*MOTION: Board Member John Carter moved to approve the consent issues as presented.
Motion was seconded by Board Member Robin Bradshaw. All were in favor, motion carried.*

New Business

None

Old Business

a. Discuss curbside service in the Grove Area and Town Hall Meeting: Board Member Robin Bradshaw reported that approximately 35 residents attended the recent Town Hall Meeting. He recognized only about five individuals, suggesting that many attendees were new faces. He expressed that residents were given the opportunity to voice their opinions, and the Board made a sincere effort to listen.

Chairman Nolan Davis stated he was pleased with how the Town Hall Meeting was conducted. He felt it provided a platform for residents to share concerns, and the Board responded to questions with transparency.

It was noted that about 7 to 8 residents openly opposed the idea of curbside garbage service, expressing concerns about the hardship it would impose. Most of the residents who appeared supportive of curbside service did not speak up, indicating they may have attended primarily to gather information rather than to voice concerns.

Manager Mike Neilsen followed up after the meeting by speaking directly with several Grove Area residents. He noted that areas with poor access for garbage trucks could continue to be served with dumpsters, while areas with suitable access would transition to curbside service. Manager Neilsen

emphasized the importance of taking the first step toward a solution and felt this plan offered a reasonable and balanced approach.

Board Member Robin Bradshaw inquired about the current inventory of residential garbage cans and whether additional cans would need to be ordered to begin curbside service in the Grove Area.

Manager Mike Neilsen responded that Wiley Hughes has been using the existing stock to replace damaged cans and has already replaced approximately 120 out of the 200 cans ordered last year. Given this, additional cans will need to be ordered to support the expansion of curbside service.

Chairman Nolan Davis asked about the turnaround time for receiving new cans. Mike indicated he was unsure of the current lead time but committed to contacting the supplier the following day to find out.

The Board members agreed to proceed with implementing curbside service in the Grove Area and approved the order of an additional 400 residential garbage cans to initiate this process.

MOTION: Commissioner Yardley moved to approve to proceed with Manager Mike Neilsen's hybrid plan of adding curbside service to the Grove Area and the purchase of 400 additional garbage cans. Motion was seconded by Board Member Robin Bradshaw. All were in favor, motion carried.

Resolutions

Comments

Secretary Kaylee Acklin informed the Board that she is currently working with Hinton Burdick on the annual audit. She noted that the auditors will most likely be ready to present their findings at the June Board Meeting.

Meeting Adjourned 7:40 P.M.

Approved by Waste Management Board Members June 19, 2025
