## **Project Highlights**

Timeline:	2025
Target Industry:	Financial Services
County:	Salt Lake County
County Class:	1
Capital Investment:	\$10,582,348
Jobs:	97
Average Wage:	\$126,405

## **Company Overview**

Coast is a financial services platform that provides fleet fuel cards and expense management solutions for various industries. Coast is a developer of a card payment platform designed to make fleet and gasoline payments easier for truck drivers. The company's platform provides payment integration solutions to fleets, making fleet administration easier than traditional financial services.

Coast's mission is to help businesses save time and money, so business owners can focus on what matters. Fleet cards and spend management are a tool to help your business do that. Our easy-to-use software lets you set rules that work for your business and track fleet spending so you don't miss a thing. You can get visibility on risky transactions so you can set rules and stop abuse and fraud before it can impact your business. Your drivers can fuel up anywhere Visa can be used instead of searching for an "in-network" gas station. And we offer simple, low pricing that's easy to understand, plus rebates on every gallon on your statement.

Coast is designed for businesses in the United States that operate vehicle fleets. It works both for the 5-vehicle delivery fleet and for the 100-vehicle HVAC installation company. Your business must be organized as a corporation, LLC or partnership and we can't approve sole proprietorships at this time. Approval is subject to a fast and convenient online application process and evaluation.

## **Incentives Committee Recommendation**

Total amount of EDTIF, post-performance refundable tax credit:	<b>\$1,470,259</b>
The amount represents the following percentage of new state revenues:	<b>15%</b>
Number of years that incentive is approved for:	<b>20 Years</b>

## **Jobs & Revenue**

Full time jobs over project lifetime: 97

### **New State Wages & Revenue:**

New State Wages over 20 years:	\$140,263,519
New State Revenue over 20 years:	\$9,801,728
Withholding over 20 years:	\$4,891,690

### **Proposed Motion**

**The Governor's Office of Economic Opportunity Board recommends Coast (K-Dimensional Holdings Inc.), for an EDTIF post-performance refundable tax incentive. This incentive is not to exceed a 15% reduction in state tax paid for 20 years on new state tax revenue above the baseline established for the preceding 12 months. New state revenue is projected to be \$9,801,728 over 20 years.**

- Total EDTIF incentive not to exceed \$1,470,259 EDTIF post-performance refundable tax credit.
- Annual EDTIF incentive amount based on 15% of qualified new incremental state tax revenues generated and received in the previous calendar year.
- Total incentive not to exceed 15% of qualified new incremental state tax revenues over 20 years with a contractual recapture provision for any excess funds paid to the company.
- Must meet new qualified employment projections, employee headcount at the stated 110% wage criteria at 50% for each project year.
- Annual total project average salary of new employees (not each new position, this is an aggregate annual number) to be at least 110% the county average wage each excluding company contributed health insurance.
- Must commit to keep operation in Utah for the length of the incentive period, 20 years.
- Incentives are site specific and subject to local incentive participation.
- Local incentive proposal must be presented and approved by the GOEO Incentives Committee in order for the company to be eligible for the incentive.
- Only new state revenue and new jobs created after the GOEO Board final approval date are eligible for this incentive.
