Landon Thompson is one of the people who contacted him regarding the possibility of renting the home. After touring the house, the Mayor and the Thompson's came up with the agreement that it would be \$1,000 per month for rent. Water would be included in the rent. But the Thompson's would need to pay the electric and propane bill. The Thompson's would also be responsible for the yard maintenance.

David H asked if the rental house was advertised as a rental property. He also felt that the rent was significantly less what the current rental market is. Dave also noted that

there was no security deposit written into the agreement, typically this consists of the first and last month of rent. He was also concerned that there was not credit check, background rental check or contact with previous landlords.

Trevor G expressed that he felt this was Dusty's area and that the City Council had not made a clear decision previously. **David H** also felt that there needed to be a list of what appliances are included in the rental agreement. He also felt that there needed to be a lead paint disclosure. **Dusty B** expressed that this decision needed to be made by the council.

Kenny and Bruce said they would attend the meeting virtually. **Dusty B** stated that the city needs to find out who is responsible for maintaining the lights and signs.

There was further discussion about the city owned home. Currently the council has voted to sell it. After that motion was made, they learned that before they could do that, they needed to update the Ordinances. **David H** stated that regardless of what they do with the home the code needs to be updated. It was also decided that if the council has now decided not to sell the city owned home, then their motion needs to be updated to reflect their new decision.
