CITY COUNCIL WORKSHOP

Mayor Holmgren called the April 1, 2025 City Council Workshop to order at 5:00 p.m. The meeting was held in the City Council Meeting Room at 102 South Tremont Street, Tremonton, Utah. Those in attendance were Mayor Holmgren, Councilmembers Estep, Lewis, Rohde (via Zoom 5:21 p.m.), Vance (via Zoom 5:06 p.m.), and Westergard, City Manager Cobabe, and City Recorder Nelson. The following Department Heads were also present: City Planner Jeff Seedall, Police Chief Dustin Cordova, Sergeant Skyler Gailey, Co-Interim Fire Chief Shawn Jensen, Librarian Kim Griffiths, Senior Center Director Jenny Christensen, and Pantry Director Carey Hunsaker. Also in attendance was Finance Director Curtis Roberts. Assistant City Manager Nessen was excused.

1. Evaluating and prioritizing capital projects for the upcoming fiscal year

Director Roberts reviewed the analysis page, showing department needs by year and estimated costs. The summary sheet has all of their projects. This analysis is designed to give quick looks and provide information that the Council has requested from our last meeting. Projects need to move into a concept, so the City is planning properly. The Council should consider when that goes from concept to becoming a reality. The fire station, for example, at what point does the City say that needs to have a target year and start identifying funding? One option is to set up a savings plan. This will start 10 years from now and could cost \$18 million so you have to set aside \$1.8 million per year. How could this impact other things and does that warrant a property tax increase? Another option for a critical need is bonding. We did this with secondary, dedicating a percentage of the water revenues to repaying those bonds. Mayor Holmgren said could our sales tax revenue be used for a revenue bond? Director Roberts said you can, but that will take away the sales tax revenue stream. Right now, the City has committed to setting aside 75% of sales tax revenue and transferring that to other funds. That would reduce how much you would have available for other projects. We could look at the revenue stream and then discuss what that looks like with a bonding company.

Draft Minutes

Planner Seedall reviewed the needs and funds of the Food Pantry and Parks and Recreation. The Food Pantry wants to spend \$163,000 in the next few years and already has enough to cover that. Parks and Recreation has a need of \$14.5 million in projects. These filters allow you to break down how much department heads are estimating they would like to spend on their capital needs and funds available. As the Council decides which of these items to prioritize and adds timelines for those, I can start working with department heads to draft the concept. We would start going through the design process and get RFPs. That normally is a three-to-five-year process, depending on the complexity and how we choose to manage the project. That gives me three years to work with the professionals and agencies for grant funding. This kind of allows the Council to guide my daily efforts. Director Roberts said the elephant in the room is parks because it has a huge amount. The overall request over the next three years is about \$32 million. Our overall, available revenue is \$9.3 million. The Council can go through and evaluate those by project year, priority level, priority order, and how many years to complete. Our department heads are here tonight to answer your questions because they have a lot more information and can explain why they ranked things how they have. Critical items are first, then high, then important. Manager Cobabe said everything in the fire department has a feel of being critical, but we cannot ignore the needs of the Parks Department either. It is not fair to compare the needs of each department. Planner Seedall said that is what has got us in trouble with our parks so far.

Director Roberts said after discussion we will update this sheet based off priorities and decide how are we going to meet the needs. There is a lot of complexity to this, so we are trying to break it into pieces. Fulfilling each department's needs is a tremendous balancing act. We have about \$121 million worth of needs over the next 10 years and that is a scary number. When asked about the proposed sports complex, Planner Seedall said the RFP will help obtain more information. Councilmember Lewis said that is going to be a huge number so phases over years makes it become more realistic. Director Roberts said this is a perfect example. If the Council says, we want this broken out in phases, that gives us direction on how to proceed. We can come back at a non-pressing time with more information and discuss this further. Planner Seedall said an architect is going to be crucial this summer as we get into this process to understand what the phasing could look like. Manager Cobabe said once we find out what our budget should look like, we can start filling in some of those question marks and will have a much better idea of how we should parcel it out going forward. Department heads then explained their needs and estimated costs.

Co-Interim Fire Chief Jensen said their plan for a new fire station is likely 10-years out. They will start developing and looking for land in about five years and be a station in 10 years. We can survive in the station we are in. It is not critical, but it is critical to have it in the back of your mind as a need to start working on. The training complex should not be 100% our responsibility. If we build a training complex, all of northern Box Elder County would use it. It would be nice to have something centrally located in the County that everyone contributes to. After much discussion the Council agreed to plan on their portion of it (about \$200,000), but not the full bill. They then reviewed an ambulance replacement. Co-Interim Fire Chief Jensen said we have \$270,000 of it funded, but with

Draft Minutes

increased prices we might need an additional \$15,000. Ambulance 33 is being replaced. We will need to start another one on the build process since it took almost three years from the time we signed on this ambulance. If we get okayed to do another one for the 2025-26 budget, we are still 24 to 36 months out of receiving it. We should do a two-to-three-year rotation. We have gone five years without and now have four ambulances stacked on miles. We are behind the eight ball. Director Roberts said we would want to adjust the schedule to reflect it so the Council has that information to make decisions. Co-Interim Fire Chief Jensen said we could put aside \$115,000 a year for an ambulance line item every year and by the time that three-year rotation rolled around you would have the money. Ambulances are most important. The extractor in the other side of the bay is another need if we are going to stay in that fire station a while. Cost is about \$40,000.

Librarian Griffiths said a new library building is not going to happen for a long time. The items I added were not listed as critical. We do need a storage shed onsite so our older employees do not have to go downstairs with boxes. We would want something big enough to store everything that is downstairs (10x20, cost around \$15,000). Our building will be 100 years old in 2030. The oldest part of the building is not up to earthquake code. The newer part was built in the 70's. We did get a bid for cabinets. We have a lot of technology equipment, we just do not have anywhere to put it. We have a 3D printer, virtual reality sets, and other items that would be usable for people who are interested in starting a business. We would like to have this space for people to try things out and learn more about technology. We could get a smart board to do telehealth visits. By utilizing this space for that, we will not be able to have meetings in there anymore. We are trying to make use of every inch we have.

Senior Center Director Christensen said we are using an extra car from the police department. It would be nice to give that back and get another car for us. The vestibule expansion is critical. We would like to close that off so that every time the door opens, all the outside air does not come into our offices. We want two doors to go through, especially with the new push-button door openers. We also need new carpet upstairs. We have a lot of runs and bubbles, creating fall hazards. There should be grant money available for a 12-passenger bus and all our vehicles needed. There is nothing wrong with our bus they just ask us to start looking ahead and figuring out what we would need in the future. We have discussed putting pickleball courts in our back parking lot. We could fit two courts easily. That is a popular sport for seniors. It would need to be leveled and have fencing. A small bowery out back with more picnic tables would be amazing.

Director Roberts said we are planning about \$260,000 being available for 2026 for capital projects in the Food Pantry. Everything is funded. The pantry gets many donations from our generous community. Over time, that fund has built up. Pantry Director Hunsaker said what I need most this year is the concrete replaced on the south side of the pantry. Cost would be about \$8,000. We put very little use on our forklift and Chevy truck, which has 3,900 miles and is a 2019. Our pantry is exceptional for space. I feel we are doing really well. We serve about 180 families a month, which is about 600 people.

Draft Minutes

Chief Cordova said we have grown into our animal shelter and generally take animals from outside our City to help the Sheriff's office. We have discussed coming together with the County to build a new shelter to meet everybody's needs with the growth of our cities. This is up in the air. At some point, they are going to need a place to take their animals. I would love to see us come together to take that problem on. We would benefit from having a department head and part-time employee to help manage that resource. Julie Beagley has done a great job and brings in a ton of donations. It has also been great for PR. We average 1.5 animals per household. As we grow, we will have a larger pet population and will need to expand. Best Friends is a partnership that helps with funding. As far as the police department goes, originally, I had the wage adjustment as our number one because it is so impactful to the overall budget, but it does not meet the definition. Our number one on here is police vehicles. Every year we ask for money to rotate our fleet. As it stands, we are doing about four per year on rotations. We try to run the vehicles for a period of five years. We could push that out further, but if we are in that warranty period, it does not cost us anything to fix them. Once we pass that warranty, we pay for that and have taken some pretty good hits on repairs. Cops live and breathe in those vehicles so they take wear and tear. We absolutely have to have them. Another item on my list is a steel outbuilding, which is critical to high. I am currently on a waiting list through the Department of Justice to get a free armored vehicle, worth \$1 million. One of the requirements is to have a secure building to park it in. You also have to meet minimum maintenance care. This would also help our surrounding agencies in a critical incident. These things are a game changer in a shooting. We have had a huge rise in our SWAT operations over the last couple years. Tasers are number two on the importance level since we are kind of behind. We are using old equipment. I would like to get our guys outfitted with the best to avoid lethal situations. The longer we wait to buy that equipment, the more expensive it gets. We had vehicle cameras in here. It is not required by law so I do not feel it is critical, but it does protect us from liability. Our guys carry body cams. I would recommend having them, but it is more of a luxury. Ammo, handguns, and rifles are an ongoing expense. Our guys need to train and stand on top of their skillset. That also protects us from liability. Vehicle radios are absolutely critical. We have to have them to communicate. SWAT headsets would be good but are far down the list. We also could use a larger building. We have multiple people sharing offices. We are fully staffed. I credit a lot of that to the Council and your support has helped tremendously.

Manager Cobabe read an email, outlining budget priorities, from Parks and Recreation Director Zach LeFevre, who was unable to attend. The first priority is land. Tremonton currently has a level of service of 2.4 acres of park space per 1,000 residents. For cities under 20,000 residents, the lowest should be six acres per 1,000 residents. Our current parks are small with no room to grow. It is recommended that Tremonton look at purchasing and investing in land now, that is earmarked for future park space, so that as the City continues to grow, we keep up with demand on parks and focus on raising our level of service to a minimum of 5.5 acres per 1,000 residents. Number two is the sports complex discussed previously. Stokes Park is proposed on the west side of town. There are no parks or playgrounds west of I-15 leaving those residents without any recreational opportunities within an acceptable walking distance. The park will also serve as a

Draft Minutes

stormwater detention basin for the area. It will expand our open green space playing area for team sports and a possible dog park. Number four is an awning/cover for equipment behind the park department's shop. We have run out of storage space. This structure will protect equipment from outside elements. Number five is a new field painter. Growth has maxed out our current playing fields and a GPS driven painter will save hundreds of man-hours per year on field setup. At Stevens Park alone, this year we set up 11 soccer fields. This will give us the option to easily set up new fields and sizes as we work with other sports per season. Number six is an updated security system at Shuman and Jeanie Stevens parks. The slides at Shuman Park are ordered and will be replaced soon. That equipment is 18 years old. The playground will need to be replaced within seven years. It is critical to save money for the playground at Jeanie Steven's Park and finish North Park and Meadow Park playgrounds.

Planner Seedall said Recorder Nelson wants an interactive cemetery map to help people find their relatives. There is funding that will cover at least half of it. We could use an administrative vehicle. It would be helpful and a lot cheaper, especially with the raise in mileage reimbursement. We also need a new building but could likely consolidate administration with the library and police department in one. Fire needs their own and maybe even two locations.

2. Discussion of Justice Court (this item was discussed at the end of the City Council meeting)

Manager Cobabe said Director Roberts pointed out that the Justice Court does not make money. Director Roberts said I went back to 2019 and built a spreadsheet based off financial statements, fines, and forfeitures that are collected versus the revenues the court brings and what it takes to run that department. That does not include anything that might not be accounted for in the court department. From 2020 until 2024, the Justice Court has cost the City. The City has subsidized the court with some sort of funding source to the tune of \$50,000-ish. Last year was closer to about \$11,000 and was subsidized by the General Fund. Manager Cobabe said what costs us money is having the court clerk position. We also pay for the judge and bailiff, but those are minor. The real expense is the full-time employee. This is a way we could save some expense year in and year out. It is convenient to come here as opposed to driving to Brigham for your court dates, but a lot are being held online. Director Roberts said in 2025 the largest expenses were \$80,000 in salary and \$28,000 in benefits. That is \$108,000 of the \$131,000 budget. Manager Cobabe said we would not close the court altogether, just move that to the district court. We would work out an understanding and have them handle our court services. That leaves the door open if and when we want to reopen the court here. Opening a new court is difficult, but moving the court for a period of time is a lot easier. Chief Cordova said from an operational side, it is more work. We do have people consistently testifying in court, but I am not opposed to it. We have been pressing Garland to close their court since I got here. It never made sense financially to have it. They do not have the caseload. As the City grows, more than likely, we will want to have that service back. I would caution against getting in a position where we cannot easily bring that court back when it does make sense. It is going to be a little bit inconvenient, but that is nothing compared to

Draft Minutes

the cost. I would support it. Manager Cobabe said we will get some real numbers and bring it back to the Council with a recommendation from staff.

CITY COUNCIL MEETING

Mayor Holmgren called the April 1, 2025 City Council Meeting to order at 7:04 p.m. The meeting was held in the Tremonton City Council Meeting Room at 102 South Tremont Street, Tremonton, Utah. Those in attendance were Mayor Holmgren, Councilmembers Estep, Lewis, Rohde (via Zoom), Vance (via Zoom), and Westergard, City Manager Cobabe, and City Recorder Nelson. The following Department Heads were also present: City Planner Jeff Seedall, Police Chief Dustin Cordova, Sergeant Skyler Gailey, Co-Interim Fire Chief Shawn Jensen, Librarian Kim Griffiths, Senior Center Director Jenny Christensen, and Pantry Director Carey Hunsaker. Also in attendance was Finance Director Curtis Roberts. Assistant City Manager Nessen was excused.

1. Opening Ceremony: Prayer – Director Roberts, Pledge – Councilmember Westergard
2. Introduction of Council
3. Declaration of Conflict of Interest: None.
4. Approval of Agenda:

Motion by Councilmember Estep to approve the agenda of April 1, 2025. Motion seconded by Councilmember Westergard. Vote: Councilmember Estep - yes, Councilmember Lewis - yes, Councilmember Rohde - yes, Councilmember Vance - yes, Councilmember Westergard – yes. Motion approved.

5. Approval of minutes – March 18, 2025

Motion by Councilmember Westergard to approve the minutes of March 18, 2025. Motion seconded by Councilmember Lewis. Vote: Councilmember Estep - yes, Councilmember Lewis - yes, Councilmember Rohde - yes, Councilmember Vance - yes,

Councilmember Westergard - yes. Motion approved.

6. Public comments: There were no public comments.

7. New Council Business:

- a. Discussion and possible action of adopting Resolution No. 25-11 establishing a separate accounting fund for Roads Special Revenue Fund

Director Roberts said we adopted an impact fee a few years ago and put a lot of that money into fund 42, which is the Transportation Capacity Fund. RTIF added another revenue stream. These are restricted funds. The complexities of these restricted funding sources are becoming more challenging. We recommend setting up a separate special revenue fund. It is a governmental fund, but it would be designed specifically to account for the class C road money and RTIF money. We can put the impact fee money in there as well and have a road special revenue fund that would keep track of how much we are spending for road maintenance and report more accurately. This would help us communicate better internally and externally how much is being spent for roads. All I see are upsides. This makes things a lot easier and clearer from our standpoint and for citizens on how much money is being spent on roads. It does not get mixed into the General Fund and makes accounting for the restricted funds a lot easier.

Motion by Councilmember Westergard to adopt the resolution. Motion seconded by Councilmember Estep. Roll Call Vote: Councilmember Estep - yes, Councilmember Lewis - yes, Councilmember Rohde - yes, Councilmember Vance - yes, Councilmember Westergard - yes. Motion approved.

- b. Discussion and possible action on adopting Ordinance No. 25-05 amending the Tremonton City Land Use Code Chapter 1.24 Home Occupation Permit

Planner Seedall said we felt this chapter could be clearer. This table lists our minor home occupations. As long as they are staying within the confines of their house, they would not have an extreme commercial impact on the neighborhood. Major home occupations will be sent through DRC to make sure they meet building, fire, and state code regulations, especially as we start seeing more childcare and preschools. They have more intense traffic flow. If a home business is too commercial, they will go through the DRC for approval. This loosens the regulations on minor home businesses and further outlines how the approval processes for major home occupations will go. This is a more thorough review than Planning Commission. Business vehicles or trailers used for home occupation have to be stored on the premises without blocking the public right-of-way. If there were to be a problem, we can point to this code and say, you have to keep it on your property. We have such a variety in property sizes and could not find a great way to address all the problems.

Motion by Councilmember Lewis to adopt the ordinance. Motion seconded by Councilmember Estep. Roll Call Vote: Councilmember Estep - yes, Councilmember Lewis - yes, Councilmember Rohde - yes, Councilmember

Draft Minutes

Vance - yes, Councilmember Westergard - yes. Motion approved.

- c. Discussion and possible action on adopting Ordinance No. 25-06 rezoning parcels 05-200-0040, 05-200-0047, and 05-200-0048 located at 1215 South 100 East from Residential District (R1-8) to Residential Multiple District (RM-16)

Planner Seedall said the applicant asked that we rezone these to match the multi-family housing next door. These will be developed in that corner from 100 East to the Malad River, to the top of the flood zone. The parking and storm drain requirements will control how many units they can have.

Motion by Councilmember Estep to approve the ordinance. Motion seconded by Councilmembers Rohde and Westergard. Roll Call Vote: Councilmember Estep - yes, Councilmember Lewis - yes, Councilmember Rohde - yes, Councilmember Vance - yes, Councilmember Westergard - yes. Motion approved.

- 8. Consent Agenda
 - a. Adoption of February Warrant Register
 - b. Adoption of February Financial Statements
 - c. Discussion and possible action on adopting Resolution No. 25-12 ratifying the final completion of Archibald Estates Plat M
 - d. Discussion and consideration of adopting Resolution No. 25-13 appointing a Public Works Director

Motion by Councilmember Westergard to approve the Consent Agenda. Motion seconded by Councilmember Vance. Vote: Councilmember Estep - yes, Councilmember Lewis - yes, Councilmember Rohde - yes, Councilmember Vance - yes, Councilmember Westergard - yes. Motion approved.

- 9. Calendar Items and Previous Assignment
 - a. Review of calendar

The next Council meetings will be on April 22 and 29 to further discuss the budget. Spring cleanup will be May 2-3, with a dumpster behind a fence at the City. Someone will check driver's licenses to ensure it is used by residents.

- b. Unfinished Business/Action Items: None.

- 10. Reports & Comments:
 - a. City Administration Reports and Comments

Manager Cobabe said I am fortunate to work with such amazing professionals who are dedicated and give their talents to furthering the work of the City and blessing the lives of the residents. I want to highlight the work that Director Roberts, Planner Seedall, and Assistant Manager Nessen have done in putting together the spreadsheet for the budget. It is very clear and helpful. Those three

Draft Minutes

have really shined on this particular issue. For a couple of personnel changes, we do have an HR director who has accepted another position. We wish her luck.

b. **Development Review Committee Report and Comments**

Planner Seedall said we have contracted with Civic Review to handle all of our land use applications online. It has been as smooth of a process as starting anything from scratch has been. We are working out the kinks, but it has been really helpful, especially with staff who does not work in the City to help communicate and centralize those applications. We are nearing construction season so applications should start flying in.

c. **City Department Head Reports and Comments: None.**

d. **Council Reports and Comments**

Councilmember Estep said we need to look into keeping an Assistant Public Works Director. I want to wish Tara Buckway good luck in her future endeavors. We hate to lose anybody because we have good employees.

Councilmember Rohde said we had a great town hall discussion last Thursday on the first pillar. We had a lot of good input. We are going to do that every fourth Thursday.

Councilmember Vance said it would be good to go all the way down through the budget to show the Council just how much money we have available to decide what to do in capital improvements, instead of doing it backward and narrowing it down to show us how much money we actually have. It would help us make decisions more prudently. Director Roberts said we have tried to show the money available in the analysis page. I know the Council would like me to give a more professional recommendation on a range of what can be spent in this year. When we meet again, I will be prepared for that.

Councilmember Westergard said I know there are people who are not happy about the trees going, but I think it looks very nice and seems so wide.

Councilmember Lewis echoed Councilmember Rohde on the Town Hall meeting. I loved the feedback from residents. We got quite a few suggestions. A lot of questions are coming in on Main Street and what is the plan for that now that the trees are gone. Manager Cobabe said we are at about a 30% level of completion on the plans. Per Council's request, we have asked our City engineer to put a budget number to it. That will be very loose and probably higher than the bids would come in at. Since we want numbers at this stage they will be padded. Once we get your approval, we will run it past UDOT. Again, not for their approval at this point, but to keep them in the loop. We have been working with them for months. We will keep plugging away and get those engineering drawings dialed in and will work with the Main Street Committee on design recommendations.

Draft Minutes

Mayor Holmgren said we met with the veterans and discussed the west part of the square. Part of the concern for them is they feel it was not clear they were going to be able to make improvements to that area. We are offering some kind of a resolution that this area is available for the veterans. Those improvements will still have to be run through the Council for approval. We are anxiously waiting for the engineer's estimate so we can go out to bid. We have the 100-year anniversary of the Box Elder County Fair this year. There are big activities being planned, including a horse parade that Monday. That will be a good kickoff to the fair. It would be cool if we had things wrapped up with Midland and started with Main Street by then. It will be a neat year.

At this point in the meeting, the Council held their discussion of the Justice Court from the Work Session.

CITY COUNCIL BUDGET WORKSHOP AGENDA

Mayor Holmgren called the April 22, 2025 City Council Workshop to order at 5:02 p.m. The meeting was held in the City Council Meeting Room at 102 South Tremont Street, Tremonton, Utah. Those in attendance were Mayor Holmgren, Councilmembers Estep, Lewis, Rohde, Vance, and Westergard, City Manager Cobabe, Assistant City Manager Nessen, and City Recorder Nelson. The following Department Heads were also present: City Planner Jeff Seedall, Public Works Director Carl Mackley (via Zoom), Police Chief Dustin Cordova, Co-Interim Fire Chief Shawn Jensen, Fire Chief Jeffery Jarrow, and Parks and Recreation Director Zach LeFevre. Also in attendance was Finance Director Curtis Roberts.

1. Evaluating and prioritizing capital projects for the upcoming fiscal year

Director Roberts said our goal is to start a dialogue, show the Council the number of capital needs and give an estimate of the dollar volumes. We are pressed on time to identify projects we want to do in the fiscal year 2025-26 (starting July 1 and going through June 30, 2026). Discussion of bigger projects may be delayed until we get past the budget season. We do not need to resolve every project now, but being aware of them provides insight as to why we might set rates the way we are. Department heads have ranked their needs as critical, high, or important, giving them a means to communicate. The Council can ask questions and help narrow this down for future years, giving a lot of direction to the management team and department heads. Having direction from the Council as to what you want to see as critical is really important. The numbers on the analysis sheet look overwhelming. Money is held in the Capital Projects Fund to handle general capital projects. Currently we have \$9.3 million available and \$6 million worth of projects for this next year. Some projects or needs are easy while others are more significant.

The Council spent some time discussing the RDA #2 fund. Director Roberts said the RDA #2 has money assigned for some of those projects. Basically, all the property taxes coming in are assigned to reimbursement of the developer. None of the \$1.4 million in

Draft Minutes

there will be paid out. The number in the funds shows what is projected to be available by July. Funds are available and could be assigned to capital.

Councilmember Vance said in my mind, we still need to define what we can spend. \$9.3 million is available, but we have not done the operating budget. Director Roberts said we have not done the operational budget for fiscal year 2026. When we present it, we will show an amount we are going to collect in excess of the planned expenditures. That money will be available to assign to capital projects as well. We are working on that. Councilmember Vance said at this point, it is just a bunch of chaos talking about ideas until we have a number to work with. Director Roberts said \$9.3 million is there. We will be adding in rough terms. You may want to save some for the next year or even start saving up for other things. \$9.3 million is what will be available as of July 1. In the past, the Council has set aside roughly 75% of the sales tax to be transferred out of the General Fund to the Capital Projects Funds. If we are looking at roughly \$3 million in sales tax amounts, that will be about \$2.2 million dollars. Manager Cobabe said one of the reasons we have not got operation numbers is we do not know what our insurance is going to come back at for health insurance. Until we get those final numbers, we do not know what to put in front of you. There are several other things we are working through and waiting on. Councilmember Lewis said we are facing some proposed increases. The police department made proposals that would need to be planned and factored in. Director Roberts said there will be some discussion to bring that number down or you have to consider other funding mechanisms to fund those operational items. We are still chasing down those operational numbers. Rather than us totally driving the discussion, we are trying to involve more feedback from the Council. Give us direction on the priorities of the community, and let us build this together.

Councilmember Rohde said so we have \$9.3 million. We need to go through the capital projects until we spend up to that. Director Roberts said yes, without funding anything for future years the \$9.3 million is the ceiling. It does not include any of the enterprise funds (water, storm drain, treatment and sewer). Those are completely separate. It also does not include money for food pantry, parks and recreation, or the RDA #2. Manager Cobabe said we are prepared for several items that Public Works can take care of, but roads are not one of them. Right now, roads are being funded out of the General Fund. Director Roberts reviewed some of the projects proposed in those enterprise funds. The treatment plant has the money it needs for several projects. That fund has functioned exactly the way we planned. We set a fee eight years ago, increasing the fee, because we knew this was coming. We hit a target, which means we are funding \$7 million worth of improvement straight out of cash that this has been prepared for, without going into debt. We made a plan in advance, knowing this is how much cash we would need. The Council took a lot of heat over those fees, but we hit the target. What we need to do is start looking at that for water, unless the City wants to consider other financing sources. Some of these are in a position where the debt may not need to be incurred. The Council could leave water rates alone and plan on issuing debt when this timeframe happens or adjust the rates and plan some cash built up to minimize or eliminate the need for debt in the future. It is cash flow versus debt. I am trying to give the Council options.

Draft Minutes

The Council then discussed impact fees associated with future growth. How things could be funded by new growth, as well as the City's participation since improvements, especially to the roads, would service the current population. Several hypotheticals were discussed. There was discussion on the parks and the current level of service, as well as the golf course, which does not count toward park space based off of how that land functions. Director LeFevre said on a Saturday at Jeannie Stevens Park, we have over 1,500 people there and only 214 parking stalls. The open space we have is so overused. Obtaining and developing 180 acres of park space should get us caught up plus future use. They discussed potential options. Director LeFevre said this is not immediate, it is critical, but it is going to take some planning. We should save now so that when things become available, we can purchase them. The 26 acres of planned parks with these new developments will get us back to where we were, not put us ahead. That includes the Stokes Park (west Tremonton), River's Edge Park (east Tremonton), and one on the south.

Mayor Holmgren brought up a transportation utility fee that could create potential funding for roads. Manager Cobabe said Director Mackley has provided numbers for projects related to roads over the next seven years, totaling \$10.1 million. That averages out to about \$1.4 million a year. A Transportation Utility Fee could be established to have residents and businesses help pay for roads based on trip generation and anticipated impact on roads. We have a connection fee for water that helps defray costs associated with our water lines and their needs over time. Those fees help offset costs. We currently do not have anything like that for our roads and sidewalks. We are paying it mostly out of the General Fund using property tax and sales tax dollars. With a transportation utility fee, things gets earmarked specifically for roads. We need about \$1.5 million a year from a transportation utility fee if we are going to fund the real cost of maintaining roads in our City. This would be an easy sell. The level of quality of the roads in town in general has decreased because we are trying to put out fires and are always chasing the worst thing instead of getting ahead. If we were to implement this kind of fee, we would have control and something to rely on. The idea is not to burden residences because they do not have the same impact that a business would. We would increase the burden on commercial a bit to reduce the burden on residential.

Director Roberts said the water fund is okay for about three years. As we consider the operational budget and see where it is going, we may need to consider looking at a water rate increase to start planning for a 2030 project. Every year I present to the City, I talk about a rate of return on the assets. We target that rate of return so we can replace assets as they come due and even plan for additional. We can consider raising rates, borrow money, or even a combination. Grants are also available.

Councilmember Rohde said we are having huge discussions, but do not know what is necessary. Would it be easier to have these discussions after we have gone through and eliminated things? Planner Seedall said I would not eliminate anything on the list. We can move them out further, but these are not things that are going away just because we take them off. We cannot just ignore capital needs, because that is what has got us here. Councilmember Rohde said part of us having the debate is determining if something is a

Draft Minutes

high priority or not. I do not want any department head to feel like we do not value their opinions. Manager Cobabe said that is the point of this interaction. Department heads have identified needs, and we need to take steps in the right direction, set the priorities, and start working toward those. That is where your leadership comes in. Tell us what you think is most important. The way you do that is by funding them and how you fund them is either having a Truth in Taxation and raise taxes and raising or instituting transportation utility fees. Director Roberts said these project lists should be analyzed and scrutinized by every Councilmember. That is why we have put the spreadsheet in your hands. Mayor Holmgren said we have the funding to take care of this fiscal year, but what are we going to do about the future? How do we handle the needs down the road? If we take care of everything this year, are we short in the future? Councilmember Lewis said that is why I am less concerned about discussing the 2026 stuff as the future stuff. Today is the time to make decisions for the future. Today is the time to increase the rate and make those decisions.

Director Roberts said if you look at storm drain there is nothing needed for 2026, but next year it is projected to need \$2 million. We have \$1 million. We can delay that discussion for a minute, but it needs to be addressed. Councilmember Lewis said if I know that in 2027 we have a \$1 million deficit, I am going to change the way I spend money in 2026. You have to change your decision-making process today. Manager Cobabe said exactly, if the priority is that 2030 number, we have to target that now. Either do not spend in anticipation of that 2030 number or change rates. Councilmember Lewis said the funding mechanisms are different. That is why we have to look at these individually as a five-year business plan. Once we know what those needs are then we have a prioritization of the General Fund. We are going to allocate in this priority level. Director Roberts said in the analysis, they are broken out by funding source. I would start by going through each tab and looking at each area project. Councilmember Lewis said I personally find it impossible to approve 2026 without knowing what 2029 looks like. If you filter out the future, you cannot make a decision on today. We have to have the future context. Manager Cobabe said a decision to spend all the money this year is going to impact our capacity to deal with issues in the future. Some of those decisions are best looked at and perhaps addressed in that context, but if we do not take action now to address some of those things, we are going to be even further behind. Councilmember Lewis said we have to start with water, roads, and police. Councilmember Vance said we need to define which is the most important to fund. What makes a town is the infrastructure.

Director Mackley said I feel like the Council is not utilizing us as department heads. We should be making this a lot easier for you. This spreadsheet is helpful. You are trying to decide how to eat this elephant and we keep staring at the elephant when we have to talk about pieces. Back to that analysis path on the storm drain, we have already established there are enough funds there. You are not allowing us to tell you how we are going to fund our own projects. We could make this significantly easier for you by doing a little bit more work and saying this is what the impact fee funds look like. Each department has more time than Director Roberts does collectively to look at these things individually. I should be saying, this is what our impact fee scenario looks like, and this is how we are going to self-fund and make those suggestions to the Council. Some Public Works items

Draft Minutes

are fairly self-funded and if we cannot make them self-funded, then I should be asking the Council for a specific amount of dollars in that year. You are not leaning on Public Works as much as you could. For capital projects, for the next two to three years, I am fairly comfortable with water and the treatment plant. There are some unanswered questions, but that is my job to look at that and present that to the Council. If we can get the transportation utility fee up and running, then roads will basically be self-funding as well. We do road projects until the money we have set aside is gone and then we push it to the next year and prioritize internally—then you do not have to make those decisions for us. We make those recommendations, and the Council can agree or disagree and provide direction.

Councilmember Lewis said we are accomplishing big tasks and setting a 10-year vision. Manager Cobabe said once the vision is in place, it is about maintenance. Director Roberts said some of these decisions can shift past budget season into the fall so there is less stress for more in-depth conversations. I hope this spreadsheet is something that is referred back to. When we first started this, it was just trying to get the expenditures identified. Now we are branching up and expanding into, how do the revenues all impact this. Manager Cobabe said even if we have to approve a tentative budget for this year, we can put a pin in a lot of these other issues and come back to them in a few months after having had some time to digest it and really keep the budget conversation going throughout the year.

The Council reviewed the administration needs. Director Roberts said \$10,000 for the interactive City cemetery map and \$35,000 for a new vehicle. The vehicle would save money because employees could use it for quick day trips instead of being paid for miles on their own vehicles. It would be an admin vehicle but could be used across departments for a day trip. It is more cost effective to have a vehicle here. When discussing the option of having some of these things being funded through grants or other options, Councilmember Lewis suggested adding a column to the spreadsheet for potential funding.

They then discussed the fire department needs which include replacement of ambulances. Director Roberts said there is \$270,000 budgeted in fiscal year 2024-25, this current year, for an ambulance purchase. Co-Interim Fire Chief Jensen said we did go over this amount because of the three-year delay. It is closer to \$285,000. Director Roberts said projecting out to the end of the year, that fund will have basically \$0, it will have nothing available to fund any of these capital operations. It will continue to operate and generate revenue, but that fund typically does not generate a significant amount of income from its operations to contribute to capital. It is receiving its operational support from the General Fund to make up the difference. Co-Interim Fire Chief Jensen said we are already way behind on our replacement and it takes 24 to 36 months to build. If you say yes to another, we will get our name on the list. That money will be set aside until 2027. Adding \$114,000 a year would about give us an ambulance every three years. Manager Cobabe said we are trying to remove the politics so that if these guys know they are due an ambulance next year, they do not have to come to the Council and beg they just would say we are ready to pull the trigger on this ambulance we have been budgeting for. Then

Draft Minutes

when it comes due, we are not scrambling and questioning should we buy it or not. When asked about the training complex. Co-Interim Fire Chief Jensen said that needs to be discussed between a whole bunch of departments in the County. We originally had that at \$750,000 and were going to do it ourselves. Other departments around the County want to be involved so we dropped that to \$200,000. We still have to build that plan. The exhaust system (\$8,000) for our west bay is needed if we are going to stay in that fire station for another 10 years. You should have an exhaust system for the vehicles when there are livable quarters. The rest is our 10-year plan on replacement of our next engine and ladder truck. Councilmember Vance said let us get the exhaust system approved as soon as possible.

Director Roberts said after we add priorities I will come back to the Council and say, here is the operational budget for 2026. Here is how much we were able to set aside. This is how much we are running short. We may need to come back and adjust the plan, but it is starting the discussion. I am looking for guidance on starting down this path so we can tie in the operational budget and be able to explain it when we come together with the full budget for fiscal year 2026. The \$9.3 million does not consider any operational funds. Councilmember Rohde said I am just having a hard time separating those two accounts. We have \$9.3 million sitting in an account that can be used and then operational will be adding to that for years. Director Roberts said the State explains it as, we have this much available in current funds for one-time needs and when we present the operational budget it will be this is how much is available for ongoing needs. We will split that out for you so we can add that into the sheet. We will present that so the Council can see how much is available in one-time expenses and for ongoing.

Director LeFevre said obviously Parks and Recreation is not the fire or police, but we are of different importance. I think of the movie, "The Castaway." A person on a deserted island is living because he has fire, shelter, and water. But what kind of life is he living if he has to rely on a volleyball to be his best friend? When we talk about the pillars of our community, Parks and Recreation is a big part of that. The things we offer are important for emotional, physical, and social wellness. On the last wellness survey, we found Parks and Recreation does meet needs of wellness. The preventative maintenance can also save us money. We did get a new slide ordered for Shuman Park, but that whole playground will be 25 years old in 2030. They have a 20-to-25-year life expectancy. We had two slides that were broken due to age and had to replace those. The longer it goes, the more maintenance we are going to have. Cost is \$500,000 to replace all that playground equipment. Director Roberts said we can amortize that \$500,000 over five years and have it set aside. There are lots of options for funding. We can figure out how much we need to set aside each year if we want to avoid debt. Director LeFevre said there is also a new field painter. Currently we have ten fields just at Jeanie Stevens Park. It takes our staff of three, four full days to paint those lines each season (three times a year). This is GPS driven and would take one full day to accomplish the same thing. Not only is the cost savings of manpower, but also for paint. This is one of the highest on my priority list. We also could use an updated security system at Shuman Park and Jeanie Stevens Park. The outfield lights at North Park are out and poles are starting to rust. They all need to be retrofitted with new poles, just a revamp of the light fixtures and replacing the bad poles

Draft Minutes

was estimated to be \$300,000. The scoreboards are over 20 years old. We need to have 40 acres of park space for our current need. We already have 26. That number is a little lower because of the three parks we already own that will need to be developed. These parks are also detention basins for stormwater so that fund can help build these parks. 40 acres is just going to get us to where our current level of service was, we need 180 acres total to be at a better level of service for our population. The sports complex could be part of that. Planner Seedall said once these four parcels of land are built, that really is the end of what the City has in terms of land. We still need acreage for other things. We have four parcels that could be developed and then we are done, and we have not even talked about other buildings. We still need land. Director LeFevre said land is an investment. It will be more expensive later. Director Roberts said that one is not going to be funded operationally. That will dip into your \$9.3 million. Director LeFevre said since 2001 when the department started, we put in a lot of things. Since 2008 we have declined but have grown over a third of our population. We are basically starting from ground zero with a lot of our things. It is going to take a lot and it is going to be a yearly thing. The needs and facility condition assessment will tell us a lot. That will be done in October. Next year, we can revisit a lot of this. There is also a new field prep machine. Ours is 14 years old. That would allow us to level the fields. We have done the best with what we have. This will up our level of maintenance. An awning or cover over equipment behind our shop is needed. We have a lot of hand-me-down equipment from the Public Works Department. We have no place to store them, so we need something to keep them out of the elements. Stokes Park needs to happen, but I feel the same with the sport complex. The sport complex is going to be key and the hub around everything that happens with the other parks. If it does go, then it will lead us one direction with the park system. If it does not, then we will have to change things and figure out other places for those amenities to go within the park system. They then discussed possible grants, but they would require a matching contribution. Councilmember Vance said I would love to see this sports complex come in. We really need it, but Tremonton cannot fund it without some type of major bond or partnership with a private sector. Manager Cobabe said this list is an exhaustive list of things we ought to consider. I also want to point out that this is a reflection of years of neglect for our parks. The funding that has not been available for parks and recreational opportunities in the City is reflected in the fact that we are, \$50 million behind the eight ball on some of these items. If past Councils had taken the opportunity to look at the things we are looking at now—20, 10, or even five years ago, we would be having a different conversation about these needs. We keep kicking the can down the road.

Chief Cordova said I wanted to point out first, that none of this equipment matters if we cannot retain our people. I do not want to see people leave because they are extremely hard to get back and it is very costly. It has cost us about \$350,000 over the last three years. Cops are very sought after. We have identified three things. We are lacking in our police vehicle budget. We need to replace four vehicles (\$400,000). We could push them out, but then we are looking at costs with maintenance. We also need new Tasers to keep officers safe and to avoid liability. There is a 40 by 70 outbuilding we could use for an armored vehicle. We are on a list to receive a \$1 million vehicle from the State. It could be this year or later, but if we are chosen, we need to close in that building as part of the

Draft Minutes

requirement for obtaining that. The rest of our needs are out to 2036. For the animal shelter, we do need a plan. It is something to put on the agenda. I have talked to the sheriff. They do have funding put aside, but no plans. That is not our problem. Our problem is the future needs for our community. I would love to have a public safety building. I have up to three people in a small office right now. It is a high priority need, but I understand we cannot really afford that right now. As we discuss impact fees with our growth and the amount of developments coming in, that might be a good time to do that. Vehicle cameras would be nice, but that is also a luxury. We are doing what we can as a department to fund our needs.

Director Roberts would send the Council the updated spreadsheet for review until their next meeting on April 29. We have two critical dates. We have the first meeting in May, which is approval of the tentative budget then the second meeting in June, which is approval of the final budget.

WHEREAS, the Petitioner has filed a Petition for Annexation with the Tremonton City Recorder, to annex approximately 211.34 acres of property more particularly titled as the LB Landholdings Annexation to Tremonton City as depicted and described in Exhibit "A" into Tremonton City Corporate Boundary; and

WHEREAS, Tremonton City Council accepted the Petition for Annexation at the March 4, 2025 City Council meeting; and within 30 days, the City Recorder reviewed the petition and certified that the petition met the requirements for annexation; and

WHEREAS, a notice was published on the Public Notice website for three consecutive weeks, beginning no later than ten days after receipt of the notice of certification, written notice was provided to each property owner within the proposed annexation area and each property owner of unincorporated property within 1/2 mile of the proposed annexation area as provided by Utah State Law (Subsection 10-2-406); and

WHEREAS, within 20 days of receipt of the notice of certification, written notices were mailed to each affected entity as provided by Utah State Law (Subsections 10-2-406(1)(c)); and

WHEREAS, no protests to the annexation petition were filed during the period specified; and

WHEREAS, consistent with the noticing requirements, Tremonton City gave notice of a public hearing to be held on Tuesday, April 29, 2025, at 7:00 p.m. to listen to public comments regarding the proposed annexation of 211.34 acres of real property, referred to as the LB Landholdings Annexation, into Tremonton City's incorporated limits.

NOW, THEREFORE, BE IT ORDAINED, by the City Council of Tremonton, Utah that the real property legally described and depicted, shown in Exhibit "A," referred to as the LB

Landholdings Annexation, is hereby annexed to Tremonton, Utah, and the corporate limits of Tremonton, Utah, are hereby extended accordingly contingent upon Brodie Calder signing a Pre-Annexation and Development Agreement.

A certified copy of this Ordinance and an original plat setting forth the property so annexed shall be filed with the County Recorder of Box Elder County, Utah, by the City Recorder.

This Ordinance shall become effective upon adoption and passage by the City Council and the signing of the Pre-Annexation Agreement associated with this annexation. A copy of the Ordinance and plat shall be deposited in the Office of the City Recorder.

If any term or provision of this Ordinance shall, to any extent, be determined by a court of competent jurisdiction to be void, voidable, or unenforceable, such void, voidable, or unenforceable term or provision shall not affect the enforceability of any other term or provision of this Ordinance.

ADOPTED AND PASSED by the City Council of the City of Tremonton, Utah, this 29th day of April, 2025.

WHEREAS, on March 4th of 2025, the Tremonton City Council accepted a Petition for Annexation for the Property; and

WHEREAS, the Parties hereto have agreed that the development of the Property will require municipal services from the City; and

WHEREAS, Tremonton City believes that it can efficiently provide municipal services to the Property; and

WHEREAS, following the annexation of the Property into the corporate limits of Tremonton City, but prior to commencement of Development Activities, Owner/Developer shall be required to receive the City's approval of all planned development by the Owner/Developer providing the City with required Site Plan, etc. of the Property; and

WHEREAS, in order to serve the Property with municipal services, the Owner/Developer will further be required to install certain improvements primarily of benefit to the Property to be developed; and

WHEREAS, Tremonton City Land Use Code Section 1.34.040, Approval Guidelines for annexations, identifies annexations as Legislative Decisions that are based upon what the City Council determines to be within the public interest and consistent with goals and policies of the City; and

WHEREAS, Tremonton City Land Use Code Section 1.34.030, F. Zoning and Annexation Agreement Process, states that, if the City Council desires to have an Annexation Agreement, the City Attorney shall commence with the preparation of the Agreement.

NOW, THEREFORE, in consideration of the promises of the Parties hereto and other good and valuable consideration, the receipt and adequacy of which are hereby acknowledged, it is agreed as follows:

I. General Conditions

A. **Terms of Agreement.** The terms of this Agreement shall govern the annexation of the Property into the City. Prior to all development activities, the Owner/Developer shall enter into a Development Agreement. The term "Development Activities" shall include, pursuant to Utah Code Annotated (hereinafter "U.C.A.") § 10-9a-103(8), but be not limited to, the following: any change in the use of land that creates additional demand and need for public facilities. Furthermore, for purposes of this Agreement only, "Development Activities" shall also include the following: (1) the actual construction of improvements, (2) obtaining a permit therefore, or (3) any change in grade, contour or appearance of the Property caused by, or on behalf of, the Owner/Developer with the intent to construct improvements thereon, none of which shall occur until execution of the Development Agreement and City approval of the Site Plan.

B. **Financial Responsibilities of Owner/Developer.** Except as otherwise herein specifically agreed, the Owner/Developer or their successor(s) in interest agrees to install and pay for all water, sanitary sewer, and storm drainage facilities and appurtenances, and all streets, curbs, gutters, sidewalks, conduit, impact fees, garbage cans, etc. and other public improvements associated with this Property, as required by the City's Land Use Development Codes, the City's General Public Works, construction Standards and Specifications shown on Site Plan, Construction Drawings, and other approved documents pertaining to this Development on file with the City and other charges are required by the City's Consolidated Fee Schedule.

C. **Special Conditions.** The following conditions will be further outlined within a Development Agreement as described hereafter. Therefore, following annexation of the Property and prior to the commencement of Development Activities, the Owner/Developer agrees as follows:

1. Owner/Developer shall design and install a public utilities per Tremonton City Standards and Specifications within 300 West, 10000 North (Box Elder County), and 6800 West (Box Elder County) to connect the City's existing infrastructure together within the Annexation Area as shown in Exhibit "B".
2. Owner/Developer may construct a certain number of dwellings prior to making a second connection to City water systems at 300 West or 1000 West. The number of dwellings shall be determined and approved by the City Engineer as part of the Development Agreement mentioned hereafter.
3. Owner/Developer shall construct a sanitary sewer pump station per Tremonton City Public Work Standards and Specifications including but not limited to power supply, backup power, connecting sewer lines, SCADA system, and pumps as approved by the City Engineer and Public Works Director.
4. Owner/Developer will dedicate the necessary frontage for right-of-way improvements for 10000 North (Box Elder County) and 6800 West (Box Elder County).
5. Owner/Developer shall improve the frontage 10000 North (Box Elder County) in place of 6800 West (Box Elder County) as agreed upon within the Development Agreement.
6. Owner/Developer will coordinate with existing residents within the Annexation Area regarding the change of addressing, installation and connection of utility services, and sale of West Corinne Water Connection as desired by each resident.
7. Owner/Developer may sell phases or specified units in accordance with Tremonton City's ordinances upon recording of necessary financial guarantees.
8. Parcel shall be zoned RM-8 as reviewed and recommended by the Planning Commission as well as approved by the City Council.

D. **Development Agreement.** Following annexation of the Property, but prior to the commencement of Development Activities, the Parties shall enter into a Development Agreement to govern the actual development of the Property including but not limited to permitted densities, construction timing, utility sizing, financial agreements, and other pertinent matters. The Development Agreement will be the governing document for the development.

II. Miscellaneous

A. **No Waiver of Regulation(s).** Nothing herein contained shall be construed as a waiver of any requirements of the City Code or the Utah Code Annotated and the Owner/Developer agrees to comply with all requirements of the same.

B. **Severability of Waivers.** In the event the City waives any breach of this Agreement, no such waiver shall be held or construed to be a waiver of any subsequent breach hereof.

C. **City Council Budgetary Discretion.** All financial obligations of the City arising under this Agreement that are payable after the current fiscal year are contingent upon funds for the purpose being annually appropriated, budgeted and otherwise made available by the Tremonton City Council, in its discretion.

D. **Covenants Run with the Land; Recording.** This Agreement shall run with the Property, including any subsequent, approved, amendments. This Agreement shall also be binding upon and inure to the benefit of the Parties hereto, their respective personal representatives, heirs, successors, grantees and assigns. Assignment of interest within the meaning of this paragraph shall specifically include, but not be limited to, a conveyance or assignment of any portion of the Owner/Developer's legal or equitable interest in the Property, as well as any assignment of the Owner/Developer's rights to develop the Property under the terms and conditions of this Agreement. The City and Owner/Developer are authorized to record or file any notices or instruments, including this Agreement, as appropriate to assuring the perpetual enforceability of the Agreement, and Owner/Developer agrees to execute any such instruments upon reasonable request.

E. **Liability Release.** With limitations pursuant to Utah Code Annotated § 10-9a-607, in the event the Owner/Developer transfers title to the Property and is thereby divested of all equitable and legal interest in the Property, the Owner/Developer shall be released from liability under this Agreement with respect to any breach of the terms and conditions of this Agreement occurring after the date of any such transfer of interest. In such event, the succeeding property owner shall be bound by the terms of this Agreement.

F. **Default and Mediation.** Each and every term of this Agreement shall be deemed to be a material element hereof. In the event that either Party shall fail to perform according to the terms of this Agreement, such Party may be declared in default. In the event that a Party has been declared in default hereof, such defaulting Party shall be given written notice specifying such default and shall be allowed a period of ten (10) days within which to cure said default. In the event the default remains uncorrected, the Party declaring default may elect to: (a) terminate the Agreement and seek damages; (b) treat the Agreement as continuing and require specific performance or; (c) avail itself of any other remedy at law or equity.

In the event of the default of any of the provisions hereof by either Party, which shall give rise to commencement of legal or equitable action against said defaulting Party, the Parties hereby agree to submit to non-binding mediation before commencement of action in any Court of law. In any such event, defaulting Party shall be liable to the non-defaulting Party for the non-defaulting Party's reasonable attorney's fees and costs incurred by reason of the default.

G. **No Third-Party Beneficiaries.** Except as may be otherwise expressly provided herein, this Agreement shall not be construed as or deemed to be an agreement for the benefit of any third party or parties, and no third party or parties shall have any right of action hereunder for any cause whatsoever.

H. **Applicable Laws.** It is expressly understood and agreed by and between the Parties hereto that this Agreement shall be governed by and its terms construed under the laws of the State of Utah and Tremonton City, Utah.

I. **Notice.** Any notice or other communication given by any Party hereto to any other Party relating to this Agreement shall be hand-delivered or sent by certified mail, return receipt requested, addressed to such other Party at their respective addresses as set forth below; and such notice or other communication shall be deemed given when so hand-delivered or three (3) days after so mailed:

Notwithstanding the foregoing, if any Party to this Agreement, or its successors, grantees or assigns, wishes to change the person, entity or address to which notices under this Agreement are to be sent as provided above, such Party shall do so by giving the other Parties to this Agreement written notice of such change.

J. **Word Meanings.** When used in this Agreement, words of the masculine gender shall include the feminine and neutral gender, and when the sentence so indicates, words of the neutral gender shall refer to any gender; and words in the singular shall include the plural and vice versa. This Agreement shall be construed according to its fair meaning and as if prepared by all Parties hereto, and shall be deemed to be and contain the entire understanding and agreement between the Parties hereto pertaining to the matters addressed in this Agreement.

K. **Complete Agreement.** There shall be deemed to be no other terms, conditions, promises, understandings, statements, representations, expressed or implied, concerning this Agreement, unless set forth in writing signed by all of the Parties hereto. Further, paragraph headings used herein are for convenience of reference and shall in no way define, limit, or prescribe the scope or intent of any provision under this Agreement.

L. **Joint and Several Liability.** The Owner/Developer shall be jointly and severally liable for the terms in this Agreement.

Department Report for the Tremontion City Council

March & April, 2025

From: Tremontion/Garland Police Department

To: Tremontion City Council

Re: Monthly Report for March & April

The Police Department of the City had a productive month. To highlight a few significant events:

- Chief Cordova has been working closely with the Rural Violent Crime Reduction Initiative. We have a strong chance of being renewed for our staffing grant once applications open in July. If awarded, we could receive up to \$200,000 in funding.
- Officers responded to a domestic disturbance involving a firearm. The suspect had discharged a weapon inside his residence prior to police arrival. Upon contact, the suspect was armed and non-compliant. Officers deployed three separate tasers to safely apprehend him. This incident was dangerously close to becoming an officer-involved shooting. We are grateful no lives were lost.
This is a clear example of the limited capability of our current equipment. I highly recommend we prioritize upgrading our taser systems as soon as feasible.
- The Police Department is actively investigating multiple child predator cases. We expect to arrest, charge, and serve multiple search warrants in the coming month.
- **Follow-Up:** Last month, the SWAT team served a warrant at the residence of a wanted gang fugitive. The suspect fled to Ogden the night before the warrant was executed. In coordination with the U.S. Marshals, Ogden Gang Unit, and Tremontion Police Department, the suspect was successfully apprehended.
- Officers responded to an explosion incident at Northrop. Fortunately, no injuries were reported at this time.
- Officers responded to a near-fatal traffic collision. The investigation was conducted jointly with UHP, County, and TGPd.
- Officers handled a vehicle accident that also resulted in a gas leak. They stabilized the scene, controlled traffic, and provided aid to those involved.
- Officers assisted County Deputies with a call involving an armed, suicidal male. The subject was in possession of a military-style rifle. Officers attempted de-escalation from

a safe distance, ultimately leaving a soda and a business card with mental health resources. The individual later contacted police and was safely transported for treatment. Outstanding work by both our Officers and the County Deputies.

- Chief Cordova continues to participate in a grant process to acquire an armored vehicle for our SWAT team. We were recently informed that we are among the top three candidates in Utah. If awarded, this life-saving equipment—valued between \$500,000 and \$1,000,000—would significantly enhance our operational capabilities.
- Chief Cordova is working collaboratively with the new Tremonton Fire Chief to improve inter-agency coordination.
- Chief Cordova is also working with the City Planner on the Good Landlord Program. Special thanks to Jeff Sedall for his continued hard work and dedication.

Respectfully submitted,

Chief Cordova

Re: Monthly Memo

April was another productive month of work for the Planning Department. In the wise words of Kelly Kapoor, the Department has learned a lot along the way.

Some Land Development highlights include:

- Launching Civic Review to create a platform for land-use applications. This has helped centralized plan submittals, reviews, and communication between the City, Developers, and third-party staff.
- The Development Review Committee reviewed 5 residential applications and 1 site plan application.
- The Department had multiple meetings to review and discuss Concept Plans.

The Department was also busy supporting other staff members in preparing the capital and operational budgets. This has helped smooth the departure of our HR Director as responsibilities have been distributed through the remaining staff.

Sincerely,

Jeff Seedall

City Planner

Re: Monthly Report for March 2025

Jamie in the court office received the results from her BCI audit and has completed her requirements for this audit. It was a lot of work on her part, and I appreciate her dedication and getting it done while learning and implementing virtual court with Judge Brower. It has been challenging doing online court and she has handled it well.

We switched to .gov for our emails and website and things seem to be working well. It wasn't as seamless as Les Olson thought and they had to move each email individual. Once the transition was made for each email, the emails seem to be working great. We made the move ahead of the State's July 1 deadline so we had some wiggle room in case there were issues. It is nice to have that complete.

We are working on several annexations and gearing up for the election. The declaration period this year will run June 2-6.

Respectfully,
Recorder Nelson
