

PUBLIC NOTICE

PUBLIC COMMENT PERIOD
Amendment to Ordinance No. 2020-12-03A

Thursday, June 18th, 2025 at 6:30 PM
409 North Main Street
Mantua, Utah 84324

The Town of Mantua hereby announces a public comment period regarding the proposed change in Amendment to Ordinance No. 2020-12-03A. This amendment repeals and replaces the existing Sewer Use Ordinance with the updated Mantua Sewer System Ordinance.

As we move to vote on the amendment to Ordinance No. 2020-12-03A, it is crucial to note that this update will repeal the existing Sewer Use Ordinance and implement the new Mantua Sewer System Ordinance, effective June 18th, 2025, which includes significant changes to industrial pretreatment standards and connection requirements. Additionally, the revisions streamline the terminology throughout, such as renaming the Wastewater Treatment to the Wastewater Sewer System Ordinance, thereby enhancing clarity and compliance for all stakeholders.

In accordance with Utah law, specifically the Utah Rulemaking Act (Title 63G, Chapter 3), a mandatory 30-day public comment period is required before any changes to the Utah State Code can be made. The public comment period begins April 30th, 2025, and will be open for 30 days, concluding on May 30, 2025.

A meeting will be held on June 18th, 2025, at 6:30 PM where the Mantua Town Council will vote on the proposed changes.

Residents and interested parties are encouraged to submit their comments regarding this matter. Comments may be sent via email to the Mantua Town Recorder at:
