Black answered questions about the new structure of grades and steps for all positions. It was pointed out that most employees are in the middle of their grades and no employees are at the top step of their grades, and to change grades, employees would change job titles. Human Resources Director Guerrero stated the new system was more transparent and regulated. She said it was standard across the board, and more sustainable. Merit increases, scheduled for January disbursement, were proposed to be 3.75 percent, and follow December employee evaluations. There were no public comments, and Mayor Langianese closed the public hearing at 6:23 p.m.

He explained his goals of maintaining current staffing and service levels, keeping revenues flat, and slowing and reducing expenditures. He noted the requirement to establish a general fund balanced budget. He detailed a 1.282 percent growth in the general fund budget and described an overall decrease in the City-wide budget. He explained why the capital improvement plan (CIP) budget is down 38 percent. He said that, overall, spending is down 5.7 percent across the entire budget. He spoke about key organizational changes including creation of a dedicated Recreation, Arts and Parks (RAP) tax fund, consolidation of vehicle purchases into one fund, and moving expenditures for parks maintenance and administration to other areas. He said most funding for recreation is part of the general fund. Black went over tax revenues, which he said would grow by one percent, resulting in a proposed budget of \$32 million. He said the proposed budget reflects a 5.7 percent decrease in spending. He described changes in the budget between 2023 to present, as well as changes in CIP expenses and personnel costs. Councilmember Myers requested information about the City's plan to replace the pride flag. Black explained the legislature passed a law prohibiting municipal display of any but the United States

***Presentation and Discussion:*** Engineer Jolissaint and Assistant Engineer Charles presented bids for the 100 East Roadway Improvements Project, which reconstructs 100 East between 300 South and includes Uranium Avenue. Jolissaint described the project, which includes parking, a shared-use path, lighting, semi-truck access to City Market, striping, potential tree removal, tree grates, private property mitigations, water line improvements, and paving. He said the timeline was critical, with a 90-day completion date for the paving, to ensure as much work as possible is completed before the school year begins. He said other elements had a 150-day completion period. It was explained that the bid was higher than the engineer's estimate but was within budget. Items discussed regarding possible change orders included tree replacements and a drinking fountain. Jolissaint explained the quick turnaround on the contract consideration would facilitate as much work as possible before school begins. Charles said

discussion with the school district was positive. Staff also pointed out that City Market and Gear Heads were consulted. Mayor Langianese requested that public education be provided. **Presentation and Discussion:** City Manager Black presented a request for a code change to exempt certain lobbyist contracts from the normal procurement process. Attorney Bracken explained that most lobbyist services are covered by the normal procurement process, but this exception would be for extenuating circumstances. He described where in the code the changes would be made. Councilmember Myers requested tabling the consideration, citing a desire to broaden the exemption to more professional services. Mayor Langianese stated she was reluctant to broaden the exemption request to all professional services, and City Manager Black stated the entire procurement process needed review and revision. Recorder Johnson concurred with Black. Councilmember Taylor agreed that an overhaul is needed and pointed out that any exception is safeguarded by Council approval. It was explained that action was needed quickly. **SUMMARY:**

**Background:** Colin Fryer is requesting their property be annexed into Moab City's jurisdiction for property located at 602 Cermak, Moab, UT. The subject property proposed to be annexed is one parcel that totals approximately .25 acres. The proposed annexation will bring the property into the City of Moab's jurisdiction. City Council reviewed and accepted a pre-annexation agreement on September 24, 2024. The application for annexation was initially submitted to the City on March 20th, 2025. City Council officially accepted the application for annexation on April 8th, 2025, the annexation was certified on May 7th, 2025. Section 1.32 of the Moab Municipal Code and Title 10, Chapter 2, Part 8 of the Utah Code governs the annexation of land into the City. On June 5, 2025 the Moab City Planning Commission forwarded a positive recommendation of Ordinance 2025-09 to City Council.

**Project Summary:**

Location:	602 Cermak, Moab, UT 84532
Property Owner:	Colin Fryer
Applicant:	Colin Fryer
Parcel Size:	.25 Acres
Existing Zone:	Rural Residential
Proposed Zone:	C-3 General Commercial Zone

**Narrative Summary:**

National Ability Center is the owner of the parcel of land located at approximately 602 Cermak in unincorporated Grand County. The total size of the property to be annexed is approximately .25 acres. The current Grand County zoning district for the property is RR Rural Residential. If the property were to be annexed into the City of Moab jurisdiction, the applicant has requested that they be designated in C-3 Central Commercial Zone. The proposed use, once annexed, will be a mixed-use commercial building that will provide accommodations for qualifying participants in its adaptive recreational programs. This concept for mixed use accommodations for adaptive recreation services was recently reviewed by the Planning Commission and City Council and adopted as *Ordinance No. 2024-03, An Ordinance Amending the Moab Municipal Code (MMC), Section 17.06 Definitions, and 17.24.020 C-3 Central Commercial Zone, Permitted Uses and Regulations, to create a new permitted use, Adaptive Recreational Service Provider, and ancillary use, Accommodations for Qualifying Participants.*

Upon completion of the project and pursuant to the pre-annexation agreement, the property owner will execute a restrictive covenant agreement, recorded against both the Property and Commercial Property, requiring 100% of any residential units on these properties to be leased or made available to either (i) "Active Employment Households" (AEH), as defined in the Moab Municipal Code, or (ii) students, faculty, or long-term visitors of institutions participating in Title IV federal student aid programs. This covenant will be in effect for 50 years.

### **PRE-ANNEXATION AND RE-ZONING AGREEMENT**

THIS PRE-ANNEXATION AGREEMENT (“**Agreement**”) is entered by and among the NATIONAL ABILITY CENTER (“**Property Owner**”), a Utah non-profit corporation, and the CITY OF MOAB, a municipality and political subdivision of the State of Utah (the “**City**”). Property Owner and the City are hereinafter sometimes referred to individually as a “**Party**” or collectively as the “**Parties**” as the context may require.

#### **RECITALS**

A. Property Owner provides adaptive recreation, adventure, and educational initiatives and programs for people with disabilities.

B. Property Owner owns Parcel No. 03-0036-0065 for approximately 0.50 acres located at approximately 611 Cermak Road (Parcel No. 03-0036-0065) in Grand County, Utah as more fully described in **Exhibit A** (the “**Property**”).

C. Property Owner desires to annex the Property into the City.

D. The Property, which is unincorporated and designated as Rural Residential under Grand County’s zoning ordinances, would be re-zoned into the City’s C-3 Zone upon annexation in the City.

E. Property Owner also owns Parcel No. 01-0036-0040 (the “**Commercial Property**”) within the City limits, which is located at 611 Cermak Road and which totals about 7.42 acres of real property as more fully described in Exhibit A.

F. Property Owner desires to re-zone the Commercial Property from the R-3 and RA-1 Zones to the C-3 Zone.

G. Property Owner desires to build a mixed use commercial building on the Commercial Property that will provide “Accommodations for Qualifying Participants”, for individuals who participate in Property Owner’s Adaptive Recreational Service Provider permitted use initiatives and programs (collectively, the “**Project**”).

H. The proposed uses for the Commercial Property qualify as “Adaptive Recreational Service Provider,” under the list of permitted uses for the C-3 Zone as found in Section 17.24.020 of the Moab Municipal Code.

I. It is the intent of this Agreement to provide a clear understanding of how the City may annex and zone the Property and how it may re-zone the Commercial Property in accordance with Chapters 1.32, 17.04, and 17.24 of the Moab Municipal Code, UTAH CODE § 10-2-401, *et seq.*, UTAH CODE § 10-9a-101, *et seq.*, and other applicable land use regulations (collectively “Land Use Regulations”).

J. The City, acting pursuant to its authority under the Land Use Regulations has made certain determinations with respect to the Property and the Commercial Property, and in the exercise of its legislative discretion, has elected to approve this Agreement in accordance with all necessary and required procedures.

## AGREEMENT

NOW, THEREFORE, in consideration of the mutual covenants contained herein, and other good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, the Parties hereby agree as follows:

1. **Incorporation of Recitals.** The recitals and exhibits are hereby incorporated by reference as part of this Pre-Annexation Agreement.

2. **Annexation of the Property.** Utah law encourages development to take place within the boundaries of cities and towns when the land to be developed is located within a city’s annexation declaration area. The Properties are located within the “General Plan annexation area boundary description” identified in the Moab Municipal Code 1.32.030 of the City’s declaration area. See Exhibit B.

2.1. **Petition.** Property Owner shall follow the applicable laws, regulations, and ordinances, including but not limited to UTAH CODE § 10-2-401, *et seq.* and Moab Municipal Code Chapter 1.32 and Section 17.72.100(A) (collectively, the “Annexation Process”) in seeking annexation of the Properties. Upon receipt of a complete petition that complies with all applicable legal requirements (the “Petition”), the City shall complete its review process in accordance with the Annexation Process and this Agreement.

2.2. **Zoning Upon Annexation.** It is agreed that upon the issuance of a Certificate of Annexation by Lieutenant Governor that the Property shall be placed in the “C-3 General Commercial Zone” subject to Chapter 17.24 of the Moab Municipal Code.

3. **Re-Zone of the Commercial Property.** Property Owner shall follow the applicable laws, regulations, and ordinances, including but not limited to UTAH CODE §§ 10-9a-205, 10-9a-501, 10-9a-505 and Moab Municipal Code Chapter 17.04 (collectively, the “Re-Zone Process”) in seeking to re-zone the Commercial Property.

3.1. **Application.** Property Owner shall submit a complete re-zone application that complies with all applicable legal requirements, including Section 17.04.040 of the Moab Municipal Code (the “Application”), which the City shall process in accordance with the Re-Zone Process and this Agreement.

3.2. **Zoning Change.** If the City approves the Application, it is agreed that the

Commercial Property shall be placed in the "C-3 General Commercial Zone" subject to Chapter 17.24 of the Moab Municipal Code.

**4. Interrelationship Between Petition and Application.** The Parties agree that the Petition and the Application are interrelated and part of the same Project, in which case:

- 4.1. **Coordination.** To the extent possible, the Parties will coordinate so the Petition and Application are submitted, reviewed, and processed concurrently. To the extent possible, the City Council shall also hold any final public hearings or meetings needed to approve the Petition and the Application at the same time. Nevertheless, the Parties acknowledge that different notice, protest, and review provisions apply to the Petition and the Application and therefore agree that failure by either Party to strictly comply with this subsection shall not constitute grounds for a default.
- 4.2. **Decision on Petition.** The City shall use all reasonable efforts to either approve or reject the Petition and the Application as soon as reasonably practicable and without undue delay in accordance with the requirements of the Annexation Process and the Re-Zone Process. If reasonable circumstances require additional time (such as Property Owner's failure to provide legally required information, third party protest, or state or local mandated notice provisions), both Parties shall continue to cooperate to expedite the review to the extent the Annexation and Re-Zone Processes allow. Property Owner shall provide at least 14 days written notice of its intent to withdraw the Petition and/or the Application unless the City Council votes to annex or re-zone.
- 4.3. **Interrelationship.** If the City Council approves the Petition but not the Application, or vice versa, Property Owner shall withdraw the Petition and the Application and this Agreement shall automatically terminate.

**5. Development Requirements.** If the City grants the Petition and the Application, the following shall be express conditions of the Project in addition to any other requirements set forth in applicable law, regulation, and ordinance:

5.1. **Site Plan.** Property Owner shall develop the Project in accordance with the attached site plan attached hereto as **Exhibit C** hereto.

5.2. **Restrictive Covenant Agreement.** Upon completion of the Project and during its operation, Property Owner shall execute a restrictive covenant agreement to be recorded against the Property and the Commercial Property that shall require one hundred (100%) percent of any residential units located on the Property and the Commercial Property (e.g., if the mixed use building is later converted to residential use) to be leased or otherwise made available to (i) "Active Employment Households" ("AEH") as that term is defined in Section 17.06.020 of the Moab Municipal Code or applicable successor ordinance or (ii) to students, faculty, or long-term visitors (more than 30 days) of any institution of higher education that is listed with the U.S. Department of Education eligible to participate in the Title IV federal student aid programs where the person attends the institution from within Grand County ("Title IV Program"). The restrictive covenant agreement shall have a term of fifty (50) years and shall be in substantially the same form as set forth **Exhibit D**. If the owner(s) of record of the Property and the Commercial Property provides the City with written evidence showing that a lender has foreclosed upon and acquired the Property and/or the Commercial Property, the City shall execute all documents that may be needed to

terminate the restrictive covenant agreement.

5.3. *Sustainability Requirements.* The Parties agree that any annexation of the Property or re-zone of the Commercial Property that the City may approve shall be subject to the express condition that the Project apply LEED standards in construction to meet sustainability requirements as attached hereto in **Exhibit E** which shall provide bicycle facilities, electric vehicle charging stations, rainwater management, heat island reduction, light pollution reduction, outdoor water use reduction, indoor water use reduction, dedicated location for recycling containers, and bird safety glass.

## 6. Vested Rights.

6.1. *Vested Rights.* Property Owner shall have the vested right to develop the Property and the Commercial Property in accordance with the site plan, the applicable requirements of the "C-3 General Commercial Zone" as set forth in Chapter 17.24 of the Moab Municipal Code, and in accordance with and subject to compliance with the terms and conditions of the City's Land Use Regulations then in effect.

6.2. *Reserved Legislative Powers.* The Parties acknowledge that the City is restricted in its authority to limit its police power by contract and that the limitations, reservations and exceptions set forth herein are intended to reserve to the City those police powers that cannot be so limited. Notwithstanding the retained power of the City to enact such legislation under the police powers, such legislation shall only be applied to modify the vested rights of Property Owner under the terms of this Agreement based upon the policies, facts and circumstances meeting the compelling, countervailing public interest exception to the vested rights doctrine in the State of Utah. Any such proposed legislative changes affecting the vested rights of Property Owner under this Agreement shall be of general application to all development activity in the City; and, unless the City declares an emergency, Property Owner shall be entitled to prior written notice and an opportunity to be heard with respect to any proposed change and its applicability to the Properties and the Commercial Property under the compelling, countervailing public interest exception to the vested rights doctrine.

## 7. Successors and Assigns.

7.1. *Binding Effect.* This Agreement shall be binding upon all successors and assigns of Property Owner in the ownership or development of any portion of the Property and the Commercial Property.

7.2. *Assignment.* Neither this Agreement nor any of its provisions, terms or conditions may be assigned to any other party, individual or entity without assigning the rights as well as the responsibilities under this Agreement and without the prior written consent of the City, which consent shall not be unreasonably withheld, conditioned, or delayed. Any such request for assignment may be made by letter addressed to the City as provided herein and the prior written consent of the City may also be evidenced by letter from the City to Property Owner or their successors or assigns. Any such assignment shall require the assignee to sign a form of acknowledgement and consent agreeing to be bound by the terms of this Agreement.

8. **Default.**

8.1. **Notice.** If Property Owner or the City fail to perform their respective obligations hereunder or to comply with the terms hereof, the Party believing that a default has occurred shall provide notice to the other Party as provided herein. If the City believes that the default has been committed by Property Owner, then the City shall also provide a courtesy copy of the notice to Property Owner.

8.2. **Contents of the Notice of Default.** The Notice of Default shall:

8.2.1. **Claim of Default.** Specify the claimed event of default;

8.2.2. **Identification of Provisions.** Identify with particularity the provisions of any applicable law, rule, regulation, or provision of this Agreement that is claimed to be in default;

8.2.3. **Specify Materiality.** Identify why the default is claimed to be material.

8.3. **Meet and Confer.** Upon the issuance of a Notice of Default, the Parties shall meet within ten (10) business days and confer in an attempt to resolve the issues that are the subject matter of the Notice of Default.

8.4. **Remedies.** If, after meeting and conferring, the Parties are not able to resolve the default, then the Parties may have the following remedies:

8.4.1. **Legal Remedies.** The rights and remedies available at law and in equity, including, but not limited to injunctive relief, specific performance, and termination, but not including damages or attorney's fees.

8.4.2. **Enforcement of Security.** The right to draw on any security posted or provided in connection with the development of the Project and relating to remedying the particular default.

8.4.3. **Withholding Further Development Approvals.** The right to withhold all further reviews, approvals, licenses, building permits and/or other permits for development of the Project by Property Owner.

8.5. **Public Meeting.** Before the City may impose any remedy in this Section, Property Owner shall have the right to attend a public meeting before the Council and address the Council regarding the claimed default.

8.6. **Emergency Defaults.** Anything in this Agreement notwithstanding, if the Council finds on the record that a default materially impairs a compelling, countervailing interest of the City and that any delays in imposing such a default would also impair a compelling,

countervailing interest of the City then the City may impose the remedies herein without meeting the requirements of this Section . The City shall give Notice to Property Owner and/or any applicable successor or assign of any public meeting at which an emergency default is to be considered and the allegedly defaulting Party shall be allowed to address the Council at that meeting regarding the claimed emergency default.

8.7. *Extended Cure Period.* If any default cannot be reasonably cured within sixty (60) days then such cure period may be extended as needed, by agreement of the Parties for good cause shown, so long as the defaulting Party is pursuing a cure with reasonable diligence.

9. **Cumulative Rights.** The rights and remedies set forth herein shall be cumulative.

10. **Force Majeure.** All time period imposed or permitted pursuant to this Agreement shall automatically be extended and tolled for: (a) period of any and all moratoria imposed by the City or other governmental authorities in any respect that materially affects the development of the Properties and/or the Commercial Property; or (b) by events reasonably beyond the control of Property Owner including, without limitation, inclement weather, war, strikes, unavailability of materials at commercially reasonable prices, and acts of God, but which does not include financial condition of Property Owner or their successors.

11. **Notices.** Any notices, requests and demands required or desired to be given hereunder shall be in writing and shall be sent via email, certified mail (return receipt requested and postage prepaid), or personal service upon the Party for whom intended at the addresses shown below. Notice shall be deemed to be given on the date issued to the following addresses:

The City and Property Owner alone shall be entitled to enforce or waive any provisions of this Agreement to the extent that such provisions are for their benefit.

17. **Severability.** Should any portion of this Agreement for any reason be declared invalid or unenforceable, the invalidity or unenforceability of such portion shall not affect the validity of any of the remaining portions, and the same shall be deemed in full force and effect as if this Agreement had been executed with the invalid portions eliminated.

18. **No Waiver.** No waiver of any of the provisions of this Agreement shall operate as a waiver of any other provision regardless of any similarity that may exist between such provisions, nor shall a waiver in one instance operate as a waiver in any future event. No waiver shall be binding unless executed in writing by the waiving Party.

19. **Survival.** All agreements, covenants, representations, and warranties contained herein shall survive the execution of this Agreement and shall continue in full force and effect throughout the term of this Agreement.

### City Annexation Proposal

**PROPERTY ADDRESS:** 602 Cermak, Moab, Utah 84532 (Currently in Grand County)

**PARCEL ID NUMBER:** 03-0036-0069 (.25 acres)

**CURRENT ZONING:** Located in the Rural Residential zone for Grand County

**PROPOSED ZONING DISTRICT:** C-3 Central Commercial zone in Moab City Jurisdiction

**REQUEST:** National Ability Center is requesting that their property be annexed into Moab City's jurisdiction. The subject property proposed to be annexed is approximately .25 acres; located at approximately 602 Cermak, Grand County, Utah. The proposed annexation will bring the property into the City of Moab's jurisdiction. [Section 1.32](#) of the Moab Municipal Code Governs the Annexation of land into the City.

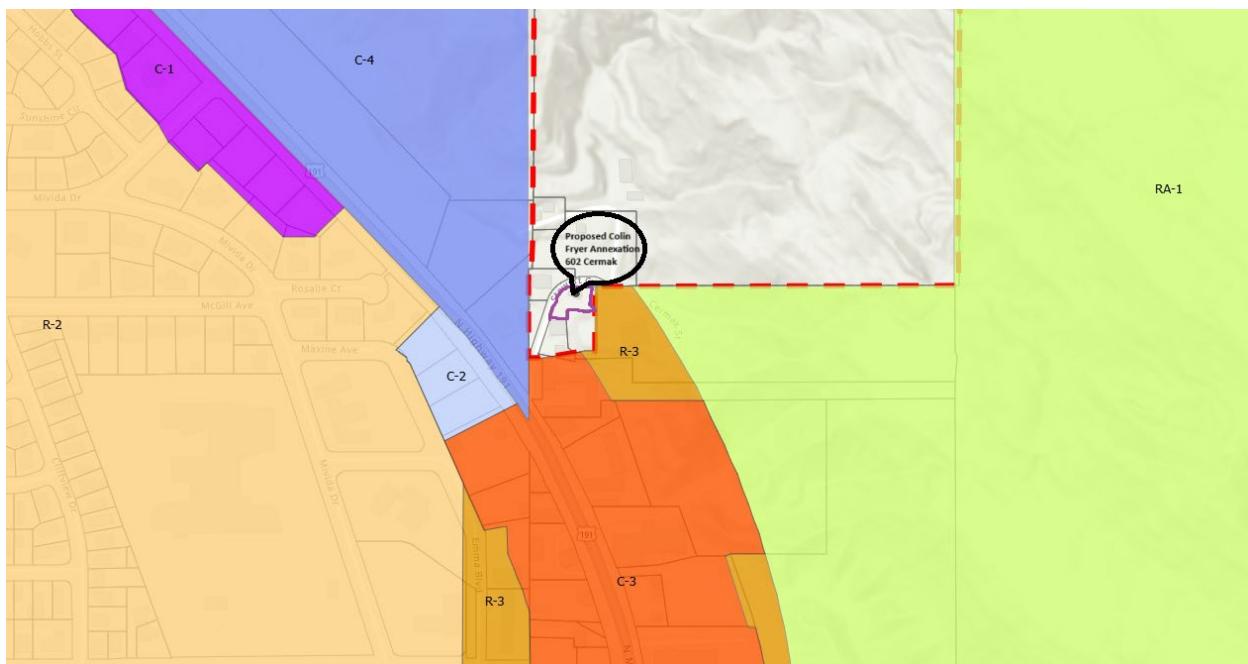

**ATTACHMENTS:**

- I. [GRAND COUNTY ZONING MAP](#)
- II. [PROPOSED SITE PLAN](#)
- III. [FUTURE LAND USE MAPS](#)
- IV. [RR & C-3 MATRIX](#)

## PROJECT DESCRIPTION:

National Ability Center is the owner of the parcel of land located at approximately 602 Cermak in unincorporated Grand County. The total size of the property to be annexed is approximately .25 acres. The current Grand County zoning district for the property is RR Rural Residential. Importantly, the County's RR Rural Residential is not the same as "rural real property," which is a term defined under U.C.A. 10-2-801(14).<sup>1</sup>

If the property were to be annexed into the City of Moab jurisdiction, the applicant has requested that they be designated in C-3 Central Commercial Zone. The proposed use, once annexed, will be a mixed-use commercial building that will provide accommodations for qualifying participants in its adaptive recreational programs. This concept for mixed use accommodations for adaptive recreation services was recently reviewed by the Planning Commission and City Council and adopted as *Ordinance No. 2024-03, An Ordinance Amending the Moab Municipal Code (MMC), Section 17.06 Definitions, and 17.24.020 C-3 Central Commercial Zone, Permitted Uses and Regulations, to create a new permitted use, Adaptive Recreational Service Provider, and ancillary use, Accommodations for Qualifying Participants.*

The property to the South (611 Cermak) is also petitioning to be annexed within Moab City Jurisdiction (C-3 zone). The property to the west is a residence within Grand County Jurisdiction zone RR; the property to the east is also owned by the National Ability Center and is split zoned

---

<sup>1</sup> "Rural real property" means a group of contiguous tax parcels, or a single tax parcel, that: (i) are under common ownership; (ii) consist of no less than 1,000 total acres; (iii) are zoned for manufacturing or agricultural purposes; and (iv) do not have a residential density unit greater than one unit per acre. "Rural real property" includes any portion of private real property if such property qualifies as "rural real property" and consists of more than 1,500 total acres. U.C.A. 10-2-801(14).

R-3 and RA-1; and the property to the south is a restaurant and hotel use zoned C-3 within Moab City Jurisdiction.

#### **PRE-ANNEXATION AGREEMENT:**

As part of the Annexation process, the applicant has submitted a pre-annexation agreement. The agreement was approved by the City of Moab on September 24<sup>th</sup>. The pre-annexation agreement will run with the land upon any change of ownership.

The following restrictions and terms are included within the pre-annexation agreement:

#### **Zoning Designation**

It is agreed that upon annexation of the property, the zoning will be designated as C-3 commercial zone.

#### **Designated Uses**

The petitioner is proposing to create a mixed-use commercial building that will provide accommodations for qualifying participants in its adaptive recreational programs. The proposed uses are included on the concept site plan, which is attached as part of the pre-annexation agreement. However, the agreement will give flexibility to change the uses and does not restrict which use it can be changed to if it is allowed by right in the C-3 zoning district. As part of the agreement for the zoning designation, creating any new overnight accommodation would be prohibited. The C-3 zoning currently does not allow the creation of new overnight accommodation units.

#### **Active Employment Households**

Upon completion of the project and pursuant to the pre-annexation agreement, the property owner will execute a restrictive covenant agreement, recorded against both the Property and Commercial Property, requiring 100% of any residential units on these properties to be leased or made available to either (i) "Active Employment Households" (AEH), as defined in Moab Municipal Code (MMC) Chapter 17.64 Active Employment Households., or (ii) students, faculty, or long-term visitors of institutions participating in Title IV federal student aid programs. This covenant will be in effect for 50 years.

#### **Sustainability Efforts**

As part of the pre-annexation agreement, the future development of the parcel would be required to meet LEED requirements which includes the following:

- Bicycle Facilities
- Electric Vehicle Recharging Stations
- Rainwater Management
- Heat Island Reduction

- Light Pollution Reduction
- Outdoor Water Use Reduction
- Energy and water efficient construction
- Bird Safety Glass

## **CITY OF MOAB GENERAL PLAN:**

### **ANNEXATIONS:**

As part of the annexation process, any newly incorporated areas should not create enclaves, meaning areas that are in Grand County that are surrounded by Moab City Jurisdiction. The property proposed to be annexed would not create any islands of Grand County Jurisdiction, and the property would stay consistent with prior annexations within City boundaries.

The following statements are outlined in the General Plan, *Chapter 4- Community Vision*, which are general statements that were identified to be shared values the Moab Community expressed for their future.

- *Plan for a compact development pattern that makes efficient use of public facilities and services, encourages mixed uses, protects open spaces and minimizes urban sprawl.*

Allowing property along Highway 191 to be developed for commercial use is a natural process for future development. Most of Moab's commercial uses are established along the corridor. Continuing this development pattern maintains the natural flow of Moab's established and future uses.

- *Maintain and enhance Moab's small-town character, including safe and quiet neighborhoods, and commercial hubs offering a range of products and services.*

The establishment of office, retail, and a café along Highway 191 supports the need for commercial hubs and provides more opportunity for residents and tourists to access additional "products and services".

- *Recognize the value of Moab's surrounding landscape, including dark skies, solar access, and other natural resources to enhance the quality of life for community residents and to ensure the longevity of Moab's tourism industry.*

The City recently updated the landscaping standards to include water efficiency standards, a plant species list, and street tree requirements. Moab City has also updated the dark skies ordinance to allow for the ordinance to have more flexibility for new development. The proposed development will be subject to both updated ordinances.

- *Manage the landscape and resources on which the city depends, encouraging conservation and waste minimization, to sustain the city in perpetuity.*

This community value has been addressed by adding additional sustainability requirements for the development of this property through water conservation, energy conservation, and adding bicycle facilities along with other LEED established requirements.

*Findings:* The proposed pre-annexation agreement complies with Community Vision Values.

#### **GENERAL PLAN MAPS:**

The General Plan for Moab City includes a Boundary Map that outlines the areas surrounding Moab City's Jurisdiction that is designated for future incorporation into the City. This criterion is met with the proposed annexation of the subject property because the proposed area to be annexed is within the boundaries for future annexation. In addition, the Future Land Use Map designates this area for commercial uses, making the proposed C-3 Central Commercial zone consistent with the Future Land Use Map.

*Findings:* The proposed annexation complies with the Future Annexation Boundary Map and the proposed C-3 Central Commercial Zoning is consistent with the Future Land Use Map.

### **ELEMENTS, GOALS AND POLICIES IN THE GENERAL PLAN**

#### **ELEMENT 1: ECONOMIC DEVELOPMENT**

**GOAL 1: Promote a vibrant local economy that supports the unique quality of life and character of Moab.**

**Policy 2: Weigh the costs and benefits of new commercial and industrial development while evaluating the required expansion of public facilities and services for those projects.**

##### **Action Step:**

**c. Ensure that infrastructure improvements that benefit new development be the financial responsibility of the new development.**

*Analysis:* Any required infrastructure improvements for the new development will be identified through the Development Review Process. It is common for City Policy to require the developer to finance these improvements.

*Findings:* The proposed development will be obligated to make the infrastructure improvements identified during the Development Review Process and this policy will be met.

**Policy 4: Facilitate the growth of local businesses and industries in a context appropriate to Moab. (size, scale, etc.)**

**Action Step:**

**a. Develop and enforce land use and design standards for commercial development.**

*Analysis:* The proposed zoning lists setbacks and height limits for new development to create consistency with building height and mass in the C-3 zone. Other elements that will help reach this goal are the dark sky standards in the MMC by requiring certain types of light fixtures in order to maintain dark sky objectives.

*Findings:* The proposed development will need to meet setbacks, infrastructure, landscaping and lighting requirements. All of which are meant to create guidelines and design standards for new development.

**Policy 10: Promote and enhance retail offerings that serve the everyday needs of residents and visitors.**

**Action Step:**

**b. Evaluate areas for adequate supply of appropriately zoned space.**

*Analysis:* The City is in short supply of commercial zoning. The added opportunities for commercial space in an area that is beneficial to our community.

*Findings:* The proposed annexation will add additional commercial zoning in an appropriate area of the City.

## **ELEMENT 2: ENVIRONMENTAL SUSTAINABILITY**

**GOAL 6: Reduce energy resource waste and expand the community's use of renewable energy.**

**Policy 1: Encourage energy conservation.**

**Action Steps:**

**a. Adopt measures to improve the energy efficiency of existing and future City buildings and vehicles, looking into the possibility of assuring new structures are net zero.**

*Analysis:* As part of the pre-annexation agreement, the applicant made an agreement with the City to meet LEED requirements. Any new construction will need to be water and energy efficient and have other sustainability features in a step to reach this goal.

*Findings:* The proposed development will meet this goal by having new construction be LEED certified.

## **ELEMENT 3: LAND USE AND GROWTH**

**MOAB CITY**

217 E. Center Street  
Moab, Utah 84532-2534  
Phone: 435-259-5129

**GOAL 1: Encourage a diverse, compact, and efficient land use pattern that promotes resident quality of life and is aligned with the city's character, economy, and vision.**

**Policy 1: Encourage development to consider the appearance, design, financial impact, and amenities of the community.**

**Action Steps:**

- a. Promote commercial centers that meet the everyday needs of residents and visitors.
- b. Encourage mixed-use development where appropriate.

*Analysis:* The City is in short supply of commercial space. The added opportunities for retail, office, and restaurant uses will be a benefit to our community by creating space where new commercial uses can be established. Any required infrastructure improvements for the new development will be identified through the Development Review Process. It is common for City Policy to require the developer to make these improvements.

*Findings:* The proposed development will add additional commercial space and will be obligated to make the infrastructure improvements identified during the Development Review Process and this policy will be met.

**GOAL 13: CONSIDER ANNEXATIONS THAT PROVIDE A BENEFIT TO THE COMMUNITY.**

**Policy 1: Assess the impact on City services of each proposed annexation.**

**Action Steps:**

- a. *Prepare an annexation impact report on each proposed annexation which contains, at a minimum, analysis of zoning alternatives in addition to applicant request for compatibility with existing neighborhood as built.*

*Analysis:* The property proposed to be annexed is located along Highway 191, which is primarily used for commercial development. As part of the staff report, the General Plan was reviewed as to what the future land use map designates the property and what the boundaries are for newly annexed property into the City. The proposed zoning will help reach the goal of adding additional commercial uses to the current market. The C-3 zoning district allows for all the proposed uses and the project will be required to go through Site Plan Review Level II and meet all the requirements from the various City Departments.

*Findings:* The C-3 zoning will allow the proposed development to be used according to the pre-annexation agreement and the proposed site plan submitted with the annexation application will be required to go through Development Review Team Review and meet all applicable Moab City requirements.

**b. *Require annexation agreements on all proposed annexations.***

*Analysis:* The City and applicant have finalized a pre-annexation agreement that will benefit the City and the applicant (Please see the pre-annexation agreement for details).

*Findings:* The proposed annexation will meet this requirement.

**c. *Update the annexation policy to preserve and protect the interests of the City and to encourage annexation to pay for itself or occur in efficiently large amounts.***

*Analysis:* As part of the development process, any new infrastructure required to support the proposed development will be paid for by the developer.

*Findings:* The proposed annexation meets this requirement.

**d. *Assess the impacts of proposed annexations where municipal services cannot be economically provided.***

*Analysis:* The City will not accrue any cost for this.

*Findings:* The proposed annexation meets this standard.

**e. *Develop a master plan for each annexation area.***

*Analysis:* The proposed annexation meets the goals of the Future Land Use Map, Annexation Map, and the General Plan. The area that is being annexed is consistent with City goals and plans for this area.

*Findings:* The proposed annexation meets this requirement.

**MOAB MUNICIPAL CODE:**

Decisions with respect to municipal boundaries and urban development need to be made with adequate consideration of the effect of the proposed actions on adjacent areas and on the interests of other government entities, on the need for and cost of local government services, and the ability to deliver the services under the proposed actions and on factors related to population growth and density and the geography of the area; and	Complies	The annexation will use existing infrastructure and will not have an impact on the cost of local government services. The annexation is in line with the General Plan for Moab City.
Annexation Policy Plan	1.32.030B.	B. Map showing the anticipated future extent of the City of Moab's boundaries and areas that are more readily available for service.	Complies	
Annexation Policy Plan	1.32.030B.	1. This portion of the City of Moab's Master Annexation Policy declaration describes the geographic areas considered most favorable for future city expansion.	Complies	The parcels are located in an area recommended for future expansion.
Annexation Policy Plan	1.32.030B.	2. The map (which is on file at the City clerk's office) visually displays the existing boundaries of the City of Moab in a green line and the future boundaries by a black line. The future boundaries include the following description:	Complies	The parcels to be annexed are within the future annexation boundaries of the Future Land Use Map.
Annexation Policy Plan	1.32.030C.	C. Criteria as required by state law, together with additional criteria and policies for city acceptance of an annexation.	Complies	
Annexation Policy Plan	1.32.030C.	1. The City endorses the intent of the Utah Annexation Act, U.C.A. 10-2-401, et seq., as amended. Criteria for annexation of property to the City are as follows:	Complies	
Annexation Policy Plan	1.32.030C.	a. The property must be contiguous to the boundaries of the City.	Complies	The MMC Annexation policy gives instructions to meet Utah State Code.
Annexation Policy Plan	1.32.030C.	b. The property must lie within the area projected for the City municipal expansion.	Complies	The parcel is within the Future Land Use Map, Annexation Boundaries Map, and is not in an isolated location.

Title	Section	Factor	Finding	Rationale
Annexation Policy Plan	1.32.030C.	c. The property must not be included within the boundaries of another incorporated municipality.	Complies	The parcel to be annexed is in an unincorporated Grand County area.
Annexation Policy Plan	1.32.030C.	d. The annexation must not create unincorporated islands within the boundaries of the City.	Complies	The annexation will not create a non existing island within unincorporated Grand County
Annexation Policy Plan	1.32.030C.	e. The property proposed to be annexed hereunder will not be annexed for the sole purpose of acquiring municipal revenue or for retarding the capacity of any other municipality to annex into the same or related area.	Complies	The annexation will meet all the criteria for annexation and was not selected based on revenue gain.
Annexation Policy Plan	1.32.030C.	2. The City will evaluate the following for each annexation:	Complies	
Annexation Policy Plan	1.32.030C.	a. Compliance with all requirements of appropriate state code provisions.	Complies	Moab City's Annexation policy is based on Utah State Code and any annexations reviewed will reflect state code requirements.
Annexation Policy Plan	1.32.030C.	b. The current and potential population of the area, and the current residential densities.	Complies	The proposed annexation will be for commercial uses. If the property were to be used for residential, it would need to meet the Active Employment Housing Restrictions outlined in pre-annexation agreement.
Annexation Policy Plan	1.32.030C.	c. Land uses proposed in addition to those presently existing.	Complies	The proposed use is an extension of existing use.
Annexation Policy Plan	1.32.030C.	d. The assessed valuation of the current properties or proposed uses.	Complies	The proposed use will develop a property that is otherwise underutilized.
Annexation Policy Plan	1.32.030C.	e. The potential demand for various municipal services, especially those requiring capital improvements.	Complies	Any required improvements will be identified during the Development Review Team and permitting process.
Annexation Policy Plan	1.32.030C.	f. Recommendations of other local government jurisdictions regarding the proposal and potential impact of the annexation.	Complies	Moab City has not yet received feedback from other jurisdictions.
Annexation Policy Plan	1.32.030C.	g. How the proposed area, and/or its potential land uses would contribute to the achievement of the goals and policies of the City.	Complies	<p>The proposed annexation will meet the following goal:</p> <ul style="list-style-type: none"> <li>• Promote a vibrant local economy that supports the unique quality of life and character of Moab.</li> <li>• Encourage a diverse, compact, and efficient land use pattern that promotes resident quality of life and is aligned with the city's character, economy, and vision.</li> <li>• Promote appropriate commercial development while maintaining quality of life for residents.</li> <li>• Consider annexations that provide a benefit to the community</li> </ul>
Annexation Policy Plan	1.32.030C.	h. Identification of any special districts or county departments that are currently providing services. If the proposed area is receiving services that are to be assumed by the City, a statement should be included indicating that steps can be taken to assure an effective transition in the delivery of services. A timetable for extending services should be included if the City is unable to provide services immediately. If the proposed area is receiving services that are not going to be assumed by the City a statement to that effect will be included in the annexation agreement.	Complies	The parcel is not in a special purpose district. The parcel has existing utility services provided and there are no plans of making changes to the existing services.
Annexation Policy Plan	1.32.030C.	i. If an application for annexation includes a specific proposal for urban development, an understanding as to the provision of improvements should be concluded between the City and the applicant.	Complies	The pre-annexation agreement outlines how these requirements will be met.

Title	Section	Factor	Finding	Rationale
Annexation Policy Plan	1.32.030C.	3. In order to facilitate orderly growth, the following city policies will apply to every annexation proposal. However, compliance with any policy not expressly required by state law is not mandatory, and failure to comply with any policy not expressly required by state law shall in no way affect or jeopardize an annexation petition that otherwise meets the standards established in the Utah Code.	Complies	
Annexation Policy Plan	1.32.030C.	a. The City's policy is to consider annexation only in those areas where the City has the potential to provide urban services (either directly or through interlocal cooperative agreement). These areas may include locations served or to be served by city utilities, electrical service, police and fire protection facilities, etc.	Complies	The parcel is located where there are existing services and are reasonably accessible by City services such as Fire and Police.
Annexation Policy Plan	1.32.030C.	b. The City declares its interest in those areas identified in this policy declaration and other areas lying within one-half mile of the City's boundary. Any urban development as defined by state law proposed within this specified area is subject to review and approval of the City as provided in U.C.A. 10-2-418, as amended.	Complies	The City and applicant have come to a pre-annexation agreement identifying any issues pertaining to this.
Annexation Policy Plan	1.32.030C.	c. Due to the extraterritorial powers granted as part of the Utah Boundary Commission Act, the City may exercise its initiative to prepare and adopt a General Plan for future development in those extraterritorial areas of interest for future annexation, as indicated in this policy declaration. This General Plan will define proposed land uses, nature, and density of development desired by the City in each particular area. Once this ordinance is adopted, any proposed development in an area to be annexed must conform to the General Plan, notwithstanding said plan may be amended from time to time as deemed necessary and appropriate.	Complies	The proposed annexation and use of property complies with the General Plan for Moab City.
Annexation Policy Plan	1.32.030C.	d. It is the policy of the City to require new development in annexed areas to comply with all city standards and regulatory laws. Proposed actions to be taken to overcome deficiencies should be identified and costs estimated.	Complies	Any issues with the proposed development will be identified through the site plan review and permitting process.
Annexation Policy Plan	1.32.030C.	e. To avoid creation of islands and peninsulas, unincorporated territory and publicly-owned land such as roadways, schools, parks or recreational land, may be annexed as part of other logical annexations.	Complies	This is not a factor in the annexation
Annexation Policy Plan	1.32.030C.	f. In order to facilitate orderly growth and development in the City, the Planning Commission may review a proposed annexation and make recommendations to the City Council concerning the parcel to be annexed, the effect on city development, and the recommended zoning district designation for the proposed annexed area. Review by the Planning Commission is not a requirement for annexation, and approval from the Planning Commission is not necessary for annexation.	Complies	The City will obtain input from Planning Commission.
Annexation Policy Plan	1.32.030C.	g. The City Council shall designate the zoning for the territory being annexed in the ordinance annexing the territory. The zoning designations must be consistent with the General Plan. The City Council shall not be bound by the zoning designations for the territory prior to annexation. Nothing in this section shall be construed as allowing the City Council to change zoning designations in areas that are already within the municipal boundaries, without following the procedures for zoning amendments found in the City code.	Complies	The future land use (FLU) map designates the property for commercial development. The proposed use is a mix used use. All uses are allowed in the C-3 zoning district. C-3 is a commercial zoning and the FLU supports the proposed zoning.

Title	Section	Factor	Finding	Rationale
Annexation Policy Plan	1.32.030D.	1. The areas anticipated for future annexation contain a wide variety of land uses. There is vacant land, as well as residentially developed property, and property developed and being developed for commercial uses.	Complies	The property fronts on Highway 191. The proposed development will have a mix of commercial uses with the option of residential use if they meet the AEH regulations as outlined in the pre-annexation agreement.
Annexation Policy Plan	1.32.030D.	2. The City was incorporated in December 20, 1902 and has entertained numerous proposals for annexation since that time. Recent interest in annexation has been shown by many surrounding property owners. This policy declaration will help to define those areas that the City will consider in a favorable manner.	Complies	The parcel is within the boundaries for future growth on the future land use map
Annexation Policy Plan	<b>1.32.030E.</b>	E. The need for municipal services in developing unincorporated areas.	Complies	
Annexation Policy Plan	1.32.030E.	1. The City recognizes that municipal services to developed areas which may be annexed should, to the greatest extent possible, be provided by the City. It may, however negotiate service agreements in annexing areas.	Complies	The current services will continue to be provided for the property once it is annexed.
Annexation Policy Plan	1.32.030E.	2. For developing unincorporated areas to be annexed to the City, general government services and public safety service will be provided by the City as the area is annexed and developed. Where feasible and in the public interest to the citizens of the City, public utility services will be provided by the City or through the appropriate utility companies or improvement districts.	Complies	The City will provide municipal services to the newly annexed parcel.
Annexation Policy Plan	1.32.030E.	3. Subsequent policy declarations on individual parcels will address provision of utility service to that particular area. Determination of how utility service will be provided to developing areas proposed for annexation will be developed following discussion with the public works department and other appropriate utility officials or entities.	Complies	The service providers will be identified and the proposed development will meet the providers requirements through the Development Review Process.
Annexation Policy Plan	<b>1.32.030F.</b>	F. Financing and time frame for the extension of municipal services.	Complies	
Annexation Policy Plan	1.32.030F.	1. Those areas identified in this master policy declaration as being favorable for annexation are located near to the City. A basic network of collector roads presently exists in many of these areas and the City can readily extend such services as police protection, street maintenance, and general government services. Unless otherwise specified, city services for police and street maintenance will begin in newly annexed areas immediately following the effective date of annexation.	Complies	The parcel can be accessed and serviced by existing driveways and roads.

Title	Section	Factor	Finding	Rationale
Annexation Policy Plan	1.32.030F.	2. Services for newly annexed areas will be provided for out of the general and/or enterprise funds. However, it is the City's policy that all new development in areas requiring service bears the burden of providing necessary facilities. If and when the property sought to be annexed is developed, the developer will have to construct and install appropriate municipal service facilities such as streets, curb, gutter, sidewalk, water and sewer lines, as provided by city code. Construction of water and/or sewer line extensions involving multiple properties will be phased to coincide with the financial readiness of said property owners and the City.	Complies	The property owner will be required to obtain all necessary approvals and building permits for the development of the property
Annexation Policy Plan	1.32.030F.	3. If services in an annexed area are substandard, then the financing of improvements to bring the area up to city standards may be necessary through such means as a special improvement district. The City may decline to annex areas that contain significant substandard improvements. The site annexation policy declaration, submitted with individual annexations, will identify a schedule for necessary improvements to the area.	Complies	The parcel is serviced by GWSSA and will be continued to be serviced by them. If improvements are necessary, then GWSSA will notify the property owner.
Annexation Policy Plan	1.32.030F.	4. Unless otherwise agreed by the City in writing, the annexation of real property into the municipal limits shall not obligate the City to construct or install utilities or other public infrastructure. The decision to extend or install such improvements shall be vested solely in the discretion of the City Council.	Complies	The pre-annexation agreement does not include any City required improvements to infrastructure.
Annexation Policy Plan	1.32.030G.	G. The estimate of tax consequences. The estimate of tax consequences to residents in both new and old territory of the City resulting from the proposed future annexations cannot be accurately assessed at this time. As each annexation proposal occurs, the City will review the tax consequences of that annexation.	Complies	This will be assessed at the time of building permit issuance.
Annexation Policy Plan	1.32.030H	H. <i>Affected entities. The following is a list of potentially-affected entities, to which copies of the annexation policy declaration has been supplied prior to its adoption. In addition, as annexation proposals occur, the entities affected by the proposed annexation will be notified.</i>	Complies	All proper noticing was sent

## **CITY OF MOAB ORDINANCE #2025-09**

### **AN ORDINANCE OF THE CITY COUNCIL OF MOAB ANNEXING THE COLIN FRYER PROPERTY AT 602 CERMAK TO THE CITY OF MOAB AND ASSIGNING THE ZONE OF C-3 CENTRAL COMMERCIAL TO THE PARCEL**

The following findings describe the intent and purpose of this ordinance:

- a. Colin Fryer filed a petition (the “Petition”) with the Moab City Council (the “Council”) seeking to annex certain property of approximately 0.25 acres in size as described in Exhibit “1” hereto (the “Property”); and
- b. The Property is unincorporated and has been proposed for development with allowed uses in the requested zoning designation, at the time of application; and
- c. The City Council reviewed and approved a pre-annexation agreement regarding the Property in a regularly scheduled meeting held on September 24, 2024, setting forth minimum project development standards in Section 6 of the pre-annexation agreement; and
- d. The Moab Planning Commission reviewed the Petition in a public meeting held on June 4, 2025, to review the annexation and the requested zoning for C3 (Central Commercial) Zone and found that the zone is acceptable for the types of uses proposed for the area; and
- e. As required by law, the Council must consider comments from affected entities, if any, and no protests that complied with the requirements of U.C.A. 10-2-810 were filed after publication of notice of the Petition; and
- f. The Council has determined that the Property meets the requirements of Moab City's annexation policy plan; and
- g. The Council has determined that the Property meets the annexation requirements of Utah State Code, including but not limited to the annexation procedures set forth in Utah Code, Title 10, Chapter 2, part 8 (the “Act”); and
- h. The Council endorses the intent of the Act and finds that the Petition meets the criteria for annexation of the Property into the City under U.C.A. 10-2-804 and U.C.A. 10-2-811(10) because:
  1. The Property is contiguous with City boundaries; and
  2. The Property is located within the City's expansion area as specified in its annexation policy plan under Section 1.32.030 of the Moab Municipal Code; and
  3. The Property is not incorporated within the boundaries of another municipality; and
  4. The annexation does not create unincorporated islands within the boundaries of the City; and

5. The Property will not be annexed for the sole purpose of acquiring municipal revenue or for retarding the capacity of any other municipality to annex into the same or related area; and
6. The Property does not include rural real property or private real property located in a mining protection area; and
7. The Property is not within 5,000 feet of the center line of any runway of an airport operated or to be constructed and operated by another municipality; and
8. The Property is not located within a “project area” as that term is defined in U.C.A. 63H-1-102.

i. The Council has held the appropriate public hearings, gave the appropriate public notice, and received public input on the Petition pursuant to U.C.A. 10-2-810(7).

NOW, THEREFORE, BE IT ORDAINED by the Moab City Council that:

1. The Petition is approved and the property known as the Colin Fryer Annexation, as described in “Exhibit 1” and illustrated on the attached plat, “Exhibit 2”, and located at 602 Cermak, is hereby annexed into the City of Moab and the zoning designation, upon recommendation from the Planning Commission for said annexation, shall be the C3 Central Commercial Zone.
2. This ordinance shall take effect immediately upon its posting pursuant to U.C.A. 10-3-711 and 63G-30-102(1).

**SUMMARY:**

**Background:** National Ability Center is requesting its property be annexed into Moab City's jurisdiction for property located at 611 Cermak, Moab, UT. The subject property proposed to be annexed is one parcel that totals approximately .25 acres. The proposed annexation will bring the property into the City of Moab's jurisdiction. City Council reviewed and accepted a pre-annexation agreement on September 24, 2024. The application for annexation was initially submitted to the City on March 20th, 2025. City Council officially accepted the application for annexation on April 8th, 2025, the annexation was certified on May 7th, 2025. Section 1.32 of the Moab Municipal and Title 10, Chapter 2, Part 8 of the Utah Code governs the annexation of land into the City. On June 5, 2025 Moab City Planning Commission moved to forward a positive recommendation of Ordinance 2025-10 to the City Council.

**Project Summary:**

Location:	611 Cermak, Moab, UT 84532
Property Owner:	National Ability Center
Applicant:	Willie Ford
Parcel Size:	.25 Acres
Existing Zone:	Rural Residential

**Narrative Summary:**

National Ability Center is the owner of the parcel of land located at approximately 611 Cermak in unincorporated Grand County. The total size of the property to be annexed is approximately .25 acres. H. The proposed uses for the Commercial Property qualify as “Adaptive Recreational Service Provider,” under the list of permitted uses for the C-3 Zone as found in Section 17.24.020 of the Moab Municipal Code.

I. It is the intent of this Agreement to provide a clear understanding of how the City may annex and zone the Property and how it may re-zone the Commercial Property in accordance with Chapters 1.32, 17.04, and 17.24 of the Moab Municipal Code, UTAH CODE § 10-2-401, *et seq.*, UTAH CODE § 10-9a-101, *et seq.*, and other applicable land use regulations (collectively “Land Use Regulations”).

J. The City, acting pursuant to its authority under the Land Use Regulations has made certain determinations with respect to the Property and the Commercial Property, and in the exercise of its legislative discretion, has elected to approve this Agreement in accordance with all necessary and required procedures.

## AGREEMENT

NOW, THEREFORE, in consideration of the mutual covenants contained herein, and other good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, the Parties hereby agree as follows:

1. **Incorporation of Recitals.** The recitals and exhibits are hereby incorporated by reference as part of this Pre-Annexation Agreement.

2. **Annexation of the Property.** Utah law encourages development to take place within the boundaries of cities and towns when the land to be developed is located within a city’s annexation declaration area. The Properties are located within the “General Plan annexation area boundary description” identified in the Moab Municipal Code 1.32.030 of the City’s declaration area. See Exhibit B.

2.1. **Petition.** Property Owner shall follow the applicable laws, regulations, and ordinances, including but not limited to UTAH CODE § 10-2-401, *et seq.* and Moab Municipal Code Chapter 1.32 and Section 17.72.100(A) (collectively, the “Annexation Process”) in seeking annexation of the Properties. Upon receipt of a complete petition that complies with all applicable legal requirements (the “Petition”), the City shall complete its review process in accordance with the Annexation Process and this Agreement.

2.2. **Zoning Upon Annexation.** It is agreed that upon the issuance of a Certificate of Annexation by Lieutenant Governor that the Property shall be placed in the “C-3 General Commercial Zone” subject to Chapter 17.24 of the Moab Municipal Code.

3. **Re-Zone of the Commercial Property.** Property Owner shall follow the applicable laws, regulations, and ordinances, including but not limited to UTAH CODE §§ 10-9a-205, 10-9a-501, 10-9a-505 and Moab Municipal Code Chapter 17.04 (collectively, the “Re-Zone Process”) in seeking to re-zone the Commercial Property.

3.1. **Application.** Property Owner shall submit a complete re-zone application that complies with all applicable legal requirements, including Section 17.04.040 of the Moab Municipal Code (the “Application”), which the City shall process in accordance with the Re-Zone Process and this Agreement.

3.2. **Zoning Change.** If the City approves the Application, it is agreed that the

Commercial Property shall be placed in the “C-3 General Commercial Zone” subject to Chapter 17.24 of the Moab Municipal Code.

**4. Interrelationship Between Petition and Application.** The Parties agree that the Petition and the Application are interrelated and part of the same Project, in which case:

- 4.1. **Coordination.** To the extent possible, the Parties will coordinate so the Petition and Application are submitted, reviewed, and processed concurrently. To the extent possible, the City Council shall also hold any final public hearings or meetings needed to approve the Petition and the Application at the same time. Nevertheless, the Parties acknowledge that different notice, protest, and review provisions apply to the Petition and the Application and therefore agree that failure by either Party to strictly comply with this subsection shall not constitute grounds for a default.
- 4.2. **Decision on Petition.** The City shall use all reasonable efforts to either approve or reject the Petition and the Application as soon as reasonably practicable and without undue delay in accordance with the requirements of the Annexation Process and the Re-Zone Process. If reasonable circumstances require additional time (such as Property Owner’s failure to provide legally required information, third party protest, or state or local mandated notice provisions), both Parties shall continue to cooperate to expedite the review to the extent the Annexation and Re-Zone Processes allow. Property Owner shall provide at least 14 days written notice of its intent to withdraw the Petition and/or the Application unless the City Council votes to annex or re-zone.
- 4.3. **Interrelationship.** If the City Council approves the Petition but not the Application, or vice versa, Property Owner shall withdraw the Petition and the Application and this Agreement shall automatically terminate.

**5. Development Requirements.** If the City grants the Petition and the Application, the following shall be express conditions of the Project in addition to any other requirements set forth in applicable law, regulation, and ordinance:

5.1. **Site Plan.** Property Owner shall develop the Project in accordance with the attached site plan attached hereto as **Exhibit C** hereto.

5.2. **Restrictive Covenant Agreement.** Upon completion of the Project and during its operation, Property Owner shall execute a restrictive covenant agreement to be recorded against the Property and the Commercial Property that shall require one hundred (100%) percent of any residential units located on the Property and the Commercial Property (e.g., if the mixed use building is later converted to residential use) to be leased or otherwise made available to (i) “Active Employment Households” (“AEH”) as that term is defined in Section 17.06.020 of the Moab Municipal Code or applicable successor ordinance or (ii) to students, faculty, or long-term visitors (more than 30 days) of any institution of higher education that is listed with the U.S. Department of Education eligible to participate in the Title IV federal student aid programs where the person attends the institution from within Grand County (“Title IV Program”). The restrictive covenant agreement shall have a term of fifty (50) years and shall be in substantially the same form as set forth **Exhibit D**. If the owner(s) of record of the Property and the Commercial Property provides the City with written evidence showing that a lender has foreclosed upon and acquired the Property and/or the Commercial Property, the City shall execute all documents that may be needed to

terminate the restrictive covenant agreement.

5.3. *Sustainability Requirements.* The Parties agree that any annexation of the Property or re-zone of the Commercial Property that the City may approve shall be subject to the express condition that the Project apply LEED standards in construction to meet sustainability requirements as attached hereto in **Exhibit E** which shall provide bicycle facilities, electric vehicle charging stations, rainwater management, heat island reduction, light pollution reduction, outdoor water use reduction, indoor water use reduction, dedicated location for recycling containers, and bird safety glass.

## 6. Vested Rights.

6.1. *Vested Rights.* Property Owner shall have the vested right to develop the Property and the Commercial Property in accordance with the site plan, the applicable requirements of the "C-3 General Commercial Zone" as set forth in Chapter 17.24 of the Moab Municipal Code, and in accordance with and subject to compliance with the terms and conditions of the City's Land Use Regulations then in effect.

6.2. *Reserved Legislative Powers.* The Parties acknowledge that the City is restricted in its authority to limit its police power by contract and that the limitations, reservations and exceptions set forth herein are intended to reserve to the City those police powers that cannot be so limited. Notwithstanding the retained power of the City to enact such legislation under the police powers, such legislation shall only be applied to modify the vested rights of Property Owner under the terms of this Agreement based upon the policies, facts and circumstances meeting the compelling, countervailing public interest exception to the vested rights doctrine in the State of Utah. Any such proposed legislative changes affecting the vested rights of Property Owner under this Agreement shall be of general application to all development activity in the City; and, unless the City declares an emergency, Property Owner shall be entitled to prior written notice and an opportunity to be heard with respect to any proposed change and its applicability to the Properties and the Commercial Property under the compelling, countervailing public interest exception to the vested rights doctrine.

## 7. Successors and Assigns.

7.1. *Binding Effect.* This Agreement shall be binding upon all successors and assigns of Property Owner in the ownership or development of any portion of the Property and the Commercial Property.

7.2. *Assignment.* Neither this Agreement nor any of its provisions, terms or conditions may be assigned to any other party, individual or entity without assigning the rights as well as the responsibilities under this Agreement and without the prior written consent of the City, which consent shall not be unreasonably withheld, conditioned, or delayed. Any such request for assignment may be made by letter addressed to the City as provided herein and the prior written consent of the City may also be evidenced by letter from the City to Property Owner or their successors or assigns. Any such assignment shall require the assignee to sign a form of acknowledgement and consent agreeing to be bound by the terms of this Agreement.

8. **Default.**

8.1. **Notice.** If Property Owner or the City fail to perform their respective obligations hereunder or to comply with the terms hereof, the Party believing that a default has occurred shall provide notice to the other Party as provided herein. If the City believes that the default has been committed by Property Owner, then the City shall also provide a courtesy copy of the notice to Property Owner.

8.2. **Contents of the Notice of Default.** The Notice of Default shall:

8.2.1. **Claim of Default.** Specify the claimed event of default;

8.2.2. **Identification of Provisions.** Identify with particularity the provisions of any applicable law, rule, regulation, or provision of this Agreement that is claimed to be in default;

8.2.3. **Specify Materiality.** Identify why the default is claimed to be material.

8.3. **Meet and Confer.** Upon the issuance of a Notice of Default, the Parties shall meet within ten (10) business days and confer in an attempt to resolve the issues that are the subject matter of the Notice of Default.

8.4. **Remedies.** If, after meeting and conferring, the Parties are not able to resolve the default, then the Parties may have the following remedies:

8.4.1. **Legal Remedies.** The rights and remedies available at law and in equity, including, but not limited to injunctive relief, specific performance, and termination, but not including damages or attorney's fees.

8.4.2. **Enforcement of Security.** The right to draw on any security posted or provided in connection with the development of the Project and relating to remedying the particular default.

8.4.3. **Withholding Further Development Approvals.** The right to withhold all further reviews, approvals, licenses, building permits and/or other permits for development of the Project by Property Owner.

8.5. **Public Meeting.** Before the City may impose any remedy in this Section, Property Owner shall have the right to attend a public meeting before the Council and address the Council regarding the claimed default.

8.6. **Emergency Defaults.** Anything in this Agreement notwithstanding, if the Council finds on the record that a default materially impairs a compelling, countervailing interest of the City and that any delays in imposing such a default would also impair a compelling,

countervailing interest of the City then the City may impose the remedies herein without meeting the requirements of this Section . The City shall give Notice to Property Owner and/or any applicable successor or assign of any public meeting at which an emergency default is to be considered and the allegedly defaulting Party shall be allowed to address the Council at that meeting regarding the claimed emergency default.

8.7. *Extended Cure Period.* If any default cannot be reasonably cured within sixty (60) days then such cure period may be extended as needed, by agreement of the Parties for good cause shown, so long as the defaulting Party is pursuing a cure with reasonable diligence.

9. **Cumulative Rights.** The rights and remedies set forth herein shall be cumulative.

10. **Force Majeure.** All time period imposed or permitted pursuant to this Agreement shall automatically be extended and tolled for: (a) period of any and all moratoria imposed by the City or other governmental authorities in any respect that materially affects the development of the Properties and/or the Commercial Property; or (b) by events reasonably beyond the control of Property Owner including, without limitation, inclement weather, war, strikes, unavailability of materials at commercially reasonable prices, and acts of God, but which does not include financial condition of Property Owner or their successors.

11. **Notices.** Any notices, requests and demands required or desired to be given hereunder shall be in writing and shall be sent via email, certified mail (return receipt requested and postage prepaid), or personal service upon the Party for whom intended at the addresses shown below. Notice shall be deemed to be given on the date issued to the following addresses:

12. **Agreement to Run with the Land.** This Agreement shall be recorded in the Office of the Grand City Recorder against the Properties and the Commercial Property and is intended to and shall be deemed to run with the land and shall be binding on all successors in the ownership and development of any portion of the Properties and the Commercial Property.

13. **Entire Agreement.** This Agreement, together with the exhibits hereto, integrates and constitutes all the terms and conditions pertaining to the subject matter hereof and supersedes all prior negotiations, representations, promises, inducements, or previous agreements between the Parties hereto with respect to the subject matter hereof. Any amendments hereto shall be in writing

and signed by the respective Parties hereto.

14. **Headings.** The headings contained in this Agreement are intended for convenience only and are in no way to be used to construe or limit the text herein.

15. **Non-Liability of City Officials or Employees.** No officer, representative, agent, or employee of the City shall be personally liable to Property Owner, or any successor-in-interest or assignee of Property Owner, in the event of any default or breach by the City or for any amount which may become due to Property Owner, or its successors or assignees, for any obligation arising out of the terms of this Agreement.

16. **No Third-Party Rights.** The obligations of the Parties set forth in this Agreement shall not create any rights in or obligations to any persons or parties other than to the City and Property Owner. The City and Property Owner alone shall be entitled to enforce or waive any provisions of this Agreement to the extent that such provisions are for their benefit.

17. **Severability.** Should any portion of this Agreement for any reason be declared invalid or unenforceable, the invalidity or unenforceability of such portion shall not affect the validity of any of the remaining portions, and the same shall be deemed in full force and effect as if this Agreement had been executed with the invalid portions eliminated.

18. **No Waiver.** No waiver of any of the provisions of this Agreement shall operate as a waiver of any other provision regardless of any similarity that may exist between such provisions, nor shall a waiver in one instance operate as a waiver in any future event. No waiver shall be binding unless executed in writing by the waiving Party.

19. **Survival.** All agreements, covenants, representations, and warranties contained herein shall survive the execution of this Agreement and shall continue in full force and effect throughout the term of this Agreement.

20. **Public Information.** The Parties understand and agree that all documents related to this Agreement shall be public documents, as provided in UTAH CODE. § 63G-2-101, *et seq.*

22. **Counterparts.** This Agreement may be executed in multiple counterparts which shall constitute one and the same document.

23. **Legal Review.** The Parties represent and agree that they had full opportunity to review this Agreement and that they accept the terms hereof. The rule that such Agreement is to be construed against its drafter shall not apply to this Agreement.

24. **Governmental Immunity Act of Utah.** The Parties agree and understand that the City is a governmental entity entitled to the protections and safeguards of the Governmental Immunity Act of Utah, UTAH CODE § 63G-7-101 et. seq. Except as may be provided in UTAH CODE § 63G-7-301(1)(a) (i.e., waiver as to the City's contractual obligations under this Agreement), the City neither waives nor relinquishes any applicable provision or protection of that Act.

25. **Interpretation.** In this Agreement, unless the context requires otherwise:

- 25.1. Use of the singular, plural, or a gender shall include the other.
- 25.2. The word "may" is permissive;
- 25.3. The words "shall not" are prohibitive;
- 25.4. The word "shall" is mandatory or required; and
- 25.5. The present tense includes the future tense, unless otherwise specified.

WHEREAS, the Land Use Agreement conditioned Grantee’s approval of Grantor’s annexation and re-zone requests upon Grantor’s execution of a restrictive covenant requiring that one hundred (100%) of any residential units that now exist or that may exist in the future within the Property be leased or otherwise made available to “Active Employment Households,” as that term is defined in Section 17.06.020 of the Moab Municipal Code or applicable successor ordinance.

WHEREAS, Grantor and Grantee desire to execute this Agreement to satisfy the requirements of the Land Use Agreement.

## PROJECT DESCRIPTION:

National Ability Center is the owner of the parcel of land located at approximately 611 Cermak in unincorporated Grand County. The total size of the property to be annexed is approximately .25 acres. The current Grand County zoning district for the property is RR Rural Residential. Importantly, the County's RR Rural Residential is not the same as "rural real property," which is a term defined under U.C.A. 10-2-801(14).<sup>1</sup>

If the property were to be annexed into the City of Moab jurisdiction, the applicant has requested that they be designated in C-3 Central Commercial Zone. The proposed use, once annexed, will be a mixed-use commercial building that will provide accommodations for qualifying participants in its adaptive recreational programs. This concept for mixed use accommodations for adaptive recreation services was recently reviewed by the Planning Commission and City Council and adopted as *Ordinance No. 2024-03, An Ordinance Amending the Moab Municipal Code (MMC), Section 17.06 Definitions, and 17.24.020 C-3 Central Commercial Zone, Permitted Uses and Regulations, to create a new permitted use, Adaptive Recreational Service Provider, and ancillary use, Accommodations for Qualifying Participants.*

The property to the north (602 Cermak) is also petitioning to be annexed within Moab City Jurisdiction (C-3 zone). The property to the west is a residence within Grand County Jurisdiction

<sup>1</sup> "Rural real property" means a group of contiguous tax parcels, or a single tax parcel, that: (i) are under common ownership; (ii) consist of no less than 1,000 total acres; (iii) are zoned for manufacturing or agricultural purposes; and (iv) do not have a residential density unit greater than one unit per acre. "Rural real property" includes any portion of private real property if such property qualifies as "rural real property" and consists of more than 1,500 total acres. U.C.A. 10-2-801(14).

zone RR; the property to the east is also owned by the National Ability Center and is split zoned R-3 and RA-1; and the property to the south is a restaurant and hotel use zoned C-3 within Moab City Jurisdiction.

#### **PRE-ANNEXATION AGREEMENT:**

As part of the Annexation process, the applicant has submitted a pre-annexation agreement. The agreement was approved by the City of Moab on September 24<sup>th</sup>. The pre-annexation agreement will run with the land upon any change of ownership.

The following restrictions and terms are included within the pre-annexation agreement:

#### **Zoning Designation**

It is agreed that upon annexation of the property, the zoning will be designated as C-3 commercial zone.

#### **Designated Uses**

The petitioner is proposing to create a mixed-use commercial building that will provide accommodations for qualifying participants in its adaptive recreational programs. The proposed uses are included on the concept site plan, which is attached as part of the pre-annexation agreement. However, the agreement will give flexibility to change the uses and does not restrict which use it can be changed to if it is allowed by right in the C-3 zoning district. As part of the agreement for the zoning designation, creating any new overnight accommodation would be prohibited. The C-3 zoning currently does not allow the creation of new overnight accommodation units.

#### **Active Employment Households**

Upon completion of the project and pursuant to the pre-annexation agreement, the property owner will execute a restrictive covenant agreement, recorded against both the Property and Commercial Property, requiring 100% of any residential units on these properties to be leased or made available to either (i) "Active Employment Households" (AEH), as defined in Moab Municipal Code (MMC) Chapter 17.64 Active Employment Households., or (ii) students, faculty, or long-term visitors of institutions participating in Title IV federal student aid programs. This covenant will be in effect for 50 years.

#### **Sustainability Efforts**

As part of the pre-annexation agreement, the future development of the parcel would be required to meet LEED requirements which includes the following:

- Bicycle Facilities
- Electric Vehicle Recharging Stations
- Rainwater Management

- Heat Island Reduction
- Light Pollution Reduction
- Outdoor Water Use Reduction
- Energy and water efficient construction
- Bird Safety Glass

## **CITY OF MOAB GENERAL PLAN:**

### **ANNEXATIONS:**

As part of the annexation process, any newly incorporated areas should not create enclaves, meaning areas that are in Grand County that are surrounded by Moab City Jurisdiction. The property proposed to be annexed would not create any islands of Grand County Jurisdiction, and the property would stay consistent with prior annexations within City boundaries.

The following statements are outlined in the General Plan, *Chapter 4- Community Vision*, which are general statements that were identified to be shared values the Moab Community expressed for their future.

- *Plan for a compact development pattern that makes efficient use of public facilities and services, encourages mixed uses, protects open spaces and minimizes urban sprawl.*  
Allowing property along Highway 191 to be developed for commercial use is a natural process for future development. Most of Moab's commercial uses are established along the corridor. Continuing this development pattern maintains the natural flow of Moab's established and future uses.
- *Maintain and enhance Moab's small-town character, including safe and quiet neighborhoods, and commercial hubs offering a range of products and services.*  
The establishment of office, retail, and a café along Highway 191 supports the need for commercial hubs and provides more opportunity for residents and tourists to access additional "products and services".
- *Recognize the value of Moab's surrounding landscape, including dark skies, solar access, and other natural resources to enhance the quality of life for community residents and to ensure the longevity of Moab's tourism industry.*

The City recently updated the landscaping standards to include water efficiency standards, a plant species list, and street tree requirements. Moab City has also updated the dark skies ordinance to allow for the ordinance to have more flexibility for new development. The proposed development will be subject to both updated ordinances.

- *Manage the landscape and resources on which the city depends, encouraging conservation and waste minimization, to sustain the city in perpetuity.*

This community value has been addressed by adding additional sustainability requirements for the development of this property through water conservation, energy conservation, and adding bicycle facilities along with other LEED established requirements.

*Findings:* The proposed pre-annexation agreement complies with Community Vision Values.

#### **GENERAL PLAN MAPS:**

The General Plan for Moab City includes a Boundary Map that outlines the areas surrounding Moab City's Jurisdiction that is designated for future incorporation into the City. This criterion is met with the proposed annexation of the subject property because the proposed area to be annexed is within the boundaries for future annexation. In addition, the Future Land Use Map designates this area for commercial uses, making the proposed C-3 Central Commercial zone consistent with the Future Land Use Map.

*Findings:* The proposed annexation complies with the Future Annexation Boundary Map and the proposed C-3 Central Commercial Zoning is consistent with the Future Land Use Map.

#### **ELEMENTS, GOALS AND POLICIES IN THE GENERAL PLAN**

##### **ELEMENT 1: ECONOMIC DEVELOPMENT**

**GOAL 1: Promote a vibrant local economy that supports the unique quality of life and character of Moab.**

**Policy 2: Weigh the costs and benefits of new commercial and industrial development while evaluating the required expansion of public facilities and services for those projects.**

##### **Action Step:**

*Findings:* The proposed development will be obligated to make the infrastructure improvements identified during the Development Review Process and this policy will be met.

**Policy 4: Facilitate the growth of local businesses and industries in a context appropriate to Moab. (size, scale, etc.)**

**Action Step:**

**a. Develop and enforce land use and design standards for commercial development.**

*Analysis:* The proposed zoning lists setbacks and height limits for new development to create consistency with building height and mass in the C-3 zone. Other elements that will help reach this goal are the dark sky standards in the MMC by requiring certain types of light fixtures in order to maintain dark sky objectives.

*Findings:* The proposed development will need to meet setbacks, infrastructure, landscaping and lighting requirements. All of which are meant to create guidelines and design standards for new development.

**Policy 10: Promote and enhance retail offerings that serve the everyday needs of residents and visitors.**

**Action Step:**

**b. Evaluate areas for adequate supply of appropriately zoned space.**

**ELEMENT 2: ENVIRONMENTAL SUSTAINABILITY**

**GOAL 6: Reduce energy resource waste and expand the community's use of renewable energy.**

**Policy 1: Encourage energy conservation.**

**Action Steps:**

*Analysis:* As part of the pre-annexation agreement, the applicant made an agreement with the City to meet LEED requirements. Any new construction will need to be water and energy efficient and have other sustainability features in a step to reach this goal.

*Findings:* The proposed development will meet this goal by having new construction be LEED certified.

## ELEMENT 3: LAND USE AND GROWTH

**GOAL 1: Encourage a diverse, compact, and efficient land use pattern that promotes resident quality of life and is aligned with the city's character, economy, and vision.**

**Policy 1: Encourage development to consider the appearance, design, financial impact, and amenities of the community.**

**Action Steps:**

- a. Promote commercial centers that meet the everyday needs of residents and visitors.

Any required infrastructure improvements for the new development will be identified through the Development Review Process. It is common for City Policy to require the developer to make these improvements.

*Findings:* The proposed development will add additional commercial space and will be obligated to make the infrastructure improvements identified during the Development Review Process and this policy will be met.

## GOAL 13: CONSIDER ANNEXATIONS THAT PROVIDE A BENEFIT TO THE COMMUNITY.

**Policy 1: Assess the impact on City services of each proposed annexation.**

**Action Steps:**

- a. *Prepare an annexation impact report on each proposed annexation which contains, at a minimum, analysis of zoning alternatives in addition to applicant request for compatibility with existing neighborhood as built.*

*Analysis:* The property proposed to be annexed is located along Highway 191, which is primarily used for commercial development. As part of the staff report, the General Plan was reviewed as to what the future land use map designates the property and what the boundaries are for newly annexed property into the City. The proposed zoning will help reach the goal of adding additional commercial uses to the current market. The C-3 zoning district allows for all the proposed uses and the project will be required to go through Site Plan Review Level II and meet all the requirements from the various City Departments.

*Findings:* The C-3 zoning will allow the proposed development to be used according to the pre-annexation agreement and the proposed site plan submitted with the

annexation application will be required to go through Development Review Team Review and meet all applicable Moab City requirements.

**b. *Require annexation agreements on all proposed annexations.***

*Analysis:* The City and applicant have finalized a pre-annexation agreement that will benefit the City and the applicant (Please see the pre-annexation agreement for details).

*Findings:* The proposed annexation will meet this requirement.

**c. *Update the annexation policy to preserve and protect the interests of the City and to encourage annexation to pay for itself or occur in efficiently large amounts.***

*Analysis:* As part of the development process, any new infrastructure required to support the proposed development will be paid for by the developer.

*Findings:* The proposed annexation meets this requirement.

**d. *Assess the impacts of proposed annexations where municipal services cannot be economically provided.***

*Analysis:* The City will not accrue any cost for this.

*Findings:* The proposed annexation meets this standard.

Complies	The City will provide municipal services to the newly annexed parcel.
Annexation Policy Plan	1.32.030E.	3. Subsequent policy declarations on individual parcels will address provision of utility service to that particular area. A basic network of collector roads presently exists in many of these areas and the City can readily extend such services as police protection, street maintenance, and general government services. Unless otherwise specified, city services for police and street maintenance will begin in newly annexed areas immediately following the effective date of annexation.	Complies	The parcel can be accessed and serviced by existing driveways and roads.

Title	Section	Factor	Finding	Rationale
Annexation Policy Plan	1.32.030F.	2. Services for newly annexed areas will be provided for out of the general and/or enterprise funds. However, it is the City's policy that all new development in areas requiring service bears the burden of providing necessary facilities. If and when the property sought to be annexed is developed, the developer will have to construct and install appropriate municipal service facilities such as streets, curb, gutter, sidewalk, water and sewer lines, as provided by city code. Construction of water and/or sewer line extensions involving multiple properties will be phased to coincide with the financial readiness of said property owners and the City.	Complies	The property owner will be required to obtain all necessary approvals and building permits for the development of the property
Annexation Policy Plan	1.32.030F.	3. If services in an annexed area are substandard, then the financing of improvements to bring the area up to city standards may be necessary through such means as a special improvement district. The City may decline to annex areas that contain significant substandard improvements. The site annexation policy declaration, submitted with individual annexations, will identify a schedule for necessary improvements to the area.	Complies	The parcel is serviced by GWSSA and will be continued to be serviced by them. If improvements are necessary, then GWSSA will notify the property owner.
Annexation Policy Plan	1.32.030F.	4. Unless otherwise agreed by the City in writing, the annexation of real property into the municipal limits shall not obligate the City to construct or install utilities or other public infrastructure. The decision to extend or install such improvements shall be vested solely in the discretion of the City Council.	Complies	The pre-annexation agreement does not include any City required improvements to infrastructure.
Annexation Policy Plan	1.32.030G.	G. The estimate of tax consequences. The estimate of tax consequences to residents in both new and old territory of the City resulting from the proposed future annexations cannot be accurately assessed at this time. As each annexation proposal occurs, the City will review the tax consequences of that annexation.	Complies	This will be assessed at the time of building permit issuance.
Annexation Policy Plan	1.32.030H	H. <i>Affected entities. The following is a list of potentially-affected entities, to which copies of the annexation policy declaration has been supplied prior to its adoption. In addition, as annexation proposals occur, the entities affected by the proposed annexation will be notified.</i>	Complies	All proper noticing was sent

## **Notice of Intent to File a Petition to Annex**

Attention: Your property may be affected by a proposed annexation.

Records show that you own property within an area that is intended to be included in a proposed annexation to City of Moab (“**Moab**”) or that is within 300 feet of that area. If your property is within the area proposed for annexation, you may be asked to sign a petition supporting the annexation. You may choose whether or not to sign the petition. If you sign the petition but later change your mind about supporting the annexation, you may withdraw your signature by submitting a signed, written withdrawal with the Moab recorder or clerk within 30 days after Moab receives notice that the petition has been certified.

There will be no public election on the proposed annexation because Utah law does not provide for an annexation to be approved by voters at a public election. Signing or not signing the annexation petition is the method under Utah law for the owners of property within the area proposed for annexation to demonstrate their support of or opposition to the proposed annexation.

You may obtain more information on the proposed annexation by contacting Sommar Johnson Moab City Recorder 217 E. ## **CITY OF MOAB ORDINANCE #2025-10**

### **AN ORDINANCE OF THE CITY COUNCIL OF MOAB ANNEXING THE NATIONAL ABILITY CENTER PROPERTY AT 611 CERMAK TO THE CITY OF MOAB AND ASSIGNING THE ZONE OF C-3 CENTRAL COMMERCIAL TO THE PARCEL**

The following findings describe the intent and purpose of this ordinance:

- a. National Ability Center filed a petition (the “Petition”) with the Moab City Council (the “Council”) seeking to annex certain property of approximately 0.25 acres in size as described in Exhibit “1” hereto (the “Property”); and,
- b. The Property is unincorporated and has been proposed for development with allowed uses in the requested zoning designation, at the time of application; and,
- c. The City Council reviewed and approved a pre-annexation agreement regarding the Property in a regularly scheduled meeting held on September 24, 2024, setting forth minimum project development standards in Section 6 of the pre-annexation agreement; and,
- d. The Moab Planning Commission reviewed the Petition in a public meeting held on June 4, 2025, to review the annexation and the requested zoning for C3 (Central Commercial) Zone and found that the zone is acceptable for the types of uses proposed for the area; and
- e. As required by law, the Council must consider comments from affected entities, if any, and no protests that complied with the requirements of U.C.A. 10-2-810 were filed after publication of notice of the Petition; and
- f. The Council has determined that the Property meets the requirements of Moab City's annexation policy plan; and
- g. The Council has determined that the Property meets the annexation requirements of Utah State Code, including but not limited to the annexation procedures set forth in Utah Code, Title 10, Chapter 2, part 8 (the “Act”); and
- h. The Council endorses the intent of the Act and finds that the Petition meets the criteria for annexation of the Property into the City under U.C.A. 10-2-804 and U.C.A. 10-2-811(10) because:
  1. The Property is contiguous with City boundaries; and
  2. The Property is located within the City's expansion area as specified in its annexation policy plan under Section 1.32.030 of the Moab Municipal Code; and
  3. The Property is not incorporated within the boundaries of another municipality; and.
  4. The annexation does not create unincorporated islands within the boundaries of the City; and

5. The Property will not be annexed for the sole purpose of acquiring municipal revenue or for retarding the capacity of any other municipality to annex into the same or related area; and
- 6.
7. The Property does not include rural real property or private real property located in a mining protection area; and
8. The Property is not within 5,000 feet of the center line of any runway of an airport operated or to be constructed and operated by another municipality; and
9. The Property is not located within a “project area” as that term is defined in U.C.A. 63H-1-102.

i. The Council has held the appropriate public hearings, gave the appropriate public notice, and received public input pursuant to U.C.A. 10-2-810(7).

NOW, THEREFORE, BE IT ORDAINED by the Moab City Council that:

1. The Petition is approved and the property known as the National Ability Center Annexation, as described in “Exhibit 1” and illustrated on the attached plat, “Exhibit 2”, and located at 611 Cermak, is hereby annexed into the City of Moab and the zoning designation, upon recommendation from the Planning Commission for said annexation, shall be the C3 Cntral Commercial Zone.
2. This ordinance shall take effect immediately upon its posting pursuant to U.C.A. 10-3-711 and 63G-30-102(1).

**TITLE:** FISCAL YEAR 2024/2025 YEAR END BUDGET AMENDMENT**DISPOSITION:** Discussion and possible action**PRESENTER/S:** Michael A. Black, AICP, City Manager**ATTACHMENT/S:** CITY OF MOAB RESOLUTION NO. 08-2025 - A RESOLUTION AMENDING  
THE FISCAL YEAR 2024-2025 BUDGET**STAFF RECOMMENDATION:** Approve the Proposed Budget Amendment

---

**SUMMARY:**

At the end of each fiscal year, the City reviews the approved budget and makes any necessary amendments based on actual expenditures and revenues. Because priorities can shift during the year, some projects may be delayed or expanded, leading to changes in individual budget line items. Our auditors also consistently recommend that the City adopt a year-end amendment as a best practice.

**General Fund:**

The June amendment to the FY 2024–2025 budget is relatively straightforward. Most changes reflect spending reductions, while a few increases align with City Council priorities—such as paying off the Walnut Lane loan early to save nearly \$700,000 in interest and creating a dedicated RAP Tax Fund to improve long-term tracking of those revenues.

The total budget increased by \$950,000, primarily due to \$1.86 million in transfers from the General Fund to the RAP Tax and Housing Funds. Aside from these transfers, expenditures across the board decreased.

2025 Amended Budget (December Amendment)	2025 Actual Expenditures (to End of May 2025)	2+A23:E28 (End of Fiscal Year)
Budgeted Revenue	22,015,795	16,757,476
Budgeted Expenses	22,015,795	13,502,422
Budget Totals	-	3,255,054

**Major Changes to the FY 2024–2025 General Fund Budget:****Revenues:**

1. Some tax revenues are trending higher than budgeted and have been adjusted based on year-to-date actuals.
2. Additional State Grants—especially for DPS DUI enforcement—have been received and reflected in revenue adjustments.

3. Insurance proceeds from hail damage to several City buildings have been received and added to revenues.
4. Major increases in revenue are related to fund transfers:
  - o \$1,200,000 transferred from General Fund balance to the RAP Tax Fund.
  - o \$660,000 transferred from General Fund balance to the Housing Fund to help pay off the Walnut Lane loan.
5. The use of General Fund balance for general purposes (carryforward from the prior year) is being reduced from \$1,166,485 to \$355,127.

### Expenditures:

Most General Fund expenditure line items were reduced; however, several key increases were included to reflect Council priorities:

1. A \$1,200,000 transfer to the RAP Tax Fund is recorded as an expense, as it moves funds out of the General Fund. The RAP Tax Fund was created this year to improve tracking of RAP Tax revenues over time.
2. A \$660,000 transfer to the Housing Fund also appears as an expense. The original \$1.85 million loan for Walnut Lane carried a 5.98% interest rate and is being paid off early, saving approximately \$700,000. The General Fund will cover \$660,000, and the Housing Fund will contribute the remaining \$800,000 of the current \$1.46 million payoff.
3. Additional minor increases were made to account for utility cost adjustments and changes in service contracts.

**Other Funds:**

- **21 – Roads Fund:** No year-end amendments.
- **22 – RAP Tax Fund:** Newly created. \$1,200,000 in RAP Tax revenues transferred from the General Fund.
- **23 – Parks and Recreation Fund:** Reduced transfer from the General Fund; increased use of existing fund balance to minimize General Fund reliance.
- **30 – Housing Fund:** Receives \$660,000 from the General Fund and uses \$800,000 of its own fund balance to pay off the Walnut Lane loan.
- **31 – Debt Service Fund:** No year-end amendments.
- **41 – Capital Projects Fund:** No year-end amendments.
- **51 – Water Fund:** No year-end amendments.
- **52 – Sewer Fund:** No year-end amendments.
- **53 – Storm Sewer Fund:** No year-end amendments.
- **55 – Parking and Transit Fund:** No year-end amendments.

**Conclusion:**

This year-end budget amendment reflects the City's commitment to sound fiscal management by aligning the budget with actual revenues and expenditures, responding to evolving priorities, and positioning the City for long-term financial stability.. Staff recommends adoption of the amendment as presented.

**Proposed Motion:**

I move to adopt Resolution [insert resolution number], approving the FY 2024–2025 year-end budget amendment as presented.

**TITLE:** FISCAL YEAR 2025-2026 FINAL BUDGET APPROVAL

**DISPOSITION:** Discussion and possible action

**PRESENTER/S:** Michael A. Black, AICP, City Manager

THE FINAL BUDGET FOR FISCAL YEAR 2025-2026

**STAFF RECOMMENDATION:** Approve the Proposed FY 2025-2026 Budget

---

#### **SUMMARY:**

The City Council approved the tentative budget on May 13, 2025, and set the date of June 10, 2025, for the final budget adoption and public hearing. Since that time, staff has made minor technical adjustments to the budget where needed, but there have been no material changes to the overall revenue, expenditure, or personnel plans presented in the tentative budget.

The final budget remains balanced across all funds and reflects the City's commitment to responsible fiscal management. It includes modest year-over-year increases in salaries and benefits, consolidation of vehicle purchases into a new Vehicle Fund, and the creation of a separate RAP Tax Fund to improve transparency and reporting.

The Capital Improvement Plan was previously reviewed by Council and has been incorporated into the final budget, with a focus on long-term planning and alignment with strategic priorities.

#### **CONCLUSION:**

The FY 2025–2026 Final Budget reflects the City's ongoing commitment to responsible financial planning, maintaining essential services, and aligning resources with Council priorities. The budget is balanced across all funds and includes key structural improvements such as fund reorganization and debt management. Staff appreciates the Council's engagement throughout the budget process and recommends final adoption as presented.

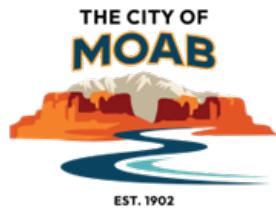

#### **RECOMMENDED MOTION:**

"I move to adopt **Resolution 07-2025**, approving the Final Budget and setting the Certified Tax Rate for the City of Moab for Fiscal Year 2025–2026."

---

#### **RELEVANT LAWS, STUDIES & PLANS:**

Adoption of the final budget is required under **Utah Code § 10-6-118**, which directs that the budget must be adopted by resolution before June 22 each year.
