City Council Staff Report

Subject: Bountiful Park Playground Phase II

Author: Brock Hill

Department: Parks

Date: 28 October 2014

Background

The new playground at 400 North Park remains incomplete as has been previously discussed with members of the City Council. As directed, research on additional playground equipment has been ongoing with several versions falling short of City expectations. Additional ideas and playground equipment options will be presented for discussion and Council direction.

Analysis

As previously mentioned prior playground designs and equipment have fallen short of City standards and expectations, age appropriate play, and innovation the City is looking for. Equipment being researched has been evaluated using these factors as well as cost, social inclusive play, and overall play value. The new design and equipment being presented, better fits into the existing playgrounds foot print, design and style of existing equipment, and the desired design perimeters.

Department Review

The review was completed by the Parks Department

Significant Impacts

No specific impacts identified

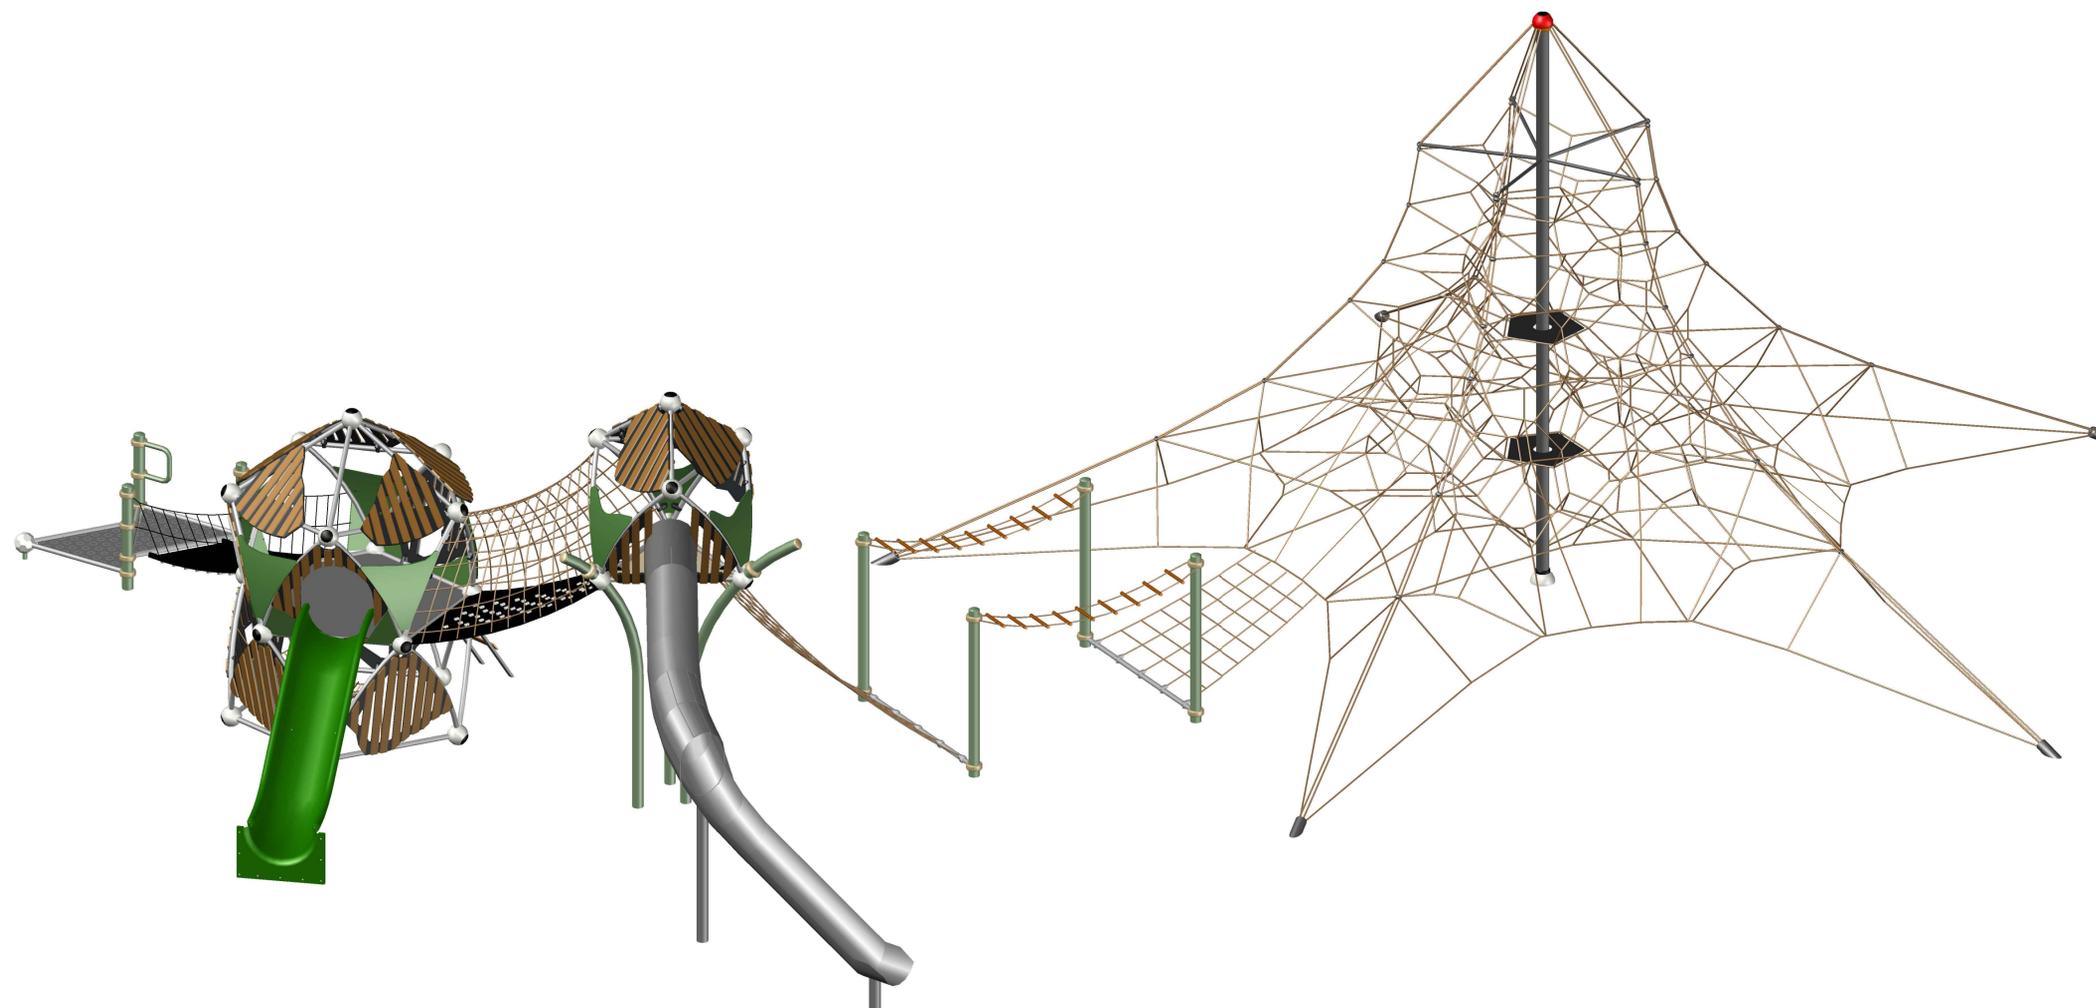

Recommendation

Staff recommends the following action to be taken by the City Council:

- Approval is given to purchase Berliner playground equipment from one of two playground options.
- No approval given with specific input, council, and direction given.

Attachments

City Council Staff Report

Subject: Proposal to trap, sterilize and release feral cats
Author: Chief Ross and Clint Thacker
Department: Police Department and Davis County Animal Control
Date: October 28, 2014

Background

The following is a request to approve a proposal to help manage the feral cat population in Bountiful City. No additional funding for this Proposal is required. New program costs will be offset by a reduction in feral cats and reduced management costs.

Analysis

According to Davis County Animal Care and Control, the feral cat population continues to increase in Bountiful as well as the rest of Davis County. The costs to catch, test, shelter and in many cases euthanize feral cats have also continued to increase. Unless we change the course we are on, the cat population will continue to grow as well as the costs necessary to manage them.

DCAC is proposing a new program that, if approved, will allow animal control officers to trap, test and sterilize feral cats so they can no longer reproduce. These cats will then be released back to the area they were captured. By reducing their ability to reproduce, the feral cat population will decrease along with the costs required to manage them.

This program is being operated in other cities across the country with significant benefits. There have been visible reductions within a five year period of time. Several cities in Davis County have already given their approval for this program.

Department Review

The Police Department and City Manager have reviewed this staff report.

Recommendation

We respectfully request your approval to participate in this new program. Thank you for your time and consideration in this matter.

Significant Impacts

No additional funding required.

Minutes of the
BOUNTIFUL CITY COUNCIL

October 14, 2014

6:32 p.m.

Present: Mayor Randy C. Lewis
Council Members: Kendalyn Harris, Richard Higginson, Beth Holbrook,
John Marc Knight, John Pitt
City Manager: Gary Hill
City Attorney: Russell Mahan
City Engineer: Paul Rowland
City Planner: Chad Wilkinson
Department Director's & Personnel:
Ed Biehler, Assistant Police Chief
Brent Thomas, Light & Power
City Recorder: Kim Coleman
Recording Secretary: Nikki Dandurand

Official Notice of both the Work Session and the Regular Meeting had been given by posting a written notice of same and an Agenda at the City Hall and providing copies to the following newspapers of general circulation: Davis County Clipper, Standard Examiner, and on the Utah Public Notice Website.

Work Session 6:32-6:58 p.m.
Planning Commission Room

Mayor Lewis called the meeting to order and welcomed all those in attendance.

CHANGES TO SITE PLAN REVIEW PROCESS – MR. CHAD WILKINSON

Mr. Wilkinson referred to the staff report and stated that the predominant concern expressed by local business owners and developers has been the time required to schedule and review site plans at two separate public meetings. Because the plan reviews and approvals are administrative in nature, it may be appropriate to eliminate the public meeting requirement and authorize staff to perform the reviews. The current turnaround time is approximately 3 weeks for approval. With a streamlined process, and eliminating the public review meetings, this time frame could be reduced to a one to two week time frame. Councilmembers gave various feedback including just having a regularly scheduled meeting with a set date, eliminating the “red tape”, and/or limiting the review to just current single family home applications. Mayor Lewis asked if this streamlined review process is customary in other cities. Mr. Wilkinson replied that some cities are using this approach, but it’s not universal. Mr. Wilkinson stated the positive factors with this approach are that it is streamlined, gives direct feedback to the applicants, and results in early review times and shortened approval times. The negative factor is less involvement with the public. Council members are reluctant to make any changes to the process at this time, but agreed to hear more ideas in the future.

Regular Meeting 7:02 p.m. – 7:42 p.m.

14 Asst. Chief Biehler is requesting approval for new fire sprinklers in the Public Safety Building. The
15 current system is over 18 yrs. old and is not under warranty. The sprinkler heads were recalled some
16 time ago. However, because the original contractor who installed the system is out of business, we

34 on a daily basis. The new truck will hold more personnel and have a larger service body to support
35 the needs of the department. This purchase will be through the Utah State Bid Contract.
36 Councilwoman Harris inquired if other bids were taken into consideration. Mr. Thomas explained
37 that through the Utah State Bid Contract, vendors submit their bids to the state and, in doing so, the
38 competitive process is already done. Mayor Lewis stated he would like to see more local contracts
39 versus state contracts. City Manager, Gary Hill, also added that using the State Bid process
40 maximizes staff time, that otherwise would be spent conducting and gathering bids. Councilwoman
41 Holbrook motioned to approve the truck purchase. Councilman Pitt seconded the motion. Voting

11 approximately half as much as previous bids. Mr. Rowland noted that he has two goals for this
12 project; first, to protect the road, and second, to not bankrupt the property owner who caused the
13 problem. Council inquired if this process will guarantee the hillside will not collapse. Mr. Rowland
14 explained there are no guarantees, but this will have the most minimal impact on the area.
15 Councilman Knight made a motion to approve the contract for sheet pile shoring. Councilwoman
16 Holbrook seconded the motion. Voting was unanimous with Councilmembers Harris, Higginson,

September 2014 Budget Performance Report

- Revenues
- Expenditures - Includes Capital Outlay
- Capital Outlay

Revenue Budgets Notes/Highlights:

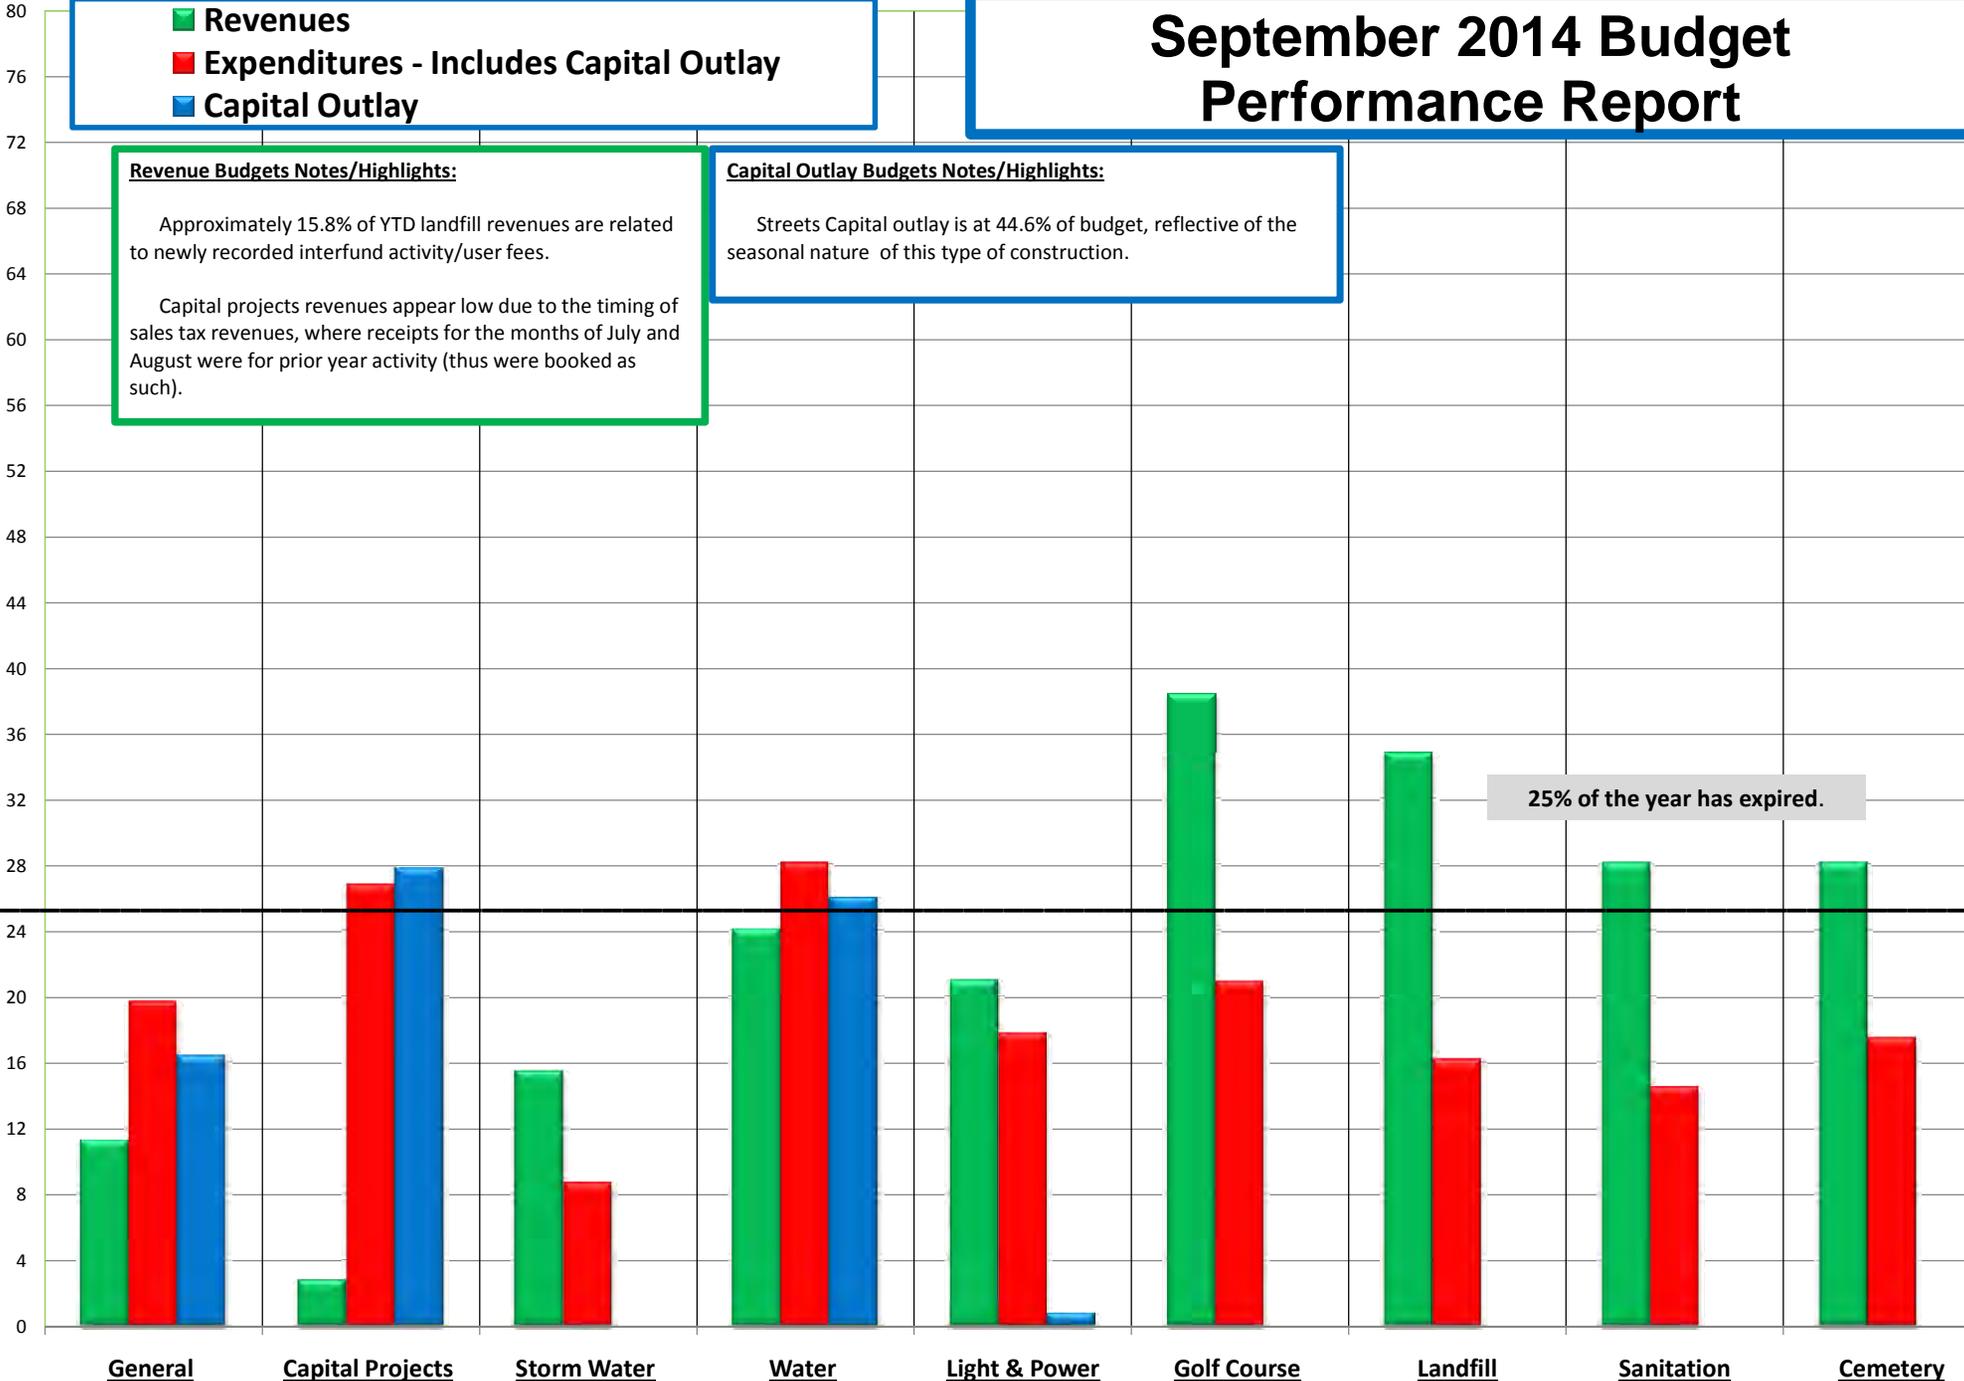

Approximately 15.8% of YTD landfill revenues are related to newly recorded interfund activity/user fees.

Capital projects revenues appear low due to the timing of sales tax revenues, where receipts for the months of July and August were for prior year activity (thus were booked as such).

Capital Outlay Budgets Notes/Highlights:

Streets Capital outlay is at 44.6% of budget, reflective of the seasonal nature of this type of construction.

25% of the year has expired.

Council Staff Report

Subject: RAP Tax Re-Authorization Public Meeting
Author: Galen D. Rasmussen, Assistant City Manager
Department: Finance
Date: October 28, 2014

Background

The City Council adopted Resolution 2014-12 requesting an opinion question to be placed on the November 4th election ballot for residents. That opinion question asks residents if the City of Bountiful should be authorized to impose a 0.1% sales tax to fund parks improvements, recreational improvements, and cultural facilities and organizations in the City of Bountiful. Since the RAP tax is an existing tax authorized in 2007, the opinion question on the November 4th ballot is in reality requesting approval or disapproval for a re-authorization of an existing tax. However, State law does not allow modification of the opinion question format to communicate this distinction.

Analysis

A Voter Information Pamphlet containing information on the nature, purpose, proposed uses and arguments for and against the RAP tax was mailed to all residents on Friday, September 26th. This pamphlet has also been posted to the City's website. Summary information from the pamphlet has also been forwarded to Davis County for posting on their website and the State Voter Information website.

Tonight's public meeting has been announced as required by law with an objective of further explaining the RAP tax and inviting public comment and questions. A PowerPoint presentation is attached and available as an introduction for the public meeting.

Department Review

This staff report and the attached Voter Information Pamphlet and PowerPoint presentation have been reviewed and approved as to form and content by the City Manager. The City Attorney and City Recorder were also consulted for input and approval.

Recommendation

It is recommended that the City Council allow time during the October 28th City Council Meeting for a staff presentation on the proposition for re-authorization of the RAP tax along with an invitation for comments and questions from the public.

RAP Tax Information

RAP Tax Information

Pros & Cons

In the November 4th election there will be a ballot proposition on whether the 0.1% RAP (Recreation Arts and Parks) sales tax approved by Bountiful voters in 2007 should be reauthorized for another ten years.

If approved, it would continue an existing tax but would not impose an additional tax. Money from continuing this tax would be used to fund parks improvements, recreation improvements, and cultural facilities.

The formal language on the November 4, 2014 ballot will read as follows:

PROPOSITION #6

RAP Tax Reauthorization

Shall the City of Bountiful, Utah, be authorized to impose a 0.1% sales and use tax to fund parks improvements, recreational improvements, and cultural facilities and organizations for the City of Bountiful?

_____ Yes _____ No

Frequently Asked Questions on the Tax

What will the RAP Tax proceeds be used for?

State law allows the RAP Tax to fund a broad range of parks, recreational facilities, and arts and cultural projects and activities. In 2013 the City acquired a seven acre property on Mill Street near Bountiful High School. The development of that property as a park for current and future residents and visitors is dependent in large part upon availability of RAP Tax funding. The goal of the City is to analyze options, and provide funds to develop this park along with funding for other parks, recreational facilities, and cultural projects and organizations of benefit to Bountiful citizens, such as:

- New Park on Mill Street
- Other Park Play Structures and Improvements

- Sports and Field Facilities
- Pavilion and Stage Improvements
- Trails
- Grants to Arts and Cultural Groups and Programs

What was the RAP Tax authorized in 2007 used for?

The current RAP Tax was used to help fund the construction and development of the CenterPoint Legacy Theater and to fund local arts and parks projects. Funding comes from purchases within our community by residents and visitors alike. This RAP tax will expire in March 2016.

Who decides what projects to fund with the proceeds of the RAP Tax?

The City Council makes final decisions on which projects to fund. Potential projects will be considered annually as a part of the City's regular budget process which includes the opportunity for public review and comment.

How much funding is expected and for how long will it be available?

The currently authorized RAP Tax has produced up to \$430,000 per year. With a reauthorization of the existing RAP Tax, revenues are projected to provide as much as \$4.7 million dollars to the City over a ten year period.

What are the consequences if the RAP Tax is not Reauthorized by voters?

If the RAP tax is not reauthorized, the tax will expire in March 2016 and up to \$4.7 million will not be available for funding of community projects and activities. These projects and activities would then be delayed, downsized, reorganized, or cancelled altogether.

The arguments for or against a ballot proposition are the opinions of the authors.

Arguments For the Tax

- The RAP tax provides funding to develop facilities for the benefit of all Bountiful citizens, such as parks, sports facilities, and recreational and cultural programs.
- These projects enhance the quality of life in Bountiful.
- A reauthorized RAP Tax will be used 100% for projects that will provide a benefit to Bountiful City, its residents and visitors to the City.
- Funding to support Parks, Arts and Cultural activities brings diversity, vitality & economic benefits to the City.
- The RAP Tax is an equitable way of collecting needed revenues and allows both residents and visitors to share in funding projects.
- Your regular everyday purchases help fund desired projects. It is just a penny (\$0.01) from every \$10.00 of purchases.
- The RAP Tax is a dedicated funding source which allows other general City revenues to be used for critical needs such as road maintenance and construction, snow removal and public safety.
- Development of the Mill Street area park is largely contingent upon continued availability of RAP Tax funds.

Arguments Against the Tax

- The RAP Tax is a special purpose tax with benefits to a set category of expenditures rather than a tax which would benefit a larger cross-section of general city-wide expenditure needs.
- Expiration of the current RAP Tax will allow taxpayers to recapture approximately \$400,000 per year from not paying the 0.1% tax
- Sales tax is a larger burden on those on fixed incomes and young families with large numbers of children.
- Separate "boutique" taxes add complexity to the tax system with reporting burdens to businesses and confusion to taxpayers.
- Risk that the tax is focused primarily on serving the needs of a few special interest groups rather than the broader community.

Bountiful City

- The tax is small. Just a penny (\$0.01) on every \$10.00 of purchases.
- Taxes help fund parks improvements, recreational improvements and cultural facilities and organizations for the City of Bountiful.

What is the RAP tax used for now?

- 90% to fund development of the regional Centerpoint Theater in Centerville (Centerville residents also fund the center with their RAP Tax)

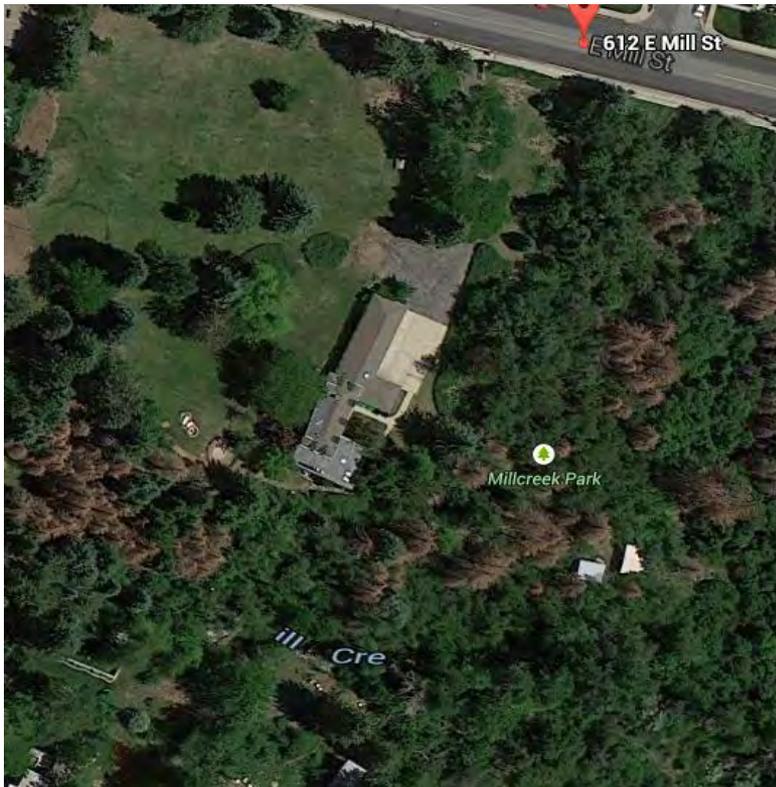

What is the RAP tax used for now?

- 10% for local projects and programs in Bountiful City

What about future uses of a Re-Authorized RAP Tax?

- A new park on Mill Street

What about future uses of a Re-Authorized RAP Tax?

- Play Structures and Improvements

What about future uses of a Re-Authorized RAP Tax?

- Pavilion and Stage Improvements

- Trail Systems

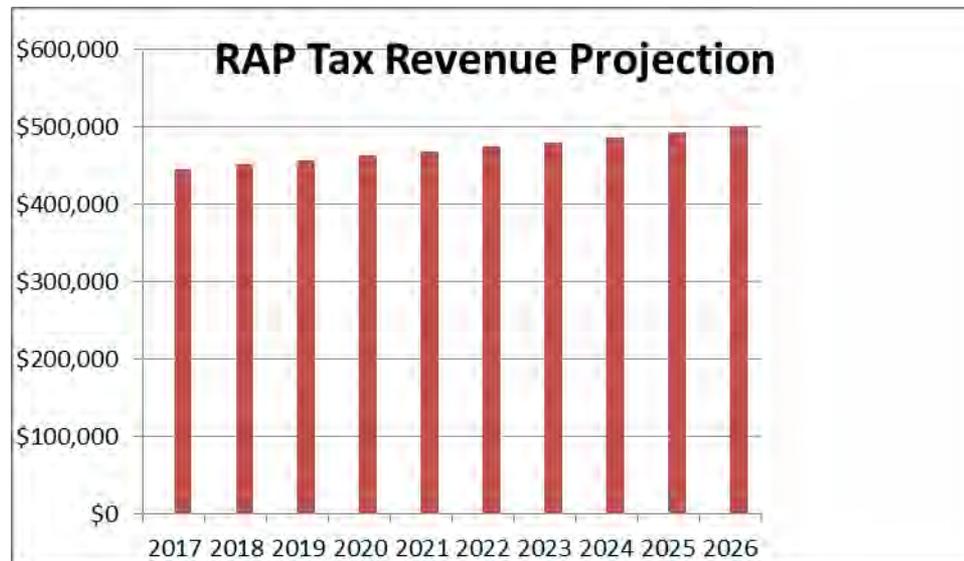

What about future uses of a Re-Authorized RAP Tax?

How much funding is expected?

- Currently, the RAP Tax produces up to \$430,000 per year.
- Projected to be as much as \$4.7 million over ten years, if re-authorized by voters on November 4th.

How are projects submitted and allocation of funding made?

- RAP Tax funding is allocated annually during the regular City budget process.
- Requests for funding are made by City departments and outside Arts and Cultural organizations.
- Approval is by the City Council.
- The budget is open for public inspection and comment.

City Council Staff Report

Item: Public Hearing; Zone Map Amendment from R-4 (Single Family Residential) to D-N (Downtown)
Author: Chad Wilkinson, City Planner
Department: Planning and Economic Development
Address: 78 East 400 North
Date: October 28, 2014

Background

The applicant, Intermountain Health Care, requests a zone map amendment from R-4 (Single Family Residential) to D-N (Downtown). The applicant has submitted the zone change request in anticipation of future expansion of the existing medical clinic located at 390 North Main Street.

Analysis

The proposed amendment is a logical extension of the D-N zone boundary. The property is currently nonconforming in relation to the lot width standards of the R-4 zone. Consolidation with the properties to the west will allow for expansion of the existing Medical Clinic. Redevelopment of the property as a single family residence would be difficult based on the narrow width of the existing parcel. The proposal is consistent with the Downtown Master Plan and is within the eastern boundary of the downtown area (100 East) as described in the plan.

Standard of Review

As a matter of procedure, whenever the Planning Commission considers a request for a rezone (zone map amendment), it shall review it in accordance with the provisions of 14-2-205 AMENDMENTS TO ORDINANCE AND MAP, which are as follows:

- B. For the purpose of establishing and maintaining sound, stable, and desirable development within the City, it is declared to be the public policy that amendments should not be made to the Bountiful City Land Use Ordinance or Zoning Map except to promote the objectives and purpose of this Title, the Bountiful City General Plan, or to correct manifest errors.*

Department Review

The application has been reviewed by the City Planner, City Attorney and City Engineer.

Planning Commission Review

The Planning Commission reviewed the proposed zoning map amendment on October 7, 2014. A copy of the minutes for this item is attached to this report. The commission recommended approval of the proposed zone change.

Recommended Action

The Planning Commission recommends approval of the proposed zone map amendment from R-4 (Single Family Residential) to D-N (Downtown) for the property located at 78 E. 400 North.

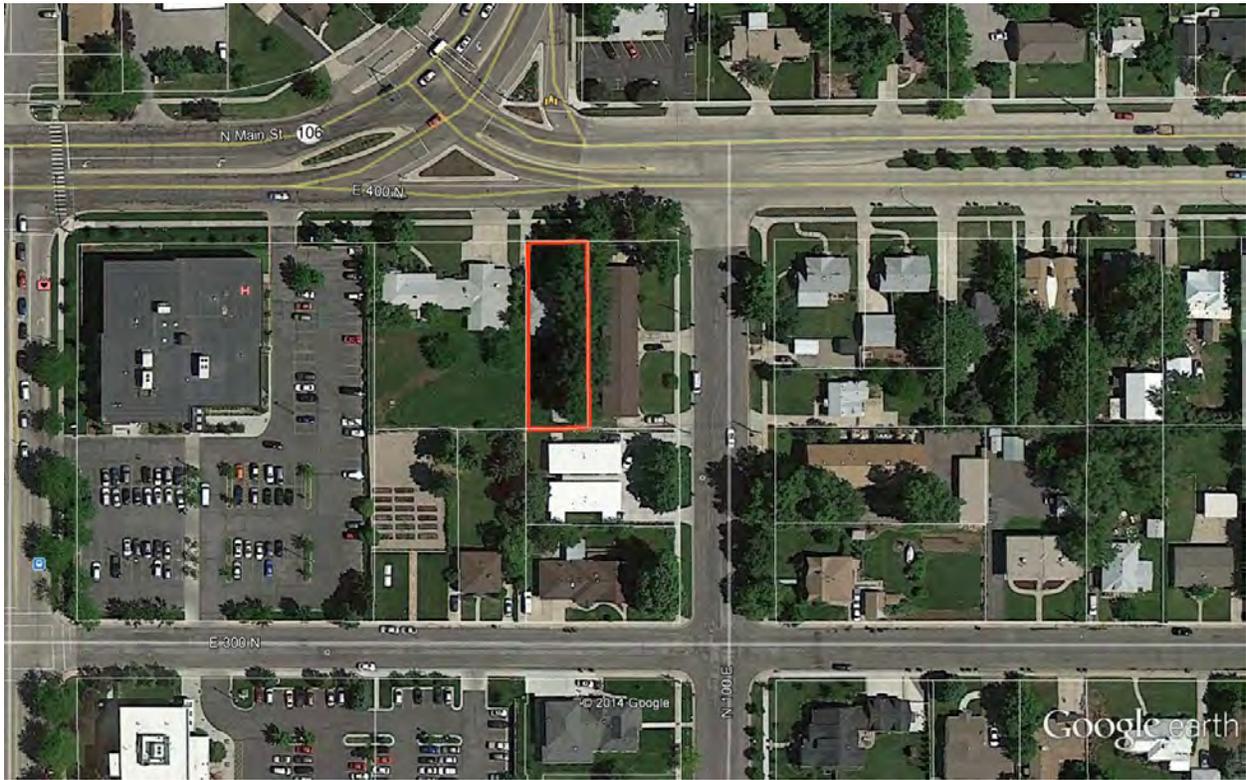

Significant Impacts

The proposed zone change is for a relatively small parcel (.21 acres) and is not anticipated to have significant impacts to traffic or public utilities.

(Typed Responses Required by Paragraph 1(f))

1(f)(i) List the complete legal description of the property (or submit a separate survey).

That certain real property located in Davis County, State of Utah, more particularly described as follows:

BEGINNING 78 FEET WEST OF NORTHEAST CORNER OF LOT 4, BLOCK 52, PLAT "A", BOUNTIFUL TOWNSITE SURVEY; THENCE SOUTH 165 FEET; THENCE WEST 54 FEET; THENCE NORTH 177 FEET; THENCE EAST 54 FEET; THENCE SOUTH 12 FEET TO THE POINT OF BEGINNING. CONT. 0.201 ACRES (APPROX.)

TAX PARCEL NO. 03-027-0012

Said property is also known by the street address of 78 East 400 North, Bountiful, Utah, 84010.

1(f)(ii) What is intended to be done on or with the property?

IHC Health Services, Inc. ("*Intermountain Healthcare*") provides certain primary and preventative healthcare services, urgent care, extended hours pediatric care and pharmacy services at a neighborhood clinic (the "*Medical Clinic*") located at 390 North Main Street, Bountiful, Utah (Tax Parcel No. 03-027-0102) (the "*Intermountain Healthcare Property*"). Intermountain Healthcare has negotiated the purchase of that certain parcel of real property located at 44 East 400 North, Bountiful, Utah (Tax Parcel No. 03-027-0011) (the "*44 East 400 North Property*"), which property is adjacent and contiguous to the Intermountain Healthcare Property, and that certain parcel of real property located at 78 East 400 North, Bountiful, Utah (Tax parcel No. 03-027-0012) (the "*78 East 400 North Property*"), which property is adjacent and contiguous to the 44 East 400 North Property. The 44 East 400 North Property is presently owned by Julie N. McDonald, as Trustee of the Kenneth D. Newman Family Trust, dated October 31, 1997. The 78 East 400 North Property is presently owned by Julie N. McDonald, as Trustee of the Jewel S. Newman Family Trust, dated October 31, 1997, and Amy L. Newman, an individual also known as Amy Louise Newman. Intermountain Healthcare intends to use the 44 East 400 North Property, which is zoned Downtown, and the 78 East 400 North Property, pending its rezoning from Single-Family Residential (R-4) to Downtown, to expand the Medical Clinic and, in that connection, the Medical Clinic's existing parking area in order to provide additional and necessary parking for the patients, visitors and staff of the Medical Clinic.

1(f)(iii) Why is the intended zone change necessary at this particular location to provide a service to the community?

If the 78 East 400 North Property is rezoned from the Single-Family Residential (R-4) Zone to the Downtown Zone, Intermountain Healthcare could expand the Medical Clinic and the Medical Clinic's existing parking area, which would allow Intermountain Healthcare to continue to expand and improve its healthcare services to the community and, in that connection, provide safe, convenient and off-street access to the Medical Clinic for the Medical Clinic's patients, visitors and staff.

1(f)(iv) Explain how the intended zone change will not be detrimental to the health, general welfare or safety of persons working or residing in the vicinity, or injurious to property or improvements in the vicinity.

The majority of real property located between 100 East and Main Street and between 300 North and 400 North in Bountiful, Utah, is included in the Downtown Zone and is being utilized for commercial purposes. Notably, the 44 East 400 North Property, which is adjacent and contiguous to both the 78 East 400 North Property and the Intermountain Healthcare Property, is zoned Downtown and is presently open to the public as a retail antique store. Changing the 78 East 400 North Property from the Single-Family Residential Zone (R-4) to the Downtown Zone, consistent with much of the property in the area, will not be detrimental to the health, general welfare or safety of the community and, in fact, will allow Intermountain Healthcare to expand the Medical Clinic and the Medical Clinic's existing parking area, which will allow for the expansion and improvement of Intermountain Healthcare's healthcare services and, by reducing traffic and on-street parking in surrounding areas caused when the Medical Clinic's existing parking area is at full capacity, increase the general welfare and safety of the community.

1(f)(v) Explain fully the timetable for development as well as financing available.

As indicated, Intermountain Healthcare intends to acquire and, then, use the 44 East 400 North Property, which is zoned Downtown, or the 78 East 400 North Property, pending its rezoning from Single-Family Residential (R-4) to Downtown, for the expansion of the Medical Clinic and, in that connection, the Medical Clinic's existing parking area in order to provide additional and necessary parking for the patients, visitors and staff of the Medical Clinic (the "*Proposed Uses*"). Intermountain Healthcare believes and, based on numerous conversations with City personnel, understands that the Proposed Uses are consistent with other land uses in the area and, as such, the City would not object to and, in fact, should support the Proposed Uses. Initially, Intermountain Healthcare expects to utilize the 44 East 400 North Property and, when rezoned, the 78 East 400 North Property (collectively, the "*Expansion Properties*") for expansion of the Medical Clinic improvements and, further, landscaping, parking and setback purposes.

At this time, however, Intermountain Healthcare does not have any definitive plans for the Proposed Uses, including, as indicated, any initial use for parking, landscaping or setback purposes. Nonetheless, Intermountain Healthcare acknowledges and understands that any of the Proposed Uses of the Expansion Properties, initially or in the future, will require the advance approval of the City and, as such, once the City approves of the rezone requested here, Intermountain Healthcare intends to finalize and submit formal development plans to the City for its review and approval. To that end, Intermountain Healthcare respectfully submits that, given that the requested rezone here is consistent with other land uses in the area, Intermountain Healthcare currently operates the Intermountain Healthcare Property adjacent to the Expansion Properties, the Expansion Properties will only be used in conjunction with the Intermountain Healthcare Property, any of the Proposed Uses will have to comply with the Downtown Zone currently applicable to the 44 East 400 North Property and, once rezoned, the 78 East 400 North Property in any event, and, even with the approval of the requested rezone of the 78 East 400 North Property, any of the Proposed Uses will remain subject to the preparation by Intermountain Healthcare and, then, the approval of the City of definitive plans therefor, the City now should consider, and approve of, this Application.

Subject: Transformer Bid Approval
Author: Allen Ray Johnson
Department: Power Department
Date: October 28, 2014

Background

On August 5th 2014, the 500 kVa transformer for Bountiful High School failed and we used one out of inventory to replace it. This purchase is to replenish our inventory so that we can keep a sufficient number of transformers on hand to cover emergency repairs and to meet the needs of upcoming projects that arise before we can order and receive new transformers. We also have a need to replenish some of our single phase transformers.

Analysis

Invitations to submit a bid for these transformers were sent out to two (2) major suppliers. The bid included the following quantities:

- 1 (ea.) 500KVA three phase pad transformer
- 12 (ea.) 50KVA single phase overhead transformers
- 20 (ea.) 50KVA single phase pad transformer
- 2 (ea.) 100KVA single phase pad transformer

We received and opened sealed bids on October 10, 2014 at 10:00 a.m. The results are as follows:

Distributors	Cost	Delivery
H.D.Utilities –GE/Prolec Salt Lake City, Utah	\$64,960	10-12 weeks
H.D.Utilities –Cooper Salt Lake City, Utah	\$71,926	8-19 weeks
Northern Power - Ermco Centerville, Utah	\$64,870	10-12 weeks

Department Review

Bids were reviewed by the Power Department Director and City Manager.

Recommendation

Staff recommends that we accept the low bid from Northern Power for the 35 Ermco Transformers for the sum of \$64,870.

This item will be discussed at the Power Commission meeting Tuesday morning and we will bring their recommendations to the City Council meeting.

Significant Impacts

This replacement of transformers is a budgeted item and these transformers will be purchased and placed into inventory until they are needed to be installed on the system.

City Council Staff Report

Subject: Bountiful City Website Upgrade / Branding Project

Author: Alan West

Department: Information Systems

Date: October 24, 2014

Background

For nearly twenty years the Information Systems department has managed the City's web server, website and web content. For the past several years we have used a content management system provided by Ektron, Inc. This software is strong in content management (documents, maps, etc.), but is weak in web-design features.

Analysis

After determining that our website is in need of a facelift, and that the Ektron product does not provide us with the best web-design options, we began researching other solutions. We have met with several vendors and have evaluated their proposals. During this process we reviewed numerous websites designed by the various vendors. We have also analyzed the services offered, including web-hosting, design services, content management, etc.

One service that the top two vendors offer is **logo design** and **branding**. We are aware of the Council's interest in "**Branding Bountiful**" and we discussed at length the ability of the vendors to help in this process. We are excited about the possibility of developing a new website along with a potentially new look and feel for Bountiful City.

Department Review

All of the departments have been involved in the City's website at different levels:

- The Police Department has been the most aggressive in developing their own content and managing their own web pages. We have met with the Police Department and feel confident that this solution will provide them with better tools and flexibility which should translate into improved web design, management and control.
- The Golf Course is currently evaluating a new Point-of-Sale system and Online Reservation solution. These improvements, along with a new web design, will work well together to improve the web presence of Bountiful Ridge Golf Course.
- Many departmental pages on our web server have been static with few changes over the years. The complicated nature of our current design software has made it

difficult to give departments the ability to modify their own content. This new hosted solution will not only provide a design consistency that can keep the various pages looking similar, but also give departments the ability to easily update their own web information.

Recommendation

We recommend that City Council give approval to proceed with the Bountiful City Website Upgrade / Branding Project by entering into a contract with i4 Solutions as follows:

• Bountiful City Website Design and Data Migration	\$ 4,500.00
○ <i>Subsidiary Page Design</i> (3 x \$1,500)	\$ 4,500.00
• Bountiful Ridge Golf Course Website Design	\$ 3,000.00
• Logo and Branding Services	<u>\$ 3,000.00</u>
TOTAL:	<u>\$15,000.00</u>

Notes:

- “*Subsidiary Page Design*” is on an as-needed basis. This service would only be used on a per-department basis if a department’s web pages required specific design work beyond the basic color and format scheme. Migration of the existing Police Department web pages into the new hosted service may require this Subsidiary Page Design service.
- A copy of the proposal from i4 Solutions, Inc. is available upon request

Significant Impacts

i4 Solutions provides many features that will significantly improve our web site:

- **Hosted Services** will reduce maintenance costs on our network
- **Design Services** including branding will ensure state-of-the-art design
- **Newsletter Signup** will allow online subscription to newsletters and notifications, which can then be automatically distributed to subscribers
- **Site Search** will allow powerful searches for documents and content
- **A Customizable Calendar** looks better and is much more customizable
- **Departmental Control** will allow each department access to their content
- **Consistency** is ensured by giving a common look and feel across the site

Subject: Lease Agreement for North Salt Lake Wi-Fi Tower
Author: City Attorney Russell Mahan
Date: 28 October 2014

Background

The City of North Salt Lake would like to build a 40 foot wi-fi tower near an existing tower off of Hidden Lake Circle in Bountiful. This will accommodate NSL's need for its own internal communications.

Analysis

The purpose of this tower is to help North Salt Lake meet its internal needs, and is not for commercial use. The need for it is explained in the attached email. Its location is shown on a google earth aerial photograph. A lease provision prohibits any co-locations on the tower by other entities or businesses with written Bountiful City approval. The tower is well located to minimize intrusiveness into the skyline east of town, and framed against a mountainside and will be next to an existing tower. The lease term is for ten years, with renewals thereafter requiring future City Council approval.

Department Review

This agreement has been reviewed by City Manager Gary Hill, City Engineer Paul Rowland and City Attorney Russell Mahan.

Significant Impacts

None.

Recommendation

It is recommended that the City Council approve the Lease Agreement with North Salt Lake.

The use of the Area shall be limited to construction, maintenance, and operation of a Wi-Fi tower/antenna facility as described in the attached Exhibit B, together with associated equipment used by Lessee. Said items shall be referred to as the “Wi-Fi tower.” Any other use of the Area shall cancel this Lease Agreement unless approved in writing by Lessor. Lessor grants Lessee reasonable access to the Area twenty-four (24) hours a day, seven (7) days a week and for utilities necessary to operate Lessee’s facility.

4. Term. The term of this Lease shall commence October 31, 2014 and shall run for ten (10) years, terminating on October 31, 2024. The parties agree to enter into four (4) renewal terms of ten (10) years each, provided that Lessee shall notify Lessor no less than 180 days, or more than 210 days, prior to the expiration of each ten (10) year term of its desire to renew the Lease. Any renewal must be approved by the Bountiful City Council.

5. Rent. Lessee shall pay rent in advance to Lessor annually in the sum of one-hundred dollars (\$100). The rent shall be due and payable annually on the anniversary of the commencement date.

7. Late Charge. In the event the Lessee fails to make any payment of rent or any other payment due hereunder upon the date due, the Lessor shall be entitled to collect from the Lessee a late charge equal to five percent (5%) of the delinquent payment.

8. Termination.

a. In the event Lessee shall violate any term or condition of this Lease and Lessor has given notice in writing to Lessee to cease the violation and comply with the terms of this Lease and Lessee has failed to do so within thirty (30) days of such written notice, Lessor may terminate this Lease and reenter the Property.

b. Lessor may terminate this Lease without cause upon one year's written notice.

c. Lessee may terminate this Lease without cause upon one year's written notice.

d. Lessee may terminate this Lease upon one hundred twenty (120) days written notice in the event that Lessee cannot receive and transmit 360 degrees from the Area as defined in Section 2 for reasons beyond the Lessee's control. In this event, Lessee shall be entitled to a pro rate refund of rent less any damages it may have caused the Property.

e. Except as otherwise provided herein, this Lease may be terminated, without penalty or further liability immediately upon written notice, if the Property or the Wi-Fi tower facilities are destroyed or damaged so as in Lessee's reasonable judgment to substantially and adversely affect the effective use of the Wi-Fi tower facilities. In such event, all rights and obligations of the parties shall cease as of the date of the damage or destruction, and Lessee shall be entitled to the reimbursement of any rent prepaid by Lessee.

f. Except as otherwise provided herein, upon termination of this Lease, Lessee will return the Property to Lessor in good, useable condition, normal wear and tear excepted. Lessee shall be liable to Lessor for any deficiency in the rent for the remainder of the ten (10) year term or any renewal term. Lessor's failure to use remedies provided herein shall not constitute a waiver by Lessor. In the event of termination of this Lease, Lessee shall remove the Wi-Fi tower facilities from the Property within thirty (30) days of termination, except that, at Lessor's option, ownership of the pole or tower shall transfer to the Lessor upon payment of the market value of the pole or tower to Lessee or some other price agreed to by the parties.

9. Indemnity. Lessee shall defend, indemnify, and hold harmless Lessor, its officers, agents, employees, and volunteers from any and all claims, costs, lawsuits (including, but not limited to, reasonable attorney's fees), damages, actions, or liability whatsoever which may arise from Lessee's use of said Property, or from the conduct of Lessee's business, or from any activity, work or thing done, permitted, or suffered by Lessee in or about the Property. a. Lessee shall conform to and comply with all applicable laws and regulations of any public authority affecting the Property, the Area or the Wi-Fi tower facility and shall assume any costs of such compliance, including any fines or penalties.

c. Lessee shall not allow debris or refuse to accumulate on the Property.

d. Lessee shall not place any signs on the Wi-Fi tower facility unless the sign is required by a regulatory agency.

e. No co-locations of equipment on the tower or on the ground by any other governmental entity or private business may shall be allowed without the approval of Bountiful City in writing.

13. Alterations and Additions. Lessee shall not make any alterations, additions, or improvements to the Area, except for routine maintenance, without first obtaining Lessor's written consent. All alterations, additions, and improvements shall be at the sole cost and expense of Lessee and shall become the property of Lessor, excluding antenna or Wi-Fi equipment, cabinets, and related equipment, and shall remain in and be surrendered with the Property without disturbance, molestation, or injury at the termination of this Lease. Lessor will cooperate with Lessee's efforts to obtain utilities, electrical power, and any other services necessary to operate Lessee's Wi-Fi tower facility. Lessee agrees to comply with all laws, ordinances, rules, and regulations of Lessor and any other authorized authority.

14. Operation of Equipment. Lessee shall install, operate, and maintain the Wi-Fi tower facility in accordance with all applicable laws and regulations so as not to cause interference with any other radio, communication device, computer, or television transmitting or receiving equipment, located on the Property with rights of use prior in time to those of Lessee under this Lease.

The City of North Salt Lake has determined a need for expanded internet services to city facilities. Currently the city is utilizing a fiber optic connection at the City Hall building and relaying this connection via wireless to the Public Works building where the signal is again rerouted up to the Eaglewood Golf Course Club house. This is the main backhaul of the City's IT system and facilitates the transfer of voice, data and video feed from these locations to our main server at the city office building.

To facilitate the expansion to other city owned facilities, North Salt Lake proposes the installation of a 40' tower on Bountiful City property. North Salt Lake is seeking the necessary permits needed to utilize a 10 x 10 area east of the Summerwood trail head. Attached is an approximate location where the tower would be located upon approval.
