HOW'S TAYLORSVILLE DOING?

14% diversion since the challenge in 2013 to hit 20%.

City residents have saved over \$145,000 so far this year by recycling 2,700 tons and reusing 500 tons of green waste.

Rethink!

Recycled 2,700 tons

\$54,000 Revenue

Reused: 500 tons

\$16 per ton cost/saving \$7,500

Reduce

\$31 per ton cost

Taylorsville residents threw 12,634 tons of waste in the black bin, which cost \$391,654 to dispose of in the landfill.

If you already have a second black bin, you will save \$66 a year by switching to a green bin.
