

Minutes of the meeting of the Logan Municipal Council convened in regular session on Tuesday, May 20, 2025, in the Logan Municipal Council Chambers located at 290 North 100 West, Logan, Utah 84321 at 5:30 pm. Logan Municipal Council Meetings are televised live as a public service on Channel 17 and the City of Logan YouTube channel at: [https://www.youtube.com/channel/UCFLPAOK5eawKS\\_RDBU0stRQ](https://www.youtube.com/channel/UCFLPAOK5eawKS_RDBU0stRQ)

Councilmembers present at the beginning of the meeting: Chair Jeannie F. Simmonds, Vice Chair Mike Johnson, Councilmember Amy Z. Anderson, Councilmember Ernesto López, and Councilmember Mark A. Anderson. Administration present: Mayor Holly H. Daines, City Attorney Craig Carlston, Finance Director Richard Anderson, and City Recorder Teresa Harris.

Chair Simmonds welcomed those present. There were approximately 18 in attendance at the beginning of the meeting.

### **OPENING CEREMONY:**

Community Development Director Mike DeSimone encouraged the Council and others to participate in providing comments for the General Plan. He also distributed stickers that were made by Middle School art club students. Mr. DeSimone also led the audience in the pledge of allegiance.

**Meeting Minutes.** Minutes of the Council meeting held on May 6, 2025 were reviewed.

**Meeting Agenda.** Chair Simmonds announced there are five public hearings scheduled for tonight's Council meeting.

**ACTION.** Motion by Vice Chair Johnson seconded by Councilmember M. Anderson to **approve tonight's agenda and the minutes from May 6, 2025 as amended.** Motion carried by roll call vote.

**A. Anderson: Aye**

**M. Anderson: Aye**

**Johnson: Aye**

**López: Aye**

**Simmonds: Aye**

**Meeting Schedule.** Chair Simmonds announced that regular Council meetings are held on the first and third Tuesdays of the month at 5:30 p.m. The next regular Council meeting is Tuesday, June 3, 2025.

## **QUESTIONS AND COMMENTS FOR MAYOR AND COUNCIL:**

Chair Simmonds explained that any person wishing to comment on any item not otherwise on the agenda may address the City Council at this point by stepping to the microphone and giving his or her name and address for the record. Comments should be limited to not more than three (3) minutes unless additional time is authorized by the Council Chair. Citizen groups will be asked to appoint a spokesperson. This is the time and place for any person who wishes to comment on non-agenda items and items that are germane or relevant to the authority of the City Council. Items brought forward to the attention of the City Council will be turned over to staff to respond to outside of the City Council meeting.

Matthew Fatuesi, a resident of Logan requested that more efforts be made in regard to UAMPS, RESAB, and renewable energy with third party contractors which he feel the City needs.

Kristi Fatuesi, a resident of Logan expressed her disappointment in regard to her son being terminated by his previous employer.

Gail Hanson, a resident of Logan expressed concerns about large employers that are coming into the valley and other communities. She feels we should always be aware and ensure there are proper policies and procedures in place to prevent mismanagement.

There were no further comments or questions for the Mayor or Council.

## **MAYOR/STAFF REPORTS:**

### **500 North Bike Lane – Sam Odd, Public Works Program Manager ([12:39](#))**

Sam Odd, Public Works Program Manager gave an update on the 500 North Bike Lane. He stated 500 North is one of the most trafficked by bicyclists and other community members and with change comes inconvenience. He said that feedback is appreciated as the bike lane is a trial run as they are trying to improve pedestrian safety and transportation.

Mayor Daines added that the reason the bike lanes are wide is so they can be plowed in the winter.

No further Mayor/Staff Reports were presented.

## **COUNCIL BUSINESS:**

### **Planning Commission Update – Councilmember Simmonds**

Chair Simmonds reported that the Planning Commission did not meet.

### **Board and Committee Reports – Vice Chair Johnson, Councilmember A. Anderson and Councilmember López**

Vice Chair Johnson reported the RESAB (Renewable Energy and Sustainability Council) is currently working on a new energy efficiency outline. The audit committee met to discuss the quarterly financials, and the new chair is Chris Fawson. BPAC (Bicycle Pedestrian Advisory Committee) met and continued to plan for bike week. An ARFF (Aircraft Rescue & Fire Fighting) training was conducted at the airport on how the fire department responds to fire and rescue. He invited the community to attend the Wilson Neighborhood meeting on May 21, 2025 at 5:30 p.m. at Wilson Elementary.

Councilmember A. Anderson reported the Bear River Local Homeless Council is planning for next year's Code Blue. Parks & Recreation reported being able to hire for the summer, and the summer schedule of events is available for the Laub Plaza. Utah Code 80-80 was passed by the legislature in regard to supervision of children by volunteers. The code states that volunteers must have a background check and be trained. Hours of operation will change for the Rec Center commencing July 1, 2025. The library will be closed for Memorial Day and changes are coming regarding how rooms are scheduled, including the maker space which will be up and running July 1. Other library services will be posted on their website.

Councilmember López reported that the Cache Valley Arts Committee did not meet nor did the Logan Youth Council. The Library Board received new telescopes via a grant and the Library is now fully staffed. A generous donation was received toward a new children's mural and it will be placed on the east wall of the Library in the Children's area.

**Board Appointment (Renewable Energy & Sustainability Advisory Board-RESAB) – Chair Simmonds ([23:45](#))**

Chair Simmonds requested the ratification of Peter Howe to serve on the RESAB which is a new appointment.

**ACTION. Motion by Vice Chair Johnson seconded by Councilmember López to approve ratification as presented. Motion carried by roll call vote.**

**A. Anderson: Aye**

**M. Anderson: Aye**

**Johnson: Aye**

**López: Aye**

**Simmonds: Aye**

**Council Budget Workshop: May 27, 2025 – Chair Simmonds**

Chair Simmonds announced a Budget Workshop will be held on May 27, 2025 at 5:30 p.m. in the Council Chambers. The public is invited to attend.

No further Council Business items were presented.

## **ACTION ITEMS:**

***(Continued from the May 6, 2025 Council Meeting) – PUBLIC HEARING - Consideration of a proposed resolution adopting the Community Development Block Grant (CDBG) Annual Action Plan (Program Year 2025) for the City of Logan – Resolution 25-17 – Amanda Pearce, CDBG Coordinator ([25:47](#))***

CDBG Coordinator Amanda Pearce addressed the Council regarding the proposed resolution.

The 2025 Annual Action Plan defines the funding priorities for project year 2025. This will be the second year of the 2024 - 2028 Consolidated Plan. **HUD has awarded \$558,464** to Logan City for 2025.

Based on the Con Plan's priorities, the funding outcome for 2025 should be approximately 60% to provide for a suitable living environment (50% to infrastructure & 10 % to the remediation of access & mobility barriers), 20% to improve the capacity of public service providers that serve LMI residents (10% to public facilities improvements & 10% to public service activities, and 20% to CDBG administration and planning.

It is important to emphasize that there are specific federal spending limitations on certain categories that • are an annual cap and cannot be exceeded nor saved for subsequent years, including a 15% cap on Public Services (service providers) and a 20% cap on administrative/planning activities.

The original estimate considered by the CDBG Steering Committee was \$550,000. There were some misunderstandings regarding the funding required to administer the CDBG grant as the approximate numbers originally presented did not reflect the current budget proposal for FY26. The current award amount with the 20% cap on administration/planning results in \$111,693 available for admin/planning activities during this Annual Action Plan. CDBG salaries and benefits will total approximately \$105,076 during this project year while operational supplies and public notice expenses average approximately \$5,000 annually. The result is that there is approximately \$1,616 available to put toward the proposed homelessness service and sheltering feasibility study.

The increased funds (original estimate vs actual award) have been applied to the ADA Ramps, Pedestrian Crossings, and CDBG Admin & Planning.  
Updated allocations based on 2025 award amount:

ADA Ramps	\$165,265.50
Pedestrian Crossings	\$165,265.50
Logan City - Willow Park Art	\$30,000
Sunshine Terrace - Ice Machines	\$16,000
Common Ground Outdoor Adventure - Paint Remediation	\$12,240
Flores Community Garden - Electrical	\$33,000
Senior Center - Nutrition Program	\$25,000
CDBG Admin (Alternative 1) - \$111,693 (20%)	
CDBG Admin (Alternative 2) - \$110,076 (19.7%)	
Homeless Service and Sheltering Feasibility Study - \$1,616	
<b>Total Allocations</b>	<b>\$558,464</b>

Chair Simmonds opened the meeting to a public hearing.

There were no comments and Chair Simmonds closed the public hearing.

Councilmember A. Anderson stated that a public comment was received.

Johnson asked what the original amount intended for the warming study is.

Councilmember A. Anderson answered the original request was \$15,000.

The Council discussed whether it was possible to move funds but are aware that CDBG funds have limitations on how they can be used and spent.

Mike DeSimone, Community Development Director, clarified that unfortunately, the limitations of the CDBG funds make it hard to move them anywhere else than where they are currently allocated. The Council can adjust the budget as is their determination. An award letter has been received but the funding has yet to arrive.

Councilmember A. Anderson added that the planning portion for a study (a plan) must come from the city budget, but a project arising from the study CDBG funds can only then be used.

Vice Chair Johnson requested confirmation that \$15,000 was the total amount for the study.

Mr. DeSimone responded that the requested \$15,000 was for a portion of the study not for the total amount of the study.

Chair Simmonds inquired about the possibility of a feasibility study.

Councilmember A. Anderson replied that the Warming Center will continue to seek funding.

Mayor Daines offered an option of providing support for the feasibility study by contributing an additional \$5,000 and moving the funds from another budget.

Vice Chair Johnson expressed concerns about setting a precedent and moving funds from a set budget.

Councilmember M. Anderson added that if the study does not go forward, the funds will be returned.

Richard Anderson, Finance Director, cautioned that the funds will be coming from the Community Development budget if the study goes through.

Chair Simmonds asked what occurs after the year ends with the funds if they are not spent.

Mr. DeSimone answered the funds will return to the CDBG budget to be used for other projects, but any funds for planning must be used this fiscal year.

**ACTION. Motion by Councilmember M. Anderson seconded by Vice Chair Johnson to amend Resolution 25-17 adding \$5,000 to the available amount of \$1,616 for a total of \$6,616 for a feasibility study as presented. Motion carried by roll call vote.**

**A. Anderson: Aye**

**M. Anderson: Aye**

**Johnson: Aye**

**López: Aye**

**Simmonds: Aye**

**PUBLIC HEARING - REZONE - Consideration of a proposed rezone. Alex Bearnson, Jake Clark/Cache Valley Transit District, authorized agent/owner, is requesting a zone change of 4.47 acres located at 754 West 600 North from Public (PUB) to Commercial Services (CS). TIN 05-061-0004 (Ellis Neighborhood) – Ordinance 25-08 – Russ Holley, Planner ([46:28](#))**

At the May 6, 2025 Council meeting, Planner Russ Holley addressed the Council regarding the proposed rezone.

### **RECOMMENDATION**

Staff recommended that the Planning Commission recommend **approval** to the Municipal Council for a rezone of approximately 4.47 acres of property located at approximately 754 West 600 North (TIN# 05-061-0004) from Public (PUB) to Commercial Services (CS).

*Land use adjoining the subject property*

North: IP: Industrial Uses East: COM: Commercial Uses

South: PUB: Public Uses West: PUB & CS: Public & Commercial Uses

## **Background**

In January of 2025, Cache Valley Transit District (Connect) completed their new modern and larger facility located in North Logan City. All operations and equipment from this location at 754 West 600 North have moved to the new property, leaving this facility vacant. The applicant is requesting a rezone from Public to Commercial Service with the intention of subsequently selling the land. The 4.47-acre property currently contains an office/administration building, shop building, and a large vehicle carport. Landscaping and paved parking lots complete the site improvements, with fencing enclosing the parking and shop areas. The property is currently accessed via three driveways approaching 600 North and 800 West.

## **GENERAL PLAN**

The Future Land Use Plan (FLUP) identifies this area as Public (PUB). The public designation is reserved for public facilities such as government offices, safety services, public schools, and similar public services. A change to the FLUP to recognize the change from a public ownership and/or use to private ownership will be handled within the General Plan update process.

## **LAND DEVELOPMENT CODE**

The Land Development Code (LDC) describes the CS zone as a designation that fills the need between industrial and commercial land uses. CS areas are intended for light manufacturing, warehousing, wholesaling, construction support services, and limited commercial. CS zoning is not intended for residential or heavy manufacturing.

## **EXISTING ZONING**

The current PUB zoning designation would be appropriate if the property were to be purchased and used by a public entity. The applicant has contacted several local government entities, including the City of Logan, to see if there was interest in the property for a public use. According to the applicant, there was no interest from public entities. The surrounding area is currently a variety of land uses and zoning designations. To the east, the 11-acre property contains commercial self-storage units. North of the site is currently vacant and previously contained a landscaping business. To the south and west, the City of Logan owns and operates the City's Service Center and Light and Power Department building. 600 North acts as a larger boundary in the Bridger Neighborhood, with Industrial zoning to the north and a mix of Commercial, Mixed Use, and Commercial Service zoning to the south.

## **SUMMARY**

With 600 North being a boundary between Industrial and Commercial zoning in the Bridger Neighborhood, staff considers the proposal for CS appropriate. If this property is purchased by a private entity (most likely buyer), the FLUP designation of PUB will be inappropriate and will be evaluated during the next FLUP amendment cycle. The surrounding area is a mixed bag, with storage units, service centers, warehousing, and manufacturing. The CS zone permits or conditionally permits land uses that are in a similar character with the current surrounding land uses and built environment. The CS zone

permits office, automobile service and repair, heavy truck service and repair, contractor supply, wholesales, warehousing, gas stations, truck stops, lumberyards, and similar uses further specified in the LDC 17.11.030. Staff recommends the Planning Commission send a favorable recommendation on to City Council.

### **AGENCY AND CITY DEPARTMENT COMMENTS**

No comments.

### **PUBLIC COMMENTS**

Notices were mailed to property owners within 300 feet of the subject property. As of the time of this report, no comments have been received.

### **PUBLIC NOTIFICATION**

Legal notices were published in the Herald Journal on 4/12/25, posted on the City's and Utah Public Meeting website on 4/14/25, and mailed to property owners within 300 feet on 4/7/25.

### **RECOMMENDED FINDINGS FOR REZONE**

The Planning Commission bases its decision on the following findings supported in the administrative record for this project:

1. The Logan City FLUP identifies the area as PUB. PUB is only appropriate if the property owner is a public entity.
2. 600 North is a regional boundary between IP to the north and CS, COM, and MU to the south, and this application for CS is consistent with that pattern.
3. The CS zone permits and conditional permits land uses that are similar or compatible with the current land uses and developments in the area.
4. The design standards, height limitations, and setbacks in the Land Development Code will ensure compatibility for adjacent property use and enjoyment.

On April 24 , 2025 , the Planning Commission **recommended approval** to the Municipal Council for the CVTD Rezone Amendment as proposed by the applicant. **Planning Commissioners voted (6-0) to approve**

Chair Simmonds opened the meeting to a public hearing.

Kristi Fatuesi, a resident of Logan asked why the location was not considered for a new City Recreation Center, and requested it be considered.

Matthew Fatuesi, a resident of Logan stated this is a missed opportunity for the City to create another transportation hub similar to what Connect, formerly known as CVTD is doing in North Logan.

Mayor Daines clarified that the transportation/bus system is not owned by the City nor is the property being discussed tonight. The Transit District (Connect) is its own entity and receives a portion of the sales taxes in order to function.

Chair Simmonds added that the Transit District needs to sell this piece of property in order to pay for its new building located in North Logan.

Vice Chair Johnson further expanded that as the owner of the property, the Transit District is the one who requested the rezone.

There were no further comments and Chair Simmonds closed the public hearing.

**ACTION. Motion by Councilmember López seconded by Vice Chair Johnson to adopt Ordinance 25-08 as presented. Motion carried by roll call vote.**

**A. Anderson: Aye**

**M. Anderson: Aye**

**Johnson: Aye**

**López: Aye**

**Simmonds: Aye**

**PUBLIC HEARING - Consideration of a proposed resolution approving the Wilson Neighborhood Plan – Resolution 25-19 – Russ Holley ([54:10](#))**

At the May 6, 2025 Council meeting, Planner Russ Holley addressed the Council regarding the proposed resolution. The neighborhoods are divided by older elementary school boundaries. They have since evolved and are somewhat different now. The Wilson Neighborhood has a long range of older structures. Generally, the further East, the newer the neighborhood. The primary zones of the area are NR-4 & NR-6. The Cliffside area is primarily owner-occupied, and the island is more non-owner occupied.

**Wilson Neighborhood Recommendations:**

1. Future Logan City documents and planning efforts should recognize sub-neighborhood names Island, Cliffside, Canyon Road, & Sumac.
2. Zoning Map amendments should consider changes inside and near downtown to better facilitate new affordable and obtainable infill housing.
3. When developed, the large vacant areas south of Cliffside should include multiple street connections to for better traffic distribution and safety response.
4. Future zoning along the edge of downtown should encourage higher density development, as that is the preferred location indicated by residents.
5. Zoning Map amendments should change Public Zoning designations to Recreation for the large eastern areas of natural open space.
6. Local programs should be established to help incentivize and retain more owner-occupied homes in the Island area.
7. Local housing programs should be established to better inform and collectively harness buying power for potential home buyers.
8. More efficient methods of construction and alternative building materials should be applied in appropriate locations for more affordable housing units.

9. Standard home occupancy limits should increase and be based on structure and property capacities to open more housing opportunities and supply.
10. New accessory dwelling units in owner-occupied homes should be further encouraged and implemented to open more housing supply.
11. Larger vacant and infill parcels should utilize the PD-Overlay zone to develop affordable single-family homes in innovative ways.
12. Neighborhood street design should prioritize local safety and neighborhood character over suburban commuter vehicle speed and volume.
13. 200 East should bridge the Logan River and connect south to 100 East and future street widening should only be done on critical transportation corridors.
14. Transit service should increase frequency and hours of operation to attract new and more ridership.
15. Pedestrian and bicycle infrastructure should be expanded because it's a healthier and less impactful mode of transportation to the neighborhood.
16. New developments should connect to existing street grid patterns to minimize dead-ends and ensure equitable traffic distribution.
17. City emergency services and utilities should continue to provide essential services while planning for future growth areas in the neighborhood.
18. Canyon Road Trail and the Boulevard Trail should officially connect to each other and narrow sections should be widened to 8-foot multi-use standards.
19. The Bonneville Shoreline Trail should naturally follow hillside contours versus the straight deer fence and ultimately connect Dry and Logan Canyon.
20. A better trail connection between Denzel Stewart and Canyon Road Memorial Park will help the overall trail network and link two popular areas.
21. Trail fundraisers and adopt-a-trail efforts could create new revenue for improvements and new trail naming of generic names, like Canyon Road Trail.
22. Neighborhood street intersections should continue to be enhanced with clear markings, lighting, and signage for safety and clarity.
23. Multi-use trails inside Merlin Olsen Park and Pioneer Park should be widened to meet standard 8-foot widths for two-way traffic.
24. New concrete trail surfaces should saw-cut joints and avoid rounded control joints for smoother and more enjoyable use by wheeled users.
25. Streets with no sidewalk on either side or near school zones should be prioritized for future sidewalk installation projects.
26. Natural rivers and canals should be highly valued by residents and local leaders for their beauty, neighborhood uniqueness, and wildlife habitat.
27. Large public infrastructure projects should involve neighborhood residents for better collaboration, analyzation and alternatives when necessary.
28. The FLUP should be updated to accurately account for Herm's Inn, Rudy's Greenhouse and other similar stable commercial uses.

Councilmember A. Anderson referenced the slide of the zoning map and remarked that the zone for parks is Public rather than Recreational.

Mr. Holley confirmed that a change of zones to recreation is one of the recommendations. The change will be part of the General Plan and will be reflected in the Future Land Use Plan.

Chair Simmonds opened the meeting to a public hearing.

There were no comments and Chair Simmonds closed the public hearing.

**ACTION. Motion by Councilmember A. Anderson seconded by Councilmember M. Anderson to approve Resolution 25-19 as presented. Motion carried by roll call vote.**

**A. Anderson: Aye**

**M. Anderson: Aye**

**Johnson: Aye**

**López: Aye**

**Simmonds: Aye**

**PUBLIC HEARING - Consideration of a proposed resolution designating a Closed Area to Ignition or Use of Fireworks – Resolution 25-20 – Fire Chief Nate Thompson (1:02:15)**

At the May 6, 2025 Council meeting, Fire Chief Nate Thompson addressed the Council regarding the proposed resolution.

He reported on the upcoming fireworks season and the wildland fire predictions forecasted for this year.

As a State we have done well the past couple of years reducing loss due to wildfire. This was largely in part to public education and awareness. We need to continue in these efforts going forward.

Utah State Code 1 5A-5-202.5 states that when hazardous environmental conditions necessitate the controlled use of any ignition source, including fireworks, the legislative body of the municipality may prohibit the use of ignition sources in mountainous brush-covered areas, forest-covered areas, the wildland-urban interface area, undeveloped land, and agricultural land.

He stated that it's not easy to predict what the environmental conditions will be in July. We do the best we can to set restrictions based on what is known in May. We will post the restricted areas at all points of sales beginning June 24, 2025. For Council review and consideration and approval, he recommended the following historical fireworks restricted areas as listed below.

### **East Bench Closure**

- East side of 1600 east from the north city boundary to Hwy 89.
- South side of Hwy 89 and Boulevard Street, from 1600 east to 200 east, then the north side of Canyon Road from 200 east to Crockett Avenue.
- East side of Crockett Avenue from Canyon Road to Riverside Drive, continuing the east side of Riverside Drive to Mountain Road, continuing the east side of the Logan River to Denzil Stewart Nature Park.
- The north and east side of the Logan City boundary from Denzil Stewart Nature Park to the southern city boundary.

### **West Closure**

- West side of 600 west from the north city boundary to 200 south.
- North side of 200 south from 600 west to 1000 west.
- West side of 1000 west from 200 south to the south city boundary.

### **Dates of Restrictions**

- June 24, 2025 through July 25, 2025 FYI:

2025 Fireworks sales and discharge dates and times: Division 1.4G fireworks can be legally sold; June 24-July 25.

Division 1.4G fireworks may be discharged between the hours of 11:00 am - 11:00 pm, July 2- July 5 (hours are extended to midnight on July 4) and July 22-July 25 (hours are extended midnight on July 24).

Fireworks restriction signs will be posted beginning on June 24 and removed July 26. Flyers indicating the restricted areas will be posted at all sales locations.

Chair Simmonds opened the meeting to a public hearing.

There were no comments and Chair Simmonds closed the public hearing.

Councilmember López said he is aware that there is Spanish signage regarding fireworks and asked if surrounding cities have a Spanish version as well.

Fire Chief Thompson replied he is unaware of whether other cities have Spanish signage.

**ACTION. Motion by Vice Chair Johnson seconded by Councilmember M. Anderson to approve Resolution 25-20 as presented. Motion carried by roll call vote.**

**A. Anderson: Aye**

**M. Anderson: Aye**

**Johnson: Aye**

#### **WORKSHOP ITEM:**

**Budget Adjustments FY 2024-2025 appropriating: \$4,975 a grant the Police Department was awarded by the State of Utah to be used to purchase police equipment; \$8,946 funds received for police overtime shift reimbursements; \$250,000 street and engineering revenues toward related inspection expenses – Resolution 25-23 - Richard Anderson ([1:09:26](#))**

Finance Director Richard Anderson addressed the Council regarding the proposed budget adjustments.

The proposed resolution will be an action item and public hearing at the June 3, 2025 Council meeting.

No further workshop items were presented.

#### **OTHER CONSIDERATIONS:**

Councilmember A. Anderson reported that the Logan High Youth Council presented information on the General Plan to students who were interested. She invited the public to a groundbreaking ceremony on May 29 at 11 a.m. at 100 West. The parcels in this location will be used to create moderate income housing for the community.

Councilmember López thanked Logan High School teacher Ryan Nelson, who helped throughout the school year and intends to supervise the Youth Council for the next school year.

There being no further business, the Logan Municipal Council adjourned at 6:40 p.m.

Esli Morales, Deputy City Recorder
