Dorothy Adams, Executive Director of the Salt Lake County Health Department said they were accredited in 2014 and named “Local Health Department (LHD) of the Year” in 2019. She discussed social determinants of health including, education access and quality, health care and quality, neighborhood and built environment, social and community context, and economic stability. She introduced the members of the Salt Lake County Board of Health and discussed their finances and where their funding comes from. There are six different locations throughout Salt Lake County. She said they do a lot of outreach and work with a lot of community organizations and cities, so people know about their programs.

She discussed preventing and mitigating environmental contamination. Residents should contact them regarding chemical spills, hazardous waste, and discharge into storm drain or waterways. She discussed maintaining housing standards and the reasons for contacting them, which are:

- Chemical (meth) contamination
- Lack of heat, electricity, water, hot water, sewer or septic connection
- Active water leak (roof or plumbing)

- Pest infestation (rodent, cockroach, bedbug)
- Mosquito harborage
- Hoarding (if a toilet is not accessible)
- Wood burning on an air action day

They cannot respond to lack of air conditioning, mold (unless due to active water leak), evictions/lease termination.

A large piece of what they do is education. Residents should contact them for:

- Food safety in restaurants or at food trucks/carts
- Swimming pool/spa concerns
- Public lodging
- Body art (tattoo piercing)
- Cosmetology
- Tanning
- Massage
- Vehicle emissions stations
- Tobacco retailers and smoking/vaping in a business

They cannot respond to:

- Food manufacturing (bakeries, butchers, dairies: UDAF)
- Grocery stores (except deli food service): UDAF
- Medical offices/hospitals/care facilities: UDHHS

They respond to concerns in the community, including encampments and associated debris. Camping is not allowed on public property; these properties are not zoned or intended for it. They enforce this by requiring the property owner (public) to remove encampments and mitigate the resulting environmental concerns.

They respond to noise concerns in the community if repeated in excess between 10 pm and 7 am. They also provide immunizations, nutrition assistance (WIC) for lower income families, home visiting for lower income families, and vital records (birth and death certificates).

Community coalitions look at what things in their communities are important to address. They have the Healthy Salt Lake dashboard that shows data about each city. (HealthySaltLake.org). The Communities That Care program has a lot of data that can be accessed and shared. There are 18 community coalitions countywide. They monitor the health of the community via data. They are currently watching closely the measles cases.

She discussed the list of free and low-cost resources in the county in 25 different categories.

The Mayor and Council expressed their appreciation for their efforts.

Branden brings expertise from serving many years in various UDOT capacities, most recently as the Statewide Program/Project Management Engineer. In these positions, he played pivotal roles in the inclusion of active transportation elements to UDOT projects throughout the Region. F. CONSIDER AMENDING SECTION 17-3-1 OF MIDVALE CITY MUNICIPAL CODE CLARIFYING THE APPLICATION REQUIREMENTS FOR ZONING MAP AND ZONING CODE TEXT AMENDMENTS AND ADJUSTING ZONING MAP AMENDMENT UNDER SECTION 17-3-1(E).

Jonathan Anderson said public notice has been sent to affected entities as required in 17-3-9.B of the Municipal Code. No comments have been received as of the writing of this report.

-ZONING CODE AMENDMENT CRITERIA

Midvale City Code 17-3-1(F) outlines the criteria necessary for amendments to the zoning code. A proposal may only be approved if it demonstrates one or more of the following:

1. The proposed amendment promotes the objectives of the general plan and purposes of this title;
2. The proposed amendment promotes the purposes outlined in Utah State Code 10-9a-102;
3. The proposed amendment more clearly explains the intent of the original language or has been amended to make interpretation more straightforward; or
4. Existing zoning code was the result of a clerical error or a mistake of fact.

Staff find that this proposal meets the third criteria listed above. The purpose of the amendment is to clarify the application requirements for zoning map and zoning code text amendments as the current ordinance is outdated and not up with current practices or consistent with other Sections of the Code for noticing requirements. The amendment also adjusts zoning map amendment criteria by requiring all zoning map amendments to meet Utah Code Annotated 10-9a-102 in addition to one or more of the remaining three requirements under Section 17-3-1(E)(1-3).

17-3-1(E)

E. *Zoning Map Amendment Criteria.* The city's zoning is the result of a detailed and comprehensive appraisal of the city's present and future land use allocation needs. A zoning map amendment application may only be approved if the reviewing body determines, in written findings, that the proposed amendment promotes the purposes outlined in Utah Code Annotated 10-9a-102 and demonstrates one or more of the following:

1. Proposed rezoning promotes objectives of the general plan;
2. Existing zoning was either the result of a clerical error or a mistake of fact, or that it failed to take into account the constraints on development created by the natural characteristics of the land, including but not limited to steep slopes, flood plain, unstable soils, and inadequate drainage; or
3. Land or its surrounding environs have changed or are changing to such a degree that it is in the public interest to encourage redevelopment of the area or to recognize the changed character of the area; or

G. CONSIDER AMENDING SECTIONS 17-7-10.12.5 OF THE MIDVALE CITY MUNICIPAL CODE TO REPLACE FIGURES 1 AND 2 IN THE JORDAN BLUFFS SUBAREAS 1-3 DEVELOPMENT ZONE

Jonathan Anderson said this amendment is driven by changes to the concept plan by The Gardner Group for the Jordan Bluffs Development Area. The new figures reflect updates to the organization of the development pods, public road layouts, and the actual location and size of the 15-acre public park area (See Attachment 1).

Public notice has been sent to affected entities as required in 17-3-9.B of the Municipal Code. No comments have been received as of the writing of this report.

-AMENDMENTS TO THE ZONING CODE OR MAP-

Midvale City Code 17-3-1(F) outlines the criteria necessary for amendments to the zoning code. A proposal may only be approved if it demonstrates one or more of the following:

1. The proposed amendment promotes the objectives of the general plan and purposes of this title;
2. The proposed amendment promotes the purposes outlined in Utah State Code 10-9a-102;
3. The proposed amendment more clearly explains the intent of the original language or has been amended to make interpretation more straightforward; or
4. Existing zoning code was the result of a clerical error or a mistake of fact.

Staff finds that this proposal meets the first criteria listed above as the figures are tied to the associated Master Development Agreement and Plan for the Jordan Bluffs Area identified in the 2016 General Plan as a major redevelopment area in the City.

- 1. The proposed amendment promotes the objectives of the general plan and purposes of this title;**
2. The proposed amendment promotes the purposes outlined in Utah State Code 10-9a-102;
3. The proposed amendment more clearly explains the intent of the original language or has been amended to make interpretation more straightforward; or
4. Existing zoning code was the result of a clerical error or a mistake of fact.

Dave Dennison, Gardner Company, said the public park was always designated to be 15 acres; however, on the old figure it is very spread-out. On the new figure the park boundary is more clarified, and it is precisely 15 acres.

Council Member Paul Glover said it looks like the park has been reduced in size.

Dave Dennison said the original figure was not accurate in scale. The new public park is exactly 15 acres as specified and maintains the 125-foot minimum width as designated.

Council Member Bryant Brown said the vision of this has changed drastically from the first visual the Council received eight years ago. The visual seems to change every time it is presented to the Council. He would like to see a more meaningful update.

Dave Dennison explained some of the changes and why they were made. When they get into the details with the road layout, some of the pod layout need to change.

Council Member Bryant Brown said originally the park was to be surrounded by office buildings and in theory the entire area could be filled with residential.

Dave Dennison said office space is on the decline over the last few years making filling the pods with office space difficult. He said there is a trend of a slow increase in office space, and they are always on the lookout for office space opportunities that will fit the area.

Mayor Gettel pointed out that casual eateries and coffee shops are missing in that area. Why has there not been a focus on retail in that area?

Dave Dennison said there haven't been any retail opportunities that would be a good fit come up.

MOTION: Council Member Paul Glover MOVED to open the public comment section of the hearing. The motion was SECONDED by Council Member Heidi Robinson. Mayor Gettel called for discussion on the motion. There being none, he called for a vote. The motion passed unanimously.

Sue Armitage said this is the first time she's seen this. This park and open space are lovely and yet another recreational green space amenity on the west side of Midvale. On the northeast quadrant, there is nothing. She would like to see something like this on the north side.

Luke Maynes said he frequents the Jordan River Trail and is excited to hear there is park there. He's been to the public park by Zions but the way it's positioned, he wasn't aware it was a public park. He would like to see it made clear that this area is for residents and not just for Zion's employees. He doesn't think what is proposed as mixed use is what he thinks of when he thinks mixed use. He said he would love to be able to go get food and go to the park.

MOTION: Council Member Paul Glover MOVED to close the public comment section of the hearing. The motion was SECONDED by Council Member Heidi Robinson. Mayor Gettel called for discussion on the

motion. There being none, he called for a vote. The motion passed unanimously.

Matt Dahl said there are three other agenda items associated with this item he would like to have approved prior to approving the zoning code text amendment. He recommended some options to the Council regarding this issue.

MOTION: Council Member Bryant Brown MOVED to table public hearing item G Considering Amending Sections 17-7-10.12.5 of the Midvale City Municipal Code to Replace Figures 1 and 2 in the Jordan Bluffs Subareas 1-3 Development Zone. The motion was SECONDED by Council Member Heidi Robinson. Mayor Gettel called for discussion on the motion. There being none, he called for a roll call vote. The voting was as follows:

Council Member Bonnie Billings	Aye
Council Member Paul Glover	Aye
Council Member Heidi Robinson	Aye
Council Member Bryant Brown	Aye
Council Member Denece Mikolash	Aye

The motion passed unanimously.

VIII. ACTION ITEMS

B. CONSIDER RESOLUTION NO. 2025-R-34 APPROVING A SECOND AMENDMENT TO AMENDED AND RESTATED MASTER DEVELOPMENT AGREEMENT FOR JORDAN BLUFFS PROJECT.

Adam Olsen said a development agreement for Jordan Bluffs was originally approved in 2004. An amended development agreement was approved in 2017 when the Gardner Group acquired Jordan Bluffs. The 2017 amendment was followed by an amended and restated development agreement in 2019. In 2020 a “first amendment” to the amended and restated development agreement was approved.

Due to changes in the real estate and construction markets following the Covid 19 pandemic, as well as an interest on the part of the developer to change their plans for developing Jordan Bluffs, it is proposed that a Second Amendment be executed for the Amended and Restated Development Agreement for Jordan Bluffs.

The Second Amendment to the Amended and Restated Master Development Agreement for Jordan Bluffs proposes the following:

- Quantify improvements for the Central Community Park, providing a price cap for park improvements at \$13.5 million; said price cap increasing by 6% each year until improvements are completed; providing a date for completion of said improvements on or before October 31, 2031.

- Ownership and maintenance transfer of Vacuum Sewer Station “Vac Station” to City upon connection of sewer line(s) serving a phase of development necessitating such connection(s); repair obligations of Gardner, and a reimbursement period of one year for defects under Gardner ownership and maintenance.
- Updated Concept Plan (subject of Text Amendment heard prior).
- Updated Community Park exhibit, illustrating location of park improvements and list of said improvements.
- Updated Phasing plan, illustrating development phases and associated)segments of park improvements/dedication to City.

 - Vac Station eligible for reimbursement costs (\$5,382,863) when Lot 2 reaches assessed building value of \$194,000,000.
 - Quit Claim Deed “Public Works Property” to Agency by June 30, 2025.

Public Works Property

The Council discussed this issue at great length.

Council Member Bryant Brown asked if the park would only be completed as the pods are completed or not until the buildings are in place?

Adam Olson said the park will still be completed as the pods next to it are done. If the pods are not completed by 2031 the agreement will be renegotiated.

Council Member Paul Glover said he wants something done on the park. It's taking too long.

Council Member Bryant Brown said he would like assurances that the mixed use of residential and commercial is going to happen.

Adam Olson said each pod has its own agreement.

The Council and staff discussed a proposed development agreement.

Dave Dennison, Gardner Company, said they have taken the first phase as far as they can and they would like to get phase two going. He agrees that it is moving slowly and would like to see the momentum moving quicker.

MOTION: Council Member Bonnie Billings MOVED to Approve Resolution No. 2025-R-34 approving the Second Amendment to Amended and Restated Master Development Agreement for Jordan Bluffs. The motion was SECONDED by Council Member Paul Glover. Mayor Gettel

called for discussion on the motion. There being none, he called for a roll call vote. The voting was as follows:

MIDVALE CITY COUNCIL SUMMARY REPORT

Meeting Date: June 17, 2025

ITEM TYPE: Action

SUBJECT: Consider Resolution No. 2025-R-36 Designating Midvale City A Bolder Way Forward City

SUBMITTED BY: Mariah Hill, Administrative Services Director

SUMMARY:

A Bolder Way Forward is a statewide initiative that aims to improve the lives of women, girls, and families across Utah. National and statewide studies continue to show that women and girls in Utah are not thriving in critical areas. Year after year, Utah continues to have high levels of domestic violence, sexual assault, child sexual abuse, and gender-based discrimination, while also ranking as the worst state for women's equality and having low levels of women's leadership representation in nearly all domains, including politics and business (<https://www.usu.edu/uwlp/a-bolder-way-forward/overview>).

To accelerate meaningful progress, A Bolder Way Forward is advancing change across multiple sectors, including through active collaboration with local governments. This resolution affirms Midvale City's formal support for the initiative, acknowledges the persistent challenges faced by women and girls in areas such as health, safety, education, and workplace equity, and highlights the City's proactive efforts to address these issues at the local level. Midvale City will be the first A Bolder Way Forward City in Salt Lake County and the second in the state.

MIDVALE CITY PLANNING COMMISSION STAFF REPORT 6/17/2025

SUBJECT

Consider Ordinance No. 2025-O-11 Approving a Zoning Code Text Amendment to Amend Sections 17-7-10.12.1 and 17-7-10.12.5 of the Midvale City Municipal Code to Replace Figures 1 and 2 in the Jordan Bluffs Subareas 1-3 Development Zone.

SUBMITTED BY

Jonathan Anderson, Planner II

BACKGROUND AND ANALYSIS

This amendment is driven by changes to the concept plan by The Gardner Group for the Jordan Bluffs Development Area. The new figures reflect updates to the organization of the development pods, public road layouts, and the actual location and size of the 15 acre public park area (See Attachment 1).

Public notice has been sent to affected entities as required in 17-3-9.B of the Municipal Code. No comments have been received as of the writing of this report.

A public hearing was held during the June 3, 2025 City Council Meeting with members of the public making comments.

-AMENDMENTS TO THE ZONING CODE OR MAP-

Midvale City Code 17-3-1(F) outlines the criteria necessary for amendments to the zoning code. A proposal may only be approved if it demonstrates one or more of the following:

1. The proposed amendment promotes the objectives of the general plan and purposes of this title;
2. The proposed amendment promotes the purposes outlined in Utah State Code 10-9a-102;
3. The proposed amendment more clearly explains the intent of the original language or has been amended to make interpretation more straightforward; or
4. Existing zoning code was the result of a clerical error or a mistake of fact.

Staff finds that this proposal meets the first criteria listed above as the figures are tied to the associated Master Development Agreement and Plan for the Jordan Bluffs Area identified in the 2016 General Plan as a major redevelopment area in the City.

STAFF RECOMMENDATION

Staff recommends approval of the zoning code text amendment to the City Council with the following finding:

1. The amendment complies with Midvale City Code 17-3-1(F)(1).

PLANNING COMMISSION RECOMMENDATION

At the 1/8/2025 Planning Commission Meeting a discussion was had on the updated layout of the Jordan Bluffs Area. An error was also identified on the Figures with Pod B2 identified as Phase 2. The Commission recommended **approval** of the zoning code text amendment with the correction to identify Pod B2 as Phase 3.

RECOMMENDED MOTION

I move that we approve Ordinance No. 2025-O-11 amending Sections 17-7-10.12.1 and 17-7-10-12.5 of the Midvale City Municipal Code as provided in the attachments, with the finding noted in the staff report.

MIDVALE CITY COUNCIL STAFF REPORT Date 6/17/2025

SUBJECT

Consider Resolution No. 2025-R-38 Approving the First Amendment to Development Agreement for The Aaron by Signature.

SUBMITTED BY

Elizabeth Arnold, Senior Planner

BACKGROUND AND OVERVIEW

A development agreement for The Aaron by Signature was originally approved March 18, 2025. The First Amendment to the Development Agreement for the Aaron by Signature proposes to change the agreement language from requiring a condominium plat to a homeowners' association plat. The implication of this change is that the development is not classified as a condominium anymore even though it retains its characteristics as a community that is made up of owners of their dwelling units. In the developer's perspective this change makes the development process more efficient.

STAFF RECOMMENDATION

Approval of the resolution.

RECOMMENDED MOTION

I move that we approve Resolution No. 2025-R-38 approving the First Amendment to Development Agreement for The Aaron by Signature.

WHEREAS, pursuant to Utah Code Annotated Sections 10-9a-102 (2) of the Utah State Code, Midvale City (the "City") is authorized as follows: "To accomplish the purposes of this chapter, municipalities may enact all ordinances, resolutions, and rules and may enter into other forms of land use controls and development agreements that they consider necessary or appropriate for the use and development of land within the municipality, including ordinances, resolutions, rules, restrictive covenants, easements, and development agreements governing uses, density, open spaces, structures, buildings, energy efficiency, light and air, air quality, transportation and public or alternative transportation, infrastructure, street and building orientation and width requirements, public facilities, fundamental fairness in land use regulation, considerations of surrounding land uses and the balance of the foregoing purposes with landowner's private property interests, height and location of vegetation, trees, and landscaping, unless expressly prohibited by law"; and

WHEREAS, a request has been made to change language in the Development Agreement for The Aaron by Signature ("Agreement") requiring that the project be platted as a condominium plat and is instead a homeowners association plat; and

WHEREAS, said Agreement was entered into on March 18, 2025 for The Aaron by Signature project between Midvale City Corporation and Steven Ho and Cuiling Lao, Ho's Development, LLC, and The Aaron by Signature, LLC; recorded as Entry #14367131, Book 11561, Page 5813-5830 in the Salt Lake County Records Office; and

WHEREAS, both parties have negotiated such an amendment to the Agreement and, as of the date of this Resolution, agree to enter into said First Amendment to Development Agreement for The Aaron by Signature; and

MIDVALE CITY COUNCIL SUMMARY REPORT

Meeting Date: June 17, 2025

ITEM TYPE: Action

SUBJECT: Consider Resolution No. 2025-R-39 Adopting the FY2026 Midvale City Municipal Fee Schedule and Utility Rates.

SUBMITTED BY: Mariah Hill, Administrative Services Director

FEE SCHEDULE SUMMARY:

As a part of the budget process, staff reviews and updates the municipal fee schedule to ensure the City is collecting the appropriate amount in fees. Municipal fees must reflect the actual cost of services provided by the City. Notable changes in this fee schedule are the planned water and sewer rate increases, as well as minor changes to planning, hydrant meter rental, and sanitation fees. A public hearing for these changes was held on June 3, 2025. The FY2026 Fee Schedule will be posted on the Midvale City website upon approval.

PLAN COMPLIANCE: N/A

FISCAL IMPACT

The proposed fees reflect the actual cost of providing specific services to Midvale City residents, businesses, and other patrons. Fees charged are sufficient to provide revenue necessary to operate the City's Enterprise Funds and cover certain costs incurred by the General Fund for Fiscal Year 2026.

STAFF'S RECOMMENDATION AND MOTION:

Staff recommends approval of Resolution 2025-R-39

I move that we adopt Resolution 2025-R-39, adopting the fiscal year 2026 Midvale City Municipal Fee Schedule and Utility Rates.

MIDVALE CITY COUNCIL SUMMARY REPORT

Meeting Date: June 17, 2025

ITEM TYPE: Action

SUBJECT: Consider Resolution No. 2025-R-41 Adopting the Certified Property Tax Rate of Midvale City for Calendar Year 2025 and Levying Midvale Property Taxes upon All Real and Personal Property within the Corporate Boundaries of Midvale City, Utah for General Operations

SUBMITTED BY: Mariah Hill, Administrative Services Director

SUMMARY:

As part of the annual budget approval process, the City must either propose a new property tax rate or adopt the Certified Tax Rate calculated by the Salt Lake County Auditor. This rate is based on updated 2025 assessed property values in Midvale and is designed to generate the same amount of revenue as the previous year, with adjustments for new growth.

For 2025, Midvale City's Certified Tax Rate for general operations is 0.000918. If the City chooses to adopt this rate, it must do so by June 22.

City staff recommends that the City Council adopt the 2025 Certified Tax Rate as set by the County Auditor for general operations. In addition, staff is proposing a separate public safety property tax, which would fund public safety services. This tax will be introduced through a separate ordinance and will initiate the truth-in-taxation process.

Once the City enters the truth-in-taxation process, the final budget must be adopted by September 1 and submitted to the State Auditor within 30 days. Until then, the City will operate under the tentative budget. The final budget, including the proposed public safety property tax, will be adopted following the truth-in-taxation hearing scheduled for August 19, 2025.

PLAN COMPLIANCE: N/A

FISCAL IMPACT:

The certified tax rate will generate \$3,468,094, which includes \$3,507 in new growth from the FY2025 budgeted property tax revenue.

STAFF'S RECOMMENDATION AND MOTION:

Staff recommends approval of Resolution 2025-R-41.

I move that we adopt Resolution 2025-R-41 adopting the Certified Property Tax Rate of Midvale City for Calendar Year 2025 and Levying Midvale Property Taxes upon All Real and Personal Property within the Corporate Boundaries of Midvale City, Utah for General Operations.

CALENDAR YEAR 2025 AND LEVYING MIDVALE PROPERTY TAXES UPON ALL REAL

Whereas, pursuant to Utah State Code, Midvale City is required to establish and set forth the property tax levy rate for property located within the corporate boundaries of Midvale City; and

Whereas, the certified tax rate must be established on or before the 22nd day of June of each year, unless an increase in the certified tax rate is required.

Whereas, the property tax levy rate established by this resolution is sufficient to provide the revenue necessary to operate the General Fund and does not exceed the certified tax rate established by the Salt Lake County Auditor's Office.

Whereas, the City is proposing levying a new Midvale City Public Safety Property Tax pursuant to Utah Code Ann. Section 10-6-133.4 and City Ordinance 2025-O-12 which will move the City into the truth-in-taxation process and postpone the adoption of the entity's final budget until the completion of the truth-in taxation process;

MIDVALE CITY COUNCIL SUMMARY REPORT

Meeting Date: June 17, 2025

ITEM TYPE: Action

SUBJECT: Consider Ordinance No. 2025-O-12 Proposing Levying a Midvale City Public Safety Property Tax for Calendar Year 2025.

SUBMITTED BY: Mariah Hill, Administrative Services Director

SUMMARY:

As part of the annual budget approval process, the City must either propose a new property tax rate or adopt the Certified Tax Rate calculated by the Salt Lake County Auditor. For 2025, City staff recommends that the City Council adopt the Certified Tax Rate for general operations as provided by the Auditor (Resolution 2025-R-41).

In addition, staff is proposing that the City Council levy a new property tax specifically for public safety services, as authorized under Utah State Code §10-6-133.4. The proposed Midvale City Public Safety Property Tax rate is 0.000249, which is projected to generate approximately \$940,561 in new property tax revenue. These funds will be allocated to a special revenue fund and used exclusively for public safety-related expenses.

The largest portion of the City's public safety budget is dedicated to law enforcement services provided by the Unified Police Department (UPD). For Fiscal Year 2026, the cost of these services is projected at \$14,150,127. The proposed public safety tax will cover the FY2026 cost increase from UPD (\$473,143 or 3.46%) and an additional 3% of the prior year's cost (\$467,418). The remaining public safety expenses will be funded through a transfer from the City's General Fund.

Based on the 2025 average residential home value in Midvale of \$492,000—with a taxable value of \$270,600—the proposed public safety tax would increase the average annual property tax bill by approximately \$67.38.

The implementation of the Midvale City Public Safety Property Tax will initiate the truth-in-taxation process, which includes multiple public notices and a public hearing before the final tax rate and budget are adopted. The public hearing is scheduled for August 19, 2025, at 6:00 p.m. at Midvale City Hall.

PLAN COMPLIANCE: N/A

FISCAL IMPACT:

The proposed Midvale City Public Safety property tax will generate \$940,561 in new property tax revenue and will fund a portion of the City's public safety service costs.

STAFF'S RECOMMENDATION AND MOTION:

Staff recommends approval of Ordinance 2025-O-12.

I move that we adopt Ordinance 2025-O-12, proposing levying a Midvale City Public Safety Property Tax for Calendar Year 2025.

MIDVALE CITY COUNCIL STAFF REPORT Date 06/17/2025

SUBJECT

Discussion of the Criminal Penalties in the Midvale Municipal Code

SUBMITTED BY

Taj Carson, Legal intern

BACKGROUND AND OVERVIEW

Since Midvale's incorporation in 1909, the City's municipal code has been continuously amended. As a result, the criminal penalties within the Midvale Municipal Code can be confusing and inconsistent. Staff would like to discuss potential solutions with the City Council to make the City Code more accessible.

General Penalty

The Midvale City Code includes a general penalty provision in section 1.01.070. Currently, a portion of the section states, "Whenever, in this code or in any other ordinance of the city, any act is prohibited or is made or declared to be unlawful or an offense, or the doing of any act is required, or the failure to do any act is declared to be unlawful or a misdemeanor, where no specific penalty is provided therefor, the violation of any such provision of this code or any other ordinance of the city shall be punished as a Class B misdemeanor." Staff would like to discuss with the City Council whether the default penalty should be a class B misdemeanor. Additionally, staff would like to discuss whether the language used in this section should be simplified to make it more accessible to the general public.

Location of Penalty Section

Many chapters of the Midvale Municipal Code have penalty sections. These sections can come at the beginning, end, or somewhere in the middle of the chapter. This can be confusing for a member of the public to research the penalty for a violation. Staff would like the direction of the City Council on whether the location of the penalty section should be standardized in each chapter.

Redundancy with State Violations

Midvale City has identified a number of criminal offenses in Title 9 of the Midvale Municipal Code. Many of these offenses are also identified and prohibited under state law. Utah law limits the maximum punishment of city ordinances to class B misdemeanors. Several city ordinances punish offenses at a lower level than state

statutes. Staff would like to discuss with the City Council whether these ordinances should be removed to avoid redundancy.

Reclassification of Offenses

Certain offenses, such as having weeds or grass that exceeds six inches tall, are currently classified as a class B misdemeanor. A class B misdemeanor is punishable by up to six months in jail and up to \$1,000 fine. Staff would like to discuss with the City Council the appropriate classifications of City violations and discuss guiding principles as staff classify current and future violations.

Repeat Offender Provision

The City Code does not currently punish repeat offenders. All offenses are treated the same under the City Code. Staff would like City Council direction on whether it should consider adopting an ordinance that makes repeat offenders of minor violations subject to more severe criminal penalties.

SUBJECT: State Auditor's Office Fraud Risk Assessment

SUBMITTED BY: Mariah Hill, Administrative Services Director

SUMMARY:

Beginning in 2020, all local governments are required to complete a Fraud Risk Assessment/Questionnaire and present it to the governing body each fiscal year. The Assessment assigns an overall risk level of undetected fraud based upon points earned for the implementation of identified best practices. This assessment/questionnaire will also be certified by the CFO (Finance Director) and CAO (City Manager). This assessment was designed by the State Auditor's Office to identify best practices in fraud detection and prevention. It is important to note the following:

- Best practices identified in the Assessment are not required, but highly recommended.
- All of the best practices in the Assessment may be implemented at a low or no cost.
- The Assessment is not a replacement or duplication of an internal control assessment performed by an independent auditor as part of a financial statement audit.

This City has maintained their score of 375, which is in the Very Low Risk Level.

Basic Separation of Duties

Instructions: Answer questions 1-12 on the Basic Separation of Duties Questionnaire using the definitions provided below.

☺ If all of the questions were answered “Yes” or “No” with mitigating controls (“MC”) in place, or “N/A,” the entity has achieved adequate basic separation of duties. Question 1 of the Fraud Risk Assessment Questionnaire will be answered “Yes.” 200 points will be awarded for question 1 of the Fraud Risk Assessment Questionnaire.

☹ If any of the questions were answered “No,” and mitigating controls are not in place, the entity has not achieved adequate basic separation of duties. Question 1 of the Fraud Risk Assessment Questionnaire will remain blank. 0 points will be awarded for question 1 of the Fraud Risk Assessment Questionnaire.

Definitions:

Board Chair is the elected or appointed chairperson of an entity’s governing body, e.g. Mayor, Commissioner, Councilmember or Trustee. The official title will vary depending on the entity type and form of government.

Clerk is the bookkeeper for the entity, e.g. Controller, Accountant, Auditor or Finance Director. Though the title for this position may vary, they validate payment requests, ensure compliance with policy and budgetary restrictions, prepare checks, and record all financial transactions.

Chief Administrative Officer (CAO) is the person who directs the day-to-day operations of the entity. The CAO of most cities and towns is the mayor, except where the city has a city manager. The CAO of most local and special districts is the board chair, except where the district has an appointed director. In school districts, the CAO is the superintendent. In counties, the CAO is the commission or council chair, except where there is an elected or appointed manager or executive.

General Ledger is a general term for accounting books. A general ledger contains all financial transactions of an organization and may include sub-ledgers that are more detailed. A general ledger may be electronic or paper based. Financial records such as invoices, purchase orders, or depreciation schedules are not part of the general ledger, but rather support the transaction in the general ledger.

Mitigating Controls are systems or procedures that effectively mitigate a risk in lieu of separation of duties.

Original Bank Statement means a document that has been received directly from the bank. Direct receipt of the document could mean having the statement 1) mailed to an address or PO Box separate from the entity’s place of business, 2) remain in an unopened envelope at the entity offices, or 3) electronically downloaded from the bank website by the intended recipient. The key risk is that a treasurer or clerk who is intending to conceal an unauthorized transaction may be able to physically or electronically alter the statement before the independent reviewer sees it.

Treasurer is the custodian of all cash accounts and is responsible for overseeing the receipt of all payments made to the entity. A treasurer is always an authorized signer of all entity checks and is responsible for ensuring cash balances are adequate to cover all payments issued by the entity.

Commercial Truck Parking Policy

Background

Midvale City staff drafting policy options to regulate or limit the parking of commercial trucks and semi-trucks, particularly along busy roads and near residential areas. Concerns have arisen about the safety, visibility, and traffic impacts of trucks parked for extended periods of time on public streets. The goal is to identify enforceable, equitable, and safety-forward options that balance public interest and operational needs.

Tragically, on March 22, a 16-year-old resident of Midvale died after colliding with a semi-truck parked along Fort Union Boulevard, one of Midvale's main thoroughways. Had the truck not been parked there, the accident might not have been fatal. This event underscores the public safety implications of allowing trucks to park in high-traffic areas—especially where visibility is limited, traffic congestion is common, and pedestrian or bicycle traffic is present. Such parked vehicles can impede sightlines and contribute to the severity of collisions.

Current Practices in Surrounding Cities

Several neighboring jurisdictions in Salt Lake County have implemented commercial vehicle parking restrictions, particularly near residential areas or on public rights-of-way. Common elements include time-based restrictions, weight classifications, exceptions for active loading/unloading, and definitions for commercial/agricultural equipment.

Salt Lake County (11.20.060), Millcreek, Holladay, Magna, White City: Prohibit commercial/agricultural trucks and trailers from parking on public streets adjacent to residential lots or within residential subdivisions for more than 3 consecutive hours.

West Valley City (22-2-116): Prohibits most commercial trailers, farm/construction equipment, and recreational vehicles from being left on public streets at any time unless actively loading/unloading. Commercial vehicles over 14,000 lbs. GVWR are restricted, with a few specific exemptions.

West Jordan (7-4-2): Prohibits truck, trailer, or semi-truck parking on public streets unless actively loading/unloading. Defines "parked" as more than 3 minutes idle.

Salt Lake City (12.56.465): Bans parking of restricted vehicles (defined by type, use, and weight) on city streets except for loading/unloading or along designated truck routes. Prohibits parking of such vehicles in residential zones unless allowed by

conditional use.

Policy Considerations for Midvale City

The Council may wish to consider the following options when giving policy direction:

Policy Scope and Applicability:

- Define truck (which vehicles are parking restricted): You can base the restriction of commercial trucks, trailers, and construction/farm equipment based on gross vehicle weight (e.g., over 10,000 or 14,000 lbs.).
- Define Parking and determine an allowable amount (or completely prohibit): Limit parking duration (e.g., no more than 3 consecutive hours) unless actively loading or unloading.

Location-Specific Restrictions:

- Where will the restrictions exist? Does Midvale want parking restricted citywide.
- If we do not prohibit parking citywide:
 - o Midvale can restrict truck parking along major arterials like Fort Union Blvd to improve traffic flow and visibility.
 - o Prohibit parking near intersections, crosswalks, or driveways where sight lines are critical.
 - o Prohibit parking of these vehicles on public streets adjacent to residential homes or within residential subdivisions.

Exceptions and Accommodations:

- Allow temporary parking for trucks conducting service work (construction, landscaping, moving).
- Consider different rules for commercial zones, depending on business operations and street capacity.
- Clarify exemptions for emergency vehicles, public works, and government-owned equipment.

Enforcement Considerations:

- Policies should be straightforward to enforce with clearly defined time limits and locations.
- UPD has advised that rules based on shorter durations (e.g., one-hour limits) are easier to monitor and enforce, especially compared to nighttime-only restrictions.

- Note, it is preferred to have very short time-frames, as the staffing impact for longer time-frames requires that they chalk and return or that they sit on the parked vehicles.

Next Steps

Staff requires policy direction from the City on the desired scope and enforcement of commercial truck parking regulations. Staff can then return with draft ordinance language that reflects these priorities for future review.

- Direct staff on the desired scope of the change.
 - Identify whether proximity to residential properties should be a defining feature.
 - Identify if time limits is desired, and if so the scope of the time limits.
- Discuss potential exemptions or designated parking zones for local businesses and contractors.
- Direct staff to draft ordinance language for review based on selected option.

Some Options for Council Considerations:

1. Option A: Full Ban with Exceptions

- Prohibit commercial/semi-truck parking on all public streets unless the vehicle is actively loading/unloading.
- Would apply citywide with minimal exemptions.
 1. Note that state roads will not apply to this rule. Cities who have citywide bans still have parking along state roads.

2. Option B: Residential Buffer Restriction

- Ban truck parking within a certain distance from residential properties or subdivisions.
- May allow parking in commercial areas or along designated corridors.

3. Option C: Time-Limited Parking

- Permit commercial vehicle parking for a maximum of 3 hours, regardless of zone, with exceptions for active service.

4. Option D: Hybrid Approach

- Combine distance-based residential protections with a short-term citywide parking limit (e.g., 3-hour rule).
- Offers flexibility while maintaining neighborhood protections.
