. 2014-27** – State law requires each city appoint someone as its “Federalism Designee” to receive training every two years on this topic. I recommend the City Attorney be the City’s designee, although the law accommodates the appointment of more than one if the Council desires.
- c. **Resolution No. 2014-28** – The recent burial of an infant in a space already occupied by the child’s great-grandparent raised an issue about the interment fee that should be paid in these cases. In response to this situation, Mayor Cutler has requested an amendment to the City’s Fee Schedule pertaining to interment fees. Staff support the proposed amendment, which would apply the resident interment fee in these cases—even if the infant to be buried is not a resident under the definition in the Fee Schedule.

**E.3. Active Shooter Training** – Assistant Police Chief Paul Child will provide this training. It will be an abbreviated version of training already given to City employees. The City’s Emergency Management leadership group—consisting of Councilman Averett, the City Manager, Assistant Police Chief and Parks & Recreation Director—agreed this training would be useful for City employees and officials. The Planning Commission members will be invited to attend. (This may be more interesting for the Boy Scouts than what they normally hear at the beginning of Council meetings!)

**E.4. Police Chief’s request for additional police officer** – Chief Neal Worsley will provide information and analysis which he believes justifies the hiring of another police officer. The funding for this position was included in the FY 2015 Adopted Budget, subject to the specific review and authorization of the City Council. Chief Worsley is asking for permission to proceed with the hiring process.

- E.5. RAP Tax renewal discussion** – The current RAP Tax voter authorization expires in April 2016. Therefore, if the City Council wishes to renew this tax without interruption, it must be approved by the voters again in November 2015. Mayor Cutler wants to initiate the discussion about extending this tax and how it would be used. The discussion in this meeting should focus on understanding the process and timeline for voter approval and the process for determining what the proposed uses would be.
- E.6. Financial Report** – Blaine Lutz prepared the enclosed report for the three-month period ending September 30, 2014 (i.e. the First Quarter of FY 2015). He will not be at the meeting, so the City Manager will note highlights and answer questions in his absence.
- E.7. Mayor's Report** – Mayor Cutler may report on one or more matters.
- E.8. City Manager's Report** – I have asked City Attorney Lisa Romney to report on her involvement in State legislative matters.
- E.9. Miscellaneous Business** – No specific matters have been identified under this heading.
- E.10. Closed Meeting, if necessary** – At this time I do not know of a need for a closed meeting, but the agenda allows for that possibility.
- E.11. Appointments to City Boards/Committees** – Mayor Cutler may recommend appointments to City boards/committees.

***Potential Agenda Items for November 5 (Wednesday due to elections on the 4th) City Council meetings (subject to change):***

- Joint work session with Farmington Officials re UTA SLC-Davis County Connector Study
- Drainage Culvert under I-15 at Lund Lane
- City Council Liaison report re Wasatch Integrated Waste Management District – Councilman Higginson
- RDA meeting: Briefing & discussion about Pages Lane corridor redevelopment potential
- Mayor's Report: Performance metrics; UTOPIA OpEx

**RECOMMENDATION**

**BACKGROUND**

At their October 7 regular meeting, the City Council agreed to postpone approval of the September 9 work session minutes so that staff could listen to the audio recording of that meeting and verify whether there is support for an amendment that Councilwoman Fillmore requested. City Recorder Marsha Morrow has listened to a portion of that recording but has not found support for the proposed amendment. Councilwoman Fillmore apparently intends to listen to the recording herself prior to next Tuesday's meeting.

## FIRSTDIGITAL PROPOSAL

27  
28  
29  
30 Mayor Cutler introduced Wesley McDougal, President of FirstDigital, and Alex Jackson,  
31 FirstDigital Director of Operations. FirstDigital, headquartered in Salt Lake City, is a provider of  
32 telecommunications services. Since 2000, FirstDigital has constructed and managed fiber-  
33 based networks for companies in the wholesale, commercial, institutional and residential  
34 markets. Mr. McDougal explained the current financial state of UTOPIA as he understands it:  
35 \$220 million in existing bond debt, \$8 million in annual revenue, and ongoing operating losses of  
36 approximately \$3 million per year. Of the \$220 million, \$110 million has gone toward putting  
37 fiber in the ground, \$70 million has gone toward interest, and \$36 million has covered  
38 operational shortfalls. A significant amount has been invested without significant revenue. Mr.  
39 McDougal also mentioned the current imbalance between the eleven UTOPIA cities with some  
40 cities, like Centerville, having been built out while other cities have not. Mr. McDougal stated  
41 that UTOPIA currently has \$2 million in cash reserves to continue build out. Voting power on  
42 the UTOPIA Board is determined by pledge amount, with West Valley, Layton, and Midvale  
43 holding 50.7% of the voting power. FirstDigital has presented its proposal to the UTOPIA  
44 Board, and eight of the eleven cities voted in favor of pursuing the FirstDigital proposal. The  
45 controlling three cities voted to not pursue the FirstDigital proposal at this time. FirstDigital  
46 intends to present its proposal individually to each city council.

47  
48 Mr. McDougal presented four possible solutions for UTOPIA moving forward:

- 49  
50  
51  
52  
53
- Draw down more bond obligation to build out, understanding that bond funds can no longer fund operations.
  - Mr. McDougal explained that allowing the network to go “dark” is not really an option, but the network is valuable and could be sold. FirstDigital made an all-cash offer

1 (greater than \$42 million) to purchase the network in May 2014, which was rejected  
2 by the UTOPIA Board.

- 3 • Adopt a utility fee model. Six of the eleven cities have voted to continue considering  
4 the Macquarie utility fee proposal, and five cities, including Centerville, have rejected  
5 the utility fee model.
- 6 • Adopt a non-utility fee, demand driven build out of the network as proposed by  
7 FirstDigital.

8  
9 Mr. McDougal explained that the FirstDigital proposal does not require a utility fee.  
10 FirstDigital would expect to invest more than \$100 million of private capital. Mr. McDougal  
11 stated that with a partnership between FirstDigital and UTOPIA/UIA, both entities could put  
12 capital toward build out. If UTOPIA chooses not to invest more capital, the FirstDigital solution  
13 would not require any additional public debt. Mr. McDougal said that with the existing  
14 FirstDigital management team, technical team, engineering team, and customer service team,  
15 synergy would exist between FirstDigital and UTOPIA/UIA to reduce operating expenses and  
16 eliminate operating losses. Mr. McDougal stated FirstDigital is confident enough to indemnify  
17 the cities against further operating losses.

18  
19 Mr. McDougal continued that the proposed partnership between FirstDigital and  
20 UTOPIA would allow an open-access wholesale network with a choice of providers and  
21 applications. Build out would continue. He stated that cities would participate in the expected  
22 cash flow to help in paying off debt obligations. FirstDigital would focus sales and marketing on  
23 a local level, rebranding the network with city-specific plans. Mr. McDougal explained that  
24 FirstDigital has fiber from St. George to Brigham City, with a residential focus on multiple-  
25 dwelling unit (MDU) new builds. Financially FirstDigital is more than three times the size of  
26 UTOPIA. Mr. McDougal expressed a desire for the public to know that there is an alternative to  
27 a utility fee model, and said he feels the FirstDigital proposal is a good fit for Centerville.

28  
29 Councilman Higginson asked Mr. McDougal why he feels West Valley, Layton, and  
30 Midvale did not want to move forward with the FirstDigital proposal. Mr. McDougal responded  
31 that the cities are out of parity or balance. West Valley has \$5 million of network assets and \$45  
32 million in debt obligation. FirstDigital wants the cities to have a choice moving forward.  
33 Councilman Higginson asked if FirstDigital would be interested in moving forward with only  
34 Centerville, if Centerville were allowed to act independent of the other cities. Mr. McDougal  
35 responded that FirstDigital would absolutely want to move forward with Centerville. Although it  
36 would be complicated, he said there is no technical reason it would not be successful. Ann  
37 Fadel, a member of the Citizen Advisory Committee, asked why UTOPIA did not want to sell to  
38 FirstDigital in May. Mr. McDougal said it is complicated for the UTOPIA Board - with \$220  
39 million of existing bond debt, the bond holders expect a secured asset in the network.

40  
41 Ms. Fadel asked if FirstDigital would require an installation/connection fee similar to the  
42 \$2,700 required now. Mr. McDougal responded that installation would be similar to the market  
43 rate of \$50-\$60. When asked about the citizens who already signed up and paid the \$2,700  
44 connection fee, Mr. McDougal responded FirstDigital would want to find a fair solution.

45  
46 Mayor Cutler asked Mr. McDougal to outline the thresholds under the proposal for a  
47 neighborhood build out. Mr. McDougal explained that if the network is in place in a  
48 neighborhood there would not be a demand requirement. For each new neighborhood,  
49 FirstDigital would look at the cost to build to the neighborhood, and apply a take-rate  
50 requirement to meet the costs of building to that neighborhood. Build out would be  
51 incrementally more cost effective as the network is built out. Councilman Higginson commented

1 that UTOPIA and the cities have been limited in their ability to promote and market the network  
2 as a product. He asked Mr. McDougal if FirstDigital has anticipated what their efforts would be.  
3 Mr. McDougal responded that instead of relying on a third party for marketing, FirstDigital would  
4 focus the marketing within each city and expect demand to increase. Councilman Wright asked  
5 if the city councils would be involved in the branding for the cities. Mr. McDougal responded  
6 that FirstDigital would want to be congruent with what the cities want. Lisa Romney, City  
7 Attorney, pointed out that under the Utah Telecommunications Act, the City cannot market to  
8 the end user. She said in her opinion, if the cities are specifically advertising the wholesale  
9 network, not the services provided, they are clear of advertising to the end user. FirstDigital  
10 does not currently sell retail services in the residential market.

11  
12 Councilman Wright asked how ownership of the network would evolve with FirstDigital's  
13 involvement, and asked for Mr. McDougal's definition of an open network. The cities do not own  
14 the network except through shares and a voice on the Board. Councilman Wright said he  
15 believes the argument about parity and equity is against the UTOPIA Interlocal Agreement. Mr.  
16 McDougal responded that currently UTOPIA owns the network. FirstDigital can build to the  
17 UTOPIA network and connect customers for a fee. In the proposed partnership, the existing  
18 network would be owned by UTOPIA/UIA, and new build out would be owned by whatever entity  
19 pays for the build out. A fee would be paid to UTOPIA for use of the UTOPIA network. The  
20 result would be incremental revenue without incremental costs. He said with the proposed  
21 partnership there would be flexibility for ownership to change in the future. Councilwoman  
22 Fillmore asked how the cash flow and profit sharing would work. Mr. McDougal responded that  
23 cash would go to UTOPIA/UIA for distribution to the cities. The cities could participate in  
24 continued build out at whatever level desired.

25  
26 Mr. McDougal explained FirstDigital has identified three categories of existing conditions:  
27 existing network; infill areas where the network passes but does not connect to customers; and  
28 edge-out areas, which require more capital. FirstDigital anticipates that with their capital, along  
29 side the remaining UTOPIA capital allocated for build out, they should be able to completely  
30 build out the existing and infill areas. Councilwoman Fillmore pointed out that the utility fee  
31 model would be a more pure revenue sharing scenario. Mr. McDougal said that in a demand-  
32 driven build out the existing and infill areas have the competitive advantage. UTOPIA would  
33 receive fifty percent of the revenue generated from use of the network, less operating costs.

34  
35 Mark Austin, a member of the Citizen Advisory Committee, asked Mr. McDougal to  
36 clarify what information regarding the proposal is public and what is not public. Mr. McDougal  
37 responded that information provided on the summary handout, and anything discussed in the  
38 work session, is public information.

39  
40 Mr. McDougal explained that FirstDigital is a wholesale provider of the fiber, but would  
41 make sure that the end users are aware of the providers and applications available through  
42 marketing. FirstDigital would provide marketplace information regarding services and  
43 applications available and associated costs. Mayor Cutler stated he feels the FirstDigital  
44 proposal is the best proposal for Centerville, and asked if, under the proposed situation, he  
45 would continue to receive a bill from his service provider. Mr. McDougal responded the Mayor  
46 would receive a bill from FirstDigital, and would only receive a bill from a provider if he selected  
47 additional services. FirstDigital would then pay the providers after subtracting an amount to  
48 fund functions critical to the success of the network (i.e., advertising), eliminating a current  
49 marketing disconnect between UTOPIA and ISPs. Providers like Netflix would continue to bill  
50 the end user directly. Mayor Cutler pointed out that this proposal would be a drastic change  
51 from the current situation. The Council discussed the fact that each UTOPIA city has different

1 needs. Under the proposed partnership with FirstDigital, FirstDigital would act as operational  
2 partner with control over which strategies to use in the different cities, rather than the UTOPIA  
3 Board trying to agree on one strategy for all.  
4

5 Councilwoman Fillmore asked if the providers would consider the proposed partnership  
6 to be an open access network. Mr. McDougal responded that yes, more providers would be  
7 able to participate on the network with the FirstDigital proposal. Mr. Jackson referred to Netflix  
8 as an example, pointing out that if customers had a problem with the internet connection, they  
9 would contact FirstDigital. If customers had a problem with the Netflix service, they would  
10 contact Netflix. Providers would not be limited regarding marketing, and would have more  
11 visibility in the marketplace with FirstDigital. Mr. McDougal stated that FirstDigital has spoken  
12 with many providers that would be excited to have unfettered access to the network. He added  
13 that providers would have to meet minimum requirements to guarantee a quality product. The  
14 end users would have choice and flexibility in selecting providers.  
15

16 Steve Thacker, City Manager, asked Mr. McDougal to explain the three-year opt-out  
17 provision included in the FirstDigital proposal, as well as the utility fee option in the proposal.  
18 Mr. McDougal explained that with the utility fee option included in the FirstDigital proposal, the  
19 cities would receive more revenue than they would with the Macquarie utility fee proposal.  
20 FirstDigital would put in the equity and obtain the debt. Under the FirstDigital utility fee model, if  
21 after three years one of the partners decided to pull out of the partnership, the debt in place  
22 would be assumed by the cities, and FirstDigital would be reimbursed for its invested capital.  
23 Councilman Wright asked what would lead FirstDigital to opt-out after three years and what  
24 would be in place to protect the cities. Mr. McDougal responded that the protections have not  
25 been completely flushed-out, but FirstDigital would want to ensure that the situation is fair. The  
26 cities would retain ownership of the network. The proposal includes a 30-year irrevocable right-  
27 of-use to prevent network assets from becoming stranded in the event that either partner opts  
28 out. A transport fee would continue to be paid to the existing network.  
29

30 Councilman Wright stated one thing he liked about the Macquarie proposal is the use of  
31 metrics. He asked what type of metrics FirstDigital would provide to UTOPIA/UIA and the cities.  
32 Mr. McDougal responded FirstDigital would have a customer bill of rights with metrics for  
33 service to the customer. There would also be stringent metrics regarding operation of the  
34 network. He said if FirstDigital were not able to operate at the established standards the cities  
35 would have the ability to select a new operator. Mr. McDougal added that FirstDigital would be  
36 significantly invested, and their measuring stick would be customer retention.  
37

38 Councilwoman Fillmore referred to the fact that the current UTOPIA customers are  
39 subsidized by the cities. She said she believes the cities want to accomplish the original goal of  
40 operating successfully, and asked Mr. McDougal for examples of how the cities could be  
41 involved in the plans to participate in the cash flow. Mr. McDougal responded that Centerville is  
42 almost completely built out and very little capital will be needed. He said he sees a need to start  
43 marketing locally and to participate in local activities, and expressed confidence that focused  
44 dollars will have a big impact. Councilwoman Fillmore expressed a concern that with the  
45 FirstDigital proposal it would get muddy and complicated as to who paid for what. She would  
46 not want to see FirstDigital use the basic infrastructure without paying and enjoy the revenue  
47 from what the cities have carried for years. Mr. McDougal stated that FirstDigital and other  
48 companies are already building to the UTOPIA network and paying transport fees. The  
49 advantage to moving forward with the FirstDigital proposal would be having a partnership with a  
50 company that wants to utilize the UTOPIA network and pay the fee, which will drive more and  
51 more business to the network. Councilwoman Fillmore asked if it would be possible in the

1 future to invite other cities to join in the network. Mr. McDougal responded that he knows there  
2 are other cities that are interested in having their own network. He said he does not know if  
3 other cities would want to connect to the UTOPIA network and pay the transport fees.  
4

5 Councilman Wright asked if the transport fee revenue would go directly to the cities or to  
6 UTOPIA. Mr. McDougal responded the money would go to UTOPIA/UIA, and the Board would  
7 distribute the revenue. Councilman Wright asked what would happen to the existing UTOPIA  
8 corporate structure. Mr. McDougal stated he suspects UTOPIA personnel would be integrated  
9 into FirstDigital. The UTOPIA employees have valuable knowledge of the network. John Urry,  
10 a member of the Citizen Advisory Committee, stated that Macquarie has indicated the network  
11 is in great need of refresh and asked Mr. McDougal for his opinion. Mr. McDougal responded  
12 that FirstDigital has requested equipment lists from the UTOPIA Board but not received that  
13 information. He said he thinks some upgrades will be necessary, but there is a lot of life  
14 currently in the equipment. Upgrades would be considered capital expenses covered by the  
15 partnership or FirstDigital. Mr. McDougal said he anticipates most upgrades would be  
16 associated with expansion and new builds. Mayor Cutler stated that Macquarie's intention as  
17 he understands it would be to put in completely new equipment for uniformity throughout the  
18 cities. Mr. McDougal said FirstDigital would not require all new equipment.  
19

20 Councilman Wright asked if the cities would be required to fund future upgrades to stay  
21 current with the rest of the industry. Mr. McDougal responded they expect the network to  
22 continue to grow and would not expect the cities to put in capital for the growth. There would be  
23 cash from the partnership to fund that type of growth. Mayor Cutler added that the cost of  
24 equipment is going down, not up. Mr. McDougal stated that the real expense of the network is  
25 digging up ground and putting fiber under the streets.  
26

27 Mayor Cutler stated that, from Centerville's perspective, the FirstDigital proposal looks  
28 great, but from the viewpoint of some of the other cities, the high threshold will prevent build out  
29 to new neighborhoods. The Mayor asked what would happen if the thresholds are not met to  
30 build out to new neighborhoods. Mr. McDougal responded that the areas that require  
31 substantial investment are the ones that are furthest away from existing network. FirstDigital  
32 would focus first on the close areas, and, fundamentally, if minimum requirements are not met in  
33 new neighborhoods there is not much they can do. It would be FirstDigital's job to teach the  
34 end users that fiber to the home is the best option. UTOPIA has been building where demand  
35 exists, and Mr. McDougal said that would continue, but the more built out the network becomes  
36 the easier it will be to convince customers.  
37

38 Referring to the utility fee approach in the FirstDigital proposal, Mr. Thacker stated he  
39 assumes that using the utility fee approach within a footprint area of a city would require the  
40 creation of a special assessment area within the footprint, with a majority of residents within the  
41 footprint in support of the utility fee decision. Mr. McDougal stated FirstDigital would be flexible  
42 within the cities to meet the needs. Councilwoman Fillmore asked if the utility fee assumption  
43 would change based on how many cities participate in the utility fee model. Mr. McDougal  
44 responded that in most cities the proposed \$20 would adequately cover the costs. FirstDigital  
45 has discussed the possibility with other cities of a lower utility fee that would fund a portion of  
46 the cost. The utility fee with the FirstDigital proposal would be city specific.  
47

48 Councilman Higginson asked who would control the decision of where to build out in the  
49 proposed partnership between FirstDigital and UTOPIA. Mr. McDougal responded that  
50 FirstDigital would make that decision, which would remove politics from the picture and make  
51 build out a financial decision. FirstDigital has visited with four city councils with great response.

1 They expect to visit all eleven cities before November. The Council discussed the complications  
2 involved with the UTOPIA Board making decisions moving forward. Mr. McDougal stated  
3 FirstDigital has put a lot of time and money into the proposal. Even if some of the cities go  
4 forward with Macquarie, other cities will still need a solution. Mayor Cutler stated it would be  
5 very difficult to break up UTOPIA. New entities can be created to do new things, but UTOPIA  
6 cannot break up until the debt is paid off. Mr. McDougal said that FirstDigital is excited that  
7 eight cities wanted to explore the FirstDigital proposal further. FirstDigital is local and will be  
8 here for the long haul. He said he feels the option presented by FirstDigital should be included  
9 on any survey distributed by cities to gather public opinion.

10  
11 Mayor Cutler stated that although UTOPIA is in a difficult situation, last month the  
12 network experienced the highest number of sign-ups in a long time. The asset in the ground is  
13 valuable, and the cities need to work together to find a solution. Mr. McDougal expressed  
14 appreciation for the Council's time, and encouraged them to contact him with any further  
15 questions.

## WORK SESSION WITH YOUTH COUNCIL

41 Jessica Greer, Youth Mayor, described Youth Council activities planned for the coming  
42 year. This year the Youth Council will have two representatives on each of seven City  
43 committees: Jordan Hawkes and Jeremiah Moore with the Trails Committee; Jenna Lewis and  
44 Jens Fillmore with the Parks and Recreation Committee; Anna Klein and Peter Jeppesen with  
45 the Landmarks Commission; Lyndsey Kunzler and Brittany McDonald with the Whitaker  
46 Museum; Annelise Horlacher and Spencer Vogrinec with the Planning Commission; Abbie  
47 Hodgson and Jessica Greer with the City Council; and Rachel Creer and Ayden Richards with  
48 the Centennial Committee. Councilman Averett suggested the Youth Council could also assign  
49 representatives to the Citizen Corps Council.

51 Mayor Cutler stated he feels the Centennial Celebration in 2015 will be a good  
52 opportunity for Youth Council involvement. He suggested that, although most of the

1 celebration will take place around the 4<sup>th</sup> of July festivities, the Youth Council could sponsor an  
2 activity earlier in the year. The City Council and Youth Council discussed possible opportunities  
3 for Youth Council involvement in the Centennial Celebration.  
4

5 Steve Thacker, City Manager, described the different phases of the planned Community  
6 Park Expansion Project. Mr. Thacker stated he is willing to meet with the Youth Council  
7 representatives assigned to the City Council prior to Council meetings to brief them on  
8 upcoming agenda items. Councilwoman Fillmore said she is excited to have the Youth  
9 Council's voice on the City committees.  
10

11 Councilwoman Fillmore mentioned the pedestrian bridge that will be installed over I-15  
12 to provide pedestrian and bike access to the west side of the city, and asked for Youth Council  
13 input regarding what could be done to improve the community. Mayor Cutler added that he  
14 would like Youth Council input regarding the west side planning process. The City is currently in  
15 the process of long-term planning for the west side of the city south of the Megaplex theater  
16 project area. The planning takes into account the desire for a FrontRunner stop in the future,  
17 which would require higher density residential and commercial development around the desired  
18 FrontRunner stop location. Councilwoman Fillmore pointed out that the design of the area,  
19 more than the density, will be important in activating and generating need for a transit stop. She  
20 mentioned Station Park in Farmington as an example of a well-designed higher density project.  
21 Councilman Averett commented that developers on the west side have tried to attract  
22 restaurants to the area, but have not been successful because of insufficient housing density.  
23 Councilman Averett said he voted against higher-density housing projects on the west side  
24 because of the lack of services available to support residents. He mentioned that he has been  
25 impressed with the planning and design that allows residents and visitors to get around the high  
26 density environment of Daybreak with ease. Councilman Averett added that mass transit and  
27 pedestrian access play a big part in the Daybreak community. Long-term planning also takes  
28 into account availability of shopping, schools, churches, and other necessary services.  
29

30 Mayor Cutler stated that the school district has expressed a desire to be involved and  
31 informed regarding west side planning and zoning changes to be able to plan ahead for schools.  
32 Councilman Higginson added that a large percentage of those who attended the recent open  
33 house regarding west side planning were West Bountiful residents, and Centerville will need to  
34 find a balance between what is best for the City, the property owners, and the neighbors in West  
35 Bountiful. The Council and Youth Council discussed the space available and the types of  
36 businesses that would be attracted to the west side. Councilwoman Fillmore stated that an  
37 important part of development will be business office commercial that will bring more jobs to the  
38 community. Councilman Averett pointed out that with UTOPIA Centerville has attracted and will  
39 continue to attract high tech businesses, entertainment, residential, and office buildings.  
40

41 Councilman Averett mentioned that the Whitaker Museum is hosting a Zombie Run in  
42 October, and has recruited the Davis High Track Team as volunteer zombies. He said he thinks  
43 it is too bad they had to go outside the community for the volunteers, and suggested the Youth  
44 Council could help with the Zombie Run next year. Councilman Averett also asked if the Youth  
45 Council has considered sponsoring a scarecrow walk, where families and businesses could  
46 submit scarecrows for a small participation fee.  
47

48 Mayor Cutler told the Youth Council that the Trails Committee is concerned about off-  
49 road vehicle use on the hillside. Off-road drivers are straying off the Firebreak Road and  
50 designated bowl area onto private property. Farmington has prohibited off-road vehicle use on

1 the Firebreak Road within Farmington boundaries. The Mayor explained that Centerville would  
 2 like to keep access open, but controlling use has been difficult. Abbie Hodgson mentioned that  
 3 a lot of teenagers hang out on the hillside and would be affected by a prohibition. Jens Fillmore  
 4 commented that it is difficult to control a rule without enforcement. Jenna Lewis asked if the  
 5 high school students would still be able to paint the Viewmont "V" on the hillside. Mayor Cutler  
 6 responded that exceptions could be made for special occasions. Ayden Richards suggested  
 7 that promoting appropriate use would reduce incorrect use. Jordan Hawkes suggested the City  
 8 shut down access to the Firebreak Road, but leave access to the designated bowl area open.  
 9 Abbie Hodgson suggested that if the bowl area were developed a little more for public use as a  
 10 park-type area citizens would treat it better and not want to vandalize. Jenna Lewis  
 11 recommended placing small boulders along the Firebreak Road to prevent off-road vehicles  
 12 from straying. Councilwoman Ivie mentioned that the Trails Committee has several Eagle Scout  
 13 Project opportunities available. Ayden Richards suggested the City make the bowl area safer,  
 14 and patrol the area more often.

## 33 34 MINUTES REVIEW AND ACCEPTANCE

35  
36 The minutes of the September 9, 2014 work session and the September 16, 2014 work  
37 session and regular Council meeting were reviewed. Councilwoman Fillmore requested that  
38 staff listen to the recording to verify a comment regarding cost sharing and profit sharing of build  
39 out with FirstDigital. Councilman Higginson made a **motion** to table approval of the September  
40 9, 2014 work session minutes, and approve both sets of September 16, 2014 minutes.  
41 Councilwoman Ivie seconded the motion, which passed by unanimous vote (4-0).

## 42 43 SUMMARY ACTION CALENDAR

- 44  
45 a. Legacy Crossing Lot 6 – Terminate Warranty Period  
46 b. Consider Resolution No. 2014-24 in support of the Center for Community Engaged  
47 Learning at Weber State University  
48 c. Personnel Policies and Procedures – Amendments – Equal Opportunity Employer –  
49 Consider Resolution No. 2014-25  
50 d. Approve National Register Nomination – John and Sarah Wayman Home, 240 East  
51 300 South  
52

1 Councilwoman Ivie requested that item (b) on the Summary Action Calendar be  
2 considered separately, and Councilwoman Fillmore requested that item (c) be considered  
3 separately. Councilman Higginson made a **motion** to approve items (a) and (d) on the  
4 Summary Action Calendar. Councilwoman Ivie seconded the motion, which passed by  
5 unanimous vote (4-0).  
6

7 Councilwoman Ivie expressed concern regarding the vagueness of the goals stated in  
8 the information provided for item (b) on the Summary Action Calendar, and what might be  
9 expected of Centerville in the future. She expressed support for Weber State University, but  
10 said she feels its biggest impact is in the Ogden area. Mayor Cutler commented that the  
11 proposed Resolution No. 2014-24 would acknowledge and show Centerville's support for the  
12 Center for Community Engaged Learning at Weber State University. The Mayor said he did not  
13 anticipate any risk or liability to the City. Lisa Romney, City Attorney, stated the proposed  
14 Resolution is a support resolution that does not commit the City to anything, and adoption does  
15 not engage the City in any liability. Councilman Averett made a **motion** to approve item (b) on  
16 the Summary Action Calendar, Resolution No. 2014-24 in support of the Center for Community  
17 Engaged Learning at Weber State University. Councilwoman Fillmore seconded the motion,  
18 which passed by majority vote (3-1), with Councilwoman Ivie dissenting.  
19

20 Referring to item (c) on the Summary Action Calendar, Councilwoman Fillmore asked if  
21 sexual orientation should be added to the Personnel Policies and Procedures regarding equal  
22 opportunity employment. Ms. Romney responded that sexual orientation is not a protected  
23 class, but the Council could choose to add it to the list. Mayor Cutler expressed a preference to  
24 not discuss her proposed addition at this time, but invited Councilwoman Fillmore to address  
25 this in a future meeting, if she desired. Councilwoman Fillmore made a **motion** to add sexual  
26 orientation to the amendments in Resolution No. 2014-25. The motion failed for lack of second.  
27 Councilman Averett made a **motion** to approve Resolution No. 2014-25 as listed in the staff  
28 backup materials. Councilwoman Ivie seconded the motion, which passed by unanimous vote  
29 (4-0). Councilman Higginson commented that the City should not be discriminating based on  
30 sexual orientation, but he feels the existing language in the Policy is sufficient at this time.  
31 Speaking on behalf of the hiring authorities in the City, City Manager Thacker stated the City  
32 does not discriminate based on sexual orientation when hiring.  
33

34 **DESIGNATION OF MAIN STREET IN WASATCH CHOICE 2040 DOCUMENTS**

35  
36 Councilwoman Fillmore explained that Main Street in Centerville is designated as a  
37 "Boulevard Community" rather than a "Main-Street Community" on the Wasatch Choice 2040  
38 map. She considers the "Boulevard" designation to be more for a major thoroughfare that  
39 caters to cars with buildings set away from the street. In response to a question asked by  
40 Councilman Averett, Councilwoman Fillmore said she was told by a Wasatch Front Regional  
41 Council (WFRC) representative that the "Boulevard" designation is not related to any plans to  
42 put light rail on Main Street. She said the representative agreed with her that a "Main-Street"  
43 designation would be more appropriate considering the City's desires and goals. Transit  
44 decisions and changes require an extensive process. Since Main Street in Centerville is UDOT  
45 owned, Councilwoman Fillmore stated she feels it is important to clearly communicate in every  
46 possible written document Centerville's desire for Main Street – an inviting, small town  
47 community center. Her greatest concern is protecting Main Street from the right-of-way being  
48 widened for more vehicles. Councilman Averett agreed and suggested the Council send a letter  
49 requesting a change in the designation. Councilwoman Ivie expressed frustration that there is  
50 not a designation that exactly fits her desire for Main Street. She said she prefers the housing  
51 range specified by the "Boulevard" designation. Councilwoman Fillmore offered to write a letter  
52 to WFRC requesting a change.

1 Councilman Averett made a **motion** asking that Councilwoman Fillmore author a letter  
2 to be signed by the Council requesting that WFRC change Main Street in Centerville to a “Main-  
3 Street” designation in their documents. Councilman Higginson seconded the motion, which  
4 passed by unanimous vote (4-0).  
5

6 **DISCUSSION REGARDING CONSTRUCTION OF BERM ALONG FRONTAGE ROAD**  
7

8 Mayor Cutler explained that when the sound wall was installed along the Frontage Road  
9 UDOT gave the City the option of paying for sound wall directly west of Community Park, but  
10 sufficient funds were not available at the time. The Mayor recently asked staff to look into the  
11 possibility of using some of the dirt on the Park Expansion site to build a berm in the break of  
12 the sound wall. Mr. Thacker reported staff has concluded that a berm would have minimal  
13 effect on sound levels, and would be costly to construct and maintain aesthetically. He  
14 described the difficulties that would be involved, and stated that staff recommends the City not  
15 proceed with the berm. The sound wall could possibly be filled in using RAP Tax funds if  
16 approved by voters next year. Staff estimates continuing the wall would cost approximately  
17 \$120,000. Councilwoman Fillmore stated she is not familiar with the noise level at Community  
18 Park, but she feels that the break in the sound wall is a positive window into the community.  
19 Mayor Cutler said in his opinion a sound wall would improve the experience at the park, but he  
20 would be in favor of gathering more community input. Councilman Averett asked if the City has  
21 received complaints from neighboring residents. Mr. Thacker responded he is not aware of  
22 residential complaints, but he is aware of complaints from park users. Mr. Thacker suggested  
23 the opening could be visually improved by planting trees along the length of the break.  
24 Councilman Higginson suggested landscaping could occur in conjunction with the project to  
25 widen the Frontage Road. Mr. Thacker reported that Wasatch Front is willing to move the  
26 Frontage Road project up on the timeline if the City completes its part.  
27

28 Mr. Thacker updated the Council on soil removal from the expansion site. He also  
29 stated that the County will be disposing of property located at approximately 100 South and 700  
30 East for redevelopment. A sedimentation basin located on this site is no longer needed or can  
31 be reduced in size due to the debris basin now located upstream.  
32

33 **MUNICIPAL CODE AMENDMENTS – SECTION 2-01-100 – CITY COUNCIL VOTING**  
34

35 Ms. Romney briefly explained the proposed amendments to Section 2-01-100 of the City  
36 Code regarding voting of the City Council. The proposed ordinance would bring the Municipal  
37 Code into compliance with State law. Councilman Higginson made a **motion** to approve  
38 Ordinance No. 2014-20 amending Section 2-01-100 of the Centerville Municipal Code regarding  
39 voting of the City Council. Councilwoman Ivie seconded the motion, which passed by  
40 unanimous vote (4-0).  
41

42 **MAYOR’S REPORT**  
43

- 44 • In mid-September not enough impact fees had been collected by the South Davis  
45 Metro Fire Agency from the member cities to offset the debt service payment owed.  
46 The Board discussed how to make the payment, and made the payment using cash  
47 reserves. After the payment was made, North Salt Lake and West Bountiful reported  
48 they had collected sufficient additional impact fees to fully fund the payment. Mayor  
49 Cutler stated that the Fire Chief has shared creative ideas with him that were not  
50 presented to the Council during their work session with Chief Bassett to improve  
51 staffing and reduce response time for less cost.

- 1 • The Mayor reported that mayors of the eleven UTOPIA member cities will meet  
2 monthly. Mayor Cutler stated he expects to be able to report in November to the  
3 Council regarding a proposal for continuing to pay operating expenses.
- 4 • Mayor Cutler encouraged Council members to continue to remind Legislators to  
5 improve transportation funding.  
6

7 **CITY MANAGER’S REPORT**  
8

- 9 • Mr. Thacker reported on a meeting he attended regarding the outcome of the UTA  
10 Davis-SLC Community Connector Study. The previous City Council chose not to  
11 participate in the Connector Study, but Centerville was considered an area of  
12 influence. UTA has offered to make a presentation of the study to the City Council  
13 and discuss the possibilities for Centerville and Farmington to be included as UTA  
14 moves forward. Mr. Thacker stated he thinks the Council should understand the  
15 Study and how it could impact Centerville. He proposed a joint meeting with  
16 Farmington City Council and UTA on November 5<sup>th</sup> prior to the regular Council  
17 meeting.
- 18 • City Manager Thacker informed the Council of the need to address an emergency  
19 matter not shown on the agenda – i.e. the need to increase the budget for the  
20 Oakridge Drive Waterline project due to unexpected conditions affecting the  
21 resurfacing of the roadway. The additional costs qualify as Water Fund expenses,  
22 and would not impact the General Fund. Councilman Higginson made a **motion** to  
23 authorize the Mayor to sign a change order for \$56,160 related to repaving for the  
24 Oakridge Drive Waterline project. Mr. Thacker explained that the net additional cost  
25 is about \$31,000 because this repaving work will reduce trench patching by about  
26 \$25,000. Councilwoman Fillmore seconded the motion, which passed by unanimous  
27 vote (4-0).  
28

29 **CITY COUNCIL LIAISON REPORT RE: MOSQUITO ABATEMENT DISTRICT**  
30

31 Councilman Higginson updated the Council on the Mosquito Abatement District, which  
32 has purchased property to expand its offices in Kaysville.  
33

34 **MISCELLANEOUS BUSINESS**  
35

- 36 • City Manager Thacker explained that the City has six permanent part-time  
37 employees. Full-time employees are rewarded and recognized for service every five  
38 years with a gift of incremental value. Longevity of permanent part-time employees  
39 (working 20+ hours per week) has not been similarly recognized. The Council  
40 discussed what level of recognition would be appropriate. Councilman Averett made  
41 a **motion** to amend the Employee Service Award Program to recognize year-round  
42 part-time employees at a total value of \$100 at the five-year mark, and increasing  
43 \$50 every five years thereafter. Councilwoman Ivie seconded the motion, which  
44 passed by unanimous vote (4-0).  
45

46 **RDA MEETING**  
47

48 At 8:30 p.m. Councilman Higginson made a **motion** to adjourn to an RDA meeting.  
49 Councilman Averett seconded the motion, which passed by unanimous vote (4-0). In  
50 attendance were: Paul A. Cutler, Chair; John T. Higginson, Vice Chair; Directors Averett,

1 Fillmore, and Ivie; Steve Thacker, RDA Executive Director; Blaine Lutz, Finance Director; Lisa  
2 Romney, City Attorney; and Katie Rust, Recording Secretary.  
3 The Council returned to regular meeting at 9:21 p.m.  
4

5 **MISCELLANEOUS BUSINESS (CONTINUED)**  
6

- 7 • Mr. Thacker explained the City’s Long-term Sick Leave benefit, and stated that year  
8 by year the City’s liability is increasing related to employees’ ability to cash out  
9 accrued sick leave upon retirement. Mayor Cutler stated he is in favor of one type of  
10 paid time off (PTO) that the employees decide how to use, but recognized that the  
11 change might be difficult for employees used to the two types of leave to accept.  
12 Councilwoman Fillmore agreed that one type of PTO should be the end goal, and  
13 that it may be necessary to adopt in steps. Mr. Thacker pointed out that without  
14 specific sick leave, employees may have a greater tendency to come to work sick.  
15 Councilwoman Fillmore said she feels it is good policy to encourage employees to  
16 use leave time given, and supported the idea of reasonably capping the amount of  
17 leave that can be accrued. Council members Averett and Ivie agreed. Mr. Thacker  
18 stated that staff will continue to consider the matter.
- 19 • The Council discussed Planning Commission compensation, and compared  
20 compensation in Centerville to that of other cities. Mayor Cutler stated he does not  
21 feel Centerville needs to have one of the highest paid Planning Commissions  
22 because greater compensation does not necessarily result in better planning. He  
23 expressed confidence that Centerville’s Commissioners are serving because they  
24 want to. Councilwoman Fillmore agreed with the Mayor, but said she could support  
25 increasing the compensation a small amount. The Council will continue discussing  
26 Planning Commission compensation during next year’s budget process.  
27

28 **ADJOURNMENT**  
29

30 At 9:36 p.m. Councilwoman Ivie made a **motion** to adjourn the Council meeting.  
31 Councilman Averett seconded the motion, which passed by unanimous vote (4-0).

## CENTERVILLE

### Staff Backup Report

10/21/2014

Item No. 2.

Short Title: Summary Action Calendar

Initiated By:

Scheduled Time: 7:10

#### **SUBJECT**

- a. Consider Resolution No. 2014-26 approving Mutual Aid Interlocal Agreement for Utah Public Works Emergency Management
- b. Consider Resolution No. 2014-27 appointing City's Federalism Designee
- c. Consider Resolution No. 2014-28 amending the Centerville City Fee Schedule regarding cemetery interment fees for infant and cremated remains

#### **RECOMMENDATION**

- a. Approve Resolution No. 2014-26 approving a Mutual Aid Interlocal Agreement for Utah Public Works Emergency Management.
- b. Approve Resolution No. 2014-27 designating the City Attorney as the City's federalism designee in accordance with provisions of Utah law.
- c. Approve Resolution No. 2014-28 amending the Centerville City Fee Schedule regarding cemetery interment fees for infant and cremated remains.

#### **BACKGROUND**

a. The Utah chapter of the American Public Works Association (APWA) is encouraging public works entities to sign onto the attached Mutual Aid Interlocal Agreement for Public Works Emergency Management. As stated in the attached document, "FAQs - Mutual Aid Interlocal Agreement", the purpose ". . . is to assist local governments in helping one another in times of need." The attachment further states: "The Agreement provides procedures for assistance and reimbursement of expenses, and supports and compliments the Utah Mutual Aid Agreement (UAC R704-2)."

This Public Works Agreement has been reviewed by the City Attorney, the City's Emergency Management Group (Councilman Averett, Steve Thacker, Paul Child and Bruce Cox) and Public Works Director, Randy Randall. The Agreement does not create any duty to respond and allows each Assisting Agency the discretion of determining which resources to provide (page 4 of 11).

To date, the following local governments have approved the Agreement: Sandy, Salt Lake City, Midvale, Monroe, Enoch, South Salt Lake, West Jordan, Utah County, Spanish Fork.

b. Pursuant to Utah Code Ann. 63C-4a-306 (as adopted by HB 120), the City is required to appoint at least one designee to which all questions and inquiries regarding federalism shall be directed. The designee is required to attend a seminar on the principles of federalism at least once every two-years. The seminar will be developed and provided by the State Federalism Committee (as created in Utah Code Ann. 63C-4a-303). Staff recommends the City Attorney be appointed as the City's federalism designee. As indicated in Section 63C-4a-306, more than one designee may be appointed. If a City Council member would also like to be designated, we can do so. The City is required to appoint at least one designee by January 2015. Thus, the effective date of the appointment as proposed in Resolution No. 2014-27 is January 1, 2015.

c. The City's cemetery ordinances allow for an infant or cremated remains to be buried in a space already occupied, if approved by the Parks and Recreation Director. A Burial Right Fee (i.e. for the space) is not required in this case, but the Fee Schedule requires payment of the Interment Fee and Perpetual Care Fee. A recent case of burying a still-born child on top of a great-grandparent raised an issue that staff have not considered until now. The infant's parents are not currently City residents and, therefore, are subject to the payment of the non-resident interment fee, which is \$500 more than the resident interment fee. Various family members appealed to City staff to waive this additional \$500, but staff do not have the authority to do so. The matter was then appealed to Mayor Cutler, who discussed the matter with staff and

asked staff to propose how the ordinances or Fee Schedule could be amended so that the resident interment fee applies in any cases in which an infant or cremated remains are buried in a space that is already occupied.

Staff are not opposed to this recommendation. The reason for imposing a non-resident surcharge at time of burial several years ago was to promote the preservation of the remaining available spaces for purchase by residents, and to counter the practice of residents buying spaces on behalf of non-residents who did not want to pay the non-resident burial right fee which was in place at that time. So at that time the burial right fee was made the same for residents and non-residents but the interment fee was amended to include the surcharge if the person being buried did not meet the definition of "resident" within the Fee Schedule. In the case of infants or cremated remains being buried in a space already occupied, the justification of charging a non-resident interment fee has no impact on the preservation of remaining spaces for purchase by residents; therefore, staff see no justification for charging the non-resident interment fee in these cases.

# MUTUAL AID INTERLOCAL AGREEMENT FOR UTAH PUBLIC WORKS EMERGENCY MANAGEMENT

THIS MUTUAL AID INTERLOCAL COOPERATION AGREEMENT is entered into this \_\_\_\_ day of \_\_\_\_\_, by \_\_\_\_\_ and the other Participating Agencies as described herein.

## ARTICLE I. PURPOSE

This Agreement is made and entered into by those Public Works and Related Service Agencies who have adopted and signed this Agreement to provide mutual assistance in times of emergency. This Public Works Emergency Management Alliance mutual aid program is established to provide a method whereby Participating Agencies which sustain damage from natural or man-made disasters can obtain emergency assistance, in the form of personnel, equipment, materials, and other associated services, from other Agencies. This Agreement also provides a method whereby responding Agencies may be provided with reimbursement for personnel, equipment, materials and other associated services that are made available on an emergency basis. Nothing herein is intended to replace or terminate any pre-existing agreement between any of the Participating Agencies that provide assistance by one Participating Agency's department within the political boundaries of another on a regular or routine basis. Participating Agencies intend by this Agreement to commit to assist each other whenever possible, while allowing each Participating Agency the sole discretion to determine when its personnel and equipment cannot be spared for assisting other Participating Agencies.

In consideration of the mutual covenants and agreements hereinafter set forth, the parties agree to provide mutual assistance to one another in times of emergency in accordance with the terms and conditions of this Agreement.

This document is intended to be a companion document to the UTAH WARN (Water, Wastewater Response Network) agreement and used in conjunction with the State of Utah Mutual Aid Agreement (Utah Administrative Code, R704-2, State Wide Mutual Aid Activation).

No real or personal property shall be acquired jointly by the Participating Agencies to perform the conditions of this Agreement unless such acquisition is specifically agreed to in writing by all Participating Agencies. To the extent that a Participating Agency acquires, holds, or disposes of any real or personal property for use in the joint or cooperative undertaking contemplated by this Agreement, it shall do so in the same manner that it deals with other property of such Participating Agency.

This Agreement shall not relieve any Participating Agency of any obligation or responsibility imposed upon it by law or other agreement.

ARTICLE X. INDEMNIFICATION AND HOLD HARMLESS

- A. Consistent with Utah Code, the Requesting Agency shall indemnify and save harmless the Assisting Agency and the officers, employees and representatives of the Assisting Agency, if they are acting within the course and scope of their duties, from all claims, suits, actions, damages and costs of every kind, including but not limited to reasonable attorney's fees and court costs, arising or resulting from the performance or provision of services and materials by the Assisting Agency under this Agreement unless there is a determination that such claims are the result of negligence of the Assisting Agency or the officers, employees or representatives of the Assisting Agency. - B. The Assisting Agency shall hold harmless and indemnify the Requesting Agency and the officers, employees and representatives of the Requesting Agency against any liability for any and all claims arising from any damages or injuries caused by negligence of the Assisting Agency or the officers, employees or representatives of the Assisting Agency except to the extent of the negligence of the Requesting Agency or the officers, employees or representatives of the Requesting Agency. This agreement shall not be construed to be a waiver of any rights or protections

provided to any Participating Agency under the Governmental Immunity Act of Utah.

- C. - D. Nothing herein shall be construed to waive any of the privileges and immunities associated with public works services or other related services, including emergency or other services of any of the Participating Agencies. No party waives any defenses or immunity available under the Utah Governmental Immunity Act, nor does any party waive any limits of liability currently provided by the Act.
- E. Each Participating Agency shall be solely responsible for providing workers compensation, insurance, and benefits for its own personnel who provide assistance under this Agreement unless the parties otherwise agree. Each Participating Agency shall provide insurance or shall self-insure to cover the negligent acts and omissions of its own personnel rendering services under this Agreement.

#### ARTICLE XII. TERMINATION

Any Participating Agency may terminate its obligations under and participation in this Agreement, with or without cause, by giving the Alliance at least thirty (30) days prior written notice of the intent to terminate. The termination of this Agreement by any individual Participating Agency shall not affect the validity of this Agreement as to the remaining Participating Agencies. Withdrawal from this Agreement shall in no way affect a Requesting Agency's duty to reimburse the Assisting Agency for costs incurred during a Period of Assistance which occurred during the term of this Agreement, which duty shall survive such withdrawal.

#### ARTICLE XIII. WHOLE AGREEMENT, AMENDMENTS

This Agreement constitutes the whole agreement of the parties, written or oral, relating to the subject matter of this Agreement. This Agreement may be amended in whole or in part at any time by the Participating Agencies by submitting a written amendment to the Alliance. The amendment shall be submitted to the Participating Agencies of the Alliance for a majority vote. The vote by the Participating Agencies will be conducted by mail. Participating Agencies who fail to vote will have their vote counted as an affirmative vote.

ARTICLE XIV. SEVERABILITY

If any provisions of this Agreement are held to be invalid or unenforceable by a court of proper jurisdiction, the remaining provisions shall remain in full force and effect.

Each Participating Agency shall assume any and all liability for the payment of salaries, wages, or other compensation due or claimed due, including workers' compensation claims, and each Participating Agency shall hold the other harmless therefrom. The Participating Agencies shall not be liable for compensation or indemnity to any other Participating Agency's employee for any injury or sickness arising out of his or her employment, and the Participating Agencies shall not be liable for compensation or indemnity to any other Participating Agency's employee for injury or sickness arising out of his or her employment, and each party hereby agrees to hold the other party harmless against any such claim.

### **8-03-090. Right of Burial.**

(a) It shall be unlawful for any person to bury the remains of a deceased person in the City Cemetery without first purchasing a Right of Burial certificate from the City. The Right of Burial is not the purchase of a property interest within the City Cemetery, but merely a right to bury someone therein.

(d) A Right of Burial certificate shall be exempt from execution, taxation or assessment for care and maintenance from and after full payment of the purchase price including the perpetual care fee. Payments made pursuant to this section shall not be construed to be payment for cemetery services other than perpetual care or prepaid maintenance.

(e) No other improvements, changes, or services, except perpetual care shall be made on any burial space without the certificate holder or heirs first submitting to, and receiving from the Parks and Recreation Director, written approval for such improvements, changes, or services, which improvements, changes, or services shall be subject to the rules and regulations promulgated by the City Council.

Only one burial right or burial space fee is required to be paid for double depth burial spaces and infant or ashes buried in a burial space as more particularly set forth in the City Fee Schedule regarding burial right; but, each body or ashes buried therein shall be required to pay the applicable interment and perpetual care fees as more particularly set forth in the City Fee Schedule.

(h) Subject to the provisions of this Chapter, residents of the City may purchase a Right of Burial in the City Cemetery at any time; provided that a maximum of four (4) Rights of Burial may be purchased by the occupants of any one household unless there is immediate need for the use of more. Short Title: Discussion regarding RAP Tax Renewal

Initiated By:

Scheduled Time: 8:15

#### **SUBJECT**

- a. Process and funding
- b. Potential uses of revenue

#### **RECOMMENDATION**

Direct Staff regarding follow up issues or questions regarding renewal process and/or possible uses of RAP Tax funds.

#### **BACKGROUND**

In 2007, the City voters approved the imposition of a RAP Tax (0.10% local sales and use tax on qualified taxable transactions within the City) to fund the Performing Arts Center and other recreational and cultural facilities and organizations. The City implemented the RAP Tax through the adoption of Title 5, Chapter 9 of the Centerville Municipal Code. The 2007 RAP Tax was authorized to be levied for a period of eight (8) years and may be reauthorized at the end of the eight-year period in accordance with applicable provisions of Utah law, including Utah Code Ann. 59-12-1401, et seq. The 2007 RAP Tax is set to expire in April of 2016. The purpose of this agenda item is to discuss whether to renew the RAP Tax and to review the timelines and requirements to place this matter on the ballot for the 2015 municipal general election. A handout from Jason Burningham of Lewis, Young, Robertson & Burningham regarding the timeline and procedures for renewal of the RAP Tax is attached for your review. A brief synopsis of the permitted uses of RAP Tax funds is provided in the attached handout. The Council may want to discuss and agree upon a process for determining which uses will be proposed for funding.

Based on conversations among City officials to date, the potential uses suggested include park improvements/repairs/replacements (including completion of sound wall), CenterPoint Theatre assistance, Whitaker Museum funding, and trails projects. The Parks Capital Improvement Plan reviewed by the City Council in January 2013 is attached. As shown in that document, the projects in the column with the heading "Impact Fee Eligible" total \$2.5 million and became the basis for the approval of a higher park impact fee. The Plan, however, also identifies another \$3 million in park-related projects that are not eligible for impact fee funding. The RAP Tax revenues could be used to fund these projects. Ninety percent (90%) of the current RAP Tax revenues from both Centerville and Bountiful are being used to pay a portion of the debt service for the performing arts center. RAP Tax revenues will not be needed for this purpose during the renewal period; however, the CenterPoint Theatre Board is hoping the City would make some of those revenues available to enhance their operational budget.

TIMELINE AND SCHEDULE FOR:

**IMPOSITION OF RECREATION, ARTS AND PARKS (RAP) TAX**

Pursuant to 59-12-1401 of Utah Code

---

The following schedule provides an overview of the various steps required for a city or town legislative body (City Council) to submit an opinion question or referendum to its residents regarding the imposition of a 0.1% sales and use tax (RAP Tax) for purposes of funding recreational, cultural, botanical and zoological organizations and or facilities within the City.

A RAP Tax may not be imposed or submitted by a City or Town in the form of an opinion question without the County’s authorization and acknowledgment. Since there are many cities within Davis County who have successfully submitted and passed RAP Tax referenda and these RAP Taxes are currently imposed, Davis County must authorize the ability of any municipality or city within Davis County who wish to submit the opinion question.

The following table provides sequence, timing and process that must be followed in order to impose the RAP Tax.

Short Title: Financial Report for 3-month period ending September 30

Initiated By: Blaine Lutz, Assistant City Manager/Finance Director

Scheduled Time: 8:45

**SUBJECT**

**RECOMMENDATION**

**BACKGROUND**

Attached is the Interim Financial Report for the 3-month period ending September 30, 2014 (first quarter of FY 2015).

Also attached is a YTD comparison of the first quarter of FY 2015 to previous fiscal years. This is really the point in time of the year that there is some feel for the performance of the fiscal year. Typically, expenditures exceed revenues at this time of the year because property taxes are not received until later, and some annual expenditures occur during the first few months of each fiscal year.

This year, revenues nearly match expenditures. More importantly the percent of budgeted revenues and budgeted expenditures are very close to historic numbers. The only area of significant revenues that are below historic amounts are licenses and permits and intergovernmental. Licenses and permits are primarily construction permits and are cyclical. There are a number of potential commercial projects in the near future which should increase permit revenue. However, if permit revenue is lower than anticipated, related expenditures should also be less. Class C roads is a significant portion of Intergovernmental revenue. Distributions are received 6 times a year. Timing of distributions can vary, and only 1 distribution has been received. In some years past, there have been 2 distributions within the first three months.
