SITE INFORMATION

General Plan Designation:

Regional Commercial / Medium Density Residential

Current Zone: R8

Requested Zone: C2

Total Acreage: 1.05 acres

Neighborhood: Lakeridge

ACTION

The City Council may:

Approve the proposed zoning map amendment.

Deny the proposed zoning map amendment.

Continue the request to a future date to allow for further review, additional information, or public comment as may be needed to make a decision.

REQUEST:

The applicant requests a change in the zoning of the subject properties, 110 East and 134 East 1200 South, from R8, Single Family Residential to C2, Commercial.

UPDATE / DEVELOPMENT AGREEMENT:

The City Council first reviewed this application at a meeting on March 12, 2025. At that time, the Council voted to continue the discussion until a development agreement could be prepared that would memorialize actions that could be taken to mitigate impacts of the use of the property as part of the Ken Garff dealership if it were rezoned to C2 as requested. The development agreement has been prepared and ensures:

- The installation of a gate at the planned access on 1200 South to control and minimize traffic at that location.
- A masonry fence and landscaped improvements along the frontage of 1200 South, with landscaping on the street-facing side of the fence to soften the visual impacts.

The development agreement is attached to this report for your review. The other aspects of the application and concept plan are reviewed here as well.

PLANNING COMMISSION RECOMMENDATION:

The application was presented to the Planning Commission at a public hearing on January 15, 2025. The Commission voted to continue the item to the meeting on February 19th, 2025, to allow the applicant time to consider requesting a rezone to the PD-5 Zone, which would not allow access from the property onto 1200 South.

At the continued public hearing on February 19th, the Commission voted 3-3 on two separate motions to recommend approval and then to recommend approval with the condition of a development agreement to the Council. The Planning Commission forwarded no recommendation.

BACKGROUND:

The subject properties are residentially zoned lots (R8) along 1200 South adjacent to the existing Ken Garff dealership operations. The lot at 110 East is vacant, the lot at 134 East is an existing single-family home that would be removed if the property is rezoned. The applicant would like to integrate the properties into the dealership, using the additional acreage to expand parking for employees and for inventory vehicles. The applicant has requested C2 zoning which would allow access from the dealership onto 1200 South that would make use of the dealership property more efficient. The subject properties must be commercially zoned to be included in the dealership site.

REVIEW & ANALYSIS:

Existing Zoning, R8 – The subject properties are currently zoned R8, Residential. The R8 Zone is intended to allow primarily single-family residential development. Uses in the R8 Zone include:

- Single-family residential subdivision with 8,000 ft² minimum lot sizes (multi-family residential uses are not permitted.)
- Public and quasi-public uses such as schools, churches, utilities, and parks.

Requested Zoning, C2 – The applicants have requested to rezone the properties C2, Commercial. The C2 Zone is intended to support a range of commercial and retail uses. Residential uses and industrial uses are not permitted. Vehicle sales are permitted in the C2 Zone.

Concept Plan – The applicant's concept plans for use of the subject properties do not include new buildings or structures. Their concept is to use the property for additional parking and for access.

Parking & Access - The concept plans include 79 new parking spaces and a new 26' wide access on 1200 South. The proposed parking expansion is integrated into the existing dealership parking lots. The development agreement will ensure that the proposed access from 1200 South includes a gate to minimize the impact of traffic to and from that point and mitigate the impact to the 1200 South neighborhood.

Landscaping – The concept plan includes landscaped islands capping new parking rows, landscaped buffers along the east and west property boundaries, and a 20' deep landscaped setback along the frontage of 1200 South. The development agreement will ensure that a minimum 6' high masonry fence is included along 1200 South, with landscaping in front of the fence on the 1200 South side to provide additional buffering and beautification. The landscaping plans comply with the requirements of the proposed C2 Zone.

STATE REQUIRED PROCESS FOR LAND USE AMENDMENTS:

For land use amendments like the requested zone change, Utah State Code states that the “planning commission shall... review and recommend to the [Orem City Council (“Council”)] a proposed land use regulation that represents the planning commission’s recommendation for regulating the use and development of land within all or any part of the area of the municipality. See Utah Code 10-9a-502(1)(d)(i).

The Council “may not make any amendment [to the land use ordinance or zoning map] unless the Council... first submits the amendment to the planning commission for the planning commission’s recommendation.” See Utah Code 10-9a-503(2).

As stated previously, the Planning Commission was unable to successfully recommend approval or denial to the Council after their reviews.

ALTERNATIVE ACTIONS

After review and consideration of the application, the City Council may:

Approve the proposed amendment of the zoning map.

Deny the proposed amendment of the zoning map.

Continue the request to a future date for further review, additional information, or public comment as needed to make a recommendation.

ALTERNATIVE MOTIONS:

Motion to Approve or Deny

“I move that the City Council [approve or deny] the ordinance amending Article 22-5-3(A) and the zoning map of the City of Orem by rezoning the properties located generally at 134 East 1200 South and 110 East 1200 South from the Single Family Residential (R8) Zone to the Commercial (C2) Zone (approximately 1.05 acres).”

Motion to Continue the Request

“I move that the City Council continue this request for further consideration to (choose another date as appropriate).

COVENANTS

NOW, THEREFORE, in consideration of the promises and conditions set forth herein, and for other good and valuable consideration, the receipt of which is hereby acknowledged, the City and Owner hereby agree as follows:

1. **Construction and Maintenance of Landscaped Buffer and Masonry Fence.** In order to mitigate the negative impacts that may result from the rezone of the Property to the C2 zone, the City and Owner agree as follows:

- 1.1 Owner agrees to install and maintain a landscaped buffer approximately ten feet (10') in width from the back of sidewalk to the new fence described below along the entire length of the Property adjacent to 1200 South. The landscaped buffer shall be maintained in an attractive condition and in accordance with good landscaping practices.
- 1.2 Owner shall also install and maintain in good condition, a post and panel Simtek fence along the entire rear length of the landscape buffer (at approximately 10') behind the back of sidewalk. Garff Properties will also replace the existing fence at the back of the adjacent Honda of Orem property with the same Simtek fence. The fence shall be at least six feet (6') in height. The City agrees to pay for or reimburse Owner the cost of the Simtek fence and its installation.
- 1.3 The location of the landscaped strip, fence, and gravel mulch landscaping shall be substantially as shown in Exhibit "B" which is attached hereto and by reference is made a part hereof.

2. **Access From 1200 South.** The parties acknowledge that Owner intends to use and maintain an access to the Property from 1200 South in the approximate location shown in Exhibit "B" (hereinafter referred to as the "1200 South Access"). In order to minimize the increase of traffic on

1200 South and other negative impacts that may occur from the use of the 1200 South Access for commercial purposes, Owner shall install and maintain a new swing gate at the 1200 South Access as shown in Exhibit "B" similar in aesthetics to the new fence described in Section 1.2 above. City agrees to pay for or reimburse Owner the cost of the gate and its installation.

2.1. Bonding for Fence and Landscape Improvements. Owner shall provide a bond to the City for the estimated cost of installing the landscape improvements described above as part of the bond that it provides to the City in connection with an application for any building permit to construct improvements on the Property or in connection with an application for approval of a final plat for the Property.

2.2. Completion of Masonry Fence and Landscaped Improvements. The installation of the new fence and buffers described in Section 1 on the Property shall occur before Owner begins use of the Property for commercial purposes. Garff Properties and the Graffs agree that it will be Garff Properties' responsibility to perform all of Owner's responsibilities under this Development Agreement once it purchases the Property from the Graffs.

3. Agreement Considered Mitigation of Impact. In consideration for the covenants contained in this Development Agreement, the City staff shall make a recommendation to the Orem City Council to consider the terms of this Development Agreement as sufficient mitigation of the potential adverse impacts resulting from the request to change the zoning designation of the Property from the R8 zone to the C2 zone.

4. No Guarantee of Rezone. The improvements described in Section 1 are conditioned upon the City rezoning the Property to a C2 zone. The City makes no representation that the request of Owner to have the Property rezoned to the C2 zone will be approved by the Orem City Council. Therefore, this Agreement shall not be binding upon Owner unless the request for a rezone of the Property to the C2 zone is approved by the Orem City Council.

5. No Limitation on Exercise of Police Power. Nothing in this Agreement shall limit the future exercise of the police power by the City in enacting zoning, subdivision, development, transportation, environmental, open space, and related land use plans, policies, ordinances and regulations after the date of this Agreement.

6. Compliance With All Applicable Laws. Owner expressly acknowledges and agrees that nothing in this Agreement shall be deemed to relieve Owner from the obligation to comply with all applicable requirements of the City necessary for approval and recordation of subdivision plats and a site plan (if applicable), including the payment of fees and compliance with all other applicable ordinances, resolutions, including the Orem City Zoning and Subdivision Ordinances and design and construction standards.

7. Recordation and Binding Effect on Successors. Upon the approval of the rezone of the Property to the C2 zone by the Orem City Council, this Agreement may be recorded against the Property and shall be deemed to run with the land and shall be binding on all successors and assigns of Owner.

8. **Indemnification.** Owner agrees to indemnify and hold the City harmless from and against any demand, claim, action, damages or loss of any type arising or resulting from the development of the Property except such demands, claims, actions, damages, or losses that are caused by the City's (or its employees') own negligence or willful misconduct.

9. **Lawful Agreement.** The parties represent that each of them has lawfully entered into this Agreement, having complied with all relevant statutes, ordinances, resolutions, bylaws, and other legal requirements applicable to their operation. The parties further represent that each of them has authority to enter into this Agreement and that the individuals signing this Agreement on behalf of each party have authority to bind the party represented by the signing individual.

11. **Time of Essence.** Time shall be of the essence of this Agreement.

12. **Interpretation.** Whenever the context of any provision shall require it, the singular number shall be held to include the plural number, and vice versa, and the use of any gender shall include the other gender. Should any provision of this Agreement require judicial interpretation, the Court interpreting or construing the same shall not apply a presumption that the terms hereof shall be more strictly construed against one party, by reason of the rule of construction that a document is to be construed more strictly against the person who himself or through his agents prepared the same, it being acknowledged that both parties have participated in the preparation hereof.

13. **Modifications.** No oral modifications or amendments to this Agreement shall be effective, but this Agreement may be modified or amended by written agreement.

14. **Assignment.** Neither this Agreement nor any of the provisions, terms or conditions hereof can be assigned to any other party, individual or entity without assigning the rights as well as the responsibilities under this Agreement.

15. **Relationship of Parties.** This Agreement does not create any joint venture, partnership, undertaking or business arrangement between the parties hereto, nor any rights or benefits to a third party.

Ken Garff Honda Orem Neighborhood Meeting

Resident Questions and Answers Provided

November 4, 2024

Name: Jeff

Q: Do they plan to use 1200 south as an access, there was a miscommunication about the family reaching out to Garff versus Garff reaching out to family and how that went down, they are part of the family and Ken Garff wanted to buy the property for 18 years.

A: looking into what it needs to be rezoned to and what we can do, the plan is to do it

Q: is there a way to not do an access road on 1200 south.

A: something we can talk about.

Name: Debbie

Concern: prefer no access on 1200 for driveway.

Name: Lucy

C: bad enough to get out of driveway on a regular day, access on 1200 will make it harder, owns the house across the street from property.

General Opinion: there is already an access, it is dangerous, they are not a fan of an access on 1200.

A: we will talk to Ken Garff.

Name: Stuart

C: house across and over from street, Ken Garff trucks park in front of his house, traffic is horrible on 1200, more trucks there to bring cars into lot. Hard enough to get out of driveway, would like to put speed bumps on 1200.

Name: Debbie

Q: Ken Garff said they would not unload there again

Name: Chris B

Q: issue for all traffic, private traffic

A: Steve says on public.

Name: Jeff

Q: what kind of wall? Same as existing? On south side, extended on 1200 south side? Preference is for a wall

A: would need to talk to Ken Garff, investigate with the city, height or need for a wall

Name: Anne

Q: concerned if one side of the street is commercial, will the other side still be residential? Will the change to commercial increase the speed limit? Car alarms going off for hours, trucks are loud and park on side of the road, how will Ken Garff address this? Neighbors have said Ken Garff wants to buy senior complex to the left, she does not want to move.

A: Rezone would not affect zones to the north of the street, no plan to have an increase in speed limit. General Ken Garff issue will need to address, we will take it to Ken Garff, let them know that its happening. This project has nothing to do with rezoning the north side of the street, but we are not sure down the road.

Name: Lucy

C: one goal of the city is to reduce commercial to residential, if you want to rezone to PD-5 to match the rest of Ken Garff's area, there is only a little that will still be R8. If there is only a little R8, speed limits could increase to 20-40. City could consider the area commercial, and the speed limit could go up. People drag race on 1200, and they can hear them on Friday and Saturday. There was a death in the neighborhood because driver was going more than 25. Called the city twice for a sign with speedometer to monitor speed. Ken Garff may not realize this change may require a speed limit redo.

Name: Gary

C: Ken Garff uses alarms on the cars to find the cars in the lot. May be employees who need to do it that way, but dislike. Less parking lot is better.

Name: Susan

C: issue with cars going through the chain link fence on the east side of my property, she owns the house to the west of the site, surrounded by parking.

Name: Anne

Q: Ken Garff tests cars on 1200 and they go super-fast, even though it is a 25-speed limit. Wondering if we can address that with city too, have them find another road for tests.

A: We will bring it up.

Name: Eric

Q: this road is the only way to get out of driveway, know they are testing because of paper place, doing a loop around dealership, 50-60 miles. Suggest they test on main roads. Area looks like Los Angeles, plastic trash, dead trees, etc. Update landscaping on the existing north-east area.

A: Everything will be updated to current city code.

Name: Issac

Q: Remind me who we are and what we do, what kind of impact will the rezone have, is it us or Ken Garff that will check the impacts, how not more traffic during construction, how would they access construction site?

A: we are Kimley Horn, civil engineering firm on the project, we look at impacts for this site. Ken Garff is our client, we will work on this. Overall lot is for inventory parking. Not expecting influx in traffic, and everything will be developed to city code. Construction would start next year, work with the city for minimal traffic issues during construction

Name: Remington

Q: 1200 south is not a great road, it has 2 lanes and a school, just built a new place, there are just stop lines, not lights. Stop signs are constantly getting run. During school pick up time there is issues with main as well. Is a new lot the only option for the site, could they add solar, they already have a lot of parking.

Name: Mike

Q: what would that area be for a fence? Would they do down to 200 east, would be nice if it went all the way down

A: there would be landscaping, different than a fence, 20-foot landscape currently, code gets updated. Not their property all the way.

Name: Remington

C: Does it have to be parking? Why not build a garage, storage, doesn't see the point of more parking with so much empty lot. Need more residential, why just create more parking. Build a solar area instead of building more lot which radiates heat. Don't see a benefit, lack of resource to waste on parking lot, worked with a car dealership in the past, build a parking garage, redo the parking lot they already must make it up to code and better designed, trucks only use one access on main street. Clearly have property to develop. Alternatives to the parking lot.

Name: Cameron

Q: Are you going to the city with these comments, are you are not aware of alternatives.

A: we are documenting comments, going to the city and will include these comments, this is current plan so not current alternatives.

Name: Stuart

Q: PetSmart has a wall, and trees planted. Will there be a wall, very upset about seeing a parking. Wants wall with a gate.

A: Still in communication.

Name: Danette

C: no access on 1200

GC: Would like a wall, 8 feet high

Name: Jasmine

C: If there is an entrance and a gate on 1200, that will make traffic very slow.

Name: Remington

Q: Is there a traffic study? Traffic study would be super helpful. Travel to mall and school also create traffic, there is no specific busy time, traffic is not consistent.

A: no traffic study yet, too early

Name: Lucy

C: Lucy says school buses stop in front of Stuart's and the east to the stop sign. The put stop sign on the bus goes up and everything gets quite congested. 1200 is a mini arterial, if you drive down that way and park, there is almost no room to open door, not wide enough for bike line, the street is too narrow to have more traffic, so trucks are a problem.

Name: Susan

C: It would be wise to keep the integrity of the residential area, make all traffic come up from the east and south side so there is nothing coming through the north or the west. Wants 8-foot rock walls that look nice and makes it feel like residential and doesn't devalue their properties. Maintain all the way across 1200 and have traffic from one side.

Name: Lucy

Q: Do they need to drop off cars there.

A: looking to do that, parking big trucks there.

Name: Stuart

C: parking will be an issue, and we will never get out of our houses.

Name: Jeff

C: There was an agreement that the gate would always be closed on that side when the zoning got change 4-5 years ago. East of the residential, that gate was always closed. Ken Garff made the agreement with the person who previously owned the property. When the car wash changed the zoning, it opened that gate. Would like to see both gates closed and no access on 1200.

Name: Deb

C: Ken Garff employee parking on 1200, own family can't park because spots are taken up by employees, would love to see no access on 1200. We have talked to Ken Garff in the past.

Name: Lucy

Q: Said that employees can technically park wherever because 1200 is owned by the city.

Name: Anne

Q: Can we put anything but a parking lot, Susan property and 10-15 tenants that would be sandwiched in between two parking lots. Build more apartments there, or office, or anything but parking. Very worried about traffic, wants to keep it residential

A: Alternatives like apartments would increase traffic, parking lots are one of the lowest impact options for traffic.

Name: Stuart

Q: what would it do to property values. Lucy says it is illegal to drop their property value, and that it is a constitutional issue to lose property interest. Suing would delay everything.

Name: Lucy

Q: Is there any evaluation on how it would affect housing values, it would leave this tiny section, Ken Garff has waited 18 years to buy property, worried it might extend west and they would purchase more property.

A: There would be a study conducted later.

Name: Cameron

Q: Would it be irregular for Ken Garff to put money into reducing traffic, or for the city to require Ken Garff to pay to reduce traffic? Are we aware of what that would be? Roundabouts get in the way and slow down traffic.

A: The city will likely have traffic impact analysis, if the results warrant something like light or round about, then that would happen.

Name: Eric

C: A roundabout would mean they can't get out of their driveways.

GC: A roundabout would not be good for 1200.

Name: Stuart

C: On the way to this meeting, it took 5 minutes to leave my driveway.

Name: Jeff

Q: This has always been a busy street, want something to reduce traffic.

A: A traffic study would be done to see current conditions and investigate the need for traffic reduction measures.

Name: Eric

Q: If done the city would need to provide a circular driveway.

A: A study would say what is warranted and the city would look at it after that, the city would make the call, most likely if it bumped up, it would be hard for the bus to go around a roundabout.

Name: Anne

Q: Is there a survey to get everyone's input aside from this meeting, traffic is a huge impact. UVU has a lot of students, get a lot of traffic to the mall, a lot of people avoid the park way, no streetlights to speak of.

Name: Stuart

Q: what would be the rendition of the site.

A: Showed site plan concept, it would be within these bounds, everything else isn't getting disturbed. None of the lots to west or east are changing.

Name: Lucy

Q: is the fence there showing.

A: There is the twenty foot landscape buffer and then the fence.

Name: Eric

Q: Area for Mazda owned by Ken Garff.

A: No, haven't seen an area owned by Ken Garff that wasn't labeled with Garff.

Name: Lucy

Q: 20-foot buffer, will that be asphalt. For the driveway, how wide is that big enough for trucks.

A: Landscape buffer could be hardscape, rock, but will be landscape. Must be up to code. Less likely grass to conserve water. Currently showing 24 feet, big enough for trucks.

Name: Remington

Q: 24-foot berm would become turn lane, no way they could access and turn. Would have to cut in to make room for them to turn. If they are going west bound and need to turn, no good. Would stop signs turn to lights, any resident on that street would find a nightmare. Only one access for the apartments, so traffic would be bad, and they would be stuck.

A: traffic study would be done.

Name: Susan

C: There is less traffic on the east side.

Name: Issac

Q: Will you do the traffic study, will it be made public, when would we have it.

A: It will be made public, don't know when that would happen.

Raise of hands lets go in without access, parking with screen walls (8 foot brick wall) and keep the area pretty

- 12
- 4 opposed (would not want it even with those concessions)

Name: Stuart

C: 20-foot landscape, no access on 1200, with wall.

Name: Susan

C: Wants fence around her parking.

Name: Jeff

C: wants the original gate shut.

Name: Lucy

Q: Can we do something about car alarms.

A: We will bring up comments like truck parking, car alarms, and test driving on 1200 either way the project goes.

Name: Danette

Q: If there is not an access on 1200 and that fence is closed, it will cut down on crime. There are kids that walk around that parking lot and hide out.

A: We will bring that up too, Ken Garff will probably also be interested in a reduction on crime.

Name: Gary

Q: If they put up lights, can we get shields and screens even if the lights are scattered or not.

A: The wall, city code, and the photometric team will take care of that, the code is good, and it would be a balance between a safely lit parking lot and a dark space for residents. Lit parking lot can also stop an increase in crime.

Name: Jennifer

C: also seconds the worry about keeping lighting screened.

Name: Jeremy with Utah Housing Authority

C: Overall, in favor of the development but would like to work with them as a neighbor on the following items if we can:

- Drive to the East is preferred, away from the senior living. Don't want multiple access because seniors will be walking on the sidewalk along that road.
- Lighting at night is preferred not to shine to west neighbors but also don't want a dark lot
- Water from landscaping – prefer least amount of water and landscape as their buildings are low and they don't want water on their property.

SITE INFORMATION

General Plan Designation:

LDR/SW (Low Density Residential/Southwest)

Zoning:

Current – OS5

Requested – R8

Total Acreage: 14.01

Neighborhood: Lakeview

ACTION

The City Council may:

Approve the zoning map amendment.

Deny the zoning map amendment

Continue the request to a future date to allow for further review, additional information, or public comment as may be needed.

REQUEST:

The current application is a request to rezone the 14.01-acre parcel located at 710 West 2000 South (commonly known as Wilkerson Farms) from OS5 (Open Space) to R8 (Single Family Residential). The intent is to remove the agricultural and entertainment uses and redevelop property into a single-family subdivision if the change of zoning is approved.

PLANNING COMMISSION RECOMMENDATION:

The application was reviewed by the Planning Commission at a public hearing on March 19, 2025. The Planning Commission voted 5-1 (with one abstaining) to forward a recommendation of DENIAL to the City Council. The minutes of the meeting are attached to this report for your review.

BACKGROUND:

The subject property is a large parcel which has been used as an active, producing farm including an entertainment component. The applicant in this case had previously proposed a Planned Residential Development (PRD) to include a mix of townhome units and detached homes but withdrew that application after receiving a negative recommendation from the Planning Commission, eventually filing the current application for a change to R8 Zoning.

REVIEW & ANALYSIS:

Existing Zoning, OS5 – The subject property is in the Open Space OS5 Zone. The OS5 Zone is intended to promote large lot residential development and preserve open space. The property has most recently been in use for agriculture and entertainment. Uses in the OS5 Zone include:

- single family residential with minimum lot sizes of five acres.
- public and quasi-public uses such as schools, churches, utilities, and parks.
- agricultural and recreation uses such as farmer's markets, orchards, apiaries, crops, agri-tainment.
- recreation facilities and golf courses.

Requested Zoning, R8 – The applicants have requested to rezone the property to R8, Residential. The R8 Zone is intended to allow primarily single-family residential development. Uses in the R8 Zone include:

- Single-family residential subdivision with 8,000 ft² minimum lot sizes (multi-family residential uses are not permitted.)
- Public and quasi-public uses such as schools, churches, utilities, and parks.

Concept Plan – The applicant has prepared a concept subdivision layout in connection with this request for rezone which has been attached to this report for your review, and the limited aspects described in the following:

Lots – The concept includes 53 single-family lots either meeting or exceeding the 8,000 ft² minimum, ranging from 8,000 ft² up to 18,506 ft². The average lot size in this concept is 9,218 ft².

Access – The concept shows access from 750 West and one stubbed toward 800 West through the Utah Autism Academy property. A third access is shown stubbed northward to the property line with the Cherry Hill Farm. All proposed streets are shown as public rights-of-way. Traffic Impact Studies have been provided previously for the proposals to rezone and develop the property at higher residential densities. Those studies indicate that residential development of the property can be accomplished appropriately.

Additional Applications & Review – In the case of a rezone to R8, the concept plan is intended to illustrate possible or even likely subdivision layouts, but it is important to remember that subdivision of the property will require a separate series of applications. If this application is approved by the City Council and the property is rezoned to R8, an application for subdivision must be made and reviewed against the requirements and standards of the R8 Zone, including minimum lot sizes, widths, and setbacks. Other requirements for public improvements and access such as streets and sidewalks, sewer, water and other utilities, and grading and drainage would also be reviewed. The Planning Commission reviews and approves subdivisions for compliance with the City Code before they can be recorded.

STATE REQUIRED PROCESS FOR LAND USE AMENDMENTS:

For land use amendments like the requested zone change, Utah State Code states that the “planning commission shall... review and recommend to the [Orem City Council (“Council”)] a proposed land use regulation that represents the planning commission’s recommendation for regulating the use and development of land within all or any part of the area of the municipality. See Utah Code 10-9a-502(1)(d)(i).

The Council “may not make any amendment [to the land use ordinance or zoning map] unless the Council... first submits the amendment to the

planning commission for the planning commission's recommendation." See Utah Code 10-9a-503(2).

The Planning Commission voted on March 19, 2025, to forward a recommendation of DENIAL to the City Council.

ALTERNATIVE ACTIONS

After review and consideration of the application, the City Council may:

APPROVE the proposed ordinance amending the zoning map from OS5 to R8.

DENY the proposed ordinance amending the zoning map from OS5 to R8.

Continue the request to a future date for further review, additional information, or public comment.

Orem residents voted to continue their support of the Cultural Arts and Recreation Enrichment Tax (CARE) in November 2023 and the Orem City Council desires to encourage and support the advancement of recreational and cultural facilities and organizations in Orem. This ordinance provides for the distribution of Fiscal Year 2025-2026 to approved projects and organizations.

RECOMMENDATION:

The City Manager of Orem City recommends the City Council authorize the distribution of Fiscal Year 2025-2026 CARE Tax funds to the entities and projects as set forth in Exhibit "A".

DRAFT

ORDINANCE NO. _____

AN ORDINANCE BY THE CITY COUNCIL OF THE CITY OF OREM, UTAH, PROVIDING FOR THE DISTRIBUTION OF FISCAL YEAR 2025-2026 CARE TAX REVENUES.

WHEREAS on November 21, 2023, Orem residents voted to continue their support of the Cultural Arts and Recreation Enrichment Tax (CARE tax); and

WHEREAS the Orem City Council recognizes that recreation and the arts enrich the quality of life in a community; and

WHEREAS the Orem City Council desires to encourage and support the advancement of recreational and cultural facilities and cultural arts organizations in Orem; and

WHEREAS the purpose of this ordinance is to provide for the distribution of the Fiscal Year 2025-2026 CARE tax revenues

NOW THEREFORE, BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF OREM, UTAH, as follows:

1. The Orem City Council hereby authorizes the distribution of Fiscal Year 2025-2026 CARE tax revenues to the entities and in the amounts set forth in Exhibit "A," which is attached hereto and incorporated herein by reference.

2. No CARE tax revenues shall be distributed to an entity for operational expenses until the entity has signed a contract with the City meeting the requirements of the City's CARE tax program policies and procedures.

3. The City may choose to only pay seventy-five percent (75%) of the CARE tax distribution awarded to individual Major Grant recipients upon signing of the contract between the City and the Major Grant recipient (but no sooner than July 1, 2025). If this option is elected, the City would pay the remaining twenty-five percent (25%) of the CARE tax distribution awarded to individual Major Grant recipients after the City has received its final CARE tax distribution (which is in August) from the State of Utah. If the final total CARE tax distributions from the State of Utah are less than the total amount of CARE tax distributions awarded to all CARE tax recipients pursuant to this ordinance, then the City will withhold the twenty five percent (25%) payment to Major Grant recipients until the City Council has had a chance to reallocate all grant awards based on the final amounts distributed from the State of Utah.

4. CARE tax revenues in future fiscal years will also be awarded after a competitive application process based on merit and availability of funds. Receipt of CARE tax funding in this round of applications does not guarantee CARE tax funding in future fiscal years.

5. The City Manager is hereby authorized to sign any documents required to proceed with the distribution of CARE tax revenues as set forth in this ordinance.

DRAFT

6. All acts, orders, resolutions, ordinances, and parts thereof, in conflict with this ordinance are hereby rescinded.

7. If any portion of this ordinance is for any reason held to be invalid or unconstitutional by a decision of a court of competent jurisdiction, such decision shall not affect the validity of the remaining portions of this ordinance.

8. This ordinance shall become effective immediately after a summary of this ordinance has been published or posted as required by law.

PASSED, APPROVED, and ORDERED PUBLISHED this 13th day of May 2025.

NOTES TO THE BUDGET REPORT FOR THE MONTH ENDED MARCH 2025

- 1) The current year revenues are lower in comparison to the prior year due to ARPA revenues being significantly lower than in the prior fiscal year at this date in time. The majority of this change is due to recognizing deferred revenues in the prior year due to construction costs at Hillcrest Park while there were none in the current year since the park has been completed.
- 2) The current year expenditures are lower in comparison to the prior year due to the current year encumbrances (\$108,637) being significantly lower than in the prior fiscal year (\$2,435,112) at this date in time. The majority of this change is due to encumbrances for Lakeside Park projects in the prior year while there were no such encumbrances in the current year.
- 3) The current year expenditures are lower in comparison to the prior year due to the current year encumbrances (\$270,469) being significantly lower than in the prior fiscal year (\$908,408) at this date in time. The majority of this change is due to encumbrances for overlay & reconstruction projects in the prior year while there were no such encumbrances in the current year.
- 4) The current year expenditures are lower in comparison to the prior year due to the current year encumbrances (\$5,101,395) being significantly lower than in the prior fiscal year (\$22,315,043) at this date in time. The majority of this change is due to encumbrances for the new city hall as the full amount of these encumbrances were put into place in this month of the prior year while those encumbrances have been paid down to a lower amount in the current year.
- 5) The current year expenditures are higher in comparison to the prior year due to the current year encumbrances (\$3,030,119) being significantly higher than in the prior fiscal year (\$1,506,176) at this date in time. The majority of this change is due to encumbrances for the water reuse project and biosolids building in the current year while they were much lower or didn't exist in the prior year.
- 6) The current year expenditures are lower in comparison to the prior year primarily due to changing facilities maintenance personnel. The personnel working at the fitness center and outdoor pool were reassigned to the recreation fund directly rather than being allocated as part of the facilities maintenance fund. In FY 2024, an allocation for this staff occurs in its entirety at the beginning of the fiscal year but since this allocation did not occur in FY 2025 (due to the personnel being charged directly in the recreation fund), these costs are expended as these employees are paid instead of the entire amount being charged in July.

Note: In earlier parts of a fiscal year, expenditures may be greater than the collected revenues in a fund. The City has accumulated sufficient reserves to service all obligations during such periods and does not need to issue tax anticipation notes or obtain funds in any similar manner. If you have questions about this report, please contact Brandon Nelson (229-7010).
