Minutes of the Salem City Council Meeting held on June 4, 2025 in the Salem City Council Chambers.

6:00PM WORK SESSION

1. Budget FY 2026 Discussion

Mayor Pro-Tem Kelly Peterson opened the meeting and presided until Mayor Christensen arrived a few minutes later. Jeff Nielson presented the Fiscal Year 2026 Budget, highlighting key updates and changes. The budget is available for public viewing both online and at the city office. A public hearing is required to review proposed transfers from enterprise funds to the general fund. Jeff also provided the council with an overview of the items that will be included on the agenda for the upcoming public hearings.

2. Miss Salem

Sherry Berrett, one of the Miss Salem directors, thanked the City Council and Mayor Christensen for their continued support of the Miss Salem program. She explained that they are in the process of rewriting the scholarship contract for the pageant and will need Mayor Christensen's signature to finalize the scholarship agreement. Sherry also requested feedback from the Council regarding their expectations for the titleholders, including which events they would like the royalty to attend throughout the year.

3. Agenda Item Discussion

Agenda Item #11 - Matt Marziale presented the bid details for the Loafer Soccer Park project. Cory Hiatt has completed the grading and shaping of the field, and it is now ready for sprinkler installation. A call for bids went out and closed on May 22, with three landscape companies submitting proposals. As previously discussed in council meetings, the current Salem Soccer Park property is needed for the expansion of the city cemetery. This need has been the primary driver behind developing the Loafer Soccer Park, with a goal of having it ready for play by fall 2026. The next step in the project is installing the sprinkler system. The recommended bid is from Automated Rain in the amount of \$275,000, with installation projected to be completed by mid-August. This timeline allows for hydroseeding to occur in late August 2025. Grass would begin to establish through 2025 and 2026, with anticipated field readiness for play by fall 2026. Matt confirmed that Parks Impact Fees will cover the remaining project costs. Additionally, approximately \$45,000 remains from the earlier sale of properties tied to the Salem Canal Road reconfiguration, which will also be used toward the project. Jeff Nielson reassured Councilperson Simons that there is a finalized layout plan for the new cemetery expansion, including sprinkler infrastructure. A chain-link fence with slats will be installed near the new soccer fields adjacent to residential homes. The current renter, who rents the home on the Loafer Soccer Park property, has been formally notified and is required to vacate by January 2026.

Agenda Item #6 - Lisa Webster noted that this item is a continuation from the previous council meeting. Anderson Development has submitted applications to rezone three parcels known as the “Abildskov” property, specifically parcel numbers 30:002:0033, 30:002:0032, and 25:069:0092. The parcel along SR-198 (25:069:0092) is proposed to be rezoned to Mixed Use (MU). This parcel will include commercial development along the SR-198 frontage, with R-10-sized single-family residential lots located behind the commercial space. The other two parcels, located directly north of Fire Station 151, are proposed to be rezoned from R-15 to R-10. Because the MU zone requires a Development Agreement (DA), city staff and Anderson Development have agreed to include all three parcels under a unified DA to ensure coordinated planning. Although Anderson Development is not proposing high-density residential in the MU zone, they have requested increased density on the R-10 parcels to achieve balance across the development. Through the negotiation process, it was determined that while the zoning designation will be R-10, the majority of the lots north of the fire station will be required to meet R-12 size standards. This strategy provides a smooth transition in density that aligns with neighboring developments, including the Self-Help homes to the east, Moonlight Village to the north, and existing townhomes to the south. Anderson Development has committed to reserving the first 200 feet of frontage along SR-198 for retail commercial use. They will also be required to coordinate access with the Lighthouse Development project to the south, as outlined in the DA, and must secure necessary access approvals from UDOT. It was also clarified that the current intersection rendering at SR-198 is not representative of the final design and will be updated through coordination with involved parties. Both the Development Review Committee (DRC) and the Planning & Zoning Commission have recommended approval of the rezone. City staff also recommends approval of the rezone from R-15 to Mixed Use and R-10, along with acceptance of the accompanying Development Agreement.

Agenda Items #7, 8, 9 - Attorney Walter Bird stated that the City has two Interlocal Agreements with the school district to provide School Resource Officers. The purpose of the two Interlocal Cooperation Agreements between Salem City and the Nebo School District is to jointly assign full-time School Resource Officers (SROs) to Salem Hills High School, Salem Junior High School, and Valley View Middle School. The goal is to promote school safety, build positive relationships with students, and address criminal matters in an appropriate manner. **Term and Administration:** The agreements will become effective in 2025 and may remain in place for up to ten years. No new legal entity will be created; instead, both Salem City and the Nebo School District will act as joint administrators. Oversight will be provided by a committee consisting of six members—three from the City and three from the School District. **Funding:** Salem City will employ the SROs and cover the full cost of their employment. The Nebo School District will reimburse the City for 50% of each SRO’s salary and benefits, including relevant overtime. Annual cost estimates will be shared by May 1 each year, and invoices will be sent either quarterly or annually. **SRO Duties:** School Resource Officers are responsible for maintaining school safety and fostering a positive climate through restorative practices. They will handle criminal matters such as weapons, drugs, and violence, but will defer minor or non-criminal issues—such as dress code violations or truancy—to school administrators. SROs will coordinate with school staff on investigations and interventions, and will only use their law enforcement authority when legally warranted. In addition, they will participate in training, attend school

activities, and serve as positive role models for students. **School Administrators' Duties:** School administrators will provide the SRO with a dedicated workspace and support in classroom settings. They are responsible for managing school discipline and should only involve the SRO in cases of criminal concern. Administrators will collaborate with the SRO in distinguishing between disciplinary and criminal matters and will support the officer's evaluations and required training. **Student Rights:** SROs may conduct searches only when there is probable cause, whereas school administrators may search students based on reasonable suspicion. Guidelines for questioning students will vary depending on the student's age, custody status, and whether the student is considered a suspect, witness, or victim. Any student records shared with the SRO must comply with FERPA and applicable Utah privacy laws. **Termination and Enforcement:** Either party may terminate the agreement with 90 days' notice or due to lack of funding. Disputes will be governed by Utah law, and the prevailing party may recover costs, excluding attorney's fees.

The other interlocal agreement is with Spanish Fork City. The purpose of the Amended Interlocal Cooperation Agreement for Use of the Filevine Attorney Case and Document Management System with Spanish Fork City: Spanish Fork City will continue to provide Salem City with access to its Filevine license. This arrangement allows Salem to use the same attorney case and document management system without incurring high setup costs.

Administration: Under this agreement, Spanish Fork is designated as the administrator. No new legal entity will be formed, and no real or personal property will be acquired or disposed of. Spanish Fork will maintain all records related to the agreement, and those records will be accessible to both parties. **Effective Date and Duration:** The agreement will become effective once it has been approved by both city councils. It will remain in effect until June 30, 2028. **Responsibilities:** Spanish Fork will host the Filevine system and provide Salem with access through its portal. It will also ensure reasonable system uptime, offer administrative services, and provide training and troubleshooting support. Spanish Fork will only access Salem's data when necessary, such as for system administration or technical support. Salem will pay the agreed-upon setup and annual fees to Spanish Fork. It will use Filevine and Bit Link services responsibly and cooperate in resolving technical issues. Salem acknowledges that Spanish Fork is acting solely as a host and not as the provider of the Filevine software. Additionally, Salem will pay a proportional share of any future Filevine charges based on the number of its users. **Fee Summary:** For fiscal year 2024, Salem owes Spanish Fork \$7,150.63. The estimated fee for fiscal year 2025 is \$7,422.83. These amounts cover Filevine user licenses, Filevine automation, Bit Link services, and a 20% administrative fee based on the license costs. The fee for fiscal year 2025 is due by October 1, 2024.

Financing: There is no separate financing or budget for this agreement. Each party will be responsible for covering its own respective costs.

1. VOLUNTEER MOTIVATIONAL/INSPIRATIONAL MESSAGE

Jen Wright stated she would like to offer a motivational message in the form of a prayer.

2. INVITATION TO SAY PLEDGE OF ALLEGIANCE

Glade Nielson invited those who wish to participate, to stand and say the pledge of allegiance with him. He then led the pledge of allegiance for those who wanted to participate.

3. YOUTH COUNCIL REPORT

No one from the youth council was present at tonight's meeting.

4. SF/SALEM CHAMBER REPORT

Kathleen Leavitt with the chamber announced several upcoming events. The ribbon-cutting ceremony for Good Grindz will take place this Friday at noon. The next Education Workshop is scheduled for June 10th at noon at the Justice Center in Spanish Fork. Noon Networking will be held on June 19th at the Hampton Inn, with catering provided by Good Grindz. On June 26th, we'll be celebrating Tabitha's Way 15-Year Anniversary.

5. PUBLIC HEARING

MOTION BY: Councilperson Taylor motioned to go into a public hearing for topics, 5(a), 5(b), 5(c), 5(d), and 5(e).

SECONDED BY: Councilperson Peterson

VOTE: Councilperson Peterson; Aye, Councilperson Simons; Aye, Councilperson Rees; Aye, Councilperson Taylor; Aye, (4 Ayes)

(a) Budget for the Fiscal Year 2025/2026

Jeff Nielson noted that the budget for fiscal year 2026 has been reviewed. A digital copy will be available on the city's website, and printed copies are also available at the front for anyone who would like one.

There was no comments from the public.

(b) Proposed transfers from Enterprise Funds and administrative fees charged to Enterprise Funds for the Fiscal Year 2025/2026

A public hearing must be scheduled and publicly noticed to review the proposed transfers from enterprise funds to the general fund, as required by law.

There was no comments from the public.

(c) Amending the budget for Fiscal Year 2024/2025

At the end of the year, we do a last amending of the budget for the current fiscal year. When we amend the budget, we need to hold a public hearing for it. With the budget, Jeff is waiting to close out the month of May (which will happen after June 10th when the Accounts Payable is completed). Once the month of May is closed out, he will do an amendment to make sure that the budget closely matches to what actual has happened. This is to make sure that when we close out the year, our budget numbers closely match the actual amounts. Jeff put it on as a public hearing for the first meeting in June, as that is when we post for the other budget public hearings. It is easier to post one big public hearing, than to post a couple (it used to be harder when we had to post in the newspapers). With that, for the Public Hearing for Item 5C – Jeff is asking to continue the Public Hearing for Item 5C until June 18th Council meeting.

(d) Fiscal Year 2026 executive municipal officers compensation for the proposed compensation increases for municipal employees, including executive municipal officers, as set forth in the Fiscal Year 2026 budget

The FY 2026 budget provides compensation funding increases for executive officers for the fiscal year beginning July 1, 2025 and ending June 30, 2026 with the following key provisions:

- A 1% cost of living adjustment "COLA" increase.

- A Merit increase of up to 7% for executive officers.
- Mayor and City Council \$100 to their monthly stipend.

There was no comments from the public.

- (e) Review and present the annual report on the city's provision of broadband services through Salem Fiber, pursuant to Utah Code §10-18-302(11) as amended by Senate Bill 165 (2025 General Session).

John Bowcut explained that today's presentation is now a legal requirement. He presented a slideshow highlighting the services and pricing offered by Salem Fiber, along with the annual broadband report for Fiscal Year 2025. The report included data on serviceable locations, current subscribers, take rate, and the number of new subscribers added during the fiscal year. A financial summary was also provided, detailing revenue, expenditures, and the net operating position. John noted that all bond obligations were met. The presentation included a 10-year financial forecast, as well as projections for bond obligations and operations and maintenance costs for the upcoming year. Additionally, the report outlined the strategic objectives for the Fiber Department moving forward. The full report will be made available for public viewing on the city's website.

There was no comments from the public.

MOTION BY: Councilperson Taylor motioned to close the public hearing for items 5(a), 5(b), 5(d), and 5(e), and to continue the public hearing for item 5(c) – amending the budget for fiscal year 2024/2025, until June 18th, 2025.

SECONDED BY: Councilperson Rees

VOTE: Councilperson Peterson; Aye, Councilperson Simons; Aye, Councilperson Rees; Aye, Councilperson Taylor; Aye, (4 Ayes)

6. DECISION: ORDINANCE FOR ZONE CHANGE - ABILDSKOV R-15 TO MU AND R-10 (PARCELS 30:002:0033, 30:002:0032, AND 25:069:0092) PROPERTY.

Lisa Webster stated that this was on the agenda for council last week and we continued the decision for this week. Anderson Development has submitted applications to rezone the "Abildskov" parcels, identified as 30:002:0033, 30:002:0032, and 25:069:0092. The parcel located along SR-198 (25:069:0092) is proposed to be rezoned to Mixed Use (MU). The frontage along SR-198 will be reserved for commercial development, with R-10-sized single-family residential lots located behind the commercial frontage. All parcels are currently zoned R-15. The two parcels located directly north of Fire Station 151 (30:002:0033 and 30:002:0032) are proposed for R-10 zoning. However, because the MU zone requires a Development Agreement (DA), City staff and Anderson Development agreed that all three parcels would be included in a unified Development Agreement to ensure coordinated planning and implementation. Although Anderson Development is not proposing high-density residential within the MU zone, they requested increased density on the R-10 parcels

to balance the overall plan. Through the negotiation process, it was determined that while the parcels north of the fire station would be zoned R-10, the Development Agreement would stipulate that the majority of those lots must meet R-12 size standards. This approach provides a transitional density pattern that complements the surrounding developments—including the Self-Help homes to the east, the high-density Moonlight Village to the north, and existing townhomes to the south. As part of the agreement, Anderson Development has committed to reserving the first 200 feet of frontage along SR-198 for retail commercial uses. They will also be required to coordinate with the Lighthouse Development project to the south for shared access, in addition to securing access approvals from UDOT. DRC and the Planning & Zoning Commission both recommended in favor of the rezone. Staff recommends that rezone is approved from R-15 to Mixed Use and R-10 and that the Development Agreement is accepted.

MOTION BY: Councilperson Simons motioned to approve the Ordinance for Zone Change – Abildskov R-15 to MU and R-10 (Parcels 30:002:0033, 30:002:0032, and 25:069:0092) property.

SECONDED BY: Councilperson Taylor

VOTE: Councilperson Peterson; Aye, Councilperson Simons; Aye, Councilperson Rees; Aye, Councilperson Taylor; Aye, (4 Ayes)

11. DECISION: SPRINKLER BIDS – LOAFER SOCCER PARK

As discussed in previous meetings, the City Cemetery requires expansion onto the property currently occupied by the Salem Soccer Park. This need has been a primary driver behind the construction and preparation of the Loafer Soccer Park, which is planned to be ready for play in 2026. A call for bids was issued, with submissions due on May 22. Three landscaping companies submitted proposals. The leveling and shaping of the park have been completed, and we are now preparing to install the sprinkler system. This will position us for hydroseeding in late August. Approval is requested for Automated Rain's proposal, totaling \$275,000 for the installation, with a target completion date in mid-August. Funding is available from the sale of properties related to this parcel prior to the Salem Canal Road

realignment, with approximately \$45,000 remaining. The balance of the costs will be covered using Parks Impact Fees.

MOTION BY: Councilperson Taylor motioned to approve the proposal from Automated Rain at \$275,000.

SECONDED BY: Councilperson Simons

VOTE: Councilperson Peterson; Aye, Councilperson Simons; Aye, Councilperson Rees; Aye, Councilperson Taylor; Aye, (4 Ayes)
