On April 24, 2024, the County Clerk of Washington County, Utah (the County), acting in its capacity as the creating authority for the Coral Canyon Infrastructure District (the District) adopted a resolution creating the Districts. The Office of the Lieutenant Governor of the State of Utah issued a Certificate of Incorporation for the District on September 5, 2024, which was recorded in the real property records of the Washington County Recorder on September 5, 2024.

The District has the power to issue bonds for the purpose of paying all or part of the costs of acquiring, acquiring an interest in, improving, or extending certain public improvements, facilities, or property.

The District has no employees, and all administrative functions are contracted.

The District prepares its budget on the modified accrual basis of accounting using its best estimates as of the date of the budget hearing. These estimates are based on expected conditions and its expected course of actions. The assumptions disclosed herein are those that the District believes are significant to the budget. There will usually be differences between the budget and actual results because events and circumstances frequently do not occur as expected, and those differences may be material.
