CITY COUNCIL MEETING
APRIL 23, 2025
5:30 P.M.

Mayor
Garth O. Green

Council Members
Robert Cox
W. Tyler Melling
R. Scott Phillips
Ronald Riddle
Carter Wilkey

City Manager
Paul Bittmenn

The City Council meeting will be held in the Council Chambers at the City Office, 10 North Main Street, Cedar City, Utah. The City Council Chambers may be an anchor location for participation by electronic means. The agenda will consist of the following items:

I. Call to Order

II. Agenda Order Approval

III. Administration Agenda

- Mayor and Council Business
- Staff Comment

IV. Business Agenda

- Public Comments

V. Public
Consent Agenda

1. Approval of minutes dated April 2 & 9, 2025
2. Ratify bills dated April 11, 2025
3. Approve a variance to Engineering Standards pertaining to the length of a road ending in a cul-de-sac for the Shurtz Canyon PUD Phase 3.5 (Estates View Drive / 2900 South Street). Michael Platt / Kent Fugal

Staff Agenda

4. Consider an ordinance amending the General Plan from Low Density Residential (LD) to Central Commercial (CC) and an ordinance changing the zone from Dwelling Multiple Unit (R-3-M) to Central Commercial (CC) for a property located in the vicinity of 1600 North Wedgewood Lane. Ash Holdings / Randall McUne
5. Consider an American250 Resolution and creation of the Cedar City Utah250 Community Committee. Scott Phillips
6. Consider AIP 049 Change Order #9. Tyler Galetka
7. Consider an ordinance amending Cedar City Ordinance 26-XVI-3 regarding signage in the Historic Downtown Area. Don Boudreau/Randall McUne
8. Consider an ordinance amending Cedar City Ordinance 32-9 creating the Northwest Water Reimbursement Area. Randall McUne
9. Consider a long-term lease of City property in the vicinity of 150 West Falcon Circle (2200 North). Randall McUne
10. Closed Session – Property Negotiations

Dated this 21st day of April, 2025.

Renon Savage, MMC
City Recorder

CERTIFICATE OF DELIVERY:

The undersigned duly appointed and acting recorder for the municipality of Cedar City, Utah, hereby certifies that a copy of the foregoing Notice of Agenda was delivered to the Daily News, and each member of the governing body this 21st day of April, 2025.

Renon Savage, MMC
City Recorder

Cedar City Corporation does not discriminate on the basis of race, color, national origin, sex, religion, age or disability in employment or the provision of services.

If you are planning to attend this public meeting and due to a disability, need assistance in accessing, understanding or participating in the meeting, please notify the City not later than the day before the meeting and we will try to provide whatever assistance may be required.

COUNCIL MINUTES
APRIL 2, 2025

The City Council held a meeting on Wednesday, April 2, 2025, at 5:30 p.m. in the City Council Chambers, 10 North Main Street, Cedar City, Utah.

MEMBERS PRESENT: Mayor Garth O. Green; Councilmembers: Robert Cox; W. Tyler Melling; R. Scott Phillips; Ronald Riddle; Carter Wilkey.

STAFF PRESENT: City Manager Paul Bittmenn; City Attorney Randall McUne; City Recorder Renon Savage; City Engineer Kent Fugal; Police Chief Darin Adams; Fire Chief Mike Phillips; Public Works Director Ryan Marshall; Economic Development Director David Johnson; Fire Marshal Mike Shurtz; Senior Engineer Jonathan Stathis.

OTHERS PRESENT: Ann Clark, Wendy Green, Phil Schmidt, Steve Nelson, Tom Jett, Timm High, Robert DeMille, Jewly Krause, Daryl Brown, Dan Messaros, Bob Ellertson, Jonathan Ellertson, Sunny Alger, Dan Roberts, Brad Green, Christian Simmons, Jim Guthrie.

CALL TO ORDER: Reverend Timm High of the Community Presbyterian Church gave the invocation; the pledge was led by Paul Bittmenn.

AGENDA ORDER APPROVAL: Councilmember Phillips moved to approve the agenda order for the Work, Special Action and RDA meetings; second by Councilmember Melling; vote unanimous.

ADMINISTRATION AGENDA – MAYOR AND COUNCIL BUSINESS; STAFF

COMMENTS: ■**Mayor** – the art display is from the City's collection. We appreciate Steve bringing the art here. ■**Phillips** – a few dates, May 5th, Cinco de Mayo, is the ribbon cutting for the Airport Terminal Expansion at noon. May 14th, I will be absent from the meeting.

■**Wilkey** – we lost a street sign at the corner of Lund and 1600 North; a semi took a corner too sharp. ■**Cox** – I want to give thanks for the snow and rain, it has been a huge benefit for this valley. ■**Kent** – those following Industrial Road, concrete, curb and gutter will start going in within a few days and pavement in a few weeks. ■**Phillips** – where are we on the south main streetlights? ■**Kent** – the last word I heard was the fixtures would be coming in this week, hopefully they will be up shortly. ■**Sunny Alger**, Youth City Mayor – thank you for putting the City flags up at the city establishments, the city flag is to establish what Cedar City is.

PUBLIC COMMENTS: there were no comments.

CONSIDER APPLICATION FOR LEGACY STATUS AT THE HERITAGE THEATER FOR CEDAR CITY CHILDRENS MUSICAL THEATER (CCMT).

JEWLY KRAUSE: Jewly Krause – I am president of CCMT, I am requesting legacy status to allow us to reserve the theater sooner than 24 months. In the summer months, we have an average of 200 children participate in the programs and we generally sell out. We fully utilize the theater, every microphone and all the space. There is no place else in Cedar City that we can perform, Heritage is the only place we fit. We have been there for 10 years, last year when we went to reserve, the program before us moved into August, our first week is helping the kids move on stage. We don't want to move to after Labor Day, we don't want to take

time after the kids get in school. We practice for two weeks; one and a half weeks are for dress rehearsal and performances. **Phillips** – when does the schedule change go into effect? **Jewly** - not until 2026. We wanted to start on August 5th, so I sent an email, and the dates had already been requested. You have to have been there for 10 years in order to get legacy status. **Randall** – the resolution, CCCMT theatre has Legacy Status, I thought it was approved without change. **Phillips** – how long have you been in there? **Jewly** - 10 years, we have been there since 2014. **Jason** - I think that was the suggested list, we threw out some organizations, those annually, been there 10 years and have the ability to book earlier because of restriction such as the Messiah, that is what motivated this process, we had a group that wanted to book the date of the Messiah, and we knew it would be a problem. I thought it was 10 years, have a reason and then petition for the Status. When we passed it, we created clarification, you allowed us 36 months to book in advance, this is the only one they do in our venue, that is the summer program. CCMT can book 30 months in advance with the Legacy Status, there is a Legacy group that already booked. CCMT meets the objective requirements, and we have no objections for this event. **Paul** – let us see if they have legacy status or not, if not we will put it on the agenda next week. **Wilkey** – I don't remember there being a clear way to apply. **Jason** – it was established that Heritage would go through the records to see if they meet the criteria and the organization would petition the council for that status to allow them to book earlier, that is all it allows. **Wilkey** – if we establish the rules, do we need to see everyone, do they need to petition to us if they qualify. **Melling** – to establish the standard we wanted it clear; I don't know why unless they are denied. **Paul** – I think staff should do it and if the party is not happy, they can petition the council. **Phillips** – we want the organizations that have been around for 10 years to be able to book early. **Wilkey** – let us remove that language if it requires them to come to council. **Jason** - at some point everyone will have legacy status. The idea was to protect significant events, that is why we wanted them to petition you. We have the largest stage between Salt Lake and Las Vegas. **Paul** - use the tools the council has given you now and when you have problems come back. **Jason** – we will have to make hard decisions in the future, we can't continue to kick the problem down the road. We are reaching a point to make hard choices. We asked for a rate increase and will continue to ask for moderate increases in the future, maybe we do that during the remodel. **Mayor** – how many days do they need? **Jewly** - we reserve August 5 through 22nd, Monday through Saturday and we pay the fee. **Cox** – how many are marching toward the 10-year mark? **Jaso** - several. Many that have that are non-profit. We also have a lot of dance organizations that are reaching the 10-year mark. We will have a lot of these, if we only have narrow objective criteria, we will have the same problem as before. **Mayor** – how many use the stage for that many days? **Jason** - anywhere they are rehearsing it is a significantly smaller space, if we had a rehearsal space larger, they could probably cut down some days, it has to fit 200+ kids. There are other organizations that face that also. **Jewly** – we do all the practices through June and July half the group at a time, we don't practice all together until we are in Heritage, so it takes time to wrangle 200 kids before we can start practicing. I have talked with Jason about this, before us is American Crossroads, they have an entire month of practices and performances, it is a significantly smaller cast, so they have the ability to move different, but they are professional. **Phillips** – but if they are paying the fee. **Mayor** – two organizations have 25% of the Theater use. **Jewly** - we just need more time. **Wilkey** – is it 30 months from the first day of the event or the end? **Jason** - the first day, it is 24 months from the first day of the event. **Wilkey** - can they do it online or in person? **Jason** – they can online, but we do need to talk with them because there is a lot that goes into each event. **Wilkey** - I have helped non-profits, registration opens at 6:00 a.m. and it is full by 6:30 a.m.,

so at some point that may be what has to happen. **Jason** – I have received emails at 12:01 a.m. we have no objections; we are the only place they can do what they can do. We encourage you to approve legacy status, but as it moves forward, we do need to look at this. I have two local Nutcrackers separated by one week this year, is that something we consider in the future. Do we deal with it until the renovation. **Phillips** – can you look at the Smith Center and Eccles to see their booking policy? Action.

CONSIDER AN AGREEMENT WITH THE STATE OF UTAH FOR THE COOPERATIVE WILDFIRE SYSTEM (CWS) PARTICIPATION COMMITMENT (PC).

MIKE PHILLIPS/DANON HUET, DNR: **Mike Phillips** – 8 years ago we joined into the Statewide Wildfire Protection Program, and we want to continue. **Dannon Hulet** – this is the cooperative wildfire system, prior to 2017 it was an insurance-based policy the State would average out the wildland policy and take the high and low end out and average out your policy. They wanted to change that and have more buy in and have them put in physical labor, so the policy was changed to have the entities track their mitigation work and they have a calculation, for Cedar City it is \$42,000 each year to cover. Instead of the City paying, Chief Phillips tracks the mitigation work and report that toward the \$42,000 to cover the insurance policy. If you have a wildland fire, then it is covered as long as the Chief has documented it well. An example is the Brian Head Fire, \$50 million + dollars that is something we could look at, if the State was not a partner, Brian Head could be on the hook. Chief Phillips does a great job with his staff, I have worked with the Division since 2005, and he has done a great job. We require every January the Chief to document what he plans to do that year to meet the \$42,000, we review it and sign it, then the City Manager or the Mayor sign it and send it to Salt Lake. He has to meet that commitment. He can also account for equipment; the tactical tender can count toward that commitment, and it can carry over for multiple years. The Chief is doing that, he tracks it, and you get credit. We do a new agreement every 5 years. **Phillips** – this is not the agreement to sign. **Dannon** – this does need to be reviewed and signed for this year, but you will have to sign both. **Melling** – I am good as long as you remove as much invasive juniper as possible. **Dannon** – that is our goal. To the Chief's credit, they do a lot of that. Consent.

PUBLIC HEARING TO CONSIDER A ZONE CHANGE FROM DWELLING MULTIPLE UNIT (R-3-M) TO SUU HOUSING DISTRICT (SHD) FOR PROPERTIES LOCATED IN THE VICINITY OF 366 DEWEY AVENUE.

WATSON ENGINEERING/RANDALL MCUNE: **Daryl Brown**, Watson Engineering – this is consistent with the master plan, it is adjacent to SHD, this property is to the south. **Phillips** – are you looking at 366? **Daryl** – yes. **Phillips** – is this property large enough to do a project? **Daryl** – I don't know the answer, I don't know what the owner is planning to do. I know they do have requirements. **Wilkey** – the one across the street was for parking, I don't know what they are doing. **Melling** – it could be under contract for the zone change. **Phillips** – if it is parking it doesn't bring in any tax revenue, I really struggle with it.

Mayor Green opened the public hearing. **Ann Clark** – I was there when the SHD was discussed, the problem is when I read minutes, I was surprised that it was done for the ease of the developers, but no protection for those in the neighborhood, it has become a cancer and has taken away some charm and character. I was a kindergarten teacher for 25 years and we did a lot of dot-to-dot and it created a picture. If someone doesn't speak up then you think everyone thinks everyone is ok with it, and they are not. The SHD zone was set up for the

destruction of the neighborhood, it made it easier for the developers to destroy the neighborhood. If a developer decides, they can continue to rezone the property. I remember when the mayor was first elected, he would say the people would not be ok to take a street here and a street there. If you put a frog in the water and slowly warm it, it will boil, but not if you put it in boiling water. The map was put to placate the people, people still have to come, and it is automatic every time. I think it was dishonest. When you look at it, you look at how it benefits. I have solutions, I will have to come back with. **Brad Green** - in the 1300's there was a philosophy that they called a bundle of rights in Europe, and in this concept you have a right to your own person, your own individual free person, a right to yourself and your productive labors and you can use your stuff the way you want, you can sell it, you can destroy it, you can use it, you can profit from it. When you talk about the best use of someone else's property it is a violation of that bundle of rights, it is socialism, and we have become very much socialist minded as a culture and as a people because that is what we have been taught, trained, taught and educated for years by a socialist school system. In my opinion zoning is to placate people, it is to give an avenue where people in power can say "well, we have created this overlay, and we have created this concept, and people can go through the process and if they get through that process then they can do what they want with their stuff". I am not a fan of homeowner's associations (HOA), the zoning policy citywide is an HOA that blankets the entire city, and instead of talking to your neighbors you come to the city and use the court authority to tell your neighbors what to do with their stuff. In my opinion the right solution is to keep a neighborhood the way it is to get agreements from your neighbors who own the properties to keep it that way. For us to use the rest of the city to say we want it done this way is a violation of their human rights. The hearing closed.

Wilkey – who is the applicant, is it the Listers themselves, or someone else with the Listers permission to do the zone change? **Daryl Brown** – the applicant is JQL Construction, the Listers gave permission. **Melling** - what size is the property? **Mayor** - 63 x 142. **Randall** – 9,018 square feet, you can do two units. **Don Boudreau** – it is 9,000, I think you can do a twin home. **Wilkey** - going to SHD doesn't change the units it is just parking? **Don** – it is the setbacks, building height changes from 35 to 50 feet top, and parking. **Wilkey** - the corner of 400 South 300 West with the lot size they could do more. **Cox** - three at most. **Don** - they could combine with the lot to the north. **Daryl** – with SHD zone, where else do you put student housing? **Melling** - in farmland and then they drive in. Action.

PUBLIC HEARING TO CONSIDER A ZONE CHANGE FROM MASTER PLANNED DEVELOPMENT (MPD) TO DWELLING-ONE UNIT (R-2-1), DWELLING MULTIPLE UNIT (R-3-M), AND CENTRAL COMMERCIAL FOR PROPERTIES LOCATED IN THE VICINITY OF 2604 S OLD HIGHWAY 91 (CEDAR TRAILS RDO). STEVE KAMLOWSKY/RANDALL MCUNE: **Jim Guthrie** – I am the developer. This was approved in the County then it was annexed into the City and I was told there were 3 pods and each had so much density and then we needed to get zoning on each pod. We are asking for the pods to be zoned. **Melling** - it was MPD, does it match the original RDO? **Randall** – yes, it matches, and the packet has both maps showing that they match. **Wilkey** – with the way we do developments now, I am concerned with developments more than 5 road miles from the fire station? Development will continue, we have to be careful, I am hesitant to push it out if homes can't get insurance. **Chief Phillips** - where you turn into Shurtz Canyon is 5 miles. **Wilkey** - we are right there. **Phillips** – I

looked back on this, and the agreement is similar, it doesn't change the original agreement, it only clarifies it.

Mayor Green opened the public hearing. There were no comments. The hearing closed. Action.

**PUBLIC HEARING TO CONSIDER MODIFICATIONS TO CEDAR CITY
ORDINANCE 26-III-2(G) PERTAINING TO BUILDING HEIGHT LIMITATIONS
IN RESIDENTIAL ZONES. PLATT & PLATT/RANDALL MCUNE:** Robert DeMille – the top of a plate can only be 20 feet from finished grade, people want 9 feet ceilings not 8 feet anymore. I brought this to Mike Platt, we run into this daily, we are not building 8-foot walls anymore. **Melling** – no one cares how tall the house is if it is a single-family home. I struggle because on a hillside people want a 3-story home and they don't have any neighbors. **Robert** – I built a home where the owner put the front door on the backside to meet the ordinance. We said 24 feet because we don't want it excessive. **Cox** – I suggested 26 feet in Planning Commission, from fire standpoint, do you have a problem with that. **Mike Phillips** – the ladders we carry on the first engine are 24 feet tall, the ladder truck has 30-foot ladders and then the 100-foot ladders, but it takes time to get there, that takes an additional 10 minutes to get there with the larger trucks. The first arriving piece of equipment has 24-foot ladders. **Randall** – we keep saying the ladder is 24 feet, but what distance will you not let your people go up. **Mike** – about 20 feet. **Wilkey** – at a 24' top plate you couldn't get on the roof? **Phillips** – correct. **Melling** – is there really a good grade to even allow you to get that high, not every house is on flat ground. **Wilkey** – what do the ladders cost? **Mike** – about \$3,000. **Wilkey** – the trucks are designed for a 24-foot ladder? **Mike** – that is when you bring the ladder truck in. **Riddle** – you don't want to carry a larger ladder, a 24-foot ladder is heavy. **Cox** – when is the last time you put a 24' ladder out on a fire? **Mike** – on most structure fires. It is a tool we use all the time. Probably 80% of the structure fires. **Phillips** – we just want to make sure we are supporting your needs. **Melling** – this is with R-1 zone. **Randall** – it would carry in all residential zones with the 20-foot limitations. **Don Boudreau** – it is a two-story district; the intent is to keep it shorter from the front. I think it probably originally came out of life-safety. As you go back you can go taller, but those are usually you walk out basement elements, you can't go three or four stories in an R-2 zone. **Wilkey** – you can go four stories in the back with a walk out, the engineer's whose name is on this has that.

Mayor Green opened the public hearing. **Christian Simmons** – if we stop the fires from happening then we won't have issues. We need to stop complaining. **Melling** – we are talking maximum height, 20 feet with joists, people want 10 feet ceilings on a two-story house, I don't see a problem. **Robert** – every house that comes over our desk has 10 feet, most don't have dormers, I think 24 feet are adequate. **Wilkey** – are there any problems legally? **Paul** – it doesn't mean we can't do anything. **Randall** – I don't see a case of liability, there will be a slight delay. Every hotel and business know that. We don't want it because the longer it takes us to get it, there is more life safety risk. **Kent** – we had one staff member check to see what other cities do, we found 24 feet was a common number, I don't know how they are dealing with the fire trucks. The hearing closed. Action.

**PUBLIC HEARING TO CONSIDER ANNEXING 33.08 ACRES OF LAND
LOCATED AT APPROXIMATELY 3700 W 600 N. PHIL SCHMIDT/RANDALL
MCUNE:** Phil Schmidt – We had a great Planning and Zoning meeting. We had good

discussion with staff and the neighborhood. **Melling** – we accepted the petition some time ago. **Phil** – this was taken out because of some boundary issues with some wells and the neighborhood. **Melling** – it was going to residential, but the neighbors wanted industrial. **Phil** – it is now straight; we went back and forth on the road because of the well. We ran the line straight on the furthest east boundary, we are going on the property line with no access into the subdivision other than for the city sewer line and to maintain the detention pond, it is an access easement only. **Melling** - the existing road stays in the County? **Randall** - yes. **Phil** – the city has access to maintain the sewer line. The road continues through at 800, we stop at 700. **Cox** – I commend you for listening to the neighbors. **Phil** – we spent time with staff and worked through it. **Phillips** – the portion annexing will it be one owner? **Phil** – the people that bought the 20 acres, they want to buy the entire thing. There is a road by Smead, they want from the road west. **Cox** - there has been a lot of work on the detention pond. **Phil** – the pipe from Lund to the pond as part of the master plan, we were reimbursed for the pipe, Schmidt takes care of that until future development along Lund Highway and then the city will take that. **Phillips** – are we doing a development agreement. **Randall** – the Development Agreement will be before the Planning Commission on the 15th and the Council on the 16th. **Phil** - the development agreement will allow the wall and it states that there is no access only at 800 and it only applies to that piece. The CC&R's state the maintenance of the detention pond. **Cox** - the wall is not required; they are doing that on their own. **Phil** – that is part of the agreement with the neighbors.

Mayor Green opened the public hearing. **Dan Messaros** – we are supportive of this change to industrial versus residential, we had concerns with residential coming into our community, our roads are 20' chip seal. We are willing to put up with a little noise from industrial. We appreciate Mr. Schmidt coming to us and listening and changing his plans. **Bob Ellertson** – it is good to see everyone get along. Thank you for everyone participating let's do that more. **John Ellertson** – if we had more developers like Phil Schmidt we would have a better state, it was great communication. The hearing closed. Action.

**PUBLIC HEARING TO CONSIDER A GENERAL PLAN CHANGE FROM RURAL
ESTATE RESIDENTIAL (RE) TO BUSINESS / LIGHT MANUFACTURING AND A
ZONE CHANGE FROM ANNEXED TRANSITION (AT) TO LIGHT INDUSTRIAL
AND MANUFACTURING (I&M-1) FOR PROPERTIES LOCATED IN THE
VICINITY OF 3700 WEST 600 NORTH. PHIL SCHMIDT/RANDALL MCUNE:** Phil Schmidt – this is to wrap up the deal, same zone on the east.

Mayor Green opened the public hearing. There were no comments. The hearing closed. Action.

**PUBLIC HEARING TO CONSIDER A GENERAL PLAN CHANGE FROM LOW
DENSITY RESIDENTIAL (LD) TO CENTRAL COMMERCIAL (CC) AND A ZONE
CHANGE FROM DWELLING MULTIPLE UNIT (R-3-M) TO CENTRAL
COMMERCIAL (CC) FOR A PROPERTY LOCATED IN THE VICINITY OF 1600
NORTH WEDGEWOOD LANE. ASH HOLDINGS/RANDALL MCUNE:** Randall – this is being delayed until the 16th.

Mayor Green opened the public hearing. There were no comments. The hearing closed.

**PUBLIC HEARING TO CONSIDER MODIFICATIONS TO CEDAR CITY
ORDINANCE 26-V-2 PERTAINING TO PARKING REQUIREMENTS FOR
CERTAIN TYPES OF RESIDENTIAL PROJECTS. TOM JETT/RANDALL**

MCUNE: **Tom Jett** – parking has always been an issue, some say too much, some say not enough. Approximately 5 years we reworked the parking, tiny homes didn't exist, but they are now popular. The current parking ordinance was large buildings where tandem parking would not work. I would like to change the current ordinance for small homes, not necessarily tiny homes which is 400 sq feet or less, if it has a small footprint of less than 750 sq feet and less than 24 units and not attached to each other, I am asking that it be changed for tandem parking for that development. **Melling** - right now we require 2.6 stalls. **Wilkey** - right now it is 750 square feet of less, if it is footprint, that would allow for 1500 square feet for two story. **Tom** – I said footprint in Project Review, not total. Single family home on one parcel. **Wilkey** – equivalent to a mobile home park. **Phillips** - 1500 square feet is not a tiny home. **Tom** – I thought I had a maximum of two bedrooms. **Cox** - in Planning Commission it was a max of 2 bedrooms. **Melling** - in R-3-M or R-3-1, no one builds R-3-1. I know a lot of upstanding people in the community that started in homes like this. I like where it is maximum 2-bedroom units, if you had someone trying to cheat the system, the biggest squeeze is for newlywed couples. I would love to see more of this for new couples. **Cox** – would you be willing to have a tiny home community ordinance, so we know what to expect. **Tom** – I wasn't asking for a variance; I was asking for an ordinance change for this. **Melling** – we have that tool, R-3-1 allows for this, but it is geared for 2- or 3-bedroom units with more parking. I think this would be fine. It would be an issue if people are using the parking for RV's, boats and trailer parking instead of their cars. **Randall** – we don't do CC&Rs for single ownership. **Wilkey** – if we want to limit it to two bedrooms, we need to add that. **Cox** - you can do more bedrooms if you add more parking. **Melling** - you can put tandem parking for only 2 bedrooms. **Phillips** - a tiny home is only 750 square feet. **Don Boudreau** – the difference, we changed the ordinance quite a bit over the past few years, the data we got a few years ago, we changed that. PUD's tandem is usually in a garage. In this case it would just be a home with a space for each bedroom. When we went through this a few years ago, you got a bonus as you got larger on the home, this is backwards. We had one on 100 West. **Cox** – the goal is for affordable housing. **Wilkey** - I think it is ok if you add the 2 bedrooms. The term multifamily with detached units. **Phillips** – I applaud the Planning Commission for the in-depth conversations, they had good additions to this, they will have guests coming, so the additional .2 spaces per unit is good. **Tom** – Planning Commission was generous for not throwing me out. There will be an ordinance to add more parking to help developments for additional parking and still be attractive in the future.

Mayor Green opened the public hearing. There were no comments. The hearing closed.

Randall - is the 750 total unit or footprint? **Tom** – a lot of tiny homes are narrow, 16' wide, but two story, the main floor will be the kitchen and living room and storage, the second story bedrooms. I don't want it to just be for me, I want it to be for everyone. **Wilkey** - what if we said a total of 1,000 square feet with no more than 2 bedrooms. **Melling** - we are more concerned with the number of bedrooms. **Wilkey** - you could do two large bedrooms and then split them once they have C of O. **Kent** – I thought it was 750 total, if you said footprint, you could do a basement and an upstairs you are up to 2200 square feet. I understood it to be a total of 750 square feet. **Tom** - we are 16x40 with an upstairs, I can't imagine a tiny home with more than 2 bedrooms. **Randall** – we find it all the time that there

are additional rooms added in homes. **Tom** - if you have a 10-foot bedroom on each end you wouldn't have anything in between. They have to be affordable to build but you have to justify it also. **Wilkey** - say 1,000 square feet or below is a small home since the R-1 says 1,000 square feet or above. **Randall** - 2 bedrooms maximum for tandem. **Cox** - 2 bedrooms for tandem, if larger 1 parking space per bedroom. **Kent** - if you change it from the 750 approved at Planning Commission, I would like you to send it back to Planning Commission. **Ann Clark** - I don't think they are technically bedrooms, they are lofts. **Wilkey** - the ordinance says anything over 70 square feet that is not a kitchen, or bath is a bedroom. **Ann** - they are really lofts, the roofs are not high, that is a tiny home. **Melling** - in building code there is a height requirement for a room. **Randall** - in planning commission it said developments with units 750 square feet or less. There is no law or policy saying you have to send it back to Planning Commission. Action.

CONSIDER BIDS FOR THE CV DETENTION POND LANDSCAPING

RESTORATION PROJECT. SHANE JOHNSON: **Kent** - we talked about the CV project with the storm water detention, this item is for the landscaping. We are doing the rest of the work with the city crews. We had one bidder, Doug Hunt Construction, with the funding, we are within budget, barely, we have \$125,000 for miscellaneous expenses. We are hopeful we can save some on the \$125,000, it will be close to the \$680,000, but we think we can make this work. We would like to award the bid. **Phillips** - can we award on the future budget. **Paul** - yes, you just can't spend until the budget is in place. Consent.

CONSIDER CHANGE ORDER #2 FOR CIVIL SCIENCE FOR THE PHASE 3R DESIGN OF THE CEMETERY RENOVATION PROJECT. SHANE JOHNSON:

Kent - we have been through a few phases; we are finishing phase 2 and need to design Phase 3. Civil Science has done the other phases. They propose \$30,000 for designing the next phase, and we are comfortable with that. There is some requested additional funding, but funds for the design I think are in the existing budget. **Phillips** - they know what they are doing, economy of scale and a smaller section. **Kent** - we worked through issues with the initial phase. There is additional funding with the 2026 budget. **Wilkey** - have we used any miscellaneous or contingency. Consent.

CONSIDER CHANGE ORDER #8 FOR AIP-049 AIRPORT TERMINAL. TYLER GALETKA:

Ryan Marshall, Public Works Director - the justification is in the packet, the changes are for TSA additional cabling, additional painting on the covers for the baggage claim. VAV Strainers, it is not approved by FAA, we are trying to do it in tandem, if approved, the strainers have been in since the additional building, we will move on it when we get both approvals. The asphalt for the trench and the lights in the baggage claim area. **Wilkey** - on 8.2 are they just the painting, they spray painted them? **Ryan** - the paint doesn't look good, that is to fix that. Consent.

CONSIDER MODIFICATION TO CEDAR CITY ORDINANCE 32-9(I) CREATING THE NORTHWEST WATER REIMBURSEMENT AREA. RANDALL MCUNE:

Randall - you have in your packet, a lot you can't vote on, but will come back on the 16th for a public hearing, but we can amend the consolidated fee schedule. **Phillips** - is \$1,000 enough? **Melling** - it will take 15-20 years to reimburse at \$1,000. Historically we have grown about 3% a year, we have had back logged construction the past few years. **Phillips** - should we go \$1,200? **Melling** - I was thinking closer to \$2,000. Without this, none of these

homes can be built, it doesn't pencil out for any developer to do it with a reimbursement agreement. I think it should be closer to \$2,000. **Wilkey** - we can pick a number and change it when we pick the project. **Phillips** - but you will lose those that build before then. **Melling** - I would go at least \$1,500 now. **Wilkey** - I worry about affordability. **Riddle** - affordable doesn't mean people on 100 West should pay for the people west of town. **Cox** - couldn't we get the fire flow, there is a vault where a 12 inch comes into and 8 inch and then it goes back up to a 12 and then to a 16. Simply changing the vault would change the flow of water in those pipes. It is the 8-inch restrictive vault that is limiting the flow everywhere else, and it is working that PRV. It would be a temporary fix and then you could do away with a bunch of PRVs because of one neck down. **Jonathan Stathis**, Senior Engineer - we have looked at that, one issue that doesn't solve is the redundancy issue. I talked to Hanse, Allen, & Luce and they haven't modeled that, and they are not sure that will solve the problem. **Phillips** - I am concerned like Melling that it isn't enough, and we need to get the pressure. **Wilkey** - \$1,500 will get the money back quicker. **Jonathan** - depending on when we do the project will depend on HDPE and ductile iron pipe, that is a big price difference. **Cox** - it is a several million-dollar project. **Wilkey** - the majority is saying \$1,500. **Jonathan** - one option is to connect to Water Conservancy District (WCD) and that is lower than the city system. Fire flows the pressure would drop in Equestrian Point, it is not a great solution, you are only getting the benefit in fire flow, or when you lower the pressure for everyone in that area. **Wilkey** - the PRV what pressure does it get to? **Jonathan** - we would get it down to 105. **Phillips** - why is the WCD tank so much lower? **Melling** - as of 5ish years ago the city and the WCD didn't talk to each other. As water got to be more of a political issue, we started to talk to each other that was to optimize the pressure in the WCD area, and to higher the tank it would have had to install PRV's on their system. **Wilkey** - I suggested that we add another option to do the Port 15 and add the WCD also. **Melling** - to lower one to a higher you won't blow people's systems, with it as a redundancy to link it wouldn't be an issue and boost out if necessitated. **Wilkey** - what is the plan, are you preparing stuff for us on the various options? **Jonathan** - we are putting together some preliminary information. It will probably come in with the budget. **Paul** - no, this isn't coming with the budget, we don't know what the budget is. You won't know what to build until you know if you are putting the pump stations and the tank in.

PUBLIC HEARING TO CONSIDER A REVISION TO THE 2024-2025 FISCAL

YEAR BUDGET. PAUL BITTMENN: **Paul** - there are a number of items, (1)

administration is increasing a budget item for the Housing Authority for \$117,800, this is a CDBG grant, we get the funding in, and we pass it through to the Housing Authority. (2) Street for C-Road money, this is to back fill the money we spent on the Knoll Street purchase adjacent to the golf course. (3) Heritage Theater, this is freeing up money to pay the consultant that we awarded the contract to. (4) The RDA is for façade and tenant money to repurpose to professional and technical services. Another on RDA is tax incentives that are outstanding. We don't know what taxes will be until they come in in December and January, so we adjust to pay our partnering entities, most are for Port 15, some are for MSC Aerospace, and Decorworx. (5) Back to the City budget, there is a request from Economic Development to move \$30,000 for a Raise grant, this is matching money that came from Iron County this will close the grant out. (6) Police Department \$6,000, the Task Force had some unexpected expenses that have caused equipment and supplies and operations to exceed their original budget, the is coming from the Task Force funds, not from the City's. **Phillips** - will we do more budget revisions. We have applied for a grant through the Historical

Preservation, if the grant comes through, we have to do a match, I think it is \$6,000. **Paul** – you can do it out of operation, I wouldn't free up until you get a grant award, we will do another revision to close out the fiscal year.

Mayor Green opened the public hearing. There were no comments. The hearing closed.

ADJOURN: Councilmember Wilkey moved to adjourn and go into the Special Action Meeting at 7:42 p.m.; second by Councilmember Phillips; vote unanimous.

Renon Savage, MMC
City Recorder

SPECIAL COUNCIL MINUTES
APRIL 2, 2025

The City Council held a meeting on Wednesday, March 12, 2025, at 7:43 p.m. in the City Council Chambers, 10 North Main Street, Cedar City, Utah.

MEMBERS PRESENT: Mayor Garth O. Green; Councilmembers: Robert Cox; W. Tyler Melling; R. Scott Phillips; Ronald Riddle; Carter Wilkey.

STAFF PRESENT: City Manager Paul Bittmenn; City Attorney Randall McUne; City Recorder Renon Savage; City Engineer Kent Fugal; Fire Chief Mike Phillips; Public Works Director Ryan Marshall; Economic Development Director David Johnson.

OTHERS PRESENT: Wendy Green, Brad Green.

CONSIDER A RESOLUTION AMENDING THE CONSOLIDATED FEE SCHEDULE ADDING A REIMBURSEMENT FEE FOR THE NORTHWEST WATER REIMBURSEMENT AREA. RANDALL MCUNE: Councilmember Phillips moved to approve a resolution amending the consolidated fee schedule adding a reimbursement fee of \$1,500 for the Northwest Water Reimbursement area; second by Councilmember Melling; vote as follows:

AYE: 4
NAY: 1 - Wilkey
ABSTAINED: 0

ADJOURN: Councilmember Phillips moved to adjourn and go into the RDA meeting at 7:44 p.m.; second by Councilmember Melling; vote unanimous.

This meeting reconvened at 7:47

CLOSED SESSION – PROPERTY NEGOTIATIONS: Councilmember Melling moved to go into closed session at 7:48 p.m.; second by Councilmember Phillips; roll call vote as follows:

Robert Cox	-	AYE
Tyler Melling	-	AYE
Scott Phillips	-	AYE
Ronald Riddle	-	AYE
Carter Wilkey	-	AYE

ADJOURN: Councilmember Phillips moved to adjourn at 8:08 p.m.; second by Councilmember Melling; vote unanimous.

Renon Savage, MMC

COUNCIL MINUTES
APRIL 9, 2025

The City Council held a meeting on Wednesday, April 9, 2025, at 5:30 p.m. in the City Council Chambers, 10 North Main Street, Cedar City, Utah.

MEMBERS PRESENT: Mayor Garth O. Green; Councilmembers: Robert Cox; W. Tyler Melling; R. Scott Phillips; Ronald Riddle; Carter Wilkey.

STAFF PRESENT: City Manager Paul Bittmenn; City Attorney Randall McUne; City Recorder Renon Savage; City Engineer Kent Fugal; Leisure Services Director Ken Nielson; Public Works Director Ryan Marshall.

OTHERS PRESENT: Daryl Brown, Tom Jett, Elena Roundy, Cindy Laffoon, Dennie Schmidt, Brad Green, Sarah Allred, Steve Nelson, Aide Johnson, Jeannie Fielding, Sandie Young, Shanda Badger, Dan Dial, Steven Wise, Christian Simmons.

CALL TO ORDER: Councilmember Riddle gave the invocation; the pledge was led by Mayor Green.

AGENDA ORDER APPROVAL: Councilmember Phillips moved to approve the agenda order for City Council and RDA meetings; second by Councilmember Melling; vote unanimous.

ADMINISTRATION AGENDA – MAYOR AND COUNCIL BUSINESS; STAFF COMMENTS: ■**Mayor** – Red Rock came and talked to me about a request, it is very unique and interesting. I didn't know of this group and they have been here four years, I asked them to come to City Council and introduce themselves and tell about their group. **Aiden Johnson**, Executive Director; **Jeanine Fielding**, Independent Living and Older Blind/Low Vision Specialist here in Cedar City; **Sandi Young**, Older Individual Living Coordinator and Older Blind Specialist in Iron, Millard, and Beaver Counties; **Shanda Badger**, Activity Assistant at Red Rock Center for Independence. **Aiden** – I grew up in Tropic, my wife is from Panguitch. Cedar City is my second home, my brother did a church service mission here and I lived with him, I went to grad school at SUU, and we did our grocery shopping here, my family was here a lot. My grandpa was the principal at Cedar High for a lot of years, and I care about the community, it means a lot to me. We are based out of St. George; we cover nine counties in southwestern Utah. Essentially what people know us for and what we primarily do is help people get equipment, we are a loan bank equipment where we will loan out wheelchairs or power chairs, walkers, that kind of thing, and we will arrange and build things for their homes such as ramps, stair lifts, those are the things we do on a daily basis. On a weekly basis we do activities with folks with different disabilities on financial literacy, on general independent living, getting jobs. We always want to do 3 things with everybody that we work with. We want to provide a physical or mental health positive outcome for that person, building a lift so somebody can stay in their home instead of going to a nursing home, that benefits that person teaching them financial literacy so they can budget their money, that benefits them, that is the easy one, the other two things we want to do is either provide an opportunity to reduce a subsidy of some kind or increase tax revenue, so someone get a job or help them reduce a subsidy. My brother has down syndrome and works two part-time jobs, so he is paying payroll taxes, he is getting some subsidy like Medicaid and social security supplementing his income, but our goal is to help

people live as independently as possible. We meet with people we want to know how we can improve their life, but also reduce any subsidies they are getting. We want to help the communities. It is all individualized based on needs. It is free, we get some state and federal funding, but we also take donations. We are a small non-profit, we get information out like this. **Riddle** – we have a Disabilities Awareness Committee; they meet tomorrow at noon if you want to come to that meeting. **Phillips** – who is your grandpa? **Aiden** – Charles Brinkerhoff. **Phillips** – he was part of that group for about 26 years, he was the Chair, he got this started. **Mayor** – we just released him a year and a half ago. **Phillips** – what is the general number you serve in the nine counties and how many in Cedar City/Iron County? **Aiden** – about 1,000 total, about 1/5 of that in this area. **Phillips** – we also have the Local Homeless Council, a great place for networking. **Shanda** – I am trying to start an adaptive recreation program and I asked to waive the fees for the aquatic center. **Phillips** – how often do you use it? **Shanda** – we are booked out until October at the Library for indoor activities, there are no gyms. The room we need at the Aquatic Center is \$20 an hour, we use it two hours. **Tom Jett** – we will sponsor it for a year \$40 a month. **Shanda** – we are in a small office now and we are bursting at the seams. **Mayor** – she told me she had 10 kids 0 to 24 years of age but 140 adults above 24 years of age, that they provide assistance to. **Shanda** – kids 10-24 that we teach independent living skills such as how to sew a button on their shirt, how to wash clothes, how to clean their room, how to clean the kitchen. We teach them job skills, a unit on looking for a job and setting up a resume. **Phillips** – are you working with John Ogelsby at Utah Summer Games? **Shanda** – we are working with Maggie Whipple now. **Cox** – are you working with SNAP Group? **Shanda** – no. **Mayor** – there is a huge need. Thank you for coming tonight. How many of you knew about the Red Rock Center for Independence? ■**Mayor** – the Iron Mine closed today; they ship to China so they are unable to do that. We will be mindful of those that are instantly unemployed. ■**Phillips** – the West Canyon Park, we have a few issues I saw today. They have done a lot of improvements, but there are some liability issues that need to be fixed. Wayne Niederhouser will be in town next Tuesday; he is Chair of Utah Office of Homeless Services and touring the Iron County Care and Share, Canyon Creek Services and Youth Futures to see where we are with the under-served in the county. He and his wife, since leaving the Senate, serve in a homeless shelter once a week. ■**Riddle** – Industrial Road is exciting. ■**Cox** – the community came up with the money to finish up the Cross Hollows Event Center. ■**Wilkey** – I had citizens in Sunset Canyon come to me, they would like to move forward on a digital marquee for Cross Hollow Event Center, so they know what to expect at the arena. Also, the vehicles for sale over there are really bad. Code Enforcement has a lot going on. **Phillips** – they need to go down that road daily. ■**Phillips** – we have a lot coming up with the Youth City Council. **Elena Roundy** – Flags for spring Fiesta on April 21st. We have a tour and training at the Fire Station on April 28th. Volunteer on May 2nd for Spring Fiesta. Teen SpaceX Race that we are helping to get the word out on their race, and we are going to Stonehenge on May 20th for a service project. ■**Ken Nielson**, Leisure Services – we have a City Flag flying at the Aquatic Center, the next size is 5x7, these are 3x5. The Lake on the Hill, the Water Department is treating it for Algae tomorrow, it will be closed for that. **Wilkey** – there were a lot of folks about the catfish dying. **Ken** – that is DWR, they had low oxygen and the eagles took advantage. We contact DWR when the fish die and they come and get them to see why they died. Bicentennial Parking lot got restriped. **Wilkey** – I took my kids there, the swings are so loud, they need to be greased. **Phillips** – will we have adaptive at Fiddler or at the redone Discovery? **Ken** – both. Big T will be here next week to finish up Discovery and we will have a soft opening.

PUBLIC COMMENTS: **Dan Dial and Steven Wise** – We represent the Parkinson's group here in Cedar City, going on 8 years. In the last year there were 90,000 new diagnoses of Parkinson's in the country, it's the fastest growing neuro-degenerative disease, it has surpassed Alzheimer's as far as new diagnoses. We have a nice write up in the Iron County Today about our program and what we do. We have an open house next Tuesday from 1:30 to 3:30 at SNAP Gym, I would like you to come and participate, there will be an interactive component, you can put on some boxing gloves and try working on the heavy bag with the smooth bag. WE have fit light fitness lights; it will give you a little taste of what we do to stay alive. **Steven** - we have been working on this open house for about a month to show the public what people with Parkinson's go through when they sign up for a boxing type training for about a month to show people what people with Parkinson's go through. We want to invite you and anyone that would like to come down. It has been shown that boxing training is the best exercise training for Parkinson's. **Dan** – the program started as a community joint project with SUU and it still is with a Utah Health Scholars and had student volunteers, but it takes a lot of training and it gave students a lot of hands on training. **Phillips** – I went about 4 years ago, and I was amazed at how the boxing helped. **Dan** – Rock Steady Boxing now has 50,000 members in the United States, it is aggressive exercise, that slows the progression of Parkinson's, there is no medications to stop or reverse, but rigorous exercise and physical fitness can help if you do it often and work hard.

CONSENT AGENDA: (1) APPROVAL OF MINUTES DATED MARCH 19, 21, & 26, 2025; (2) RATIFY BILLS DATED MARCH 28, 2025; (3) APPROVE AN AGREEMENT WITH THE STATE OF UTAH FOR THE COOPERATIVE WILDFIRE SYSTEM (CWS) PARTICIPATION COMMITMENT (PC). MIKE PHILLIPS/DANON HUET, DNR; (4) APPROVE BID FROM DOUG HUNT CONSTRUCTION IN THE AMOUNT OF \$174,250.00 FOR THE CV DETENTION POND LANDSCAPING RESTORATION PROJECT. SHANE JOHNSON; (5) APPROVE CHANGE ORDER #2 FOR CIVIL SCIENCE FOR THE PHASE 3R DESIGN OF THE CEMETERY RENOVATION PROJECT IN THE AMOUNT OF \$30,000. SHANE JOHNSON; (6) APPROVE CHANGE ORDER #8 FOR AIP-049 AIRPORT TERMINAL IN THE AMOUNT OF \$27,019.00. TYLER GALETKA:

Councilmember Phillips moved to approve the consent agenda items 1 through 6 as written; second by Councilmember Melling; vote unanimous.

CONSIDER AN ORDINANCE AMENDING THE ZONE FROM DWELLING MULTIPLE UNIT (R-3-M) TO SUU HOUSING DISTRICT (SHD) FOR PROPERTIES LOCATED IN THE VICINITY OF 366 DEWEY AVENUE. WATSON ENGINEERING/RANDALL MCUNE: **Daryl Brown**, Watson Engineering – the piece to the north, it was mentioned last week that it was a parking lot. What I understand is they are planning to build a duplex on the property. It is a single-story duplex, but the SHD helps with parking and setbacks. **Wilkey** – the argument can be made both ways for getting multiple pieces big and for smaller, and I am of the opinion where the ordinance allows it, and the general plan allows it, I can get behind it. I am glad it is going to be a duplex; I also know that could change. **Melling** – I think this belongs in an R-3 and that it should be revised to do that. **Wilkey** – we need to look at things that are zoned R-3 that are short on property.

Councilmember Melling moved to approve the ordinance amending the zone from R-3-M to SHD for property located in the vicinity of 366 Dewey Ave; second by Councilmember Riddle; roll call vote as follows:

Robert Cox -	AYE
Tyler Melling -	AYE
Scott Phillips -	NAY
Ronald Riddle -	AYE
Carter Wilkey -	AYE

CONSIDER AN ORDINANCE AMENDING THE ZONE FROM MASTER PLANNED DEVELOPMENT (MPD) TO DWELLING-ONE UNIT (R-2-1), DWELLING MULTIPLE UNIT (R-3-M), AND CENTRAL COMMERCIAL (CC) FOR PROPERTIES LOCATED IN THE VICINITY OF 2604 S OLD HIGHWAY 91 (CEDAR TRAILS RDO). STEVE KAMLOWSKY/RANDALL MCUNE: Randall – nothing has changed from last week. It is in compliance. **Melling** – it is a shame they have to go through this where the zone was repealed, and it really isn't a zone change. We should go through those and fix them. **Phillips** – are there a lot on the books. **Randall** – we don't do the zone change when we do the RDO, State Statute and Ordinance prefers we do it at annexation. **Wilkey** – I am not sure it matched up. If they don't have any variances, this is the last we will see of it. **Randall** – yes, if everything matches the zone. **Wilkey** – we are quite there, but I worry about the 5 miles for fire. **Phillips** - I worry about transportation on Old Hwy-91. **Tom Jett** – Jerry Sherratt had a policy where items come on the agenda that are not supported by the applicant or representative, and the council needs to look at if they are not represented, you should consider removing it from the agenda. Staff is advocating for the applicant more and more often. **Phillips** – it would have been on consent it is different; in this case it was an ordinance.

Councilmember Phillips moved to approve the ordinance amending the zone change from MPD to R-2-1, R-3-M and CC for property located in the vicinity of 2604 S. Old Hwy 91; second by Councilmember Melling; roll call vote as follows:

Robert Cox -	AYE
Tyler Melling -	AYE
Scott Phillips -	AYE
Ronald Riddle -	AYE
Carter Wilkey -	AYE

CONSIDER MODIFICATIONS TO CEDAR CITY ORDINANCE 26-III-2(G) AND 26-III-23(G) PERTAINING TO BUILDING HEIGHT LIMITATIONS IN RESIDENTIAL ZONES. PLATT & PLATT / RANDALL MCUNE: **Tom Jett** – this came to Planning Commission and there was a lot of discussion. There will never be a perfect solution and technology and desire for different type of homes will continue to change. If people want to take the risk on a home that their home may burn down that is their risk. **Wilkey** - this will apply in R-1, R-2-1, R-2-2 and R-3-1? **Randall** – and in RNZ. Any of those that we have the one or two-story limitations, you don't have to worry about apartments.

Councilmember Phillips moved to approve modifications to Cedar City Ordinance 26-III-2(G) and 26-III-23(G) pertaining to building height limitations in residential zones to 24 feet as discussed; second by Councilmember Cox; roll call vote as follows:

Robert Cox -	AYE
Tyler Melling -	AYE
Scott Phillips -	AYE
Ronald Riddle -	AYE
Carter Wilkey -	AYE

CONSIDER AN ORDINANCE ANNEXING 33.08 ACRES OF LAND LOCATED AT APPROXIMATELY 3700 W 600 N. PHIL SCHMIDT / RANDALL MCUNE: Randall - nothing has changed, but you will have a development agreement next week regarding the wall.

Councilmember Cox moved to approve annexing 33.08 acres of land located at approximately 3700 West 600 North; second by Councilmember Phillips; roll call vote as follows:

Robert Cox -	AYE
Tyler Melling -	AYE
Scott Phillips -	AYE
Ronald Riddle -	AYE
Carter Wilkey -	AYE

CONSIDER AN ORDINANCE AMENDING THE GENERAL PLAN FROM RURAL ESTATE RESIDENTIAL (RE) TO BUSINESS/LIGHT MANUFACTURING AND AN ORDINANCE CHANGING THE ZONE FROM ANNEXED TRANSITION (AT) TO LIGHT INDUSTRIAL AND MANUFACTURING (I&M-1) FOR PROPERTIES LOCATED IN THE VICINITY OF 3700 WEST 600 NORTH. PHIL SCHMIDT / RANDALL MCUNE: Councilmember Cox moved to approve an ordinance amending the general plan from Rural Estates to business and light manufacturing, and an ordinance changing the zone from AT to I&M-1 for properties located in the vicinity of 3700 West 600 North; second by Councilmember Phillips; roll call vote as follows:

Robert Cox -	AYE
Tyler Melling -	AYE
Scott Phillips -	AYE
Ronald Riddle -	AYE
Carter Wilkey -	AYE

CONSIDER MODIFICATIONS TO CEDAR CITY ORDINANCE 26-V-2 PERTAINING TO PARKING REQUIREMENTS FOR CERTAIN TYPES OF RESIDENTIAL PROJECTS. TOM JETT / RANDALL MCUNE: Randall - one type, it is 1,000 square feet, not 10,000. Tom Jett - we are trying to bring the square footage down to 750 square feet on the units. I think 1,000 is a reasonable number. Wilkey - they can get 3 bedrooms, but only 2 parking spaces can be tandem. Randall - no, tandem parking would not be allowed, only for 1- and 2-bedroom units. Melling - you do more to house those in

that area than anyone else. **Wilkey** – I don't want to see holes. We allow 1,000 and up, if we did 750 and down, there would have been a gap of homes not allowed. **Phillips** – it needed to be good for the entire community.

Councilmember Wilkey moved to approve modifications to Cedar City Ordinance 26-V-2 pertaining to parking requirements for certain types of residential projects up to 1,000 square feet; second by Councilmember Cox; roll call vote as follows:

Robert Cox	-	AYE
Tyler Melling	-	AYE
Scott Phillips	-	AYE
Ronald Riddle	-	AYE
Carter Wilkey	-	AYE

CONSIDER A RESOLUTION FOR THE REVISION TO THE 2024-2025 FISCAL YEAR BUDGET. PAUL BITTMENN: **Paul** – nothing has changed.

Councilmember Cox moved to approve the resolution revising the 2024-2025 fiscal year budget; second by Councilmember Melling; vote as follows:

AYE: 5
NAY: 0
ABSTAINED: 0

ADJOURN: Councilmember Phillips moved to adjourn and go into the RDA meeting at 6:25 p.m.; second by Councilmember Melling; vote unanimous.

CLOSED SESSION – REASONABLY IMMINENT LITIGATION: Councilmember Phillips moved to go into closed session; second by Councilmember Melling; roll call vote as follows:

Robert Cox	-	AYE
Tyler Melling	-	AYE
Scott Phillips	-	AYE
Ronald Riddle	-	AYE
Carter Wilkey	-	AYE

ADJOURN: Councilmember Phillips moved to adjourn at 6:37 p.m.; second by Councilmember Melling; vote unanimous.

CEDAR CITY COUNCIL

AGENDA ITEM – 9

TO: Mayor and City Council

FROM: City Attorney

DATE: April 21, 2025

SUBJECT: Long-term lease for YESCO sign at City detention basin north of Canyon View High School

DISCUSSION:

After last week's Council meeting, I discussed the Council's request with the YESCO representative. She declined to increase the offered amount. She has asked that we either approve the lease as is or have staff approve the billboard at the original location YESCO requested on Main Street.

I asked Renon to include a closed session for this next Council meeting in case you want to further discuss it. I've included the YESCO representative's email communications to me in the confidential folder for your review.
